MAILS FIRST MAIL DELIVERY.—The first mail deliveries were made yesterday from the newly established postal station in Seaside, with O. W. Walberg as superintendent. Three carriers are employed from this office to start with, but Mr. Walberg has made provision for another carrier and thinks he will be needed by next Fall. Re-establishment of the station in Seaside will, it is believed, greatly facilitate the collection and delivery of mail. Heretofore, for the past three years, the mail was brought from Brooklyn station by the carriers and then delivered, which method was subject to unavoidable delays. The most serious objection was the delay in the collection of mail from the boxes in the afternoon being left over until the next day. All this will be changed as mail will be gathered later in the day. The station has been arranged for the convenience of the public. There will be a certain time on Sunday when the office will be open. Many citizens will be glad at the new office and expressed pleasure to see the postal station once more.

ARBOR LODGE GETS POSTOFFICE.—Postmaster Young was yesterday notified by the Postoffice Department that the request for a substitution of the office has been granted and it will be established October 1. The location of this substitution will be at the Arbor Lodge Pharmacy, 1283 Broadway street. At these stations stamps and money orders are sold and packages registered but no general mail is handled. Postmaster Young was also advised that the local Postoffice is to be provided with an additional electric cancelling machine for use in the mailing division. This additional machine is rendered necessary by the increase in mail handled here. It was also considered advisable to have two machines installed when the new mailing division is opened this Fall on North Fifth street.

MONEY FOR YEAR'S EXPENSE.—Money enough was raised by the open air festival conducted by the people of Monticello Friday and Saturday night on Hills and the Base Line road, to meet all expenses of the local library for the ensuing year, the sum of \$100 being raised above expenses. The four churches and the fraternal organizations of the suburbs united in this festival. All sorts of amusements were enjoyed. Ice cream was sold by the churches. The Commercial Club of the Methodist Church is credited with making the largest sum for any one organization. These festivals will probably be made an annual affair.

CHURCH MEMBERS TO MEET.—The charter members of the Men's Brotherhood will meet tonight at the church, Twelfth and Alder streets. Plans are being made to bring the work of the organization under full swing by October 1. Meetings are being held by the members of the church, and it is thought that good results will be obtained when the organization has been fully completed.

MEETING ORPHEUM.—As some of our officers and so many members of the Orpheum Street Church Missionary societies are out of the city, the regular monthly meeting will be omitted this month. Plans are being made for the thank offering to be held Sunday morning, August 15. Bishop Smith is to preach.

75 ACRES BEST PLANTING PROPOSITION.—200 acre, 35 acres, 4 1/2 miles from City Hall, West Side, 35 acres cleared and in cultivation, crossed by United Railway. Mount Calvary. Best level, high and slightly, best of soil, \$2000 cash will handle it; owner needs the money. Call 911 Board of Trade.

JULY POSTAL RECEIPTS.—Postal receipts in the local Postoffice for the month of July amounted to \$64,500, or an increase over the corresponding month of 1908 of 17.14 per cent. In that month the receipts amounted to \$55,100.

COMMITTEE OF TEN AT WORK

The committee of ten—E. W. Edwards, D. M. Donagh, J. F. Kertchum, H. C. Fitch, J. W. Campbell, Al. French, Walter Adams, M. D. Jameson, W. H. Morehouse and T. L. Turley—appointed at the meeting of the Sellwood Commercial Club Friday night, to wait on the people of that suburb for their subscriptions to the clubhouse, is at work. It is hoped to complete the canvass this week and start erection by building the last of the month. Dr. R. S. Stearns, president of the club, is enthusiastic for this enterprise and believes the erection of the clubhouse will be of great benefit to the young men of Sellwood. It has been decided to provide a hall for general meetings on the first floor, and in the basement a barquet hall will be placed so that all organizations can use it when desired. It is desired also to make provisions in the basement for a gymnasium department for the benefit of young men. However, to bring this project to the attention of the public, the committee will be necessary to make some changes in the original plans of the building by making the basement ceiling higher. The clubhouse will cost \$100,000, making a total outlay of \$5000. Peter Huns, Walter Adams and H. C. Fitch are the building committee, and they will have the details of the clubhouse drawn out by Architect W. C. Crozier, so that construction can be started as soon as means have been secured.

MASAZAR LEAVE FOR MOUNT BAKER.—Filled with anticipation to reach the summit of Mount Baker, the 50 members of this year's Masazara party left at midnight last night for Bellingham, Wash. A new crematory is to be built in a few weeks, and it is understood that the administration desires to engage an expert to oversee the construction and to assume charge when it is completed. This developed yesterday at a meeting of the Board of Health.

When in Seattle, Mayor Simon was greatly interested in the operation of the garbage destructor, and particularly because it operates without fuel; the refuse burns itself, while in Portland there is a large bill each month for fuel. Superintendent Daggett, who is in charge of the plant, is in the city and he is making the respective crematories. He says that in Seattle 75 per cent of combustible material is burned, while here it is more than that per cent vegetable and animal and that fuel must be used to produce the heat.

WORCESTER PARTY COMING.—Between 50 and 75 members of the Worcester party are expected to arrive in Portland, August 17, on their way to the Seattle Fair. While here the members of the party will be under the care of William B. Corbin. Mr. Corbin is an old resident of Worcester and is very anxious that the party from that place shall be shown the best there is in Portland. He has just returned from a trip to Alaska. The party will stop in Portland also on the return trip from Seattle, and from here will go south and visit various points along the Coast.

HANSEN RELEASED FROM POLICE CUSTODY.—A prominent member of the Fraternal Order of Eagles, who was arrested Sunday night by Police Sergeant Riley, at the Salmon-street bridge, on charges of assaulting Mate Thompson of the steamer Kellogg, was discharged by Judge Bennett in Municipal Court yesterday morning. N. Hansen was one of a committee having in charge the completion of the local Aeris of Eagles Sunday and says he was trying to quell a disturbance on the boat when he struck Thompson.

TRAVELING MAN IN TROUBLE.—Charged with assaulting and beating Mrs. Faith Graham, of 317 1/2 Russell street, wife of Lou Graham, a traveling salesman who came here recently, a traveling salesman, was arrested yesterday afternoon on a warrant sworn to by Mrs. Graham by Detectives Hyde and Reid, who were called to handle the prisoner before he would be brought to the City Jail.

CHANGE IN DIRECTORY OFFICE.—Mrs. Ella J. Clinton, manager of the City Directory, Polk & Co., directory publishers, has resigned her position and leaves soon for the East where she will place her daughter in Bryn Mawr College. Mrs. Clinton's place is to be taken by H. T. Hutchinson, Polk & Co.'s manager in Seattle. Mrs. Clinton has been identified with the directory business since her husband, H. M. Clinton, at his death.

BANDMASTER WANTS HIS PAY.—In July of 1904 the village band of the suburb Woodstock was the delight of the citizens and above all Bandmaster Straka Strawn was an especial object of delight. Strawn asserts, however, that glory was his only recompense. He has instituted suit in Justice Court for the payment of \$15, which he alleges is still due him for his services. The suit names the Woodstock Band Company, incorporated, as defendant.

SALOON LICENSE IN QUESTION.—Isaac Brun, of 200 Park street, engaged in the wholesale and retail liquor business, at 140 First street, was arrested yesterday afternoon on a warrant sworn to by J. Hutchinson, charging Brun with selling liquor without a license. Brun was released by Judge Bennett on his own recognizance.

HIS HEAD MAY FALL

Superintendent Daggett, of Crematory, Out of Favor.

MAYOR IS DISSATISFIED

Regards Expense of Operating Garbage Burner Too Great—Health Board Meets and Wheeler Makes First Report.

Mayor Simon is dissatisfied with the management of the garbage crematory in the hands of Superintendent Daggett, and it is probable that another will be selected at a not far distant date to succeed him in that capacity. Daggett is a Lane appointee, and has held office in all the glories of a smartly-gowned ingenuer.

The musical turn of the Otis, Klein and Nicholson, of superior quality, in a thoroughly capable manner they play both popular and classical airs on French horns, slide trombones, xylophones and saxophones of every size. Recently introduced into the sketch, "Old Folks at Home," which is offered by Lee Beggs and company, and which tells of life in the country. The skit is a pleasing and bright lines and has a pleasing moral.

JULY HAS QUEER MONTH

All Sorts of Antics Performed for Brer Beals' Delectation. The district forecast official, E. A. Beals, has issued an official summary of the weather conditions which prevailed during the month of July. The precipitation broke all record for the past 33 years. During the month 2.26 inches fell. The record was formerly 1.80 inches for July, 1884. There were eight cloudy days, 11 partly cloudy and 12 clear. The highest temperature was 83 degrees, on the 21st, and the lowest 42 degrees, on the 13th.

New Bills Open at the Vaudeville Houses

Orpheum. BY ARTHUR A. GREENE. FIVE big stellar acts make the Orpheum bill this week one of more than usual importance, as it unquestionably is of great interest. It is a difficult matter to differentiate among these five, they being so varied in style and in the nature of the acts. The Orpheum, by the way, is a well-known and popular vaudeville house.

WHERE TO DINE.

All the delicacies of the season at the Portland Restaurant; fine private apartments for ladies. 305 Wash. near Fifth. Don't fail to try the new Imperial Kanton Cafe, 42 Washington. Special Sunday chicken dinner with ice cream 40 cents. Merchants' lunch daily 25 cents. All boxes decorated in Oriental style.

FAIRMONT HOTEL SAN FRANCISCO

1—The Man who revels in Red Tape would NOT be interested in 'Y and E' Filing Systems. The 'Y and E' idea is to simplify to handle routine office work with AUTOMATIC methods instead of special thinking—wherever possible.

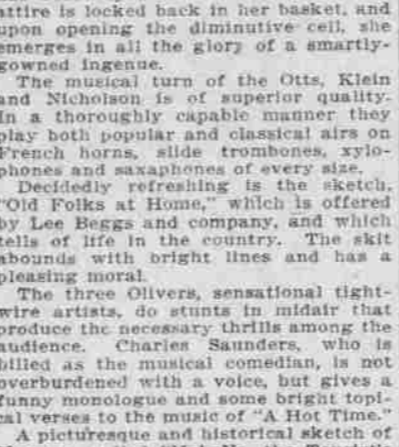

F. W. Baites and Company

invite your inquiries for PRINTING. First and Oak. Another section of the present Grand bill which is worth remembering is that of the Ernesto Saters, who do a marvelous stunt on the bounding wire. Their act is one which is worthy of the best vaudeville circuit in America, and the management is exceedingly fortunate in securing them. They do some amazing things on the wire, and if you do not grow enthusiastic over them you are sadly deteriorating a song writer and yodeler, Harry Taylor, a song writer and yodeler, makes himself fairly valuable to the general effect of the show. Cogn and Bancroft have a roller-skating turn, and Scott and Davis present a combination musical act which is not great but is worth your attention.

A Clean Carbon

NON-GREASE CARBON PAPER. The Kee Lox Carbon Papers are made for producing copies and records that are to be preserved for many years. They are made from dyes and colors that are permanent and lasting, which make them especially desirable for producing official records, legal documents and commercial work.

These carbons are made in five colors, but the writing produced by our Black is the most indelible and indestructible. We Guarantee That a hundred years of time will not efface or obliterate the impressions produced by our Black, Non-Grease Carbons. We recommend these Clean Carbons to all who value their records.
