

IS ROMANCE AGAIN TO BE TAKEN UP?

Duke of Abruzzi Arrives at Marseilles, but Miss Elkins Will Not Talk.

GLORIOUS WELCOME GIVEN

Immense Crowd Cheers Explorer and Geographers Greet Him—Regarding His Love Affair, However, Italian Will Say Nothing.

PARIS, Sept. 12.—(Special).—With the Duke of the Abruzzi at Marseilles and Miss Katherine Elkins in this city, members of the American colony and people of all countries are in a fever of excitement. It was reported the pair were to have met here Saturday, but they did not. It is generally believed, however, their love match will be renewed. Americans here assert the match never was broken, but simply abandoned for the time being until the storm of protest had subsided. It is said the Duke will first go to Italy and then proceed to Switzerland, where he will meet Miss Elkins.

The Duke was given a tremendous reception at Marseilles when he arrived there on the Oceana this morning. An immense crowd had gathered at the wharf to greet the distinguished explorer, about whom clings the popular idea that his trip to the Himalayas was the direct result of the rupture of his romance with Miss Katherine Elkins.

The Italian Consul-General, Count di Savoia, members of the Marseilles Geographical Society and representatives of the municipal authorities went aboard the steamer to present greetings to the Duke, who first received Count di Savoia alone. From him he obtained a large package of mail and retired to read the letters. When he reappeared his face was radiant and he spoke to the deputation of visitors with a display of rare good spirits. The Duke said he was delighted with his trip and added: "I am sorry I was not able to complete all I had planned, but the results nevertheless were satisfactory."

GRAND JURY WILL PROBE

TO BEGIN INVESTIGATION INTO REAL AUTO KILLING.

Constable Trying to Find Machine in Which Patrolman Maddux Went Joy-Riding.

The climax of the recent revival of interest in the Real auto murder is expected to be reached today, when the grand jury will commence its investigations at 10:30 o'clock this morning. One of the most important actions scheduled by the authorities for the day is the proposal by Constable Wagner to have Patrolman Maddux, of the police department, who, with his wife, is suspected of being in the car which ran down and killed Mrs. May Real on the morning of August 8, identified by Managers Sandy & Bath, of the Cliff Home Hotel, who visited by an auto party in the car which is supposed later to have struck Mrs. Real.

The important development of last night was the bringing to light of the fact that Eugene Wilson, a brother of Mrs. Maddux, was employed as a singer at Cliff Inn. It is now believed this may account for the inability of the officers to find out more about the identity of the couple there if it was Maddux and his wife.

C. E. Hellum, the employee of the Graham Motor Car Company, Sixteenth and Washington streets, reiterated his story last night that Maddux visited the garage on the morning of the tragedy. He also talked to Arthur Gora, an employee of the Jackson Motor Company. This is the garage, according to Maddux, where Thomas Huston, employed by Clarence Harrison as a chauffeur, kept the car in which Maddux and his wife went for a "joy ride" on the night following the Linnton road tragedy.

Hope is still entertained that Mrs. Bockler will tell the entire story to the grand jury. Her mother, Mrs. Henry Blesner, is likewise expected to divulge what her daughter told her.

SLAYING SQUAD SHRINKS

BUT FIVE PRISONERS IN COUNTY JAIL FOR KILLING.

Smallest Number Held on Similar Charges for Two Years—One in an Asylum.

Five prisoners are held in the County Jail on a charge of slaying fellow men. If Mrs. Kate Collins, who is in a killing Crystal Springs Sanitarium, were counted, the number would be six. This is the smallest number held on killing charges since two years ago. Last October the high record was reached, when there were 13 in jail on charges of this nature.

Of the six now held only one was a member of the 13 held last Fall. This James A. Finch, arrested on November 23 for the murder of Attorney Ralph Fisher, and now under sentence of death. He has been granted a new hearing on appeal before the Supreme Court. Hans Goodacre is also awaiting appeal. Two who have been in the County Jail since March 5 are Lum Sue and Yee Gung, Chinese highbinders who are under sentence of death for murder and are awaiting a hearing before the Supreme Court on appeal. Mrs. Kate Collins is the last member of the killing squad. She is held for the murder of her husband late in July. She is being cared for at the Crystal Springs Sanitarium. The number held on killing charges was decreased by one on Friday, when Edward H. Martin was sent to the penitentiary to commence his 15-year sentence on a manslaughter charge for the killing of Nathan Wolfe.

STRUGGLE BEFORE SHOTS

One Bullet Slays Woman, One His Daughter, and After Resisting Doctor, Liquor Dealer Ends Own Life After Reloading.

SAN FRANCISCO, Sept. 12.—Mrs. Charlotte Levy and her five-year-old daughter, Marion, were shot and seriously wounded today by the husband, Ferdinand Levy, a wholesale liquor dealer, who then blew his brains out by blowing his brains out. The shooting followed a quarrel between the husband and wife.

A struggle occurred, during which two shots were fired, the bullets striking Mrs. Levy and Marion, the daughter. Levy then turned the weapon on himself, but the bullet glanced from his skull. Going to an adjoining room he told his 16-year-old daughter, Irma, to go to her mother, whom he had shot accidentally. The daughter found the mother and sister unconscious on the floor. She summoned Dr. Clark, who endeavored to disarm the wounded man, but Levy resisted and snatched the empty weapon at Clark, who left the house to secure assistance.
