

WHEAT DROPS AGAIN

Local Prices Are Once More Reduced.

DOWN ONE TO TWO CENTS

Markets Are Off All Over the World. More Sellers Than Buyers—Improvement in Oregon Hop Crop Conditions.

Wheat prices took another drop of 1 to 2 cents in the local market yesterday, dealers quoting club at 90 cents and blossom at 85 cents. The feeling was very weak.

A considerable amount of business was transacted Saturday and Monday in the country, and advices received yesterday were that farmers were offering very freely.

There has been some buying, of late, by interior millers, but they are not operating as aggressively as they usually do at the beginning of the season.

All the Eastern and foreign markets were off yesterday. Chicago prices dropped a cent, while there were sharp declines at Liverpool. The London sale of the Merchants Exchange reported cargoes depressed with a much lower tendency.

Local receipts in cars were promptly shipped. Wheat Barley Flour Oats Hay Monday Tuesday Year ago Total last week

LOCAL EGG MARKET IS OVERLOADED.

Better Conditions Expected When Present Stocks Work Off. The condition of the local egg market is thus summarized by one of the leading front street firms:

The market is well supplied, and with Eastern and storage offering freely it is with difficulty that stocks are moved. We are asking 17 cents for fresh, and there are lots of eggs in the city; everyone seems to have them to offer, and stocks do not clean up as promptly as we would wish them to.

Poultry receipts were fairly large yesterday, but there was a good demand for everything and prices were well maintained. Butter and cheese were active, firm and unchanged.

FRUIT IS IN PLENTIFUL SUPPLY.

Another Shipment of Oregon Crawford Peaches Received. The supply of fruit on Front street was large again yesterday. Nearly three cars of peaches were received, making one car of peaches, one car of cantaloupes and half a car of seedling grapes.

Small shipments of Tokay grapes are arriving and sell at 11.50 per crate. Other kinds were unchanged yesterday. Another shipment of southern Oregon Crawford peaches was received. They were of fancy quality and sold at \$1.15 per box.

Hales and Ribbles moved at former prices. Siberian crabapples from The Dalles are offering at 15.50 per box.

Blackberries hold firm at 15.50 per crate. A few shipments of local coming in and bring \$1.15 per crate.

Oregon peppers are on sale at 75 cents per 10-pound box. Corn is more plentiful and brings 18.50 cents per dozen. Sweet potatoes are tending lower.

Eastern trade papers are beginning to notice private reports from this state of the unsatisfactory condition of the Oregon hop crop. These reports, which were sent by Oregon dealers to Eastern correspondents, were somewhat premature and might work an injury to the reputation of Oregon hops.

It is true there has been a visitation of the hop louse, but it was no worse than in some previous years, taking the state as a whole. The hot weather of the past few days has materially improved the situation by checking the breeding of the vermin, and as the life of the hop louse is known to be short, it is probable the pest will be entirely eradicated before it can do harm.

The best reports, however, come from the yards where spraying has been done. Some growers who have sprayed thoroughly report that their yards are now entirely clean, whereas in neighboring yards, lice and honey-dew are to be found. It is difficult to understand why hop farmers who have sprayed should be getting better results than those who have not, especially in a year when clean, sound hops are almost sure to command high prices.

Bank Clearings. Clearings of the Northwestern cities yesterday were as follows: Clearings. Balance. Portland 111,293 Seattle 119,492 Tacoma 63,558 Spokane 63,558
