The Scientific Treatment of Weakness

Dosing the system with powerful stimulants and tonics in an effort to restore functional visor can have but one final result: The condi-tion is rendered worse than before. "Weakness" is merely an indica-tion of a low form of inflammation in the prostate gland, and this in-tianimation is but aggravated by stimulating remedies that excite tem-porary activity. I amploy the only scientific and fully effective treat-ment for "weakness," which effects a permanent cure by restoring the prostate gland to a sound and healthy state. I obtain complete results in every case I treat. Interesting literature and a beautifully engraved chart free if you will call.

I offer not only FREE consultation and advice, but of every case that comes to me I will make careful examination and diagnosis without charge. No alling man should neglect this opportunity to get expert colinion about his troubles. If you cannot call, write for Diagnosis Chart. My offices are open all day from § A. M. to § P. M., and Sundays from 10 to 1 only.
