

BARK TAKES WHEAT

French Ship Bidart First of New Season Craft.

GOES TO UNITED KINGDOM

British Steamship Strathgrye Gets Away With Full Cargo Lumber for Port Pirie, Australia. News of Waterfront.

Wheat exports, foreign, for the season of 1909-10 opened yesterday with the clearance of the French bark Bidart, Captain Laine, with 11,367 bushels grain, valued at \$109,340, for the United Kingdom for orders. The Bidart not only opens the new crop season but is the first full cargo of grain to clear for a foreign port since the March, over six months ago. The Desaix, a French craft, closed the season of 1908-9 by clearing for the United Kingdom. She got away on March 8 and was the closing chapter in the wheat exporting business.

With the exception of a few shipments of flour to the Orient by the regular line steamships of the Portland and Astoria Steamship Company there was nothing moving in the export line to foreign countries. High prices in the East diverted the bulk of the crop to the rail lines and with the exception of filling California orders, the shippers did not look for ocean transportation.

Lumber shipments for September to foreign ports began yesterday with the clearance of the British steamship Strathgrye, Captain Gunn, with 3,600,000 feet of lumber, valued at \$22,400. Of this amount 1,277,000 feet was laden at Chemainus, B. C., and 2,323,000 feet was shipped from Portland. The destination of the Strathgrye is Port Pirie, Australia.

Lumber rates are still low but there is a tendency to a stiffer market and charters are a little better than during the past six weeks. In the coasting trade the business is better even, and regular line schooners are carrying full loads. There is little chartering for additional tonnage.

LIGHTHOUSE SUPPLIES TAKEN

Tender Manzanita Sails for Cape Blanco and Coos Bay.

In command of Captain P. Byrne, the lighthouse-tender Manzanita, will leave Astoria this morning for Cape Blanco. She will deliver stores for the light station at Port Orford and from that point will work back to the Columbia River. Supplies will be delivered at Cape Argo and at Marshfield, the latter for the men at Impqua light station. The buoy marking the end of the Coos Bay jetty, which went adrift several weeks ago, will be replaced by the tender.

With Commander J. M. Elliott, inspector of the Thirteenth Lighthouse District, on board, the tender Armeria will reach Seattle from Nome in about ten days. Commander Elliott has been making a personal inspection of the light stations of the Far North and West.

Repairs to the steamship Hecla, of the lighthouse service, will be completed within a few days and the craft placed in service immediately. The Hecla has been undergoing extensive repairs at Seattle.

BRIDGE PLAN TO COME UP

United States Engineer Will Hear Protests on Bridge Project.

Thursday, September 23, at 2:30 P. M., in the office of Major J. P. Mendenhall, United States Engineer, there will be given an opportunity for all interested, to engage in a discussion of the plans submitted by the O. R. & N. Co. for the construction of a new bridge to take the place of the Steel bridge. Any protests will be forwarded to the Department at Washington. The selected site is from the foot of Gilliam, on the West Side, to the foot of Oregon street, on the East Side.

Plans and specifications as well as site have been approved by the Federal Government and that body will be represented in the public discussion next Thursday. Some property-owners on the East Side have been making protests, and the protest against the changing of the location from Holladay avenue to Oregon street.

Astoria Shipping News.

ASTORIA, Or., Sept. 16.—(Special.)—When the steamer Falcon, of the American-Hawaiian line, which arrived today, bound for Portland from San Francisco, goes to sea again she will take a full cargo of Alaska salmon en route to New York.

The steam schooner J. B. Stetson crossed out today for Grays Harbor to load lumber for San Francisco.

Millicoma Launched at Marshfield.

MARSHFIELD, Or., Sept. 16.—(Special.)—The river boat Millicoma was launched this afternoon at the Holland Boat-Yard in this city. She is owned by Captain Edwards and will be used on the upper Coos River in connection with lower river boats.

Will Take Salmon to New York.

ASTORIA, Or., Sept. 16.—(Special.)—When the steamer Falcon, of the American-Hawaiian line, which arrived today from San Francisco, goes to sea again she will take a full cargo of Alaska salmon en route to New York.

Heavy Weather Delays Alliance.

With a good sized passenger list and a small quantity of cargo the steamship Alliance, Captain Parsons, arrived at 7 o'clock yesterday morning from Coos Bay. The vessel was held back several hours on the voyage by weather conditions. The bulk of the freight on the trip consisted of live hogs. The hogs were consigned to the local stockyards.

Dredge Oregon Leaves Coos Bay.

MARSHFIELD, Or., Sept. 16.—(Special.)—The Government dredge Oregon left Coos Bay this afternoon for Columbia River in tow of the tug Richard Holyoke. The dredge has been anchored in the lower bay several days, awaiting favorable weather outside.

Marine Notes.

The steamship Alliance will sail for Coos Bay tomorrow night.

With ballast for Grays Harbor, the steam schooner J. B. Stetson, sailed yesterday.

The steamship John Poulson is taking lumber at the Inman-Poulson Mills for San Francisco.

With passengers and freight for San Francisco, the steamship Kansas City is scheduled to sail tomorrow morning.

Harrison will be the name of the new craft, being built at the O. R. & N.

DAUGHTER OF LATE RIVER CAPTAIN AND ADOPTED CHILD HUSBAND IS SAID TO HAVE REPRESENTED AS THEIR OWN

MRS. JOSEPHINE BRUNSWICK AND ADOPTED SON, ADOLPH, NOW DEAD.

Josephine Brunswick, daughter of the late Captain D. E. Buchanan who died October 4, 1908, leaving an estate valued at \$300,000, has filed in the Circuit Court a divorce suit against her husband, Adolph M. Brunswick, in which she alleges that he deceived Captain Buchanan up to the time of his death, and then attempted to force her to a will.

The Brunswicks were married at Redwood City, Cal., January 1, 1904. Because of her husband's cruelty, because Mrs. Brunswick, Captain Buchanan became unfriendly toward him, and after the Brunswicks moved to Chicago, the husband conceived the idea of obtaining a child by fraud who should fall heir to the old gentleman's property. It was on May 20, 1905, says Mrs. Brunswick, that her husband procured a child 1 day old named Adolph Anthony. He then secured from the doctor and nurse a fraudulent affidavit that the child was the offspring of the Brunswicks, and proceeded to deceive Captain Buchanan. This deception was continued to the time of her father's death, Mrs. Brunswick avers.

The couple with the child then moved to Venice, Cal. It was while they were living there, in August, 1906, that Mrs. Brunswick was discovered by Attorney John H. Stevenson, representing Robinson, on the ground that the charge was not specifically stated in the body of the indictment.

Old Case Called by Mistake. Although C. A. Johnson pleaded guilty six months ago to having uttered a forged check, and was sentenced by Circuit Judge Gantenben to serve two years in the State Penitentiary, his name was called when court convened yesterday morning. He was indicted in February. The case was passed when it was discovered that it had been disposed of.

FREE TO MEN.

Dr. Taylor's \$10.00 museum, now open, admission free. 234 1/2 Morrison st., cor. 2d.

HOW TO DEVELOP BUST, ARMS AND NECK

Get separately "two ounces glycerine," "three ounces rose water," and "one ounce tincture cadomene compound" (not cadomene), and five cents worth of borax. Take home, mix the glycerine with tincture cadomene, shake and let stand two hours; then add a teaspoonful of borax and the rose water. Shake well and apply to the neck, arms and bust, rubbing and massaging in all completely absorbed. Then wash thoroughly with hot water and soap and dry thoroughly. Apply morning and night regularly for several weeks and the most beautiful development will begin to reward the efforts. It is believed by experts to be the most necessary and effective prescription ever conceived.

2 1/4 POUNDS OF FOOD

Of Any Kind, Are Fully Digested By One Teaspoonful of Kodol.

Any kind of food, understood—not just some certain kinds—Kodol is rightly termed the "Perfect Digestant" because it does digest any and all classes of food. Kodol does this because it contains, in liquid form, every one of Nature's digestive elements—therefore cannot help but digest food the way it does. Kodol, as stated, digests all food—promptly and completely—and assures good health to the stomach. Come to think of it—Kodol does accomplish a great deal—if one gives it a chance. Some of the commonest and surest indications of more or less developed digestive troubles are these:

TRIAL OF MRS. COLLINS SET

Court Overrules Demurrer to Indictment and Names October 8.

Dressed and veiled in black, and leaning heavily on the arms of Sheriff Stevens and Matron Cameron of the county jail, Mrs. Katie M. Collins, accused murderer in the first degree for shooting her husband, Dr. Roy A. Miles Collins, was led into the Courthouse yesterday morning to take the deposition of No. 5. Circuit Judge Bronaugh took his place upon the bench, and Attorney Russell E. Sewall, representing Mrs. Collins, made the argument for demurrer to the indictment and motion to quash on the ground that the grand jury was illegally in session when the indictment was returned. Judge Bronaugh said that as court was being held from day to day during the time the grand jury was held over this Summer, he considered its session legal, and would deny the motion and overrule the demurrer.

FEW BANKS ARE LOOTED

Pinkerton's Annual Report Shows a Decrease in Crime.

The annual report received by H. E. von Gronowald, superintendent of the local branch of the Pinkerton National detective agency for the fiscal year ending September 1, shows a remarkable decrease in bank robberies. The major portion of the operations of bank robbers and swindlers during the past twelvemonth was west of the Mississippi River and through the Pacific Northwest states.

Acquittal Directed by Court.

A directed verdict of not guilty was returned in the case of C. M. Robinson yesterday morning by a jury in Judge Cleland's department of the Circuit Court. The court remanded the case to the grand jury. Robinson was alleged to have falsely represented to the Union Guarantee Association on October 7, 1908, that he owned property worth about \$100,000, thereby inducing it to go on his bond to guarantee that he would construct the Hillsboro Methodist Church to the satisfaction of that body. BRITISH STEAMER SINKS

Passengers and Crew Take to Lifeboats as Ship Goes Down.

CAPE TOWN, Sept. 16.—While feasting her way through a thick fog off Cape Point, the British steamer Umbal, from London for Port Natal, ran on the rocks. The Umbal was laden with passengers and freight. The cargo and ship will be a total loss. The passengers and crew left the sinking ship in small lifeboats. During the scramble for places in the first boat launched one mother dropped her baby overboard and the child sank. One small boat carrying eleven passengers was capsized, but the occupants clung to the overturned craft and all were rescued.

WISING BREAST

And many other painful and serious ailments from which most mothers suffer, can be avoided by the use of "Mother's Friend." This great remedy is a God-send to women, carrying them through their most critical ordeal with safety and no pain. No woman who uses "Mother's Friend" need fear the suffering and danger incident to birth, for it robs the ordeal of its horror and insures safety to life of mother and child, and leaves her in a condition more favorable to speedy recovery. The child is also healthy, strong and good natured. Our book, "Motherhood" is worth its weight in gold to every woman, and will be sent free in plain envelope by addressing application to BRADFIELD REGULATOR CO. Atlanta, Ga.

DR. TAYLOR'S

QUALITY IN EXPERIENCE

Experience is a thing of quality as well as quantity. Years in practice are no true measure of a physician's proficiency. Medical specialists, the rule, give prominent mention to the number of years they have devoted to the practice of the various specialties. In this regard do not differ from most other specialists. I frequently state that I have treated more than a thousand patients, a thing of importance that can be told in a few words. That's why I tell it so often. The thing of quality is the more badness there is, I do not mean this as a personal reference to any other doctor, whether general practitioner or specialist. I merely make the statement because it is the truth that has application here. To do a thing wrongly a thousand times only fits one for doing it wrongly again, and the oftener he does it wrongly, the less apt he is to do it rightly. To treat a thousand patients indifferently or carelessly
