TWOARRESTEDFOR MRS. REAL'S DEATH

Mrs. Maddux and Frank Rodman Named.

PRISONERS KEPT SECLUDED

Further Investigation of Killing to Be Made.

WAGNER DOES FERRETING

Constable and Deputies Have Been Working on Case for Weeks and Circumstantial Evidence Gathered Is Most Convincing.

Mrs. Hazel Maddux, wife of Police Patrolman Clifford Maddux, of 87 East Ninth street and Frank E. Rodman, of 1114 East Morrison street, an automobile liveryman, were arrested and taken to the County Jail yesterday afternoon at the instance of the grand jury, charged with being in the red touring car that ran down and killed Mrs. May Real on the Linnton road early on the morning of August 5.

The double arrest came as a climan to six weeks of ceaseless ferreting on the part of public detectives, Constable Wagner and Deputy-Constable Kler-

Can See No One.

Rodman and Mrs. Maddux are charged with being in the car that ran down and killed Mrs. May Real, of 10 East Sixth street North, the morning of August 5. Their arrest followed a short investigation by the grand jury yesterday after-Only five witnesses had been examined when the arrest was made by Constable Wagner and the pair were lodged in the County Jail under orders from the grand jury that they be not admitted to ball or permission to see either be given anyone.

Caldwell Their Attorney.

on after their incarceration in the County Jail, an incident occurred which, according to the officers, goes a long way toward explaining the sudden silence of Mrs. Rudolph Becker, of \$74 Savier street, who professed to Constable Wagner, Attorney George Joseph and a new paper man that she knew who the guilty parties were. George W. Caldwell, her attorney, under whose advice she aseumed a mask of silence in speaking of case, called up County Jailer Hunter and informed him he was Mrs. Maddux' and Rodman's attorney and asked to see them. This request was denied. It was universally agreed this turn in the case places Caldwell in a bad light.

None of the grand jurymen would make a statement of the evidence against the prisoners, but practically all of the circumstantial evidence concerning Mrs. Maddux' connection with the case has been exploited. It is believed, however, the testimony of Miss Ethel Voos, an inmate of the Bissner home, at 574 Savier street, parents of Mrs. Rudolph Becker, who lives there and who previously stated she saw Mrs. Maddux pass the house in an automobile on the night of the tragedy together with a fuller statement of the affair, led to the conclusions reached by members of the grand jury.

Both Deny Charge.

It was impossible last night, owing to the orders of the grand jury, to see either Mrs. Maddux or Rodman. It is known, however, both deny the charge, and, unless their attitude is changed, will fight the case. The grand jury will continue its in-

vestigations today, when every detail of the evidence aiready accumulated by Wagner and Joseph will be placed before This, according to these men, will

strengthen the case against them. Rodman's name has been concerned in the case for the past week, but not until yesterday morning did developments warrant the direct charge that he occupled the car with Mrs. Maddux when

Mrs. Real was struck. Officers Say Maddux Knew.

Both Wagner and Joseph still maintain Maddux himself knew of the killing all the time. They assert evidence has been found which shows he knew of an intimacy existing between his wife and Rodman and that he had threatened bodily injury previous to August 5 toward Rodman. The fact, it is said, that they were concerned together in the Linnton road tragedy, led to his failure to make good his threat, fearing it would

expose his wife. From J. J. Brasier, night foreman of a garage at 531 Alder street, where Rodman kept his car at the time, it was learned last night "Windy" Robinson, one of Rodman's chauffeurs, took Rodman's Pope-Toledo car, a large red machine of the touring car type, into the

Rodman, it was stated, left the machine at Fifth and Washington streets and had Robinson take it to the garage It was from this point Mrs. Maddux was in the habit of leaving the car on previous rides.

Woman Is Unconcerned.

Rodman was summoned to the grand jury room in the District Attorney's office late yesterday afternoon. Mrs. Maddux and her husband were sitting in the

(Continued on Page 4.)

MINERS ARE SLAIN BY DESERT THIRST

BONES OF TWO FOUND, THIRD IS SOUGHT IN VAIN.

Another Man Escapes, Only to Kill by Accident Man Who Gives Water.

RHYOLITE, Nev., Sept. 11. - The bodies of Emory Bodge and Tom Flanz, two miners who perished of thirst while attempting to cross Death Valley, were found Saturday four miles west of Skiddoo, Cal., by members of the searching party which was scour ing the deserts for a brother of President Eldridge, of the National Sewing Machine Company, who has been lost

for three weeks. The men whose bodies were found left Rhyolite late in August and started across the floor of Death Valley, where the thermometer reaches 130 degrees in the shade during the Summer months. They carried two canteens of water each, but this supply was exhausted before they had gone half way. Crazed by thirst, they wandered about until they were overcom by the heat and lay down to die.

SAN BERNARDINO, Cal., Sept. 13 .-(Special.)-Lost on the desert, Jose Melendez after three days' wandering reached a Santa Fe section camp near Barnwell, only to have his awful

sufferings end in a tragedy. L. Rodriguez, a section laborer, was shot through the brain and instantly killed by the accidental discharge of Melendez' revolver. Melendez stag-gered into the tent where Rodriguez and several other section laborers were sheltered from the sun and wind. He held out his revolver and begged a drink of water in exchange. The weapon dropped from his nerveless hand and was discharged, the bullet entering Redriguez' brain.

OFFICIAL'S THROAT IS CUT

T. N. Allen, of Olympia, Is Found With Throat Gashed.

OLYMPIA, Wash., Sept. 13.—(Special.) T. N. Allen, receiver of the United States Land Office here, is at a local nospital suffering from a severely gashed hroat and loss of blood. The report is that Mr. Allen, who is 70 years old, and who has been despondent for months from financial troubles and the sudden death of a favorite daughter, attempted suicide. This is denied by members of

For more than 30 years Allen has been a practicing attorney here. His wife and five children make their home here. One son, Thomas, lives in New York. Because of his advanced age and the loss of quantities of blood, before his condition was discovered, doubts are entertained of his recovery.

ROYAL GUESTS ARRIVING

Princely Blood Ready for Wedding of Miguel and Miss Stewart.

DINGWALL, Scotland, Sept. 13.-Most of the royal guests have arrived here for the wedding of Prince Miguel of Braganza and Miss Anita Stewart, daughter of Mrs. James Henry Smith, of New York, which will be celebrated September 15. A deputation of the employes which Mrs. Smith has taken for the season presented the bride-elect with a beautiful cup of old Highlander style today. The prince has issued an official statement denying that the marriage is morganatic and affirming that the Braganza family had given formal consent upon Miss Stewart's announcing her intention to enter the Roman Catholle Church.

EXPLORERS DEMOCRATS?

Bryan Says Peary and Cook Must Belong to His Party.

DALLAS, Tex., Sept. 13.-William J. Bryan, who arrived here today to deliver an address, said regarding the discovery

of the North Pole: "This discussion about who discovered the Pole has interested me considerably. I don't know why politics should enter into the thing, but some times I have wondered what political belief the two men they are talking about have. I believe it is safe to say that they are Democrats. Why? Well, just because Democrats have got so used to being out in the cold that they can do their best work there. The North Pole conditions are ideal for them."

HITCHCOCK COMING WEST

Postmaster-General Off for Tour of Pacific Coast.

WASHINGTON, Sept. 12.-Postmaster-General Hitchcock left Washington tonight on a trip to the Pacific Coast, going by way of New York City. He will arrive in Seattle in time to be present at the Washington state postmasters' convention, September 20 and 21. He will attend also the conventions of the Oregon and Montana postmasters,

FIRE THREATENS RANCHERS

Flames Destroy Hay and Bean Crop in Las Posas Valley.

OXNARD, Cal., Sept. 13.-A fire which swept through Las Posas Vailey today and is still raging, has already destroyed property estimated as worth \$20,600 and now is threatening scores of homes of ranchers near Farview, Epworth and Moore Park. The buildings on five ranches, together with the crops of beans and hay, have been burned.

HARRIMAN SYSTEM

Elected Chairman of Pivotal Body.

LOREE TO BECOME PRESIDENT

Unity of Railroad System to Be Maintained.

MORGAN HAS NO DIRECTOR

Reorganization of Union Pacific Board Shows Standard Oil to Be Power Behind Harriman and Still in Control.

NEW YORK, Sept. 13 .- (Special.)-Ex-Judge Robert S. Lovett, chief coun sel for the Union Pacific Railroad, was today elected chairman of the executive committee of the company, thereby be coming the successor to Edward H. Harriman in the control of the vast railroad and steamship systems which the financier built up. The Union Pacific still remains without a president, as Mr. Harriman occupied this position also, It s understood, however, that an operating man, probably L. F. Loree, president of the Delaware & Hurson, will be elected to the place at the annual meeting of stockholders October 12. Proxies for this meeting already in the hands of Judge Lovett and Alexander Millar, Seccretary of the Union Pacific, seem to guarantee that the election will be dic tated by the Harriman interests.

Schiff and Rockefeller at Throttle. At the same meeting where Mr. Lovett elected to the chief executive position of the keystone road of the Harriman system, William Rockefeller and Jacob H. Schiff were elected members of the board of directors of the Union Pacific and were also appointed members of the executive committee. Messra Schiff and Rockefeller succeed Mr. Harriman and the late Henry H. Rogers as members of the board. Mr. Lovett will be made a member of the board and also a member of the executive committee The only change in the organization from the form in which Mr. Harriman created it is the addition of one member, mak ing a total of six, to the executive con mittee of the Union Pacific.

The meeting today shows conclusively several things which Wall street and the railroad world have been wanting to know ever since Mr. Harriman's illness began. It proves, for one thing, that the Harriman organization is to be perpetuated in just the form in which was created by the master hand. There is to be no change in methods, no change

in policy and no change in management The eye of the meeting also discloses the fact that the banking firm of J. Pierpont Morgan & Co. is not to cut an important figure in the control of the Harriman system nor in the management of the lines composing it. A glance at the members of the executive committee as now constituted will show who they are: Robert S. Lovett, chairman; Henry C. Frick, Marvin Hughitt, Frank A. Van derlip, William Rockefeller and Jacob H.

The retention of Mr. Vanderlip on the (Concluded on Page 3.)

HARRIMAN ESTATE NOT TO BE DIVIDED

RAILROAD HOLDINGS WILL BE KEPT INTACT FOR HEIRS.

Widow Gets Palace at Arden and House in New York-Many Bequests to Charity.

NEW YORK, Sept. 14.-The will of E. H. Harriman will be filed this week, acording to Robert S. Lovett. Mr. Lovett would not discuss the contents of the will out said it had been drawn by Charles A. Peabody, president of the Mutual Life Insurance Company, and that it was it

Among Mr. Harriman's intimate friends the belief prevailed that the enormous Harriman railroad heldings are not to be divided for a long period and that the will creates a trust for their administra tion, the income going to the heirs. It is also said that, while the railroad and commercial interests will be held intact through a trusteeship, the will gives to Mrs. Harriman the magnificent estate at Arden and also the town house in Fifth

If these surmises are correct, and they are generally credited in Wall street, it will mean that the plans for railroad development which Mr. Harriman had under way will be fully exe-cuted by the trustees of his estate. It was commonly accepted that Mr. Harriman contemplated radical improve ment in the Erie system, particularly in the suburban service. The same is said to be true of other railroads in which he was interested.

Only a few months before his death Mr. Harriman proposed to donate 25,000 acres of land in the northern part of New Jersey to a public park, his plan being to have the states of New York and New Jersey contribute equal portions. Many charitable organizations are also deply interested in the contents of the

WOULD DIVIDE CALIFORNIA

People of South Propose New State Because Taxes High.

LOS ANGELES, Sept. 13.-The South California State League was made a permanent organization at a massmeeting of citizens of Los Angeles, in Symphony Hall today, with George N. Black as president and Herbert Burdette and B. A. Stephens as secretaries.

The meeting was called by the Los Pole?" Angeles Realty Board to offer a protest against the recent action of the State Board of Equalization in raising the assessed valuation of the property of this county.

Many of those present at the meetng today were badges inscribed "South California State League."

The wearing of these badges and many of the speeches made reflected a strong sentiment in favor of state division, and margins." this was later crystallized in a set of resolutions passed by the meeting. The resolutions declare that the State Board his desire not to anticipate the publics of Equalization has unjustly raised taxation in the 14 countles, and "that the men gullty of perpetrating this outrage have added fuel to the flame of sections animosity, thereby crystallizing into an issue of the first magnitude the question of state division."

FALLING WALLS BURY MEN

Debris Wrecks Saloon and Hotel Injured Taken Out.

PITTSBURG, Sept. 13 .- Collapsing walls at the Blanck Storage Company building, 6344 Pennsylvania avenue, buried a number of workmen today. Three were taken out badly injured and others are supposed to have been killed. Nine others were removed, less seriously injured. The falling walls crushed the hotel and saloon of John J. Calla, adjoining, and it is believed the occupants were killed or in-

LET'S SEE YOUR EVIDENCE

NEW YORK RINGS WITH POLAR WAR

Schley Comes to Front Defending Cook.

NAVY NOT SOLID FOR PEARY

Arctic Club Will Give Cook Medal as Discoverer.

OSBON VOUCHES FOR HIM

Swears by Cook's Veracity From Intimate Knowledge-Whole City Prepares to Give Explorer Grand Reception.

NEW YORK, Sept. 13 .- With Dr. Cook comeward bound and Commander Peary in touch with the correspondents, two swelling streams of conflicting affirmation are centered on a city already boiling over. Comment and criticism lack nothing of their previous acidity. Previous assumption that Commander Peary would have the United States Navy solidly behind him was not borne out in a letter from Rear-Admiral Schley, made public today by Captain B. S. Osbon, secretary of the Arctic Club of America, of which Dr. Cook is a member. The latter, under date of September 11, from Pocono Manor, Pa., says:

Schley Indorses Cook.

"I like Cook's attitude immensely in this unfortunate, unnecessary and unwise controversy. He certainly has been dignified and manly in the stand he has taken.

Captain Osbon followed up his letter from the Admiral tonight with a discuson "Who Discovered the North "Dr. Frederick A. Cook." he said, "was

for two years my wife's physician. saw him two or three times a week and we chatted many hours. If I have ever known a man of integrity, probity, sincerity and modesty, it is Dr. Cook.

Peary Departs From Truth. "I have known also the other fellowknown him to depart from truth by large

Dr. Cook's attitude in withholding details of his discovery was attributed to tion of his book.

"But as soon as the other claimant got within reach of the wireless," said the Captain, "he sent dispatches to everybody he could think of, but delayed informing the mother of the unfortunate Marvin, who perished during the expedition."

Honor Cook as Discoverer.

After a meeting of the executive com mittee of the Arctic Club of America tonight, R. O. Stebben, its chairman, gave

the club's attitude on the affair. "The Arctic Club of America," he said, thas nothing to do with the controversy. All that the club recognizes is that Dr. Cook is the discoverer of the Pole and that Peary reached there. Our only desire is to honor the discoverer. Neither side has proved its case to America, but since the Danish government has recog nized Dr. Cook we feel that the burden of proof now falls on his opponent.

"The Arctic Club will present to Dr. (Concluded on Page 5.)

KATHERINE COY; ROYALTY WILLING

ABRUZZI-ELKINS MARRIAGE IS NOT OPPOSED BY CROWN.

Family of Duke Consents-It's Up to American Girl to Say Yes, Says One Authority.

PARIS, Sept. 13.-A high personage in touch with previous preliminary arrangenents regarding the marriage of the Duke of the Abruxai and Miss Katherine Elkins said today that, contrary to the popular impression, the real hitch was not due to objections on the part of the Italian royal family but the attitude of Miss Elkins herself.

"If Miss Eikins would accept the Duke," said this authority, "there would be no obstacle placed in the way of the marriage by his family. I know the King and the royal family have offered to grant their consent, not to a mor ganatic union but to a marriage which would include the privileges and rank for Miss Elkins to which the Duke is entitled.

"The queen-mother, perhaps, was not pleased with the prospect of the Duke contracting a union with an American, but her objections would have been withdrawn. 'The Duke's fate rests with Miss Elkins herself. If she would say the word, the Duke would be at her side tomorrow and the marriage would not long be delayed."

LIVES LOST IN BARN FIRE Sleeping in Haymow Meet

BELLINGHAM, Sept. 13.—One man and possibly three corpses are in the ruins of a big farm barn which burned here early yesterday morning, says a special to the Herald, from Rockport, Skagit

Death at Rockport.

County, this morning. Johnson and Jensen's barn, granary and outbuildings were burned. John De Lot, sleeping in the granary, escaped to dle later of his burns. Three men sleeping in the haymow have not been seen since they entered the barn Saturday night. The debris will be searched today The loss is \$5000.

LEFT ALONE, BOY DROWNS Child Escapes From Care of Neigh-

bor and Is Lost.

ASTORIA, Or., Sept. 13,-(Special.)-The little 4-year-old son of Mr. and Mrs. Elias Hendricksen, of Crooked Creek, Pacific County, Washington, was Pacific County. drowned yesterday afternoon near the

While the parents were attending church they left the child in the care of a neighbor, who permitted it to play about the yard that was surrounded by a barbed wire fence. The lad, however, crawled under the fence and went to a at in the creek, from where he fell ird. The body was recovered some

hours later.

CARDINAL GIBBONS DOUBTS Wants Prohibitionists to Win, but

BALTIMORE, Sept. 13 .- "Prohibitionists all over the country are making an effort to suppress the use of intoxicating liquors, and while I hope they will suc ceed, I don't think they will. Reform must come from within and not from without. You cannot legislate for virtue." Thus spoke Cardinal Gibbons Sunday while addressing a confirmation

Doesn't Think They Can.

"I believe," he continued, "that there is no vice like that of intemperance, n vice that is followed by such dire results.

FOLLOWS WIFE IN DEATH Griefstricken Widower Commits Sui-

cide by Shooting.

NEW YORK, Sept. 13.-Oscar Leisne fulfilled a promise made over his wife's coffin when he committed suicide today by shooting himself through the head. At Mrs. Leisner's funeral yesterday, just before the casket was closed, Leisner knelt beside it and cried:

"I don't care, Carrie, I'll be with yo tomorrow, and so will little Oscar." Today before he shot himself Leisner tried to find his little son and his failure to do so may have saved the boy's life.

HOLE IN SUTTON'S HEAD CLEAN CUT

Autopsy Adds Strength to Murder Theory.

SHOT FIRED FROM DISTANCE

Powder Marks and Burns Not Found on Body.

SKULL BRUISED AND CUT

Scars of Battle Cling to Corpse-All of Bones Sound-Family Doctor Says Suicide Contention Is Exploded.

OREGONIAN NEWS BUREAU, Washngton, Sept. 13.-An autopsy conducted oday, at Arlington Cemetery, on the exhumed remains of Lieutenant James N. Sutton forever disposed of certain theories to which Mrs. Sutton has clung from the first, but left in doubt the mooted question whether or not young Sutton was rendered unconscious by blows which he received prior to the time he was shot.

Powder Marks Lacking.

An important feature of the autopsy, according to Mrs. Sutton and her counsel, was the disclosure that there was no evidence of burn or powder marks on the scalp and that the hole made by the pullet entering Sutton's head was sharply defined and clean cut and caused no splintering or fracture. This, they mainain, completely refutes the suicide the ory, and shows conclusively that the fatal shot was not fired by Sutton, but by some one standing at a distance from his It was found by examining surgeons that none of Sutton's bones were broken. Mrs Sutton pinning her faith to information which came to her anonymously, maintaining from the first that hee boy's arm was broken and that therefore he could not have shot himself. Swayed by her dreams, she believed one or more ribs had been broken and that his skull had been fractured and that ha was rendered unconscious by blows administered by his assailants.

Find Ghastly Bruises.

Though ghastly bruises showed clearly. that Sutton had been severely pounded, the autopsy established the fact that (Concluded on Page 2)
