SLICE OF LOAN SOUGHT

RUSSIA MAKES SECOND DEMAND ON CHINA.

Opens Competition of German Share of \$30,000,000 in Railroad Securities.

PEKIN, Sept. 3.—Under instructions from St. Petersburg, M. Korotovitch, the Russian minister to China, will tomorrow for the second time urge the Foreign Board to recognize Russia's claim for representation in the allotment of the loan of \$30,000,000 for the construction of the Hankow-Soo Chuen Railroad. France is said to be supporting Russia in this course. St. Petersburg does not accept the Chinese contention that the loan has been concluded.

The Russian claims will have the effect, in principle, of opening a competition for the German share of the loan, as the Germans are the only participants whose position is not protected by the existing convention. It is understood here that the Germans constitute the strongest obstacle to the signing of a loan agreement by China and the United States, an essential to the American equality in the participation and the completion of such an agreement is the present bone of contention.

BRADBURY HANDLING JUTE

Aged Millionaire Pills Waste Cans at San Quentin.

SAN RAPHAEL, Cal., Sept. 3.—William B. Bradbury, the Corte Madre capitalist, who began yesterday a year's incarceration in the penitentiary at San Quentin for perjury, commenced work today in the jute mill, after an attempt to escape it on the plea of illness.

He slept last night in a cell room with 200 other convicts, including a number of murderers and other desperate criminals. He had not been informed of the Governor's refusal to grant a pardon and ate a hearty breakfast this morning, still hoping that the executive would interfere in his behalf. When assigned the task of filling cans with waste jute at the mill, Bradbury complained that he was not able to do the work because he could not stoop even long enough to tie his shoes, but as this is one of the lightest employments in the factory, the authorities refused to rescind their order.

STRIKE STILL UNSETTLED

Car Company Trouble Now Up to a Conference. PITTSBURGH, Sept. 3.—For a brief time late today it was said a settlement of the Pressed Steel Car Company strike was imminent. Later, however, it was learned that General Superintendent Rider of the company had agreed to meet the strikers' executive committee individually to try for an adjustment of the trouble, and this dispelled hopes for an adjustment.

WHITE ELEPHANT LURES

ABYSSINIAN PRINCE ASKS ROOSEVELT TO HUNT.

Way Found to Get Around Refusal to Hunt That Country as Guest of King Menelik.

BERLIN, Sept. 3.—Ladj Jeassu, the Crown Prince of Abyssinia, has invited Theodore Roosevelt to a great elephant hunt, promising to beat up a white elephant for him to kill, and otherwise to arrange a splendid sporting programme. The news has been brought into Berlin by Adolph Mayer, a kinsman of King Menelik of Abyssinia, who has arrived here with a commission from the Abyssinian government to purchase supplies. King Menelik sent an invitation to Mr. Roosevelt at Washington to be his guest, but Mr. Roosevelt declined, explaining that as he had refused the invitations of several European sovereigns, he could not make an exception of King Menelik, however much he might desire to do so. It was then arranged that the Crown Prince should invite Mr. Roosevelt unofficially.

ENFORCING SUNDAY CLOSING

SURGEON LONE WITNESS

NO OTHER OFFICER TO SEE SUTTON'S EXHUMATION.

No Probability That Accused Officers Will Avail Themselves of Dickinson's Proposal.

WASHINGTON, Sept. 3.—Touching the offer of Secretary Dickinson that the young marine officers who were with Lieutenant Sutton on the night when he was killed could be represented at the exhumation and autopsy, if they so desired, it is believed to be wholly improbable that they will avail themselves of the privilege extended.
