

PRESIDENT PACKS FOR HIS JOURNEY

Taft Gives Up Golf Game to Prepare for Western Trip.

LAWLOR VISITS BEVERLY

Interior Department Official Calls At Summer Capital—Executive Looks Over Manuscript Before Leaving.

BEVERLY, Mass., Sept. 13.—President Taft gave up his golf game and all official business today and devoted himself to preparing for the long Western trip, which will really have its beginning when he motors into Boston tomorrow afternoon to attend a Chamber of Commerce banquet. The President will pass the night in Boston, leaving there for Chicago at 10 A. M. Wednesday. Mrs. Taft expects to remain in Beverly until November 12, when the President plans to arrive here to take her back to Washington. The executive offices will close after the President leaves Beverly.

With the assistance of two servants the President packed his numerous grips and trunks. The President also was busy today assembling the numerous papers, documents and reference books which he will need in the preparation of his manuscript. Secretary Carpenter had collected most of these and the President's task to revise the list. The President had no official engagements today. Oscar Lawlor, Assistant Attorney-General of the Interior Department, was at Beverly today and his presence led to a renewal of the report that the President may have something to say on the Ballinger-Pinchot controversy before he leaves for Boston tomorrow.

CHICAGO CHASING CRIMINALS

Windy City Getting Rid of Thugs for Taft's Visit.

CHICAGO, Sept. 13.—In anticipation of a great influx of visitors on the occasion of President Taft's visit to Chicago next Thursday, Chief of Detectives Wood began today to free the city of "police characters" generally. Every minute of the President's stay here has been mapped out and Chief of Police Steward has arranged for the closest police guard. The Chief has scouted over every foot of ground which the President will cover from the moment he steps from the train at Fifty-fifth street at 11:15 A. M. until he departs at 12:45 A. M. Friday, for Milwaukee.

The President is expected to speak informally at a luncheon at the Commercial Club and at Orchestra Hall in the evening. In the latter speech the President is expected to deal with the last session of Congress, which revised the tariff.

The spectacular feature of his visit will be the review of 150,000 school children. Mr. Taft, occupying an automobile, will be driven through miles of boulevards lined with white clad school children, waving small American flags.

TAFT TO RIDE IN FOREIGN SHIP

Stars and Stripes Not to Be Found in Gulf Waters.

WASHINGTON, Sept. 13.—Deprecating the suggestion that President Taft's party which will inspect New Orleans Harbor, October 20, "must" make the trip under a foreign flag, Acting Secretary of Commerce and Labor McHarg has advised the collector of customs at that port that efforts will be made to secure American vessels for the President's inspection of New Orleans Harbor and the Lower Mississippi.

McHarg's letter, dated today, says in part: "The department is reluctant to believe that as our principal gulf port American shipping has so dwindled that to enable the President of the United States and a relatively small body of representative Americans to pass a few hours with a view to the improvement of the river, they must make the trip under a foreign flag."

TAFT TAKES SEAT WITH FANS

President to Sit in Advantageous Corner at Chicago Game.

CHICAGO, Sept. 13.—Special arrangements are to be made at the West Side baseball park, so that when President Taft witnesses the game between New York and Chicago National League teams, Thursday, he can watch it as a real fan. He is not to occupy a special box, but will sit in an armchair. The Presidential seat is in the dress box in the grandstand, directly back of the players' bench of the home team and opposite first base. That, they say, is where the "fans" seek their seats. It is surrounded by 150 members of the Hamilton Club.

OPIUM HIDDEN AMONG FISH

San Francisco Chinese Smuggling "Dope" With Shipments.

MARYSVILLE, Sept. 12.—Having received information that a large quantity of opium was being smuggled here from San Francisco, the police placed a watch on a Chinese store which was suspected of being the place where the drug was received. Officer Burroughs remained in hiding for five hours last night and finally fell upon a cardboard box containing several Chinese in the act of receiving a package marked "fish" from Wells, Fargo & Co. express. The men were arrested and the package was seized. It proved to contain a large amount of opium hidden among fish.

Geers' Wonder Still Winning

SYRACUSE, N. Y., Sept. 12.—The Harvester, El Geers' unbeaten 4-year-old stallion, at the opening of the grand circuit meeting today, easily won the Chamber of Commerce stakes, worth \$200, for 2500 frutes, in straight heats. Gentle H. and Zomala furnished competition, but Geers had to hold tight to keep the stallion from losing his field.

"Can be depended upon" is an expression we all like to hear and when it is used in connection with Chamberlain's Colic, Cholera and Diarrhoea Remedy it means that it never fails to cure cholera, dysentery or bowel complaints. It is pleasant to take and equally valuable for children and adults.

MEMBERS OF BOARD WHICH WILL DIRECT VAST HARRIMAN AFFAIRS

Robert S. Lovett, Director in Chief.

F. A. Vanderlip.

L. F. Loree.

William Rockefeller.

Jacob H. Schiff.

LOVETT MADE HEAD

Succeeds Harriman in Control of Railroads.

LOREE WILL BE PRESIDENT

Reorganization of Union Pacific Board Shows Standard Oil to Be in Control—Morgan Has No Man on Board.

(Continued From First Page.)

new committee insures the supremacy of the National City Bank in the financial affairs of the system. The re-organization of the committee also strengthens the hold which the Standard Oil interests have on the Harriman lines. Henry H. Rogers at the time of his death was not a member of the executive committee and the placing of Messrs. Rockefeller and Schiff on the committee gives the Standard Oil crowd the balance of power.

This fact shows to the street conclusively that it was Standard Oil money which gave Mr. Harriman his main strength and enabled him to annex railroads whenever he thought it best to do so. Unless there is a decided change in the situation, the Standard Oil interests will dominate the future of the Harriman system, and there is little likelihood that the system will be segregated.

Lovett Wields Most Power.

It is expected that Mr. Lovett will, in a short time, succeed Mr. Harriman as chairman of the various boards of directors of the Harriman lines. The executive committee of the Union Pacific road is the pivotal body around which the Harriman organization revolves, and the chairman of the board is the most powerful man in connection with the system. The committee is pivotal in character because the Union Pacific owns the Oregon Short Line, the Oregon Railroad & Navigation Company and the Southern Pacific road.

REALIZE HARRIMAN'S DREAMS

Lovett Occupies Pivotal Position in Management of Roads.

NEW YORK, Sept. 13.—Judge R. S. Lovett's office as chairman of the executive committee of the Union Pacific Railroad, to which he was elected today, is the most important in the management and financial supervision of the Union Pacific. His close association with Harriman makes him, in the opinion of the Harriman lieutenants, peculiarly fitted to assume the responsibilities of the position. He and Mr. Loree are closely familiar with Mr. Harriman's plans and dreams for the undeveloped territory over which he hoped to push the ascendancy of his railroad systems.

The Southern Pacific directors will meet tomorrow. It is taken for granted that their action is fully forecasted by today's meeting, that Judge Lovett will be seated as chairman of the executive committee also in Mr. Harriman's place, with Jacob H. Schiff or some other partner in the firm of Kuhn, Loeb & Co. at his right hand and director and member of the executive committee.

Morgan Does Not Get Man.

Wall street manifested more than usual interest in the election, in view of the rumors that a member of J. P. Morgan & Co. would be elected to the Union Pacific board. No such change developed, and, as it stands today, the executive committee remains, in the parance of the "street," a "Kuhn, Loeb-Standard Oil board." For, besides Judge Lovett, Jacob H. Schiff and William Rockefeller, the members are H. C. Frick of Pittsburgh; Marvin Hughitt, president of the Chicago & Northwestern Railroad, and Frank A. Vanderlip, of the National City Bank.

Admiral Dewey Says Navy Is Not Big Enough.

TARGET RECORD PLEASES

Old Fighter Points With Pride at Showing Made With Big Guns at Practice—Fleet for Reserve Advised.

HARRIMAN GOOD CITIZEN

WASHINGTON, Sept. 13.—Admiral George Dewey's face glowed with pleasure as he read today the reports of the splendid work being done by the men in the Navy in their record target and battle practice off the Virginia capes. "See that record," he said, as he pointed to an unofficial report which said the battleship Louisiana had make 16 hits out of 16 shots at two targets. "That is a world-beater, I feel great pride in the manner in which our men have acquitted themselves. Our ships are fine, too. Admiral Uri, of the Japanese navy, who visited this country last Spring, told me the Connecticut was the best all-around battleship he had ever seen."

The General Board of the Navy, of which Dewey is president, will assemble soon for the season's work. "The Admiral referred to the opinion held by some authorities that the United States should keep a strong battleship fleet on both the Atlantic and Pacific coasts. That, he pointed out, did not mean that these vessels all should be in commission at the same time, but that some should be held in reserve. There are admirable harbors where the vessels could be kept in reserve and where they would not suffer deterioration, he explained.

MODEL MAN IN ARDEN, NOBLE AND UPRIGHT IN LIFE.

Preacher Eulogizes Wizard in Street Sermon to Men of Wall Street.

NEW YORK, Sept. 13.—Before a crowd of several hundred in Wall street today, Rev. Dr. William Wilkinson, one of the clergy of Trinity Church Parish, delivered an eulogy of the late Edward H. Harriman. Dr. Wilkinson mounted a chair opposite the Stock Exchange at 12 o'clock and soon had a crowd about him. The preacher said:

"Ten years ago Mr. Harriman chartered a vessel and went to Siberia. He took with him Archdeacon Nelson, of New York, and together they visited the whaling fleets and gave real encouragement to those men who rarely had a chance to go to church. Mr. Harriman was a good citizen. He left nothing to be desired in his social and religious life. Often during his life Mr. Harriman would say to those with whom he came in contact, 'I want you to go to church.'"

"Mr. Harriman, I have been told-I never knew Mr. Harriman myself-was a model man in Arden, where he lived. He was upright and noble all through his life. Many of you young men around me are in better circumstances than Mr. Harriman when he was your age, and if you live as he did, perhaps in time you will reach the same position. I want to impress upon you that all rich men are not scoundrels and all poor men are not knaves and fools. To be is higher than to have."

KNIFE FOR GOV. JOHNSON

Minnesota Executive Will Submit to Another Operation.

ST. PAUL, Minn., Sept. 13.—Governor John A. Johnson will go to Rochester, Minn., this afternoon to undergo another operation as the result of an operation for appendicitis several years ago, which left several painful abscesses.

BANK PRESIDENT CUTS HIS THROAT

Nerves Broken Down, John W. Castles Commits Suicide in Hotel.

FOUND DEAD BY BROTHER

Head of Highly Prosperous Union Trust Company and Director of Several Railroads, but Had Broken Health.

NEW YORK, Sept. 13.—John W. Castles, president of the Union Trust Company, and a director of other well-known corporations, committed suicide tonight by cutting his throat at the Grand Union Hotel. His body was found shortly before 9 o'clock this evening by his brother, Barton S. Castles, who at once summoned a physician, but Mr. Castles was beyond aid. He left no note or instruction and his brother ascribed his act to a nervous breakdown.

According to the hotel management, Mr. Castles, accompanied by his brother and a friend, Eli Spring, went to the hotel three days ago and procured adjoining rooms. The brother intended, according to the hotel authorities, to look after Mr. Castles while he was in a nervous state and Mr. Spring volunteered his assistance. For some reason the banker was left alone and on returning Barton S. Castles found his door locked. The door was forced open and the tragedy revealed.

Mr. Castles is survived by his widow, Elizabeth, and a daughter and a son, Frances and John W. Castles.

The Union Trust Company, of which Mr. Castles was president, is one of the largest institutions of its kind in the city and is situated at 80 Broadway, in the heart of the financial district. Until 1906 it was paying dividends of 50 per cent and is now considered one of the strongest banks in the country. Its surplus and profits amount to \$3,120,770 and its loans and discounts to \$29,184,000, while the deposits total nearly \$60,000,000. Mr. Castles was also a director of the Central Park & North East Railroad Company, the Chesapeake & Ohio Railway Company, the Hanover National Bank of New York and other corporations. He was United States trustee for the Northern Assurance Company, Limited, of London.

John V. B. Thayer, secretary and second vice-president of the Union Trust Company, said tonight that Mr. Castles had been in poor health for some months, suffering from a general nervous breakdown. He said that financial matters had no bearing whatever on the case.

Acid Found in Room.

On a dresser near the bed there was an eight-ounce bottle, unlabeled, but containing a pungent acid. Whether Mr. Castles had taken any of this before cutting his throat has not been ascertained.

He had little connection with the Union Trust Company since assuming the presidency of the institution in January 10 last, when he succeeded Edward King.

Not long ago Mr. Castles' condition became so serious that he was sent to a sanitarium at Kerhonkson, N. Y., where he remained for three months. At times he returned to New York accompanied by an attendant. On Wednesday last he came down on the late train. Alexander S. Cochrane, a director of the Union Trust Company, speaking of Mr. Castles, declared the suicide had no bearing whatever on financial matters. He was simply an overworked man, was Mr. Cochrane's explanation. Coming originally from the South,

where he was well known in Texas and Louisiana, Mr. Castles moved to New York to assume the presidency of the Guaranteed Trust Company several years ago. But in the latter part of last year he resigned this position and on the opening of the New Year became president of the Union Trust Company. The Union Trust Company numbers among its directors some of the most prominent in the city, including W. Emlen Roosevelt, James Speyer, Walton Goelet, Adrian Iselin, Jr., and others. Augustus W. Kelley, the first vice-president, has conducted the affairs of the institution during Mr. Castles' illness.

Mr. Castles had large interests in Texas and was at one time president of the Hibernian Trust Company, of New Orleans.

The finest and costliest Grand ever sold on the Coast—the magnificent \$4000 Gold Grand Piano sold to the Hotel St. Francis, San Francisco, by Eilers Piano House.

Wonderful Display of the World's Finest Art Pianos

The West has never before seen such a large and varied showing of fine Pianos, both upright and grand, as the one which Eilers Piano House is now making.

The premier productions of the world's greatest pianomakers—Chickering & Sons, of Boston; the Weber-Aeolian Company, of New York; the W. W. Kimball Company, of Chicago, and the Lester Company, of Philadelphia—are presented.

There are but four truly great and representative American Pianos—Weber, Kimball, Lester, and the founder of them all, the Chickering. There is but one establishment in Portland where these superb Pianos can be obtained.

Every instrument in this display is a premier—a masterpiece. American pianomakers today are unexcelled. American Pianos are universally recognized as the finest the world produces. This superb collection, composing the most costly Grand, Baby Grand, Upright and Pianola Pianos ever assembled under one roof, is unquestionably the most artistic exhibit that we have ever presented or that we shall ever be able to present.

The most exacting taste cannot fail to be gratified here; the most cultured ear and artistic judgment will find here its ideal.

We are tremendously proud of the conspicuous successes that have attended our former Piano Exhibitions, but greater preparations have been made for this event than any, and the present one greatly surpasses them all in both magnificence and magnitude.

You are most cordially invited to inspect these instruments.
