**YANKEES WIN OUT**

Get Participation in Fourth of Chinese Railroad Loan.

**LONG DISPUTE IS SETTLED**

Americans Share Equally With British, French and German Financiers in Development Plan.

PEKIN, Aug. 17.—American participation in the Hankow-Szechuan Railroad loan is to be arranged by the offices of the Foreign Board today, by H. C. P. Stettinius, the American Charge d'Affaires, and Lian Tun Yen, president of the Board.

The loan is to be increased from \$27,500,000 to \$30,000,000, and of this latter amount American bankers are to get one quarter; the other going to France, Germany and Great Britain. Americans are to have equal opportunity to furnish material for both the Szechuan and the Canton lines and the branches; they will have appointment of subordinate engineers and they will have also one-half of the future loans of the Szechuan Railroad and its branches, with the corresponding advantages.

The details of this settlement will be arranged after the arrival here the end of this week of Willard D. Straight, the representative of the American financiers interested.

The settlement reached today prevents actual financial investment in the abandoned Hankow-Canton line, but nevertheless it is believed here that American capital has been placed on an equality with other capital in China.

**STATE DEPARTMENT PLEASED**

Washington Greatly Satisfied by Financial Victory.

WASHINGTON, Aug. 17.—The news from Peking that Americans would participate in the Hankow Railway loan was received here with intense satisfaction, it being a victory for the State Department.

Senators Talk to Settlers.

BILLINGS, Mont., Aug. 17.—The Senatorial Committee on Irrigation, accompanied by Secretary of the Interior Ballinger and Director Newell of the Reclamation Bureau held session at Helena yesterday at which a committee of settlers made complaints and suggestions for improvement. Among the complaints was one to the effect

**COAL OUTPUT LESS**

Great Fuel Industry Felt Effects of Panic.

**DECREASE IN YEAR 1908**

Both Quantity and Value Show Falling Off, but Employes Are More Numerous—Accidents Cause Total 2450 Deaths.

**WASHINGTON, Aug. 17.—The effect of the National depression beginning in 1907 and continuing in 1908 was the most powerful factor in a marked decline in the production of coal in the United States in the second year of the present century, according to the Geological Survey. The total production in 1908 was 415,422,608 short tons, having a spot value of \$32,214,117. Of this total, 74,347,107 long tons, with a spot value of \$10,178,548, was Pennsylvania anthracite, and 322,775,944 short tons, with a spot value of \$374,125,322, was bituminous and lignite.**

**Decrease in Production.**

**The total production in 1908 showed a decrease of 64,230,726 short tons, or 14.42 per cent, in quantity, and of \$2,484,751, or 14.42 per cent, in value. The decrease of bituminous coal amounted to \$3,185,156 short tons, or 15.75 per cent, in quantity, and to \$7,079,574, or 17.98 per cent, in value. In the preceding year the production of both anthracite and bituminous coal reached the highest point ever recorded.**

**The total number of men idle because of labor troubles in 1908 in the bituminous regions was 145,145. The total number of working days lost in the anthracite region was 5,449,328, compared with 62,322 lost in 1907.**

**Accidents Kill 2450 Men.**

**MOSCOW, Idaho, Aug. 17.—(Special)—James Boyle, the tramp who robbed his benefactor, the 75-year-old recluse, Lorenzo Odum, at Kendrick last week, pleaded guilty in the District Court this morning to burglary and will be sentenced to the penitentiary by Judge Steele on Sept. 1.**

**Boyle was the daughter of Joseph E. T. T. Boyle, a wealthy real estate and automobile dealer of Chicago. In 1892 she met and married Odum, from whom she obtained a divorce in 1908.**

**Prison for Benefactor's Robber.**

**LEAVENWORTH, Ohio—Recently the finances of the village of Leavenworth fell to such a low ebb that it was impossible to pay the salaries of the school teachers. One of the aldermen proposed that the town invest in a flock of ducks which would furnish meat. Seven ducks were bought and turned loose in the streets. They started in to eat the waste at the ends of the town early in the morning and ate to the other end.**
