President Forces Reductions on Lumber, Leather and Gloves by Threat.

CONFEREES TURN

Are About to Adopt Report With Democrats Present When Letter Extorts Concessions-House Will Vote Saturday.

WASHINGTON, July 28.—The Payne-Aldrich tariff bill is completed. An agree-ment on all disputed points was reached inlis afternoon and at 4.55 P. M., the report was signed by the Republican con-ference. It will go to the House tomor-row and be voted on by that body Sut-urday. The Senate on Menday will begin consideration of the measure. The Senate weaklor may consume all of next week. session may consume all of next week.

Haited by the mandate of President
Taft the tariff conferees were compelled to turn back and revise their rates on lumber and gloves. Hides will be free, and the rates on shoes and other leather products were reduced.

Too Sure of Taft's Consent.

When the cenferees fixed the raies on lumber and gleves yesterday by shading alightly the higher rates on each, they were so certain that the President would consent to the arrangement that notices were sent to the Democratic conferees to be present at 10 o'clock today to approve or disapprove of the report.

The President had other ideas of what the rates should be, however, and he expressed them forcibly in a letter. He said the lumber tariff should not be more than \$1.25 per 1900 feet for rough, with the differentials fixed by the Senate on finished lumber. He declared also that the Senate rates on gloves, which are the same as the Dingley raies and much the same as the Dingley raies and much less than the House rates, must be adopted in order to obtain his approval of the bill.

Free Hides, Reduce Leather Goods.

The President also specified that hides must go on the free list and that the House rates on boots and shows and other manufactures of leather must be reduced. The duties on hosiery he thought should be reduced below the House rate, which was advanced over the Dingley schedule.

It was not until after the Democratic members had assembled that the communication was received. When Senator Aldrich read the letter he called his Republican associates to an adjoining room.

publican associates to an adjoining room.
The letter was discussed and it was decided that the minority should be informed that the conference report had not been advanced to a stage where it could be submitted to them for their

Democratic Offer Rejected.

After the Democrats had reached the corridors, they held a little conference of their own. Representative Champ Clark, of Missouri, was called back to the Chamber. He was given a copy of the bill as the conference intended to report it, except for the schedules discussed by the President in his letter. The Democrate they were into season.

crats then went late seasion.

The minority members were in the conference chamber less than an hour. Representative Griggs said that, if the Republicans would consent to put cotton bagging on the free list, his associates would show great celerity in bringing the conference report to a vote. Many con-ferees were disposed to grant this rebut Representative McCail, unsetts effectively protested.

Cannon Beaten on Gloves.

After the Democrats left there was a recess. Representative Fordney and Rep-resentative Calderhead went to the White Cannon and then back to the conference chamber. Later they conferred with a number of Northwestern Senators who were interested in the lumber question. Speaker Cannon hurried to the conference room. He has been one of the chief sup-jorters of the House rates on gloves.

There was no opportunity to compro-mise on gloves. The President said the rate must not be advanced beyond the figures of the Senate bill, which are the ame as the existing duties excent dozen to \$1.35. These rates were

On lumber some concessions were made, in spite of the fact that the President's instructions were complied with to the letter. Rough lumber was made dutiable at \$1.50 per thousand feet; finished on one side, \$1.75; finished on two sides of one side planed and tongued and grooved. \$2.15; unished on three sides, \$2.57½, and finished on four sides, \$2.90. To conciliate Senators Piles and Jones the conferees adopted the Senate rate of

cents a thousand on shingles, instead of the House rate of 30 cents.

In order to obtain the support of Sena-tor Heyburn, the differential on pig lead in bars was restored to Es cents a pound.

Duty Put on Tallow.

In view of the action of the conferees in putting hides on the free list, a con-cession was made to the cattle industry by taking tallow off the free list and making it dutiable at 112 cents a pound The rates on hostery were fixed by in-creases of about 20 per cent in grades valued at \$1.50 and \$1 a dezen pairs. This is an increase over existing rates, but a material decrease from the House adthe Dingley rates, re-enacted by the Senate, were retained.

This even ing Senators Borah, Heyburn, Bourne and the two Senators from Washington, who have held out for \$1.50 lumber, came into camp gracefully, and the only new thing the rebellion line is in connection with the threat of Southern Senators to do a lot of talking in recentment of the conference action in putting cotton bagging back on the dutiable list.

CAN'T BLUFF TAFT ON LUMBER

Northwestern Senators Send in Ultimatum, but Back Down.

OREGONIAN NEWS BUREAU, Wash-OREGONIAN NEWS BUREAU, Washington, July 25.—Senators Bourne, Jones, Piles, Borah and Heyburn had a conference this afternoon, at the conclusion of which they sent word to the conference committee that the duty on lumber must not be reduced below the Senate rate of \$150. If a reduction was made, they asserted, they would be compelled to vote against the adoption of the report.

The conference committee, after receiving this ultimatum, gave its consideration with the President's ultimatum, sent in later in the day, and finally sent back word to the Northwestern men that

sent in later in the day, and finally sent back word to the Northwestern men that it would be impossible to grant their re-quest. Serious as would be their opposi-tion to the bill, said the conference com-mittee, it would be even more serious to invite a Presidential veto, and therefore the committee felt compelled to accept the compromise rate on lumber. Upon receipt of this reply the North-westerners went into executive sassion, and at its conclusion sent back word to and at its conclusion sent back word to ference committee that they would

"DRY" CAMPAIGN BEGUN Whitman County Farmer Strongly in Favor of Prohibition

COLFAX, Wash., July 23.—The largest temperance convention ever held in the history of Whitman county was held at Garfield today, under the auspices of the Whitman County Local Option League. Rev. M. H. Mar-vin. of Pullman, president of the Whit-man County Civic League, presided. A total of 65 delegates for the county were present, nearly every district in the county being represented. Many talks were made by farmers, who insist on voting the county dry. It was voted to arrange for a vote

of all country precincts. The mana-gers for the county campaign chosen today are Rev. M. H. Marvin, of Pull-man, W. J. Wilmer, of Rosalia; ex-Senator R. C. McCroskey, of Garfield. A movement is on foot among the farmers to trade only in the "dry" towns. An active campaign will be started at once.

APPERSON MAY SUE CITY

Oregon City Property-Owner Opposes Street Improvement.

OREGON CIPY, Or., July 28.—(Special.)—Captain J. T. Apperson, who is one of the property-owners along Eleventh street, which has been ordered improved by the City Council, will possibly institute a suit against the city to restrain the municipality from proceeding with the improvement of this street. Two lots are owned by Mr. Apperson, who is a non-resident, and who therefore could not sign the remonstrance against the improvement. It is claimed by Mr. Apperson that the cut to be made in front of his property will damage it to a large extent.
