

ARMED MEN STOP HARRIMAN CREW

Porter Bros. Ignore Injunction.

MULE TEAMS ARE FORCED OUT

Italians, 75 Strong, Thwart Attempt to Use Road.

SHERIFF STANDS IDLY BY

Drivers of Wagons for Twoby Bros. Open Gate and Attempt to Enter, but Rivals Eject Men and Mules Instantly.

GRASS VALLEY, Or., Aug. 1.—(Special Correspondence.)—In spite of the injunction issued in the Circuit Court yesterday, Porter Bros. today put 75 men, armed with pickhandles, axes and in a few instances guns, on guard at the locked entrance to the Gurtz ranch. Again Twoby Bros. sent teams to the front, and again they brought them back with wagons loaded, but the return was not made until after one four-mule freight wagon and a pack train of three horses had been forcibly ejected from the ranch by the 75 men. The ejection was accomplished without the breaking of any heads or the injury of any one, by unhooking the mules from the first wagon through the gate and the men pulling the wagon out backward. Owing to being overwhelmed by numbers, the Twoby drivers had to submit.

Twoby Crew Outnumbered.

It is the contention of Johnson Porter, who arrived on the scene this morning by automobile from the Dalles, that there has not been sufficient service of the injunction to put it into force. The injunction was served last night on Superintendent Griffin, who is the Grass Valley representative of Porter Bros., and another copy was also served on the regular gateman at the ranch.

Griffin immediately got into communication with Mr. Porter by telephone, and a short time later left on horseback for the camps in the canyon. The men there were pulled out of bed at midnight and placed on guard at the gateway, reaching there about 3 A. M. Pack horses brought their meals to them from the cookhouses in the canyon. Levenspire, the regular gateman, on whom the injunction was served, was relieved, and the men were placed in charge of Harry Carleton, Porter Bros' foreman.

Each Italian Has Weapon.

The great percentage of Porter Bros' force was composed of Italians under Tony Scarpelli. Every man had a weapon of some kind. The men spent the hours before daylight doing before sagbrush fires, while a few performed picket duty. They had congregated outside the ranch fence, but when Johnson Porter appeared, about 11 A. M., he ordered them to "get back on our own property." The men thereafter kept inside the inclosure.

Porter went on through to the canyon, and the automobile returned without him. It is supposed he has returned another way to the Dalles to avoid service of the injunction.

Sheriff Accompanies Teams.

The first of the Twoby outfit to reach the guarded gate this morning was a packer riding on a horse and leading two others laden with supplies for the camp of Engineer Raven. This packer did not even enter into conversation with the men who were grouped back of the gate on the Gurtz land, but awaited the arrival of the freighting teams.

The wagons, nine in number, and each drawn by four mules, arrived at the gate in advance of Sheriff Freeman, Attorney E. V. Littlefield and a Deputy Sheriff, who went out in an automobile. The teamsters halted at the gate and attempted to "josh" the Italians, but could get little response. Two other men connected with the Twoby work rode out on horseback.

The force of the Harriman contractors was only eight or ten, counting the Sheriff and Deputy Sheriff. Judge Littlefield was the spokesman. He demanded to know who was boss of the crowd, and Carleton stepped forward. "I suppose you are here to try to prevent our passing over this road?" said Judge Littlefield.

Foreman's Threat Made Good.

"I have to inform you that an order of court has been issued ordering the opening of this gate and we intend to open it. I warn you that I have the Sheriff and his Deputy with me and that the first man who exerts violence will be arrested."

"Well," said Carleton, "We are not here to prevent your cutting the wires if you want to, but we intend to stop your teams if they try to go through. My instructions are not to use any violence, but to prevent your teams passing over this land."

"Well, we intend to take these teams through that gate," remarked Judge Littlefield, and he instructed one of the Twoby men to cut the wires. The gate was opened without the use of piling by unhooking the top wire and slipping

JOSEPHINE CAVE SCENE OF TRAGEDY

FRANK ELLIS SHOT AND KILLED BY UNKNOWN PARTY.

Friends Refuse to Believe It Was Murder, Insisting Victim Was Mistaken for Animal.

GRANTS PASS, Or., Aug. 1.—(Special.)—A terrible tragedy or accident occurred in the Josephine County caves today when Frank Ellis, a local druggist, was shot and killed. Just how the accident happened it is impossible to tell, as the telephone line is not working, and the station nearest the caves has been abandoned by the messenger to take in the Coroner, Deputy Sheriff and Dr. J. C. Smith, who left in automobiles for the scene of the tragedy.

First word was that Ellis had been foully dealt with, but this theory is scouted by his friends, who think he was accidentally shot, being mistaken for a wild animal. Ellis and his wife, accompanied by Arthur Vinyard and bride, made up a party with two other women, who left this city last Tuesday for a camping and hunting trip at the caves. The telephone operator at Provoit, a midway station, says that, so far as she can learn, Ellis was shot in the third room, which is about 400 or 500 feet from the entrance and on the upper floor. The party who called the Coroner reported that three persons were at the mouth of the caves when Ellis and his wife went in, and that the supposition is some person inside fired the fatal shot.

Ellis' Parents Reside at Dallas, Or. He Was 21 Years Old and Was Married about Three Months ago to Pauline Pollock, of this Place.

FIND NETS HIM \$19,200

Old Records, Thought Burned, Come to Light in San Francisco.

SAN FRANCISCO, Aug. 1.—(Special.)—Captain John Seymour, chief detective for Wells Fargo & Co.'s Express, has discovered Supreme Court records supposed to have been burned in the big fire, by which he hopes to enforce a contract against Mrs. Theresa Oelrichs and Mrs. W. K. Vanderbilt, Jr., for \$300 a month for ten years.

Herman Oelrichs had a power of attorney from his wife and sister-in-law, and he with Charles L. Fair made a ten-year contract with Seymour to look after the Fair estate in this city for \$300 a month. Seymour resigned as Chief of Detectives of this city to accept the position. After two years the two women deposed Seymour, Oelrichs and Charles L. Fair who joined in making the contract having died.

Seymour used and got judgment twice, but finally the State Supreme Court ordered a new trial on the ground that it had not been proved Oelrichs had a legal power of attorney. As the records were supposed to have been burned, Seymour gave up hope, but the discovery of the records now will give him judgment for \$3,200, with interest.

WIRELESS KILLS TERRORS

Warnings Now Save Vessels From Sable Island's Shores.

OTTAWA, Ont., Aug. 1.—(Special.)—The wireless telegraph has robbed Sable Island, the "graveyard of the Atlantic" of its terrors. Lying in the route of navigation of the North Atlantic Ocean, this island long ago earned its dread title. It is a drear expanse of surf-beaten shoals, being strewn thickly with pitiful wreckage of splendid ships.

Last year, however, no wreck or marine casualty of any kind occurred there, and this remarkable immunity is attributed mainly to the utilization of wireless telegraphy in communicating warning signals to passing vessels.

In the comparatively short period in which wireless telegraphy has been in operation in Canada, it has become one of the most important adjuncts to navigation maintained by the Dominion government. There are at present more than 30 wireless stations in Canada, of which five are located on the Pacific Coast. The coast service will soon be augmented by three additional stations.

DYING MOTORMAN MAY BE BLAMED

His Statement Conflicts With Officials.

UNDERTAKERS SHOW GREED

Coroner to Probe for Cause of Trolley Wreck.

ACTS OF HEROISM MANY

Doctor, Badly Hurt, Gives Aid to Fellow-Sufferers—One Woman Left for Dead Crawls From Under Pile of Corpses.

SPOKANE, Wash., Aug. 1.—In the collision of two passenger trains on the Coeur d'Alene & Spokane Railway Saturday afternoon, two miles west of Coeur d'Alene, 12 persons were killed and 102 injured. About 90 of the latter sustained only slight injuries and are not in hospitals.

Motorman Campbell, of the wrecked train, who was reported among the dead last night, is alive today, but it is thought it is only a matter of a few hours until he dies. He was badly mangled in the vestibule of his car, and is barely breathing.

Campbell stated tonight that he understood his orders were to meet the other train at a siding five miles from where the collision occurred.

Ordered to Take Siding.

It is learned from an official who declines to be quoted that Motorman Campbell, of the westbound train, the extra which was wrecked, had orders from the dispatcher to pull out of Coeur d'Alene and to take a siding about three-quarters of a mile out, in order to allow the regular eastbound train to pass. He passed that siding, either forgetting his orders or imagining he could make the next siding, about another mile ahead. It was between the two sidings that the collision occurred.

General Manager Graves, of the Spokane & Inland system of which the Coeur d'Alene & Spokane is part, in an official statement says that he and other officials have been so busy looking after the dead and injured that they have done nothing whatever toward fixing the responsibility for the accident.

There will, however, be a thorough investigation, he declares, and the result will be given to the public.

One Train Had Stopped.

Whatever may have been his reason for passing the first siding, there is still the mystery of Motorman Campbell not seeing the other train in time to stop his car, as the track was clear and the other train had stopped.

The dead number 12. They are: Orville Paterbaugh, Elkhardt, Ind. W. J. Houre, Scotia, Wash. William Wonsetter, Harrington, Wash.

A. F. Whitley, Memphis, Tenn. William Ward, Wenatchee, Wash. John Vernie, Springfield, Mo. Dallis Golden, Spokane, Wash. W. A. Dahlquist, Estherville, Ia. J. C. Cox, Medical Lake, Wash. A. R. McDonald, Drummond, Mont. Mrs. A. M. McDonald, Drummond, Mont.

Fred McGarry, Spokane.

Those Badly Injured.

The injured who are in hospitals: J. F. Timmons, Spokane, Wash., face, head and hands bruised. Daniel Carmody, 4619 Union ave. (Concluded on Page 3.)

FOUR MORE DAYS TO REGISTER FOR LAND

OFFICIALS ARE PREPARED FOR HEAVIEST RUSH.

Largest Portion of Applicants Come From Farming Sections of Middle West.

ACAPULCO IN RUINS AFTER 73 QUAKES

Destitute Inhabitants Face Famine.

DISASTROUS SHOCK PREDICTED

Eruption of Popocatepetl Is Feared by Indians.

TIDAL WAVE ADDS MISERY

Farmers Fear to Bring in Produce to Stricken City, and Mexico City Plans Relief Measures—Rains Add Much to Discomfort.

SPOKANE, Wash., Aug. 1.—(Special.)—With only four days of the period for application for registration on the three Indian reservations left, notaries and officials of the Land Office are preparing for a greater rush than has been seen since the work began at midnight July 14.

The average of daily applications for the first 16 days has not been sufficient to bring the total of applications to the 300,000 predicted for the three reservations by James W. Witten, the superintendent of opening. The total received at Coeur d'Alene is now a little more than 200,000.

A feature of the land rush reported by the notaries is the class of people from whom most of the applications come. Many men and women holding responsible salaried positions are seizing the opportunity to try for 160 acres of land on the Indian reservations. Railroad officials with headquarters in Chicago, St. Paul, Tacoma, Portland and Seattle have turned in their names. School teachers are largely represented, and small professional men have applied in numbers. The largest portion of the applicants are men and women who are living on and working farms in the East and Middle West, or who have left farms and wish to return to that manner of living.

At Missoula there is some one else besides the notary who is going to make something out of the land drawings—D. H. Ross, the postmaster. Every time a landseeker buys a 2-cent stamp it means an increase in the total receipts for the year, and on the total receipts is based his salary. So far this month Mr. Ross has seen his next year's salary go up \$200, and it is still going. The salary of the Missoula postmaster is \$3000 now; next year it will be at least \$3200, and probably more. Mr. Ross says already it is evident that they will have receipts of more than \$50,000.

FERRY'S DEATH IS SUDDEN

Fatal Stroke Comes Without Warning to Well-Known Tacoman.

SAN DIEGO, Cal., Aug. 1.—(Special.)—The death of Colonel Clinton P. Ferry, an eminent statesman and writer, of Tacoma, Wash., which occurred here last night, was caused by aneurism of the right common iliac. Mr. Ferry was in normal condition on Saturday, and was engaged in writing up to within a short time of the fatal stroke. He came here one month ago in company with his daughter, Miss Emma Ferry, after a season's travel in Europe.

Colonel Ferry had frequently come to San Diego for rest from his work as a writer on scientific topics. He contributed to the Tacoma papers and to Eastern publications. Deceased was 72 years old and was the French Consul Agent at Tacoma.

After a short funeral service here the remains will be shipped to Tacoma for burial, accompanied by the daughter, leaving here tomorrow night.

YOUNGSTERS ARE SCARED

Only Older Lovers Marry in Waitsburg This Summer.

WAITSBURG, Wash., Aug. 1.—(Special.)—Midsummer weddings are unusually popular this season with Waitsburgers, and singularly no youthful couples have married, though two or three are scheduled.

Yesterday announcement cards were received of the marriage of Professor J. C. Ryan, City Superintendent of Schools, and Miss Edie Orcutt, principal of the Central school, who has taught here for the last six years. The ceremony was performed at the home of Miss Orcutt's parents in Portland. Mr. and Mrs. Ryan will spend a few weeks on the Sound and be at home August 25.

ACAPULCO IN RUINS AFTER 73 QUAKES

Destitute Inhabitants Face Famine.

DISASTROUS SHOCK PREDICTED

Eruption of Popocatepetl Is Feared by Indians.

TIDAL WAVE ADDS MISERY

Farmers Fear to Bring in Produce to Stricken City, and Mexico City Plans Relief Measures—Rains Add Much to Discomfort.

MEXICO CITY, Aug. 1.—A dispatch from Acapulco today states that 73 distinct shocks of earthquake have been felt there since the first shake Friday. The city has been destroyed and the inhabitants face a famine. During one of the shocks a tidal wave engulfed the harbor and a number of lives were lost.

Chilpancingo also has been practically destroyed. What the earthquake of Friday failed to do was accomplished by the stronger one Saturday, which either leveled or rendered uninhabitable every building in the two places.

No Food Brought to City.

All the markets at Acapulco were destroyed in the shocks of Saturday and the country people are afraid to take in more produce to the town. People are camping in the public square and have no food. The buildings standing are being leveled by dynamite, as they are little more than tottering walls.

Tidal Wave Adds to Misery.

During the heavy shock yesterday the water in the harbor receded 32 feet and then rushed back, covering the docks and piers, causing considerable damage. The people are suffering from exposure. The tents in the public squares and streets do not serve to keep off the heavy rains that fall at this season of the year.

Funds are being raised in Mexico City to relieve the distress of Guerrero. In Mexico City Saturday the shock was heavier than any other yet experienced. So far as known no lives were lost in the last tremor.

Disastrous Shock Predicted.

Thousands of people are thronging the streets and plazas tonight, afraid to enter their houses and hotels because it is predicted a quake more severe than any of the past 48 hours will occur at 3 o'clock Monday morning. Should the shock occur, it is feared it may cause the eruption of Popocatepetl.

Indians are constantly praying, as they insist the catastrophe will be the greatest in the history of the Republic. Wire communication has been established with Iguala, one of the cities from which an operator flashed the report that the city had been entirely demolished by the quake Saturday. It is now reported from there that a considerable part of the city was destroyed, but not the entire place.

Thus far no communication has been established over the federal lines with Chilpancingo, Chilpanco, Acapulco, and their fate is unknown here, although it is believed the damage could not have been as great as was reported by the terrified operators as they deserted their keys.

Acapulco in Sad Plight.

Late tonight the Associated Press received a telegram from the American Consul at Acapulco confirming the reports of disastrous earthquakes which, according to the message, occurred on Friday and Saturday. The consul states (Concluded on Page 3.)

GIRL FLIES AWAY IN MAN'S BALLOON

JUST COULDN'T RESIST TEMPTATION TO STEAL IT.

Worse Yet, His Coat With All His Money Is in Basket and Luckless Aeronaut Walks.

REBELS IN SPAIN DECLARE REPUBLIC

Win Victory, Then Set Up Government.

GARLIST PRETENDER AWAITED

Don Jaime de Bourbon to Lead Revolution.

ALL CLASSES HAVE JOINED

Government Takes Drastic Steps to Put Down Rebellion—Ten Courts Busy With Trials and Many Are Shot Without Hearing.

ST. LOUIS, Mo., Aug. 1.—(Special.)—Morris A. Helmann almost went up in a balloon today. Instead of actually flying, he stood on terra firma and watched Miss Julia Hoerner, whom he was to take for a sail in the clouds and the pilot, John Berry, soaring above him, as he shouted for them to wait.

Just as the balloon was ready, Miss Hoerner had a bystander call Helmann to the telephone. Helmann had just discovered the joke and started to return to the balloon when he heard a shout and saw the big balloon slowly sailing over his head, Miss Hoerner waving at him, while Berry dumped out ballast to make sure of getting away.

The balloon landed at Barnhart, Mo. 23 miles from the starting point at 3 o'clock. The bag dropped in a clover field, making a safe and easy landing. Having plenty of gas and ballast left, Miss Hoerner tied the drag rope to a tree and made several ascensions in the captive balloon with several natives, who, drawn by curiosity, came to where the balloon was anchored.

Incidentally, the runaways took Helmann's coat with them, and in it was all his money. He walked home. Miss Hoerner said she could not resist the temptation to steal the balloon.

ST. FRANCIS ROBBED AGAIN

Thefts of Silverware Totaling \$10,000 Are Discovered.

SAN FRANCISCO, Aug. 1.—(Special.)—Following closely on the theft of Miss Jennie Crocker's \$30,000 pearl necklace at the St. Francis Hotel, comes the report of the disappearance of \$10,000 of the hotel's costly silverware. Miss Crocker's necklace was stolen in the supper-room on the night of a big ball and no clew has yet been found. Last week the checking clerks reported to Manager Woods the loss of a considerable quantity of silver plate in one day.

Woods had an inventory taken and the result showed \$10,000 of large and small articles missing. Detectives placed on the case have thus far recovered nothing except a few small pieces secured by the Chinese potato peelers. Many of the missing articles are massive silver and serving dishes which could not be carried away under coats by thieving waiters. It is believed a coterie of expert thieves has secured employment at the St. Francis and has regularly looted the hotel dining-rooms.

PIPE SETS GRAIN ON FIRE

Fifteen Acres of Wheat Destroyed Near Ritzville.

RITZVILLE, Wash., Aug. 1.—(Special.)—Fire, caused by a man smoking a pipe while handling straw, destroyed 15 acres of standing grain on Ernest Hubbs' farm, 17 miles south of town, on Rattlesnake flats.

The fire was extinguished after a hard fight. The alarm was sent out and men came from all directions. The farmers are making strenuous efforts to prevent smoking by men they employ.

AUTO ACCIDENT IS FATAL

Woman Will Die as Result of Injuries in Seattle.

SEATTLE, Aug. 1.—M. H. Young was seriously hurt and his wife probably fatally injured late tonight when an electric runabout in which they were riding got beyond control, dashed down the hill and overturned as it struck the Thirtieth street and Woodland Park avenue.

Mrs. Young sustained a fractured skull, her ribs were broken and she was internally injured. She is not expected to live. Mr. Young will recover.

MISS CHRISTINA DONLIN, daughter of Edward F. Donlin, of Missoula, who will pick the winners of choice claims on the Flathead Reservation, at Coeur d'Alene, August 11 and 12. MISS HARRIET POST, daughter of Frank T. Post, of Spokane, who will draw the winning numbers in the Spokane Reservation lottery, at Coeur d'Alene, August 12 and 14.

REPUBLIC IS PROCLAIMED IN BARCELONA BY VICTORIOUS REVOLUTIONISTS.

LONDON, Aug. 1.—A dispatch received by a news agency from Cerbera says the revolutionaries have proclaimed a republic in Barcelona and that the fortress Montjuich is constantly being used by the districts occupied by them.

REBELS IN SPAIN DECLARE REPUBLIC

LONDON, Aug. 1.—(Special.)—Quickly following messages received here early today that the Spanish troops had been repulsed in a collision with revolutionaries at Barcelona, came a report that the insurgents in that city had proclaimed a republic.

Color is lent to the report by other dispatches emanating from Cerbera on the Franco-Spanish frontier. These tell of a continuance of fighting between the troops and revolutionaries in Barcelona, showing the government has not gained control of the insurgents, as censored dispatches stated.

Carlists to Head Rebellion.

Officials of the Spanish government at Madrid and other points have contended for several days that the rioting was the work of anarchists and socialists. These claims are challenged by a message received yesterday from Barcelona by way of Cerbera, stating: "Nine thousand armed revolutionaries have formed a committee of public safety. A meeting of Carlist leaders has been held at Figueras and the arrival is expected of the pretender, Don Jaime de Bourbon, in order to place himself at the head of the rebellion."

That so large a force is engaged in the uprising would seem to indicate that malcontents of all classes in Spain had joined in the movement against the government.

Rebels Shot Without Trial.

With 3000 dead and wounded in Barcelona, as previously reported, the government is taking drastic steps to check the rebellion. In messages Friday and Saturday it was stated that ten courts were at work trying rebels who had been captured and persons suspected of sympathizing with the movement. Today a message was received stating that 40 more revolutionaries (Concluded on Page 3.)
