

JEALOUS CAPTAIN SHOOT HIS RIVAL

Love for Widow of "Shanghai" Smith Nearly Causes Murder in Seattle.

TWO STORIES DON'T JIBE

Anderson, Victim, Insists Assault Was Deliberate, While Peterson Declares He Shot to Save Mrs. Smith From Death.

SEATTLE, Wash., Aug. 22.—(Special.)—In a fight between two sea captains over the widow of C. B. Smith, who committed suicide as a result of jealousy over his wife two months ago, Captain Charles Anderson was this afternoon shot through the left breast by Captain John P. Peterson, Anderson is in Providence Hospital, where it is predicted he will recover, though the bullet penetrated the body just above the heart. Peterson is in jail. Anderson charges it was a deliberate attempt at murder, due to jealousy, while Peterson says he shot Anderson to keep him from choking Mrs. Smith to death. Four other witnesses of the shooting corroborate Peterson's version.

Mrs. Smith is a comely woman of 35. Her husband was widely known as "Shanghai" Smith, whose operations as a crimp were familiar to all seafaring men from San Francisco to Alaska, and who conducted the Labor Exchange saloon. Two months ago his wife, who is 35, forthwith secured the undertaker ordered a coffin and then repaired to his room, where he swallowed a fatal dose of poison. Captain Anderson and Captain Peterson have been rival claimants for Mrs. Smith's hand, and Anderson claimed to be engaged to her. These two men and three other guests were visiting Mrs. Smith at her home at 115 Twentieth avenue this afternoon when the shooting occurred. Anderson says Peterson became angered because of the woman's open preference for him and pursued him into a pantry, where he cornered him and fired at his heart after deliberate aim. Peterson and other witnesses say that Anderson, in a fit of jealousy because Mrs. Smith did not allow him to monopolize her attention, made a vicious attack upon the woman and was fast choking her into insensibility when Peterson came to her rescue and shot to kill. After Anderson was removed to the hospital, Peterson coolly waited at the Smith residence for the arrival of the officers.

WATCHMAN FIGHTS THUGS Prevents Robbery of Jewelry Store in London.

LONDON, Aug. 22.—An extraordinary robbery occurred here today. A watchman in the employ of Mappin & Webb, silversmiths and jewelers in Chapside, struggled through the door and collapsed. Constables who found Smith, the watchman, who had been considerably battered about the head, saw four men rush out of the store and escape. Six others tried to escape, but were captured. A search showed that jewelry to the value of \$50,000 had been packed in readiness for removal. Three of the men arrested had thousands of dollars' worth of jewelry in their possession.

MONTANA TUNNEL AFIRE Force of Men Fight All Day, but Gain No Advantage.

GREAT FALLS, Mont., Aug. 22.—Tunnel No. 1 on the Billings & Northern Railway, 11 miles north of Laramie, 500 feet long, is on fire and the force of men, who have been fighting the flames all day, have made no apparent impression. All trains which use this road to Great Falls came around by Helena today. The fire started about 1 o'clock this morning from engine sparks.

VICTIM'S 2 BROTHERS HERE Fall From Load of Hay Kills Everline Johnson Near Spokane.

SPOKANE, Aug. 22.—(Special.)—Everline Johnson, found dead on the road between Spokane and a suburban settlement, having fallen head first from a load of hay, two brothers, Enoch and Jacob Johnson, living in Portland, Or., Jacob Johnson, according to the City Directory, is an O. R. & N. laborer and lives at 413 Nineteenth street. The name of Enoch Johnson does not appear in the directory.

SIX ARE KILLED IN RIOT (Continued from First Page.)

Troopers Fire on Mob. For the first time since the inception of the strike, the state troopers tonight opened volley fire on the mob. Six strikers fell at the first round. The members of the mob then opened fire with rifles. Two mounted troopers dropped from their horses, fatally shot. They were taken to the Ohio Valley Hospital, dying. As an ambulance made its way from the car plant to the hospital, carrying wounded troopers, the vehicle was attacked and the driver was forced to flee for his life. Ambulance Is Attacked. The frightened horses attached to the ambulance plunged wildly in and about the crowd. Two men were trampled under the hoofs of the horses. The ambulance was finally driven to the hospital by a detachment of troopers. Soon after this a Deputy Sheriff, not yet identified, was surrounded by a crowd of strikers. In a last desperate attempt to save himself the officer drew his revolver and emptied the contents into the crowd. Then, throwing the weapon away, he cried: "I give up."

The next moment five bullets were fired into his body. Not satisfied, even then, the crowd kicked and beat the body until the features were mutilated beyond recognition. Sheriff Gimbert, at the County Jail, called for 50 men to serve as deputies in the strike zone at 10:30. At 11 o'clock the Sheriff started in an automobile for the scene of the rioting. He took with him ten riot guns and two boxes of riot ammunition.

DRIVER SAVES AUTO Takes High Bank at Right Angles Successfully.

SEATTLE, Aug. 22.—Rare presence of mind of L. H. Garrod, of Seattle, forestalled a serious automobile accident in the Mount Rainier National Park yesterday afternoon. Mr. Garrod, with Mrs. Garrod, their two children and Mr. and Mrs. L. L. Parkman, of Alameda, Cal., left Seattle early Saturday morning on a trip to Mount Rainier Park. Mr. Garrod was driving the machine along the drive, about three miles from the entrance, when the steering gear became uncontrollable and the automobile started down the side of the embankment, more than 20 feet high. Mr. Garrod saw that his only chance was to turn the automobile straight down the embankment. Jumping to his feet he gave the steering a terrific jerk and struck the embankment at right angles. There was a plunge downward and the big touring car plowed down into the soft earth more than 20 feet below. It did not overturn, and came to a sudden stop, with none of its occupants injured in the least. The car was not seriously damaged, but is still embedded in the soft dirt at the foot of the embankment.

AUTO STICKS FAST IN MUD Twenty-Foot Bank Is Risked to Save Overturning of Machine When Steering Gear Gets Beyond Control.

SEATTLE, Aug. 22.—Rare presence of mind of L. H. Garrod, of Seattle, forestalled a serious automobile accident in the Mount Rainier National Park yesterday afternoon. Mr. Garrod, with Mrs. Garrod, their two children and Mr. and Mrs. L. L. Parkman, of Alameda, Cal., left Seattle early Saturday morning on a trip to Mount Rainier Park. Mr. Garrod was driving the machine along the drive, about three miles from the entrance, when the steering gear became uncontrollable and the automobile started down the side of the embankment, more than 20 feet high. Mr. Garrod saw that his only chance was to turn the automobile straight down the embankment. Jumping to his feet he gave the steering a terrific jerk and struck the embankment at right angles. There was a plunge downward and the big touring car plowed down into the soft earth more than 20 feet below. It did not overturn, and came to a sudden stop, with none of its occupants injured in the least. The car was not seriously damaged, but is still embedded in the soft dirt at the foot of the embankment.

GAY LIFE, THEN DEATH CUP Woman Once Wife of "Sonny" Cunha Attempts Suicide.

SAN FRANCISCO, Aug. 22.—(Special.)—Anita Beckley, daughter of Admiral George C. Beckley, who led the expedition of the Hawaiian monarchy against the Samoans, drank chloroform at a hotel on Powell street that a prominent San Francisco business man had so badly treated her that she no longer cared to live. After the young woman had been removed to the Central Emergency Hospital it became known that she was formerly the wife of "Sonny" Cunha, the redoubtable Yale fullback, and had many social connections in San Francisco and Honolulu. She was married to Cunha before the fire and divorced a short time ago. The woman has seen something of the gay life of the city during the past few months, and the reaction caused despondency.

TO VIEW ISLAND SITUATION Senator Dillingham, of Vermont, En Route to Hawaii.

SAN FRANCISCO, Aug. 22.—United States Senator William P. Dillingham, of Vermont, chairman of the Joint Congress-

sional Commission of Immigration, arrived today en route to Honolulu to study immigration conditions in the Hawaiian Islands. He will leave for the islands next Saturday, accompanied by William R. Wheeler, Assistant Secretary of Commerce and Labor. The Hawaiian planters and business men have urged, through their Washington representatives, that the Oriental immigration law, to which the anti-contract labor clause in the immigration law, has not tended to develop the islands.

ANGLING RECORD MADE Tuna Weighing 118 Pounds Is Landed in Fifteen Minutes.

AVAILON, Catalina Island, Aug. 22.—L. G. Murphy, holder of the world's record for black sea-bass angling, today made another remarkable world's record by bringing an 118-pound blue-fin tuna to raft in 15 minutes. The reason given for this phenomenal angling was that at the first leap of the monster fish, the line became wound about the fish, thereby materially aiding the angler.

S. A. CLARKE LAID TO REST Funeral of Pioneer Editor Largely Attended at Salem.

SALEM, Or., Aug. 22.—(Special.)—The funeral this afternoon of Samuel A. Clarke, pioneer, poet, historian and newspaper man, was the occasion of a notable gathering of Willamette Valley pioneers. The services were held from the home of Mrs. Dyer, a daughter of the deceased. A touching eulogy of the departed

Late S. A. Clarke, Who Died at Salem.

pioneer was delivered by the Rev. Philip E. Bauer, of the Congregational Church. Seldom has there been such a magnificent array of floral offerings at a funeral in this city. At the grave the Rev. Bauer read a beautiful unpublished poem written by Mr. Clarke several years ago. The attendance was large. The pallbearers were: Judge P. H. D'Arcy, E. M. Lafore, Roy Buckingham, James Godfrey, P. H. Raymond and D. H. Looney. Interment was in the family lot in Rural Cemetery. For trunks go to the Harris Trunk Co.

6 BIRD MACHINES CIRCLE AT RHEIMS

Week of Aviation Begins Gloriously, Though Gusts of Wind Are Handicap.

BLERIOT FLIES KILOMETER

Wright Machines Perform Well and Le Febvre Gives Daring Exhibition of Control That Electrifies Crowds Beyond Applause.

representatives in the contest for the Coupe Internationale.

Official Classifications Given.

The official classification in the 30-kilometer speed test is:

Tissandier (Wright bi-plane), 23 minutes 31-5 seconds.

Comte De Lambert (Wright bi-plane), 23 minutes 2 seconds.

Le Febvre (Wright bi-plane), 23 minutes 21-5 seconds.

The classification in the ten-kilometers speed test run at the same time as the 30-kilometer test, is:

Le Febvre (Wright bi-plane), 5 minutes 51-5 seconds.

Tissandier (Wright bi-plane), 5 minutes 31-5 seconds.

Lambert (Wright bi-plane), 5 minutes 23-5 seconds.

Latham (Antoinette monoplane), 5 minutes 47-5 seconds.

Paulhan (Voisin bi-plane), 10 minutes 50 seconds.

Sommer (Farman bi-plane), 11 minutes 21-5 seconds.

Cockburn (Farman bi-plane), 11 minutes 44 seconds.

Bonau-Varilla (Voisin bi-plane), 13 minutes 30-5 seconds.

Wright Machines Do Well.

Latham qualified as third French pilot in the Coupe Internationale contest by covering 40 kilometers in 18 minutes 33 seconds. Tissandier, on a Wright aeroplane, is reserve pilot. He completed two rounds in 19 minutes 25 seconds. Latham, on a second Antoinette machine, made one round in 19 minutes 41-5 seconds. Paulhan's time was 21 minutes 4-5 second, and that of Sommer 23 minutes 23 seconds. Six reserve pilots are allowed, but no others qualified. Attention was attracted to the three Wright machines, piloted by Comte de Lambert and Tissandier and Le Febvre. The fastest of the three was Tissandier, but Le Febvre had been the first to start, he was the first to finish.

TROUBLESOME MAN TAKEN Joe Beardsley Charged in Oregon City With Carrying Gun.

OREGON CITY, Or., Aug. 22.—(Special.)—Joe Beardsley, alias Ross, was arrested here last night by Officer Charles Porter on a charge of carrying concealed weapons. Beardsley, a bad reputation, not long ago he resided in Portland, struck the officer over the head with a beer bottle, took his gun away and fled twice at him, afterward making his escape to this place, where he has been staying at the boarding house of Mrs. King, giving the name of Ross. He has been under arrest three different times in Oregon City, and each time weapons have been found on his person. Lately he has been hanging around the saloons several articles of clothing wearing apparel to get money for liquor. His trial will be held Monday before Justice Sampson.

BOY TOO SCARED TO TELL Younger Brother Drowns and Death Is Not Known Till Next Day.

SEATTLE, Wash., Aug. 22.—(Special.)—The drowning of Leonard Johnson, aged 5, in Lake Union in the heart of the city, yesterday afternoon, was discovered through the forcing of a confession from his brother, Elmer, aged 8. Elmer and a companion of like age had witnessed the drowning and were so terrified because of their failure to obey instructions to keep the younger child from the water that they agreed to say nothing about it. Inquiries regarding the missing child were unavailing last night. Elmer slept soundly. Upon awakening this morning his frenzied parents subjected him to a severe cross-questioning, at the end of which he broke down and the story came out. He led them to the scene of the drowning and the dead body was found.

ROOSEVELT GOES HUNGRY (Continued from First Page.)

the party having some sport when they come in. Mr. Tariton has gone down to Nairobi to arrange for the expedition's "safari," to Kenya and Nyori. The party will leave Nairobi August 8 and expects to be away six weeks.

HOME OF TROPHIES IS DONE Congress Spends \$3,500,000 to House Roosevelt Gifts.

WASHINGTON, Aug. 22.—The largest and most ornate exposition building in the United States has been completed just in time to receive the unique trophies from the hunt gathered by ex-President Roosevelt in Africa and now about to be unpacked in this city. This building of granite with floor space of approximately 9 1/2 acres, and costing \$3,500,000, has been erected by Congress for the National Museum, and is today being put in order. It is likely that rooms on the first floor will be the future home of the published poem written by Mr. Clarke several years ago. The attendance was large. The pallbearers were: Judge P. H. D'Arcy, E. M. Lafore, Roy Buckingham, James Godfrey, P. H. Raymond and D. H. Looney. Interment was in the family lot in Rural Cemetery. For trunks go to the Harris Trunk Co.

20 ACRES SELL AT \$23,500 Chicago Capitalist Invests in Wenatchee Apple Orchard.

SPOKANE, Wash., Aug. 22.—(Special.)—E. S. Palmer, of Chicago, purchased 20 acres of orchard yesterday at Wenatchee, Wash., from J. H. Miller for \$23,500. The land contains one of the oldest orchards in the valley, a mile south of the city. Mr. Miller retains the crop for this season, which amounts to about 7000 boxes of apples, giving possession November 1. Mr. Palmer is connected with the R. C. Dawes gas syndicate, owner of the Seattle, Hammond, Ind., Chicago and other plants in Middle West cities. Mr. Dawes was Comptroller of Currency under President McKinley, and is also planning to invest in the Wenatchee section. The Milwaukee Realty Company is auctioning a townsite on the line of the

are walking from Riverville, Wash., to Los Angeles, on a dare and a side wager of \$500 each, arrived in The Dalles last night at 8:30 o'clock, unburned and travel-stained. They walked from Rufus yesterday. The pair continued their journey westward this morning and expect to arrive in Portland Tuesday evening or Wednesday morning.

SOCIAL SET SHOCKED MOTHER KIDNAPS DAUGHTER; PUTS HER IN ASYLUM.

Action Necessary to Prevent Marriage With Adventurer, Who Seeks Woman's Money.

PASADENA, Cal., Aug. 22.—(Special.)—Mrs. E. B. Lee, of 469 Bellefontaine street, wealthy widow, well known in society circles of the Pacific Coast, New York and Europe, was kidnaped by her mother and will appear before Superior Judge Wilber tomorrow to answer to an insanity charge preferred against her by her mother, Mrs. Perkins. Pasadena society is shocked by the announcement, but understands that the action is necessary to protect Mrs. Lee's property interests and guard her from an adventurer, trying to marry her for her money. Two years ago Larry Lee, one of the most popular society men ever known here, died in Arizona. He was musical, a keen wit, a good story-teller and carried merriment with him at all times. Following his death Mrs. Lee suffered an attack of melancholia and her health has gradually broken. Complete ostracism has been accorded to the divorced adventurer, who, aware of Mrs. Lee's condition, has pursued her. Night before last Mrs. Perkins persuaded her daughter to go for an automobile ride with her physician, Dr. C. D. Lockwood. Considerable strategy was necessary to transport the young woman to the County Hospital without arousing her suspicions. Here the papers were served on Mrs. Lee, and it was with much difficulty that she was removed to a ward. Both Mrs. Perkins and Mrs. Lee are well-to-do.

FLOODS SUBSIDE SLOWLY Railway Service Badly Demoralized in Australia.

MELBOURNE, Aug. 22.—The rains have abated and the floods are subsiding slowly in most places, but the Goulburn River is still rising and threatens several towns. Most of the telegraph wires are down and railway communication is badly interrupted. Great areas of crops have been submerged and orchards and gardens have been devastated. Innumerable bridges have been destroyed and a serious accident occurred at Cluses bridge, which crosses a gorge. Ordinarily the water merely trickles through this place, 30 feet beneath, but it is now a raging torrent. During the passage of a train the bridge collapsed and the train fell into the gorge. At the passenger cars were rescued, but many of them were injured.

TO DEEPEN TILLAMOOK BAY New Port to Be Created if Election Carries Tuesday.

TILLAMOOK, Or., Aug. 22.—(Special.)—An election will be held on Tuesday to create a new Port of Tillamook, under the act passed at the recent session of the state Legislature. The territory embraced in the new port includes Tillamook, Hogwart, Fairview and South Prairie precincts to straighten Hoquarton Slough from Tillamook City to the Bay, giving nine feet of water at low tide, which would enable any vessel crossing Tillamook Bay to reach Tillamook City. The Government will be asked to assist in this project, but there is a disposition on the part of the people to levy a small tax every year to help carry it through. When this is done Tillamook City will have a deep water harbor right in the center of the county.

HE WATCHED THE GROCER. DR. W. A. WISE President and Manager.

Mr. V. A. Brink, Special Officer of the Palboa Bldg., Second and Market streets, San Francisco, was a recent caller on the Jno. J. Fulton Co. He looked like an athlete and we did not know until he called our attention to the fact that he was the same Mr. Brink that seven years ago was close to the edge with Bright's Disease. He was at that time living in Santa Clara County, and Dr. Knight, of Santa Cruz, was his physician. Dr. Knight had developed until it was up to his waist, and Dr. Knight said it would be a miracle if he got well. Mr. Brink began to take special interest in a grocerman on Powell street who also had Bright's and was on Fulton's Renal Compound. Brink, seeing his improvement, started on it himself. He made a gradual but fine recovery as may be known from his splendid physique now seven years later. An interesting fact in connection with Mr. Brink's case was that rheumatism followed the second Winter after his recovery. He went to see physicians about it and took the usual treatment, but it had no effect. Feeling that that was a relic of and secondary to his old kidney disease, he returned to the Renal Compound with fine effect. A few bottles eliminated the trouble. Since then it has appeared several times during the Winters, but he says that a short course of the Renal Compound disposes of it. It should be stated that the Renal Compound gets little or no results in those cases of rheumatism in which there is an entire absence of other kidney symptoms. On the contrary in cases in which the rheumatism is clearly secondary to impaired kidney functions it commonly gets results after everything else has failed.
