if hop statistics regulated prices, the hop market now would be at 40 or 50 cents. Estimates made of the groups throughout the world indicate a shortage under actual requirements of about half a millen bains. In spite of this fact, there has been shardly any buying of Pacific Const hopy yet by Easiers or foreign dealers or brewers. Most of this buying that has been satisfient to put the market up to 20 and 21 cents, but no higher. The only herry crops handled so far are the strawberry and the leganherry. Of the latier about 13 tons were handled, as compared with 25 tons fast year. Mr. Allen reports a strong demand for loganherries in the Chicago markets this year, whereas there was no demand at all last year, as the better was uncertosity unknown in that

BUTTER ADVANCES ONE CENT A POUND

Prices Lifted Because of Light Supply and Higher Prices Elsewhere. The local butter market was advanced l cent yesterday morning, making the price cents. The supply on hand was not heavy and it went well at the new prices. The advance was partly brought about by the quoting of higher prices in outside mar-

over last week's prices, also went into effeet yesterday morning.

The egg trade was slow and the market by some of the dealers and they are in clined to cut prices. The Seattle market is quoted much higher than Portland, but offers of Oregon eggs to Scattle dealers bring no response.

Poultry receipts were small and the de-

mand as usual on Monday was light.

SEATTLE RECEIVES A CARLOAD FROM WENATCHEE.

ment. New apples are slow sellers on this market as yet.

Peaches were very scarce today at \$1 to \$1.10. Tomatoes are also in limited supply at \$1.50 for top stock.

Five cars of watermelons were on the track this merning, greatly relieving the market. Top stock sold early in the day as high as 1% to but inter dropped back to 1% cents. Cantaloupes are very scarce. Shipments from Edstern Washington are not up to the expectations of commission men. Reports of blight from many sections are being neceived almost daily.

One hundred and fifty cases of pincapples were unloaded this afternoon. The market is bare of sweet corn. The beat that arrived this morning brought the smallest constantent of fruits and verstables infe down on the docks this season.

Butter was steady at the advance, with a noticeable let-up in the domann for Washington creamery stock and an increase in Eastern. The price of butter fat went to 14 cents on the delive exchange this morning. Eggs were steady at 15 cents. The supply is inclined to exceed the demand in all quarters. An immediate change in prices is not anticipated. Poultry was scarce.

Wheat was in better demand but the market was weak. The only bid recorded on the erchange was that of 55 cents for September delivery, but \$1 was asked.

PORTLAND LIVESTOCK MARKET.

Prices Quoted Locally on Catile, Sheep and Hogs.

Livestock receipts over Sunday were the smallest for two days in a considerable time, and as a result the market was not an active affair. In its tone there was no particular change. There was a fairly strong demand for the best quality of cattle and sheep, but not much desire to take on inferior stock. The hog market still has a tendency toward weakness. The receipts were 178 cattle, 18 hogs and 18 horses.

Government Crop Report Causes Slump in Wheat.

SELLING IS VERY HEAVY

dation Is General.

CHICAGO. Aug. 2.—Wheat prices broke nearly 2c today, following the publication of the Government crep report, and all deliveries fell below the dollar mark. The report indicated a total yield of Winter wheal amounting to \$29,20,000 busheds, a much larker yield than generally expected. Wheat was inclined to be weak all day, but little activity was manifest until the final 15 minutes, during which period there was general selling, based on the exceedingly bearish showing of the Government statistics. The estimated total yield of Spring and Winter wheat of fig.500,500 bushels is, with one exception, the largest on record. The trade was not prepared for such a radical report. September sold between \$6% c and \$1.00%. May for the first time in the session sold below the dollar mark. The price at the bottom was \$3%c. The market closed weak with September at \$3%c.
