CRUISE IN LAUNCH FATAL

Excursion Party Lost After Collision on Hudson.
NEW YORK, Sept. 24.—A 33-foot launch containing a woman and three or four men was run down by a tugboat in the Hudson River, opposite Ninety-second street, before daylight today, and it is believed that all the occupants in the launch were drowned.
The launch, named the Madegar, was one of scores of such vessels which have been constantly flitting about the American and foreign warships in the river, incident to the Hudson-Fulton celebration. It is believed that the occupants of the launch had been visiting on board one of the American battleships and were returning to shore when the Madegar was struck by the tug. The launch was not overturned and was barely scratched,

DRY PARTY TALKS POLICY

Prohibitionists Celebrate 40th Anniversary in Chicago.
CHICAGO, Sept. 24.—The policy of the prohibition party in the National campaign of 1911, and possibly the Presidential candidate will be tentatively determined today by the scores of party leaders who are in Chicago to celebrate the 40th anniversary of the founding of the party at the site of Farwell Hall, in which the party was organized in 1869.
Notable members of the party, including former candidates for the Presidency and Vice-Presidency, are in attendance, and it is asserted that the gathering will be tantamount to a national convention in point of attendance of men who direct the affairs of the party.
It is said that a movement is on foot to have adopted a rough draft of a 1913 platform which would deal with current conditions politically, tariff and other things, as well as the basic principle of the abolishing legalized liquor traffic.
Among those here are: John Russell, aged 87, temporary chairman of the first convention and prohibition Vice-Presidential candidate in 1872, who arrived from Boston yesterday, and John P. St. John, of Kansas, 76 years old, who was the Presidential candidate in 1884.

ENGINE TRAVELS HIGHWAY

Grants Pass Will Use New Transportation Method.
GRANTS PASS, Or., Sept. 24.—(Special.)—The ponderous traction engine and its train of lumber trucks recently purchased by Spalding Bros. to convey lumber from Love's Station, 12 miles south of here, made its trial trip yesterday in good shape, and brought to the local mills 40,000 feet of different cuts of lumber. This amount will be increased as soon as the road is put into shape. As the outfit takes a track about ten feet wide, it is necessary to have regular stations, and a person in advance to notify others of its coming.
The outfit created considerable excitement as the heavy machine poked its nose up the main thoroughfare, and horses that were used to the automobile

MR. NEWLYWED IS STUNG

Groom Finds Proof of Bigamy in His Bride's Trunk.
KANSAS CITY, Sept. 24.—When he found four marriage certificates in his wife's trunk, Frederick Chapman, of this city, who believed he had married an unsophisticated country girl, investigated further and discovered what he considered evidence that Mrs. Chapman had not been divorced from her last husband.
Chapman confronted his wife with the certificates and she confessed to previous alliances. He then preferred charges of bigamy against her and she was arrested last night.
According to an alleged confession to the prosecuting attorney, Mrs. Chapman admitted having been married to five men besides Chapman, and said she had deserted each of them.
