OFFICIALS EXPECTED TO ACT ON BIG SEWER.

Auditor Barbur Begins Making Up Payroll for Improvement That Costs \$250,000.

Although no official announcement has seen made, it is strongly rumored in City Hall circles that the big Brooklyn sewer knowledge of snakes in general | will be accepted within the next two weeks. City Auditor Barbur has commonoed making up the assessment roll for the drain, which indicates that it will be soon taken over by the city and placed in operation. Its total cost is \$250,000. Paquet, Glebisch & Joplin are the con-tractors. The Lane administration retractors. The Lane administration is-jected the sewer on the ground that it is not built according to plans and specifications, but ex-City Engineer Taylor always held that it is an excellent piece of work. It was charged that the base was improperly laid and that the water spouts up between the atone blocks, con-stituting a dangerous condition. City Engineer Morris, members of the

new sewer committee of the Executive Board and others have inspected the sewer, but have not as yet made their re-port. There is urgent need for the open-ing of the drain, as it affects a very large district and that fact that it is not ac-cepted holds up large amounts of paving and the laying of laterals connecting with it. There is loud complaint at the delay in accepting the tube, and it is the desire of the administration to adjust the mat-ter at the earliest possible moment.

EMBEZZLEMENT IS CHARGE

Mr. and Mrs. J. C. Lee Arrested on Circuit Court Bench Warrant.

J. C. Lee and Mrs. M. T. Lee, his wife, were arrested about 6 P. M. yesterday by Deputy Sheriff Leonard on a bench warrant issued by Circuit Judge Gatens. They were released on bonds. R. F. Crittenden and F. C. Wallace made the complaint which led to the arrest of Mr. and Mrs. Lee alleging that they and and Mrs. Lee, alleging that they and other persons had been refused a war-rant by the District Attorney. The complaint charges the embezzlement of \$8,000 from an orchard company, of which Crittenden was formerly presi-dent.

To the Roard of Directors of the Port Orford Orchard Tracts, Gentlemen: I beg leave to report from my examination of the Port Orford Tracts brooks of account, the correctness of which is based upon the books of account of the Lee-Bowdler Company, from which the Port Orford books are transcribed, that R. F. Crittenden is indebted to the company in the sum of \$1.214.90, and the company is indebted to the Lee-Bowdler Company in the sum of \$1.26.92.

Ten or 12-Story Structure to Rise at Fifth and Alder.

SHACKS WILL BE RAZED

Skyscraper to Go Up This Year Will Be Opposite Building That Is to Be Constructed for Lipman, Wolfe & Co.

Before the end of the year the shacks standing on the northeast corner of Fifth and Alder streets will be razed to make way for the construction of a 1 or 12-story building on the site by J. B. Yeon, the capitalist owner of the prop-erty. This announcement was made yeserty. This announcement was made yesterday and in the opinion of business men it seals the future of Fifth street, from Washington to Morrison, as the commercial center of Portland. This seems to be made doubly sertain by the plans of O'Shea Bros., and the Corbett estate, who, as reported last Sunday, contemplate building a 10-story department store for Lipman, Wolfe & Co. on the half block on Fifth street just opposite Yeon's valuable holding.

The skyscraper planned by Mr. Yeon will be either 10 or 11 stories high, its size to depend on a conference the capitalist is to hold with local architects and contractors, in whose hands he will place

contractors, in whose hands he will place the construction of the building. The structure will be fireproof throughout and most modern as to sanitary sirrange-ments, fittings and elevator service. According to present plans, the ground floor and the second floor of the building will be reserved for stores and the other stories for offices, which will be fitted to suit professional men particu-

larly.

Mr. Yeon's decision to build a skyscraper on his valuable site is the result of watching the progress of Portland
for the last two years. In 1907 leases
on the old frame structures on the corner expired and the owner declined to
renew them, believing, if Portland's progress continued, greater profit would accure from a big modern building, which
would at the same time not only enhances. would at the same time not only enhance the value of the site, but help to estab-lish Fifth street as a business center. Accordingly, the capitalist rented the frame structure from month to month with the understanding that all tenants with the understanding that all tenants would be given 30 days notice in event of a decision by him to oust them to clear the way for a new building. Judging from the well-defined plans as expressed by Mr. Yeon yesterday, notice to vacate will be issued by him in a few months.

months. The site upon which the skyscraper rise is 100x100 feet on Fifth and Alder streets, occupying an exact quarter block. For the last year, states the owner, he has been besieged by investors wh seemed anxious to secure the site at prices ranging from \$250,000 to \$354,000. But all offers were refused, Mr. Yeon deciding to hold the corner if he had to dispose of his other city holdings to imdispose of his other city holdings to im-prove it and realize himself the profits the investors had in view in offering him large sums for the property. Among re-cent investors who sought to purchase the corner were several Rhode Island bankers, who offered a high price, but did not succeed in inducing the local cap-italist to give up his skyscraper plans. The quarter block was purchased by

The quarter block was purchased by Mr. Yeon in 1896 and is occupied by frame shacks built about 20 years ago. Captain Buchanan having erected the corner building, now a saloon. At pres-ent the frame buildings are occupied by two saloons, a restaurant, a real estate office, a bookstore and a sheeshop, a lodging-house being conducted above.

M. D. Wisdom, Who Has Been Critically Ill. Reported Better.

M. D. Wisdom, the well-known horse-man and editor of Rural Spirit, who has been seriously ill from an attack of heart failure since about July 21, was reported as being much better last night. It was said by his son, Layton L. Wisdom, that his father slept well yesterday afternoon and last night and appeared to be re-

gaining strength.

Mr. Wisdom's friends have been much alarmed over his continued illness. Thursday his condition was critical, and Thursday his condition was critical, and he passed a very restiess night. Yesterday, however, he railled well and was more than holding his own. Last night he was in no immediate danger and his family and his physican, Dr. Leon Hyde, coloring. he was in no immediate danger and his family and his physican, Dr. Leon Hyde, who have remained with him constantly, were greatly encouraged.

Exertions attending the trip to the Seattle Exposition on Portland day are considered partly responsible for Mr. Wisdom's illness. He had not been feeling well for some time previous to them.
