Hop Conditions in Europe Do Not Improve.

MARKETS ARE FIRM

Sevens Sell in This State at the Highest Price Since They Were Harvested - Prospects in New York State.

English and Continental hop cables re-served restorday said there was no im-provement in crop conditions in Europe, and ried the former low estimates. daily London weather cable showed cool weather in England, whereas heat is a neeatty in the present stage of the English op. Pacific Coast, hope were quoted firm London at 60 to 80 shillings.

No transactions in the Oregon contract market came to light, but it was the genmarket came to ight, but it was the con-oral helief in the trade that business had been accomplished, but was being kept guiet. Spot hope are sought after and bids

at full values are being made.

The most interesting deal reported was
the sale by S. H. Pelencly, of Nugens, of a 3ot of 180 bales of 1907s at 21 cents to Hola on they were harvested, which shows that sometimes it pays to hold. Joe Harris says the report that he contracted the Davidson hone at St. Paul at 21 cents was not cor-

nancre of that state as follows: The hoppards in this locality are not im-rowing as it was hoped they would after the best growth of the vines. It is genfor the best growth of the vines. It is gen-erally admitted that the crop prospects are not as good as they were a week ago, due as much to the severs whipping that the vines have received from the high winds as from lack of moleture.—Waterville Times. The weather of the past week has been favorable for the growth of lops. The lice and honey dow, which threatened serious dam-

age, are disappearing, and with favorable weather conditions it is predicted that an or-dinary crop of good quality will be harvested.—

micely and they are clean and free from ver-min and present indications are that the crop of 1000 will exceed that of 1908 by from 15 to 20 per cent, which would mean about 2009

o yards are very light. The crop from event indications will be of good quality.— operatown Former.

WHEAT MARKET SHOWS MORE LIFE. Offerings in the Country Are On Larger Scale-Flour is Steady.

in the wheat market is gradually expanding, but is still far from active. No harvest is completed. Reports from the sounity agree that more disposition is shown by sellers to let go since prices have taken a downward turn. Club wheat was quoted the local market yesterday at 95 cents and bluestem at \$1 per bushel,

market for old flour is helding up well. Stocks are gradually cleaning up and will probably be exhausted just about the time wheat flour is ready for use, the middle No prices on new flour have in announced pet.

Local receipts, in care, were reported by the Merchants' Exchange yesterday as fol-

CASABAS ARE NOW IN MARRET.

Birst Shipment of Season Arrives From Call-

The first ossubne of the season made their The first casabase of the season made their appearance resterday and were quoted at \$2.50 per dozen. There was a strong demand for good cantaloupes, and water-melons were also firm. A car of Turicck containupes is due today.

Receipts of fruit were lighter than on Access of the cartering was worked.

Monday and most of the surplus was worked off. Elberta peaches were quoted at 90cg ts, with unwrapped stock selling us low

charry season is about over. Some Lamberts were on sale at 12 cents, and Black Repub-Heans at 687 cents. No good Royal Annes mere offered.

The potato market was heavily supplied with inferior stock and quoted very weak EGG MARKET WEAK AND DRAGGING.

Poultry Steady and Butter is Cleaning Up Rapidly. The egg market is dragging and weak, which dealers account for by the free of-ferious of Eastern stock. Oregon ranch

were in fairly large supply and held at The demand was about equal to

than last week and there are fewer weak spets in the market. Present prices are expected to hold for some time ret.

STOCKS ADVANCE STEADILY

Union Pacific and Steel Common and Preferred Sell at New High Records - Central of New Jersey Passes 300 Mark.

NEW YORK, Aug. 1.-The stock market demonstrated its force in overcoming ob was the pressure of sales to realize profits Union Pacific and both the United States Steel stocks again sold at new high records and Central Railroad of New Jersey also rose through the \$00 mark to new

An important portion of the realizing sales came from London. That market resumed, after a three-days' holiday, during which some of the striking advances seemed to look formidable to the Londoners and they sold at the high level of the open-

resotionary during the midday session and it needed the concerted advances in Union it needed the concerted advances in Union Parific and the two United States Steel stocks to reassure sentiment and bring about a steadler tone. An advance in the price of copper metal in London brought the Copper industrials into line with the

tie attention in consequence of the con-tinued plentiful supply of call loan funds tinued plentiful supply of call loan funds. The rising tendency of time funds, however, continues. A 4 per cent race was paid for six months' funds today, although small amounts loaned at that figure and the amount offered at that race was reported largely in excess of the demand. Foreign exchange stended today and turned from

exchange steadled today and turned from the recent downward course.

Reports were current of some large financial deals in prospect by the New York Central, Pennsylvania and Missouri Pacific and the effect of these requirements on the money market is to be canadered.

Bonds were irregular. Total sales, par value, \$1,205,000. United States is de-clined in per cent on call.

OVERNIGHT ADVANCE IN THE SEATTLE MARKET.

Firmness in the Melon Tradeeral Sales of Bluestem Wheat Are Reported.

SEATTLE, Wash., Aug. 8.—(Special.)—
The trade will be greatly surprised in the morning to find that butter has been advanced a cent over night. The new quotation will be 31 cents. The dealers decided to advance the price late this afterneon. Several large dealers were opposed to a 1-cent advance, advocating a 3-cent jump or noise at all at this time. The one-cent dealers won out, however. It would not be surprising if there is another advance later in the week.

Cantaloupes are in mone too liberal supply and watermelous are better cleaned up to-night than since the fruit commenced to arrive several weeks ago. Lesiers were able to get 2 cents for choice stock.

The wheat market was much livelier today with several 5000-bushel sales negotiated at \$1.01 for bluestem. According to shipping men, 45 vessels are under charter to date to earry grain from Puget Sound to foreign markets. It is expected that the first cargoes will be shipped from Vancouver, B. C., this year. Several advances were made boday on rolled cats and rive products.

FIFTY BUSHELS TO THE ACRE. Banner Wheat Crop in Weston Country This

Sensou.

WESTON. Or. Aug. 3.—(Epecial.)—The banner wheat crop so fur reported in this vicinity was secured by J. N. York from 160 scres, belonging to J. B. Killgore, two miles north of town. The entire tract was in Dale wheat and sweraged 50 bushels per scre. One "forty" yielded 537 sacks, an average of 54% bushels Mr. York harvested the quarter section in three days with a 28-inch manhine. He is regarded as one of the most careful and successful farmiers in the Weston country, and handles a large acreage belonging to himself and others. W. A. Barus harvested 421 sacks from 20 scress adjoining town on the west, an average of 47 bushels per acre.

Ed Simpson secured 1886 sacks from 70 acres of Spring-sown barley on Wild Horse Creek, south of town. This is considered an especially good yield for "Spring grain" in any season.

G. Delinaw is cutting his Dale wheat south

especially good yield for "Spring grain" in any season.

G. Defirm is cutting his Dale wheat south of town with his combined increaser. The quality is extra fine, smut helm almost entirely absent, but Mr. Defirm is somewhat disappointed in the yield. He had the ground in potatoes last year, and estimates that this has cost a loss of at least ten hushels per acre in this year's crop of wheat. Corn has proved unprefitable as an odd-year crop in this section, because of its demands on the soil, but potatoes were supposed to be beneficial. Evidence to the contrary shown this season will probably cause a return to the old methods of Summer fallowing, whereby the ground is left idle in the odd year.

From 70 acres of wheat, but south of town, Alexander Elinnear has sacked a yield of 45 bushels per acre. Two years ago this ground produced an average of nearly 60 bushels.

SOCKEYE RUN IS HEAVY

TRAPS ARE OVERFLOWING IN NORTHERN WATERS.

Fears That Supply Was Becoming Exhausted Discredited by Great Run Now On.

BELLINGHAM, Aug. 3.—Salmon trap-ping, threatened with suppression by State and National Governments because State and National Governments because it had been claimed the sockeye supply was being depleted to an extent that threatened the extinction of the fish through the operation of the traps, is declared safe by trapmen today, as the present runs, are showing that the supply has not been largely decreased. The waters of Juan de Fuca, Rossario Straits, Bellingham Channel and Guir of Georgia are alive with fish, and the traps are full.

Four hundred and sixty-four thousand

raps are full.

Four hundred and sixty-four thousand salmon were landed at Anacortes, Bellingham and Blaine during the 34 hours ending at room today. Tenders and scows could not be supplied fast enough to empty the traps, and with full pots many traps can take no more fish until they are breiled out.

brailed out.

Every line of machines on the Sound and Gulf is running today. Trapmen anticipate landing three quarters of a million fish tenight and tomorrow.

VANCOUVER, B. C., Aug. 2.—Professor David Starr Jordan, who returned today from the North, says that the Interna-tional Fishery regulations will not go into effect until 1911. Their provisions will be published in December, 1999, and an en-tire year's notice will be given interested

It is figured that a successful physician must have a clientele of 150 families, or about 750 persons.

Reassuring Crop Reports Cause Slump in Wheat.

WEAK CLOSE AT CHICAGO

Five-Cent Break at Minneapolis Has a Bad Effect on the Market. Corn and Oats Are Lower.

coday. The market was weak all day, with the exception of a brief period at the open-ing, when moderate firmness was manifest because of the ing, when moderate firmness was mainten-conuse of the comparative strength at Liver-cool. Servare declines at Minneapolis, Winter wheat breaking 6150, were among the bear-alt advices. September ranged between 11.01% 21.01% and \$1.04%. The close was is: advices. September ranged between \$1.01%@1.01% and \$1.04%. The close was weak and only a triffe above the lowest point,

with September, at \$1.02\frac{1}{2}.

Heavy realizing sales caused a severe slump in own. The selling was inspired by the favorable condition of the new crop and a break in cash grain. The market closed weak, with prices \$\frac{1}{2} \in \frac{1}{2} \in There was a great deal of reclising in pre-lations. The close was indultied to 30c lower. The leading futures ranged as follows: WHEAT.
