FOREST GROVE, Or., Sept. 2.—(Special.)—Rev. Father Joseph Muck, who has been acting as assistant pastor of the local Catholic Church since June, has been put at the head of the Forest Grove parish which is to be known as St. Philip. Father Muck will also have the charges at Segners and at Cornelius under his care.

EMPEROR TAKES COMMAND

Signs That China's Army Is Undergoing Improvement.

VICTORIA, B. C., Sept. 2.—(Special.)—Advice from Hongkong, state that an Imperial decree has been published in Peking declaring that in accordance with the will of the late Emperor and with the provisions of the constitution, the Emperor will henceforth assume the office of commander-in-chief of the nation's forces, both military and naval.
The decree announces the organization of an office which appears to correspond to the headquarters staff in Japan. It is added that as the present Emperor is too young to discharge these duties in person, they are delegated to the Prince Regent. Great importance may reasonably be attached to this decree. It is not to be interpreted as signifying that there will be any sudden or substantial increase in China's forces. But the issue

The commissioners assembled tonight in the Chamber of Commerce and perfected details of their organizations. Various trade experts were named chairmen of committees to investigate various phases of American business. The Japanese ship-builder, who, as soon as he landed yesterday, asked that he should have a chance to visit a large sawmill, was not exceptional in his eagerness to be shown

PLEA FOR MODERN HEROES

Educator Would Honor Burbank Above Washington.

ABERDEEN, Wash., Sept. 2.—(Special.)—In an address before the Chehalis County Teachers' Institute at Elma today, H. A. Adrian, educator of Santa Barbara, Cal., and a close personal friend of Luther Burbank, urged teachers to take down the portraits of "Old Heroes" like George Washington, Julius Caesar and Napoleon from school house walls and to substitute instead photographs of modern heroes, among which Adrian mentioned Burbank, Dr. Martin, Dr. Lozier, Louis Pasteur and Booker T. Washington. A picture of Florence Nightingale, he said, should be hung above that of Napoleon.
