Cut in Deficit Without Impaired Service, Goal of Postmaster-General.

SALARIES ARE TO STAND

Head of Federal Department Speaks at Postmasters' Convention and Is Guest at Luncheon at the Commercial Club.

Retrenchment in the postal department without impairing the efficiency of the service is the difficult problem which Frank H. Hitchcock, Postmaster-General, who visited Portland yesterday, has tackled. It is the purpose of Mr. Hitchcock to effect a reorganization of the postal service and, by applying the pruning knife to needless expenditures where they may be discovered, eventually to wipe out the deficit of \$20,000,000 which was reported last year from the postoffice department.

"In my administration of the postoffice department, efficiency of the service will be the first object," said Mr. Hitchcock yesterday. "The trip I am now making is for the purpose of acquainting myself with the needs of department throughout the country and at the same time to investigate the administration of this service with a view to effecting its complete reorganization and at the same time to bring about a reduction in the deficit which has been increasing annually for some time. It is as an aid to that end only that the cost for registering letters has been advanced to 10 cents.

Item Will Add Million.

"The increased receipts from this revenue alone are expected to add at least \$1,000,000 annually to the postal receipts for the country. Reduction of salaries are not contemplated as to-

By this committee the Postmaster Corporal was entertained at master-General was entertained at breakfast at the Portland Hotel. At 10 velock Mr. Hitchcock delivered an ad dress before the postimisters at their convention at the Commercial Club. The necessity for reorganizing the postal service with a view to reducing the annual deficiency in this depart-ment without sacrificing the efficiency of the service constituted the keynote of his remarks.

In his address before the postmasters of the state, of whom probably 50 of the 80 first-grade postmasters were in attendance, Mr. Hitchcock displayed an intricate knowledge of the depart-ment of which he is the official head. present Postmaster - General has the advantage over his predecessors in that he entered upon his official duties with a knowledge of the reasibility assumed. Under George L sponkibility assumester-General, Mr. Won Meyer, ex-Postmaster-General, Mr. Hitchcock served as First Assistant Postmaster-General during the admin-Postmaster-General during the administration of President Rooseveit. During that time he acquired a detailed
and practical knowledge of the workings of the department which has
proved of incalculable advantage to
him upon succeeding to his present important position in President Taft's
Cabinet. Mr. Hitchcock is probably
best known to Oregon people as the
National chairman of the Republican
party in the late Presidential election.
In that campaign he demonstrated remarkable ability as an organizer, and An that campaign he demonstrated remarkable ability as an organizer, and the election of President Taft by so decisive a verdict was in no small measure due to his efforts.

Judge Williams Rallies From Surgical Operation.

RAPID RECOVERY EXPECTED

Distinguished Jurist Passes Through Treatment Satisfactorily and His Attending Physicians Are Exceedingly Hopeful.

Rallying from a surgical operation perormed yesterday morning at Good Samaritan Hospital, Judge George H. Willlams was reported in a condition late last AGED CITIZEN ONCE SERVED ON night that forecasts a rapid and entire recovery from his present illness, which has for the past few days alarmed his relatives and friends. Drs. A. E. Mackay and Kenneth A. J. Mackenzle, the attending surgeons, made an examination of the distinguished patient at 10 o'clock last night and announced his condition en-

would be expected."

The present illness grew out of a malady in mild form of long standing. After participating in a meeting of the Taft alrangement committee, of which he was a member, Judge Williams went to his home and did not come to his offlice on the following morning, as is his custom. For ten days his condition remained normal, when it was decided an operation was necessary. He was removed to Good Samaritan Hospital late Wednesday evening.

For several years the City Treasurer had difficulty in disposing of tag No. 12.

Then Frank E. Watkins, one of the present members of the City Council, and well known as a dog fancier, appeared one day and asked that he be given the number 13 for his dog. That was five years ago, and ever since that time Mr. Watkins has regularly ap-peared at the Treasurer's office several

days before the yearly sale of licenses began, and, depositing the proper amount of money, he has requested that dog tag No. 13 be reserved for him. Watkins says that the number 18 seems to bring good luck to his dog.

The cystotomic operation undergone by Judge Williams yesterday morning was successful beyond expectations, said the physicians.

"Were it not that Judge Williams, although aged, has the fire of youth in his veins and a well-preserved, strong constitution, there would be cause for alarm," said Dr. Mackay. "It is very difficult, however, in such a case to determine whether or not his condition is what it seems. There might come a change for the worse any moment. In fact, such a change in ordinary cases would be expected."

The Addition with Character

SUGGESTIONS AS TO THE CHOICE OF A HOME If you have no home of your own, go out and take a look at LAURELHURST.

If it pleases you-and we know it will-let us tell you how you can have a home there. Let us show you how you can save the money you are now losing by paying rent, and use it in paying for a home of your own. If you have a home of your own that does not exactly suit you, let us show you

how you can make a good deal by selling it and building a new one in LAUREL-These are simple business suggestions, which you will find it profitable to follow.

Think it over, and set promptly. There is nothing like the spirit of progress that impels one to do today what might be put off until tomorrow. Get the spirit.

LAURELHURST is called the "ADDITION WITH CHARACTER," because it is in a class by itself.

It is distinctive. It has a character peculiarly its own, and cannot be compared with any other residence district in any city on the Coast.

IMPROVEMENTS ORDERED MADE

If you buy in LAURELHURST, you will not have to wait for years to have your public improvements made. The City Council at its meeting held yesterday granted the petition of LAURELHURST CO. to improve all of the streets by grading, laying curbing, sidewalks and asphalt pavements, and constructing sewers, and water mains on every street.

The City Engineer is preparing plans and specifications and the contracts for these improvements will be let in a few days.

All of the improvements except the paving will be completed this year, and at least 25 per cent of the paving will be completed before Christmas.

PRICES OF LOTS

With all of its advantages and attractions, the prices of lots in LAURELHURST place them within the reach of every one who saves money. The prices range from \$750 to \$1500 per lot at the present time. That is just about one-half the price of similar property in other locations.

These prices will advance very materially within a few months. The terms of payment are easy and we can assist you financially if you desire

SPECIAL INDUCEMENTS will be made to those who purchase this month, also to those who commence building this year. Call at our office, or go and see the property. We will esteem it a privilege to show you what we have to offer, whether you buy or not.
