NEW PASTOR INSTALLED.—Rev. Frank DeWitt Findley was installed as pastor of the First United Presbyterian Church, Sixth and Montgomery streets, on Monday evening, by the Presbytery of Oregon. Rev. John L. Achison presided and preached the sermon. Rev. J. A. Spear gave the charge to the people and Rev. S. Earl DuBois addressed the pastor. The address was all interesting and helpful. The choir also gave several choice selections under the direction of Mrs. C. C. Tripp. After the benediction was pronounced by the pastor the members of the congregation extended him a very cordial greeting. Since Mr. Findley's assumption of the pastorate in June a very marked revival of interest has manifested and the congregation is looking forward with confidence to an increased activity in all lines of work during the Fall and Winter campaign. Mr. Findley is at present attending the meeting of the synod of the Columbia at Everett, Wash. He will return Saturday.
DAVIS SCHOOL OPENS TODAY.—Announcement was made yesterday by Superintendent of Schools Rigler that the Davis school will be opened this morning. This is the last of the schools to be opened and by next Monday, with all the schools in session, something of a true basis of comparison can be made showing the relative growth of population of the city as indicated by the increased school attendance. It is estimated that the Davis school the book lists will be given out, lessons assigned, students assigned to their various classes and all the preliminary work will be completed by next Monday. Superintendent Rigler is especially anxious that pupils report at the Davis school in view of the late opening of this institution.
CITY NAMES ARCHITECTS.—Naughton, Raymond & Lawrence were recommended by the Fire Commission at a meeting held yesterday afternoon to be architects for the fire engine-house to be constructed in North Albina. D. B. Flickinger was recommended architect for the fire engine-house to be constructed at Mount Taber. The members of the Commission, after the meeting, made a trip to inspect a lot owned by where it is planned to place another engine company.

COUNT TO BE FULL

Oregon Need Not Fear Incomplete Census, Says Beach.

PRELIMINARY WORK STARTS

Supervisor Says That Canvass Here Will Be Just as Thorough as Elsewhere—Federal Agents Are Already Busy.

"There is no occasion for alarm on the part of the people of Oregon as to the thoroughness of the Federal census which is to be taken in this state next spring," said Census Supervisor Beach yesterday. "Despite the extravagant claims of bordering states, Oregon will be supplied with just as many enumerators, proportionately, as any other state, and the determination of the state's actual population will be worked out just as completely as it will be in any other section of the United States. Only competent enumerators will be employed and the bona fide population of the state will be disclosed as a result of the census."

BEACH DECLINES INVITATION.—Seneca C. Beach, State Senator and member of the firm of Mann & Beach, printers, yesterday telegraphed his declination to the invitation of the United Typothetae of America to be present at a special meeting of that organization at Chicago, Ill., October 18-19, and deliver an address on "Our Relations With the Supply." Beach is recognized as the foremost organization of employing printers in the United States. This is the first time that a representative of the profession in this section of the country has been invited to participate in the programme of the National organization. Senator Beach has contributed numerous articles to prominent printers' publications of the country in which subjects germane to the discussion assigned him were reviewed and it was due only to a press of business which made it necessary for him to decline the invitation tendered.

BANDS TO BE ORGANIZED.—Scottish residents are overjoyed to learn that arrangements have just been completed whereby Portland is to possess a bandpipe band consisting of eight or more pipers with kettle drums and big drum artists. The head of the new musical combination is Pipe Major Macdonald who for several years past has played bagpipes at the Scotch concerts of Clan Macleay, No. 152, Order of Scottish Clans, and other societies, and is considered to be one of the best pipers on the Pacific Coast. The pipers would have organized some time ago but had to wait on a big drum player who has just reached Portland to make his home here. The first parade of the new bandpipe band is being awaited with keen interest by the Portland Scotch. An eminent musical critic in England—recently gave it as his decided opinion that there is no music in bagpipe playing. "Hot mon," said a Scot, who heard the criticism. "The body diana ken you better. He lives in Englan' and talks water 'n' his whisky!"
