

BACK SHORT

Only 50 Per Cent of Last Year's Output in Iowa.

PRICES ARE ADVANCING

Better Feeling All Around in the Canned Goods Trade—Samples of New Honduras Rice Arriving.

Condensed Milk is Up.

There is a better feeling all around in the canned goods trade. The demand is more active than for some time past and steady moving more freely. Prices show an advancing tendency, particularly on apples and pears.

One of the firmest items in the list is canned corn. The pack in Iowa is estimated at 50 per cent of last year's, and packers have advanced prices 5 to 7 1/2 cents a dozen on standard corn. Many of the short dealers will take advantage of the short demand in their contracts.

The pack of peas in Wisconsin and Michigan is disappointing, especially on the higher grades, owing to hot weather during the packing season. The percentage of high-grade peas packed this year is lower than usual.

Samples of new Honduras brand rice are beginning to come in more freely and prices are beginning to level. The trade feels justified in placing orders. The crop is large and prices are opening up reasonably low.

The first shipment of best sugar from Portland yesterday. There are several cargoes in the shipment. A prejudice formerly existed against best sugar on the part of some consumers, but has disappeared, and best sugar is now being dealt in extensively. The grain of the Hamilton sugar is claimed to be as fine and the color as good as either fruit or berry.

A 10-cent advance announced yesterday for condensed milk is in line with the upward tendency in this article.

LONDON APPLE MARKET PROSPECTS

Good Demand for Fancy American Fruit is Reported.

The apple circular of W. Dennis & Sons, of London, says:

This year the home crop is rather below the average, and our exports are better than last season. From the Continental demand is reported to be good, and our supply is obtainable. Germany, Belgium and France report prospects favorable, but we do not yet have any definite news as to the quantity of fruit to be imported, and this quantity is considered as of very great importance, at any rate as far as our serious competitors, the American and Canadian fruit.

Trades is showing indications of improvement, and it is not unlikely that any more straight season will be received from the Continent. Prices yesterday were firm. The best Oregon offerings brought \$1.12 1/2 per box. Grapes were firm and cleaned up well, selling at Monday's prices.

Chantalopes are sold at a wide range from 50 cents to \$1.50 per crate, according to quality, and were slow sellers. Watermelons still move fairly well. Cabbages were slow at \$1.00 per dozen.

Grain Markets are Quiet.

The grain markets were not very active yesterday and prices were unchanged.

Local receipts in cars, were reported by the Merchants' Association as follows:

Wheat—Barley, Flour, Oats, Hay, Monday, Tuesday, Wednesday, Thursday, Friday, Saturday, Sunday, Total last week.

Egg Quotations are Higher.

The egg market is taking on more life. The quality of the current receipts is improving and this is having its effect on the demand. Receipts are being received from the West, and the market is becoming more active.

Portland Livestock Markets.

Receipts of hogs yesterday were the largest for a considerable time. Not many cattle came in. One car of the latter will be sent to the coast. Local dealers are now engaged principally in taking in contracts. The demand for both new and old hogs continues strong.

Hop Dealers Taking in Contracts.

There were no new contracts in the hop market yesterday. Local dealers are now engaged principally in taking in contracts. The demand for both new and old hogs continues strong.

Sales of Puggle Hops.

SALEM, Ore., Sept. 14.—(Special.)—The highest price yet attained in the hop market was reached yesterday, when a lot of hops from a Chinaman here named Gong for 21 cents per pound. H. L. Hart, of Portland, also bought at a high price. The market is becoming more active.

Bank Clearings.

Clearings of the western cities yesterday were as follows:

Portland, Astoria, Clatsop, Clatskanie, Cannon Beach, Gearhart, Hammond, Olney, Rainier, Tillamook, Westport, Cannon Beach, Gearhart, Hammond, Olney, Rainier, Tillamook, Westport.

NEW YORK BANKERS ADVANCE THE RATE.

FUNDS GO TO INTERIOR

Money Not So Plentiful for Wall-Street Speculation—Stock Trading Narrows to Professional Dimensions.

NEW YORK, Sept. 14.—The stock market narrowed to a professional stage today. Investors were inclined to keep speculative interest alive by concentrating operations in one or two of the usual speculative favorites and a few novelties, but the response of the general list was languid.

While banking opinion does not look for any stringency in the fall, the position of the New York banking reserves shows that a restriction of credit is imperative for the maintenance of the banks by the cash on hand holdings of the banks. The \$4,440,000 withdrawn from the list last week, a statement was made up comparing with an actual surplus of \$4,000,000.

The interior has been the occasion for a complaint by bankers and syndicates and various projected new issues have been delayed. With the season at hand when the normal requirements of the interior make requisition on New York, the local investment outlook does not invite undue extension of liabilities for holding securities.

The banks were inclined to advance the rate for call loans in concert and the making of a call for the week of the largest institutions make an example that was generally followed with an high rate as for the week of the week.

The strength of the copper was attributed in London to speculative covering operations. It was accompanied by a rise in the electrical equipment company shares.

Bonds were firm. Total sales, par value, \$4,100,000. United States bonds, par value, unchanged on call.

CLOSING STOCK QUOTATIONS

Table with columns: Sales, High, Low, Bid. Includes stocks like Am. Agri., Am. Sugar, Am. Tobacco, etc.

LESS ACTIVITY IN BOSTON WHEAT MARKET.

Small Some Demand for Territories and Holders are Asking Top Prices.

BOSTON, Sept. 14.—Subsequent to the heavy sale of cool last month, the local market is comparatively quiet. There is some demand for territory, but mills are well stocked and holders are asking top prices.

Prices are generally well cleaned up for this time of the year. Some Montana wool is coming in original bales at 25 cents per quarter-bushel. Foreign product is being sold at 25 to 30 cents per quarter-bushel.
