PHILADELPHIA, Sept. 20.—Philadelphia defeated Detroit today in the final game of the series, making three victories for the home team to one for Detroit. The score was 4 to 3. The game was intensely exciting.

The Philadelphia players bunched safe drives and took advantage of battery misplays by Detroit. The visiting players also made the majority of their hits count.

Philadelphia scored four runs in the first inning on four balls to Barry, Collins' double and Baker's single. O'Leary, who received four balls at the start of the third inning, went from first base to third when Barry threw Summers out, the crowd hissing vigorously at O'Leary's decision at third.

Philadelphia scored another pair of runs in the fourth inning. Detroit went out in order in the last three innings. Crawford, starting the ninth with a single but was doubled up when Stanage sent a grounder to Collins.

NO NORTHWESTERN GAMES

Delayed Trains or Rain Interferes in Three Cities.

There were no Northwestern League games played yesterday. At Seattle, the Seattle-Aberdeen game was postponed because the northbound train was delayed by a burned trestle at Napavine. For the same reason the Portland team was unable to reach Tacoma, and at Spokane rain interfered.

EQUIPMENT IS BETTER

FACILITIES FOR HORSE SHOW IMPROVED THIS YEAR.

Seating Arrangements in Oriental Building Altered and Stables Enlarged.

All of the facilities for holding the Portland Horse Show in the Oriental building on the Lewis and Clark fair grounds, October 7, 8, and 9, have been improved over last year. The building is in better condition, and the stables where the horses are to be quartered when not in the show ring have been altered and enlarged.

The big building at the fair grounds was hurriedly put into condition for last year's show, and it was impossible to make all the changes that were desired from year to year. Last year one of the most pleasant features of the show was the constant interchanging of calls between the occupants of the boxes, and the social spirit will again predominate this year.

The Hunt Club officers say that every box will be taken some time before the date of the show. Already the demand for boxes is strong and a large number of reservations have been made. In fact, President Cronin advises that the club is not to be disappointed at the last minute.

Yesterday, the formal day of closing for entries, kept the officers busy in their headquarters in the Lumber Exchange building. Many local owners added their names to the long list that had already been received, and some classy out-of-town horses were also listed. The Hunt Club officers consider the showing as satisfactory in every way and believe that the show this year is certain to be even more successful than that of last year. The entry lists are still being held open for a few days to accommodate owners who may have overlooked sending in their names.

BOXING TO BE REVIVED

OREGON ATHLETIC CLUB IS FORMED IN PORTLAND.

Billy Papke Consents to Fight Here if Suitable Opponent Can Be Found.

Believing that the Portland sport lovers will appreciate the opportunity of seeing a first-class boxing exhibition, a club has been formed which hopes to be able to satisfy the long-felt want of the fans of this city, and is now arranging for a match between Billy Papke and another first-classer.

The new club is called the Oregon Athletic Club and the announcement was made yesterday that Billy Papke has assented to a meeting in Portland with any fighter in his division and he leaves the selection of the opponent to the management of the Portland club. So confident of being able to stage this bout are the promoters that wires have been sent to Hugo Kelly, Jim Flynn and Stanley Ketchel, although little hope is entertained of getting the latter two to fight. His future dates are already arranged and also because he will probably want a greater guarantee than could be tendered him, in view of this being but an experimental proposition.

However, either Kelly or Flynn should give a rattling good exhibition with Papke and this would prove a most satisfactory introduction of the old-time favorite Winter sport. In order to secure a satisfactory bout in the event that an opponent for Papke is not forthcoming, the Oregon Athletic Club has taken up negotiations with Lave Cross and "Fighting" Dick Hyland for a second match.

In advertising these bouts the Oregon Athletic Club announce each affair as a boxing exhibition. Under the rules of the club the contestants will be required to give a bona fide exhibition and anything saving of a kind proposition will cause the contestants to forfeit the purse. In the case of such a forfeiture the boxer's portion will be turned over to some charitable organization.

As yet no definite date for the first match is announced, although the officials of the Oregon Athletic Club expect to set a date very shortly, and are simply waiting to close with an opponent for Papke. Even a prospective match is food for the hungry fans, and the possibility of Billy Papke appearing here will be the subject of lively discussion for some time to come.

RACES ARE CUT SHORT BY RAIN

Good Sport at Opening Day of Portland Fair and Live-Stock Meet Marred.

FINALS TO BE RUN TODAY

Fine Displays in Harness Events Arouse Enthusiasm, and Geq-Gees in Running Numbers Excite Lively Interest.

Rain in torrents cut short the fine racing programme offered by the Portland Fair & Live-Stock Association on the opening day. The finish in the races, the opening heats of which had excited the enthusiasm of the spectators, had to be postponed, and will be run today.

The two harness events programmed yesterday displayed high-class speed demonstrations, although no records were broken. However, the class of the entries and the closeness of the contests easily won the enthusiasm of the spectators and demonstrated that some interesting events will be in order during the five remaining days of the meet.

The 2:25 trot and the 2:12 pace, in which a number of heats were run, proved that harness racing is growing more popular, for the spectators displayed signs of genuine regret when it was announced that the last heats in both these events would have to be postponed owing to the condition of the track.

The first race was the 2:25 trot and in this event Gloria O'Neil, a bay mare owned by J. E. Shrewsbury, of Seattle, took the first two heats, while Paul W. was a bay gelding owned by E. House, of Portland, captured the third heat. This means that at least one more heat must be run in order to decide this event, and if the latter horse or one of the other starters captures the first heat today, the fifth will have to be run, and the winner selected according to the averages of the five performances.

Patrons House Excitement. The 2:12 pace was a most exciting race, and three heats were likewise finished in this event before the heaviest downpour of the afternoon put a quietus on the harness events. Judge Dillard, a Spokane horse owner, Frank Childs, won the first heat in 2:14, but only secured fourth place in the second heat, and was disqualified in the third heat. The third heat, which was won by Paul W., was run in a heavy shower and the time was therefore somewhat slower than the first heat. The latter entry covered the distance, winning easily in 2:24.

When McCreevy took that Seal game it was pretty rank, but when Van Halgren got busy last Friday, the crime of baseball on the Coast was committed. The decision of calling an Oakland player safe at home, the tying run, after the runner had run clear around Catcher Murray, who was being thrown out by the pitcher, and caused McCreevy to explode for the first time on the trip. The runner was clearly out for running out of line. The newspaper men scoring the game were frazzled when Van Halgren called the runner safe. Had the decision been rendered against the Seal, Danny might have been elected and a general Chenault gyle gack into form Manager Mc will need another pitcher. McCreevy also hopes to have Buddy Ryan back into the game this week. The rest of the team is right on their collective toes.

As a sample of the way the team has been hitting, just listen to this: Graney and Johnson in the last two weeks, week before last Graney got 12 and Johnson nine. The rest of the boys are also hitting the ball.

Tozer, one of the Los Angeles pitchers, was suddenly called to Salt Lake on account of the injury to the left arm of the team. This will cripple Captain Dillon's already eadly crippled crew.

BEAVERS GET HOME TODAY Will Open Week's Work With Los Angeles Team.

With the returning of Walter McCreevy and his Beaver squad today, after a five weeks' absence in the California Coast League, the Beavers won 19 out of 35 games, the fans can expect to see the great National game as it should be played instead of the bush league game that has been the rule in the hands of the Northwestern League teams. The Beavers open up today—if the weather man permits—the infield has been working nicely, and it should be a battle royal from start to finish, for the Southerners are after the Beavers' pelts on account of the way they were treated when here last. The Beavers took the entire series from them and put them out of the pennant race.

"Buddy" Ryan will get back in the game today, and Manager Mac will take a rest. The outfield will be well looked after with such players as Ryan, Graney, and Spence. The job of the last two are hitting like wildfire, and Ryan thinks that his long rest has done his batting eye a lot of good. The infield has been working nicely. The tall manager made a wise move when he brought Cooney to his Coast League squad, for the boy puts up a great game around second base, and seems to inject a lot of ginger into the team. With the pitching staff working right the Beavers should take the series. The game starts at 3 o'clock.

Marines Will Try Athletics. WASHINGTON, Sept. 20.—There is a movement on foot in the Marine Corps at Washington for a broader development in athletics than has heretofore characterized the life of marines here. Baseball, football, track events and possibly aquatic sports are to be taken up and games arranged with the leading military and naval teams of the country, providing the plan as discussed by the War Department is approved by the War Department. Should the Corps go in for athletics extensively they might be able, it is suggested, to bring the famous West Point-Annapolis football game to Washington at times.

Team Expects to Have Easy Time With Clipped Angels on Local Diamond This Week.

BY WILL G. MAC RAE. GLENDALE, Ore., Sept. 20.—(Special.)—Both the Portland and Los Angeles baseball teams were held up here this afternoon on account of a wreck which delayed traffic for seven hours.

When McCreevy took that Seal game it was pretty rank, but when Van Halgren got busy last Friday, the crime of baseball on the Coast was committed. The decision of calling an Oakland player safe at home, the tying run, after the runner had run clear around Catcher Murray, who was being thrown out by the pitcher, and caused McCreevy to explode for the first time on the trip. SOCCER GAMES COMING

PORTLAND FOOTBALL ASSOCIATION TO MEET. Body to Elect Officers and Plan Contests for Season—League Is Favored.

The annual mass meeting of the Portland Football Association, the governing soccer body here, will be held Friday night of this week, at 8 o'clock, in the new Y. M. C. A. building, at the corner of Seventh and Taylor streets. New officers will be elected and a general discussion held concerning the form of the 1909-10 city league is to take, to what extent Sunday play shall be played, and other soccer issues. Until after this general meeting it will not be evident how many soccer teams Portland will have this fall, last year there were five, an increase of two over the year before. Many suggestions have been advanced looking toward a solution of this fall's problems, which are hard ones to settle. Some favor a league of teams that play only Saturday ball and another of those that can meet only Sundays, with a play-off in the Spring to determine the city champion. Others, who are anxious to be a more proportionate quality of some of last season's clubs, urge formation of a senior and an intermediate league. The principal objection urged to both these ideas is a possible lack of players to run two leagues, as it was hard to keep five elevens going successfully last year. Soccer interest is lively this fall, however, and it is believed some good working basis will be evolved Friday night. The cricketers are getting what promises to be a fine senior eleven under way and the old Multnomah team has begun practice. A third team has gone through preliminary organization. The O. R. & N. club of last year has not reported whether it will come out again. There has been considerable talk of a Y. M. C. A. team but while that organization is anxious to take up soccer, it is likely to postpone the innovation for a season. Over a dozen prominent players in last season's teams have left town but their places have been made up by a number of numerous arrivals from towns where soccer is a familiar game. Judge Cameron is president of the Portland Football Association, K. K. Baxter is vice-president, Tom Burns secretary and James G. Macfie treasurer.
