## HARRIMAN HOME, WITH MIND ALERT

### Sick Only in Body, He Talks Railroads.

## JESTS ABOUT GERMAN CURES

### Noncommittal About Option on New York Central.

## WILL BUILD NEW BRANCHES

### Intends to Open New Territory, but Refuses to Discuss Rates—Cites Dividends to Prove He Is No Speculator.

NEW YORK, Aug. 24.—Edward H. Harriman came back to the United States today while the financial world stood on tiptoe in anxiety and expectancy.

He came back as he left on June 1—a sick, tired man, seeking health. Tonight, surrounded by his family and physicians at his magnificent, though uncompleted summer home at Arden-on-the-Hudson, he has begun the "after-cure" which he needs after the baths and dietetic treatment he underwent at the Austrian resort, Baths Gastein.

### All Money World Waits.

Never has there been a more remarkable homecoming of a private citizen than E. H. Harriman's. Great stock market operators paused as his ship drew near, the stock market itself marked time, and the industrial world turned its eyes seaward, as it were, eager for a glimpse of the man whose illness abroad has furnished much material for financial rumors.

Mr. Harriman remained on board the Kaiser Wilhelm II until the vessel docked at Hoboken. Then, after being assisted ashore, he boarded a Southern Pacific tug and was taken to Jersey City, where he was assisted in his private car. From there the trip was quickly made up the Hudson to his home at Arden. Then it was that Mr. Harriman talked freely about himself—his health and his hopes of early recovery. Reclining on a couch, he talked to more than a score of newspaper men.

### Jocular About Doctors.

"I am entirely satisfied with my trip abroad, as far as my health is concerned," he said, "and I have nothing on my mind except to come home and take the 'after-cure.' I lost ten pounds while over there and for a little fellow like me, that is a great deal."

"The doctors advised me to come home and rest," he said, "although they intended at first that I should rest abroad. The photographing those doctors put me through was worse than upon my arrival here—for they took 15 different photos of my digestive organs on the skin-graph. And to make the pictures a success, they began feeding me on blismuth and rice. Blismuth and rice, I understand, show up better on the plates."

### Oracular About Central Deal.

Mr. Harriman was asked concerning his reported opinion on a controlling interest in New York Central stock which would give him an unbroken line of steel from coast to coast.

"That is an easy one," said the financier, smiling, "but I would not tell you if I had."

"I expect to find more office-holders than stockholders now. The new laws and they never seem to displace the old ones; new laws mean new office-holders to administer them."

### Do you refer to the corporation tax?

he was asked.

"Yes—and some new state laws," was the reply.

Legislation seemed to arouse his interest, and, warning to his subject, he sat upon the couch.

### Proved He Is Not Speculator.

"Three years ago I was called a speculator," he said. "That was when Union Pacific was placed on a 10 per cent and Southern Pacific on a 5 per cent dividend basis. I had a hard time convincing my associates that the roads could pay such dividends, but I had come to realize that we were building, not better than we knew, but quicker than we knew. It was difficult for me to comprehend that the development and returns which followed our construction work in the West were so enormous and so rich."

### Build Tributary Lines.

Mr. Harriman would not say just what new undertakings he proposed. "But," said he, "it is in my mind to open up new territory and to build new tributary lines. This means new settlements and more people."

Touching on his railroads in Mexico, Mr. Harriman said he had no immediate improvement in mind, at any rate not until new equipment was needed. His attention was directed to a recent magazine article which said there was feeling

## SICK YOUTH RISKS LIFE TO SEE SHOW

### HE LEAVES BED, FAINTS THREE TIMES HERE.

#### Porter, Wash., Lad, Revived at Police Station, Makes Dash for Circus.

Determined to see the circus in Portland last night, Eugene Dunmore, 20 years old, of Porter, Washington, left a sick bed against the advice of his physician and journeyed to Portland in a weak condition. While making a purchase in a clothing store at Fourth and Morrison streets yesterday afternoon, he fell to the floor in a convulsion. After being revived he suffered a second attack which alarmed the clerks in the store who telephoned to police headquarters. Patrolmen Graves and Stone were sent in the police automobile to take the sick youth to headquarters and after being placed in the machine he fainted again. At police headquarters Dr. Fred Ziegler, the city physician, administered an opiate, which revived him to such an extent that he struggled to his feet and demanded his release.

### 'I am going to that circus if it kills me,' he exclaimed, gasping for breath.

Captain Moore released him, but warned him he should go to the hospital instead of the circus. Dr. Ziegler did not have time to diagnose the case and his affliction is not known.

## SETS YOUTH BAD EXAMPLE

### Caustic Criticism of Mrs. Longworth for Cigarette-Smoking.

YOSEMITE, Cal., Aug. 24.—The alleged respectability of Mrs. Alice Roosevelt-Longworth for cigarette smoking came in for caustic criticism today by Mark Keppel, Superintendent of Schools at Los Angeles, in an address to the convention of State and County School Superintendents. The speaker declared that Mrs. Longworth's example had done more than any other one thing to cause the spread of the cigarette habit in this country, and said that her example had had "a demoralizing effect upon the women of the country."

Mr. Keppel's remarks were made during a heated debate aroused by a resolution presented by Superintendent James D. Graham, of Long Beach, advocating a law making it a misdemeanor for pupils in state educational institutions to use tobacco or any other narcotic.

## HARRIMAN BUYING LAND

### Lebanon Sees Itself on Main Line of New Road.

LEBANON, Or., Aug. 24.—(Special.)—Colonel J. B. Eddy, agent of the Harriman lines in Oregon, has been purchasing a number of tracts of land along the right of way surveyed two years ago for crossing the Santiam River at this city by the Woodburn-Natron branch of the Southern Pacific railroad.

The surveyed right of way runs through the southern part of the city to the only good crossing of the Santiam from its junction with the north fork to Lebanon, according to the railroad engineers' report of the survey. This change will put Lebanon on the east side line and with the completion of the Natron-Klamath extension the city will be on the main line.

The only new road bed to be constructed will be a seven mile stretch from Lebanon to Crabtree.

## DRYS COUNT ON VICTORY

### Idaho County Will Vote Today on Local Option Issue.

GRANGEVILLE, Idaho, Aug. 24.—(Special.)—The local option election for Idaho County will be held tomorrow in the various precincts, and from every indication the "drys" will poll a large majority.

Grangeville business men are generally opposed to the local option movement, both for the reason that they believe the measure ineffective, and because they believe the business interests will be injured by the closing of the saloons at this time. Within the next three years there will be approximately \$4,000,000 expended in railroad construction in Idaho County.

The view generally held is that the liquor traffic will pass into the hands of undesirable citizens, and that the county will be put to an additional expense in its efforts to suppress the traffic, while the treasury will lose the license money.

## 10-YEAR-OLD'S PRIDE HURT

### Crosses Pacific Alone and Needs No Nurse on Railroad.

SAN FRANCISCO, Aug. 24.—Master Elmore C. Drolette, a 10-year-old lad from Shanghai, crossed the Pacific alone and arrived today on the Pacific Mail liner China. He is the son of an American business man who is sending him to Evansville, Ind., to attend school.

The boy considered it a reflection upon his ability to take care of himself when his father met him at the dock and humiliated him by asking a woman passenger going East to look after him.

## CHOLERA ON RUSSIAN SHIP

### Five Dead When Riga Vessel Arrives at Antwerp.

ANTWERP, Aug. 24.—The Singapore arrived here today from Riga, Russia, with five dead, presumably from cholera. The news has caused much apprehension.

ST. PETERSBURG, Aug. 24.—There were 29 new cases of cholera here and 12 deaths from the disease during the 24 hours ended at 12 o'clock today.

## HILL WINS, CHIEFS LEAVE FOR CANYON

### Decision Against Harriman in Deschutes.

### HOLDING TO MAKE DIRT FLY

### Attorney Carey and Johnson Porter Off for War Scene.

## COMPROMISE MAY END IT

### Federal Judge Bean Declares Oregon Trunk Has Initiative Rights, Based on Survey Maps Approved by Government.

## MAY FORCE CLOSED SUNDAY

### Atlantic City Pastors Seek to Mandamus Police Judge.

### SURE OF NAMES

## PUT Nihilist IN COMMAND

### Russian Socialists Change Leaders and Trouble Is Expected.

## ST. PETERSBURG, Aug. 24.—Hink Berggren, hitherto chief leader of the anarchist faction of the Young Socialists, has been deposed because of his inactivity.

His successor is a university student named Lindberg, a Nihilist, and trouble is expected.

## MOB SHOTS BOSS' WIFE

### Labor Differences Cause of Trouble and Town Is Panic-Stricken.

## WOULD MAKE CONCESSION

"Notwithstanding this decision in my favor, I still very much desire to make any reasonable concession to avoid litigation. I proposed that competent engineers be appointed by the court to report upon a favorable plan. This was not accepted, but I still think this was a very sensible way to adjust our differences. If necessary where there is a conflict on the river one or the other of the companies would probably make a change of surveyed lines."

If necessary where there is a conflict on the river one or the other of the companies would probably make a change of surveyed lines."

## SUFFRAGE TALKED IN SOCIETY HOME

### "MARBLE HOUSE" AT NEWPORT THROWN OPEN.

### Noted Speakers and Attractions of Place Draw Crowds and Receipts Reach \$1500.

NEWPORT, R. I., Aug. 24.—Unique among the events that have marked Newport's Summer life for many years was a gathering here today at Marble House, Mrs. O. H. P. Belmont's magnificent Summer home, in the interest of "votes for women."

The meeting was under the auspices of the National Woman Suffrage Association. Those who addressed the 500 persons present, of whom about 350 were women, were the Rev. Anna Howard Shaw, president of the National association; Mrs. Julia Ward Howe, the venerable author and reformer; Mrs. Belmont and Mayor Boyle, of this city, who acted as chairman.

The receipts from the sale of tickets and souvenirs reached nearly \$1500. This sum will go to the National association. For the privileges of the mansion, together with admission to the tent where the speeches were made, \$5 was charged; to the former about \$1.

The visitors to the house were restricted to the lower floor and balcony, which, however, contained enough articles of beauty to occupy the hour allowed to view them. Policemen were on guard.

Mrs. Belmont said all were welcome to Marble House in the cause of woman suffrage; that the movement, in the best interests of the Nation, must succeed.

Mrs. Howe, now in her 81st year, spoke in favor of the cause, which she said she had advocated for more than 50 years.

## MAY FORCE CLOSED SUNDAY

### Atlantic City Pastors Seek to Mandamus Police Judge.

ATLANTIC CITY, N. J., Aug. 24.—Atlantic City's Sunday closing controversy was kept before the courts today when representatives of the Law and Order Society served a mandamus on Police Judge Martin E. Keffer requiring him to show cause at once why he should not accept complaints of violations of Sunday regulations brought by detectives of reform organizations.

If the mandamus is made permanent the Pastors' Alliance will be in a position to compel absolute closing along the beach front.

## MOB SHOTS BOSS' WIFE

### Labor Differences Cause of Trouble and Town Is Panic-Stricken.

CARLISLE, Ind., Aug. 24.—A mob attacked the home of Stephen E. Ketter, superintendent of the Carlisle coal mine, early this morning and perhaps fatally shot Hart's wife.

A panic in the town resulted. The miners had been threatening the superintendent for several weeks on account of some labor differences.

## PUT Nihilist IN COMMAND

### Russian Socialists Change Leaders and Trouble Is Expected.

ST. PETERSBURG, Aug. 24.—Hink Berggren, hitherto chief leader of the anarchist faction of the Young Socialists, has been deposed because of his inactivity.

His successor is a university student named Lindberg, a Nihilist, and trouble is expected.

## WOULD MAKE CONCESSION

"Notwithstanding this decision in my favor, I still very much desire to make any reasonable concession to avoid litigation. I proposed that competent engineers be appointed by the court to report upon a favorable plan. This was not accepted, but I still think this was a very sensible way to adjust our differences. ## DAYLIGHT ROBBERY NETS ABOUT \$2000

### THIEVES COVER UP THEIR TRACKS CLEVERLY.

### Home of J. W. Gilkyson Entered and Ransacked While Family Is Absent—No Clues Whatever.

Two thousand dollars' worth of jewelry was stolen yesterday afternoon from the residence of J. W. Gilkyson, division superintendent of the Pacific States Telephone Company, who lives at 1048 Thurman street, in one of the most sensational daylight burglaries ever perpetrated in Portland. Entering the house by skeleton keys during the temporary absence of Mrs. Gilkyson, the burglars secured the jewelry, which was carefully placed in an unlocked bureau drawer, and, without disturbing anything else in the house, made off with their loot, after locking the front door carefully behind them.

The crime bears evidence of being the work of either the most expert thieves or that of some person knowing the presence of the valuable property in the house. The discovery of the loss created consternation in the household. The police were notified, and Captain of Detectives Batty and several of his staff started to work on the case immediately. They were forced to face the case without a single clue.

Mrs. Gilkyson left the house to do some shopping between 2 and 3 o'clock, and returned about an hour later. Finding the front door locked and the house in order as she had left it, she did not suspect the visit of the burglars until a few moments later, when she had occasion to go to her bureau. As there was no one else in the house, not even a servant, the police are at a loss to surmise the identity of the daylight robbers.

The list of the stolen jewelry includes one three-carat diamond ring, Tiffany setting, value \$500; one two-stone diamond ring, one carat each; one pearl necklace with pearl cross, value \$800; one solid-gold bracelet, dull finish, set with 4-carat diamond; one pearl stick pin, shape of spray; with diamond setting; one opal ring, surrounded by diamonds; one string of solid-gold beads, one solid-gold lady's hunting-case Waltham watch, with initials J. C. V. on back of case, and one turquoise ring, set with 12 diamonds.

## BALLINGER USES CUSHION

### Takes to Auto After 70-Mile Ride on Horseback.

NORTH YAKIMA, Wash., Aug. 24.—(Special.)—After riding 70 miles on horseback yesterday, Secretary Ballinger concluded that an automobile was good enough for today and early this morning left for Tappanah and Wapato with an extra cushion on the seat. He would say nothing about yesterday's trip, save that the exercise was good, and added that until he had seen all the projects and listened to the claims the residents in each section made he would have nothing to give out.

Federal employees have been busy collecting data for Ballinger and are merely to confirm details. Drainage of large tracts of land ruined by sub-irrigation will be one of the problems considered. At Tappanah he was given a petition signed by the owners of 50,000 acres of such land, asking for Government relief. The loss from this cause is estimated at from \$5,000,000.

At Wapato the Indians, who yesterday gathered at McWhorter's ranch, saw the Secretary, but the result of their interview was not given out. They told him they wanted preferred rates over whites.

Senator Jones accompanied Ballinger today, as did various Indian and reclamation agents. Ballinger goes to Ellensburg Thursday, and the Tieton tomorrow, and will meet the Senatorial committee at Sunnyside Friday.

## AVIATOR IS COWLITZ BOY

### Lyman Gilmore, Inventor of Aeroplane, Well-Known in Washington.

CASTLE ROCK, Wash., Aug. 24.—(Special.)—Lyman Gilmore, the young aviator, who was mentioned as having invented an aeroplane, is a Cowlitz County boy. He has been working on the machine for a number of years. It is stated that he applied for a patent on his invention six years ago, while still a resident of this county.

Since going to California three or four years ago, he has put in his time, when not engaged in mining, in perfecting his machine, assisted by his brother, Charles, who joined him some time ago.

## NICKELL GETS NO PARDON

### Medford Editor Must Stay in Jail for Land Frauds.

WASHINGTON, Aug. 24.—The Department of Justice today announced that President Taft had refused to grant a pardon to Charles Nickell, formerly a United States Commissioner and editor of a newspaper at Medford, Or.

Nickell was convicted in Portland of conspiracy to sell persons to commit perjury by making false statements in their applications to purchase land in that state. Nickell was sentenced August 6, 1906, to 13 months' imprisonment.

## CHICAGO STILL GROWING

### New City Director Gives Population

CHICAGO, Aug. 24.—Two and one-half million population for Chicago was the estimate made today by the compilers of the new city directory.

## SCHVELY TRIAL IS TO END THURSDAY

### Taking of Testimony Is Completed.

### VICTIM POLICE RAID HERE

### Defendant Insists He Put Up His Own Bail Money.

## "I DID IT," WARD SAYS

### True Version Left to Conclusion of Those Hearing Evidence—H. D. Wagon, of Portland, Is Called as Witness for Schively.

OLYMPIA, Wash., Aug. 24.—(Special.)—Thursday, according to present indications, will see the end of the impeachment trial of J. H. Schively and the adjournment sine die of the Senate as an impeachment court.

Both sides announced this afternoon that they had no more witnesses to call, with the single exception that the respondent will summon the Seattle general agent of the Title Guaranty & Trust Company of Spokane County, that Donovan, in 1902, secured a bond for Schively in that company in the application for which Schively represented that he was working on a commission basis.

Arguments Begin Today.

Arguments, it is announced, will consume all of tomorrow and Thursday morning. Mr. Donovan was again in prominence today and a further effort was made by Schively's counsel to impeach his testimony, during the course of which Donovan was asked if he was not intoxicated when excluded from the Senate chamber yesterday. To this the Spokane prosecutor entered a vehement denial.

The circumstances of Schively's arrest in Portland in 1908 were brought out by Schively's counsel in an effort to show that Schively was unjustly arrested and that he and not Ward put up bail money. This and evidence from both sides in attempts to discredit witnesses were features of the day's proceedings, with the result that, in the wording of the old song, "somebody lied."

Schively's story of his arrest in Portland is that early in 1906 he was in Portland.

(Concluded on Page 3.)
