

ROADS AND STEEL ALONG

Large Construction Gangs Are Working on United.

FAST SCHEDULE PROMISED

New Line Expects to Run to Forest Grove in 45 Minutes—Temporary Track is Laid Until Big Tunnel is Completed.

Construction work on the line of the United Railway Company from Holbrook and Burlington to Forest Grove is going forward at such a rapid rate that in four months cars will be running through from Portland to within five miles of Forest Grove.

At present a large bridge crew is at work between Summit and Burlington putting in the necessary bridges along the right of way. A gang of 150 men is also constructing a temporary track two miles long over the pass at Holbrook, which will be used by passenger and freight cars until the completion of the big 2600-foot tunnel through the hills there.

The company now has 50-pound steel laid for three-quarters of a mile beyond Burlington, and grading crews have been sent this week from Summit into the Tualatin valley to cover six more miles of track. Though it is only 12 miles from Burlington to Forest Grove, in some places, particularly near the pass, there are rather steep engineering problems to be worked out.

New passenger equipment to take care of the growing traffic between Portland and Holbrook has been ordered by the company, and the first shipment of two big 60-foot cars, with four 75-horse power motors to those now in service, except that they are for passenger service entirely, having no baggage compartments, will arrive next week. These cars will be run in multiple-unit in two-car trains with those now used. Two trailers will also arrive shortly. When the Forest Grove line is completed, Mr. Wickersham says, cars will be run into the college town in 45 minutes.

COLONIST RATES FOR MONTH Northern Pacific Gives Out Its Schedule for Fall.

Advices covering the colonist rates from Eastern cities to points in the North Pacific States this Fall, which have been subject to a good deal of discussion at the rate meeting of the Transcontinental Passenger Association at Chicago, were received yesterday by A. D. Charlton, assistant general passenger agent for the Northern Pacific. These tickets will be sold at the same rates as heretofore, but their time of use has been reduced from the usual 60 days to the month between September 15 and October 15.

CERIAL FREIGHT RATES CUT Oregon Short Line Schedule More Favorable to Portland.

Material reductions in cereal and cereal preparations shipped by the carload from Portland to points in Idaho and Utah, to take effect August 25, have been published by the freight department of the O. R. & N. Co. These reductions amount in some cases to nearly 20 per cent, and have been made to assist Portland manufacturers in cereal products, and to increase their business in the territory tapped by the Oregon Short Line against manufacturers on the Missouri River and the East.

OLD FUGITIVE CAUGHT

MAN WHO FLED WHEN GIRL DIED, FOUND IN SEATTLE.

Ernest G. Heymans, Former Attache of X-Radium Institute, Nabbed After 18 Months.

"Dr." Ernest G. Heymans, formerly connected with the X-Radium Institute at Third and Alder streets, and for whom Sheriff Stevens maintained a still hunt for the last 18 months, was arrested in Seattle last Monday night. Forgery is the specific charge lodged against Heymans, who it is said, passed himself off in Seattle as Dr. Le Roy. He is said to have fled from Seattle in 1907, after the death of a young woman, Miss Rowland, who died of heart trouble. Evidence that the young woman died from a criminal operation is said to be strong.

Deputy Sheriff Leonard left for Seattle yesterday afternoon to return Heymans to Portland. When the case is taken up by the grand jury it is thought a charge of manslaughter will be returned. Dr. Gustav Elsen, connected with the death of the first Miss Rowland's death, will probably be one of the witnesses for the state. Dr. Poll signed a complaint against Heymans soon after the death certificate was filed, but Heymans had fled. Descriptive circulars and photographs sent out by Sheriff Stevens led to his capture.

Dr. Elsen said yesterday that he had kept up a search for Heymans ever since he fled from this city more than a year and a half ago. Last week the missing man was discovered in Seattle at the Hotel Shirley, where he posed as a Dr. Le Roy.

At the time of Heymans' flight from Portland it was charged that I was connected with him in the cause of Miss Rowland's death," said Dr. Elsen yesterday. "I had nothing whatever to do with it, except that Heymans asked me to sign the death certificate, which I refused to do. If I had been a party to any unlawful procedure I hardly think I should have gone to the trouble I have to bring the man to justice."

Unpleasant Bodily Odors

Removed by ELECTROPODES

Electropodes remove bad odors from the feet and armpits—caused by excess uric acid in the blood, which comes out in perspiration. This excess uric acid is neutralized by Electropodes—thus destroying the odors.

WHAT THEY ARE. Electropodes are metal insoles, worn in the heels of the shoes. One is a "negative" and one a "positive" plate. The body becomes the battery—the nerves connecting wires—feeding the blood and tissues of the body a soothing flow of electricity, which builds up the entire system.

The price of Electropodes is \$1.00 a pair—and if, after 30 days' trial, they should prove unsatisfactory, your dollar will be refunded.

Buy Electropodes of your druggist—and if he cannot supply them—have him order a pair for you from STEWART & HOLMES DRUG COMPANY, WHOLESALE DISTRIBUTORS, SEATTLE, WASHINGTON.
