

## TAFT AND ALDRICH TALK ABOUT MONEY

**President Inquires Whether Commission Will Have Report Next Winter.**

### ALDRICH WANTS MORE TIME

**Talk of Extra Session on Reform in Money System in Fall of 1910 and Delay of Postal Bank Bill Until That Time.**

BEVERLY, Mass., Aug. 26.—President Taft had two and a half hours talk this afternoon with Senator Aldrich, chairman of the Monetary Commission, and with Secretary MacVegh. Mr. Aldrich is about to take up adjustment of the country's monetary system and it was in this connection that he was called in conference by the President.

Mr. Taft was anxious to ascertain whether or not the Monetary Commission would be ready to report this winter. It is understood that no definite answer was given, but the chances are that the commission will not be able to place its conclusion before Congress for several months. There has been talk of calling Congress in extra session in the fall of 1910, to begin consideration of such legislation as the commission may recommend. Mr. Aldrich will sail for Europe Saturday to study the monetary systems of the leading European countries.

#### Let Postal Banks Wait.

Mr. Aldrich would not discuss the subject of postal savings banks. It is not believed that he is altogether opposed to the idea, but he frankly has told the President at a former conference that he thought the question should await the enactment of the monetary legislation.

#### Hold Back Other Schemes.

If the revision of the monetary system is to be placed before Congress this winter, the President is expected to withhold until next winter various recommendations for other branches of legislation, on the theory that, if too much work is expected to be done at one time, nothing definite will be accomplished.

Mr. Taft will not get through with the travel program he has outlined until within two weeks of the assembling of Congress. In the meantime he is leaving behind definite instructions as to the disposal of various matters of Government interest and has set a number of his subordinates to work on inquiries and consideration of special topics which are to be taken up and discussed by him in his annual message to Congress.

#### Silent About Ballinger.

The President positively refused to discuss in any way the Ballinger-Pinchot controversy.

#### WILL GIVE "SALOMY JANE"

**Izetta Jewel and Donald Bowles to Star One Week in Portland.**

The many friends of Izetta Jewel and Donald Bowles, popular members of the Baker Stock Company, are to have another opportunity to see them before they leave to fill new engagements in the East. George Baker, manager of the Baker, last night announced that these two capable people, supported by a specially selected company, will play a starting engagement at the Baker beginning Sunday, September 5, when a complete production of Leibler's great success "Salomy Jane" will be presented. Miss Jewel will play the title role, a part well suited to her and one which she has long been ambitious to play.

This will be the last opportunity for Portland people to see Miss Jewel for some time, at least. Following this concluding appearance, she leaves for the East where she will join Otis Skinner, whom she will support during the coming season.

In order to fill this special engagement, Mr. Bowles will return to Portland from St. Paul, bringing with him several people who will assist in the production.

#### SETTLERS READY TO JUMP

**Homesteaders Build Huts on Land They Hope to Own.**

NORTH YAKIMA, Wash., Aug. 26.—(Special.)—Prospective homesteaders who hope to enter Government land near Hanford, Wash., on September 7, have actually picked out their land and have built huts overlooking the reservation border. In these little huts they are living frugally, armed with guns and are keeping guard over their prospective homesteads, warning all others away and ready to jump in as soon as the land is opened.

#### WESTON IS OWING STATE

**President French Still Holds Back \$800 Said to Be Due.**

SALEM, Or., Aug. 26.—(Special.)—When asked today whether the normal schools had closed up their business with the state, State Superintendent of Public Instruction Ackerman, who is one of three members of the executive committee of the Board of Regents of normal schools,

stated that the Ashland and Monmouth schools had squared up their accounts with the state but that the third, Weston, had not yet done so, and that considerable money is still due the state from the president of the Weston school.

## FUNERAL IS EXCITING

**AMERICANS BURY DEAD CHINA-MAN AND COME TO GRIEF.**

**Firecrackers to Scare Off Evil Spirits Cause Team to Run Away and Two Are Hurt.**

NEWBERG, Or., Aug. 26.—(Special.)—John Illig and Ernest Hoefler, of Newberg, undertook to do the Good Samaritan act on the farm of Hoefler and Zorn, near Clatskanie, Tuesday, and as a consequence are nursing severe bodily injuries.

A Chinese tenant died in his hut. His fellow-countrymen, because of their superstitious, refused to touch the body. Illig and Hoefler decided to give the man a decent burial, though the job was a repulsive one, as the body had been neglected for some time.

A box was made, into which the remains were placed, and the funeral cortege started for the new-made grave. To frighten away the evil spirits the Chinamen began to shoot off firecrackers in the rear of the procession. This served to scare the team, causing it to run away.

## NEW ROAD IS PROJECTED

**Scenic Highway of Coast Planned From Portland to Seaside.**

RAINIER, Or., Aug. 26.—(Special.)—It is all probability one of the finest automobile roads on the Coast is to be built from Portland to Seaside, passing through Rainier, Clatskanie and Astoria. A hurried, impromptu meeting was called last night at Clatskanie, at which many citizens from Rainier were present. A committee was appointed and instructed to confer with the Portland Astoria interests.

The projected road, it is thought, will be the most scenic drive on the Pacific Coast. Starting in at Portland, on level ground, it will follow the valley of the Willamette River, viewing the valley and the mountains, turn at the joining of the Willamette and Columbia rivers, then through the hills, through the forest, it will continue, and gain full view of the Columbia River, Mount Rainier and Mount St. Helens, will be level again towards Astoria.

## PINCHOT GIVES ADVICE

**Proposes There Be Government Reports on Lumber Industry.**

SEATTLE, Wash., Aug. 26.—Gifford Pinchot, Chief of the Forest Service of the Department of Agriculture, and representative lumbermen of Oregon, Idaho and Washington, held a conference today to devise a method of gathering accurate information and quotations for use in the monthly and quarterly reports of the Forest Service.

## SEVEN CITIZENS LAY CLAIM

**Tacoma Develops Number Who Seek to Succeed Cushman.**

TACOMA, Wash., Aug. 26.—(Special.)—The line time for the primary election of September 6, called by Pierce County Republicans for the purpose of deciding whom they will support in the final race to fill the vacancy in Congress caused by the death of Francis W. Cushman, closed today with seven entries. R. W. Jamieson, Councilman from the First Ward and Chief Deputy Sheriff, was the last one to announce his candidacy.

## PHONE KNOCKS GIRL OUT

**Tacoma Miss Receives Shock That Will Leave Her Partly Paralyzed.**

TACOMA, Wash., Aug. 26.—(Special.)—Thrown violently to the floor by an electric shock as she took down the receiver of the telephone, Miss Maude E. Stearns, the 26-year-old daughter of Virgil W. Stearns, lay unconscious for nearly an hour before her body was found by her sister upon her arrival home.
