

THOUSANDS SEE SHRINERS DRILL

Newly-Elected Officers Are Installed and Appointments Are Announced.

NEXT MEETING AT SALEM

Senator Chamberlain, as one of the judges of baby show at Baker Fair, makes speech as he presents gold medal.

BAKER CITY, Or., Sept. 24.—(Special.)

With cheers and shouts for Baker City's hospitality, the Knights Templars and Shriners who have been holding their annual state meeting, departed this evening at 6 o'clock on their special train for Portland and Valley points.

This forenoon at 10 o'clock the Alexander team of Portland, gave an exhibition drill which was witnessed by several thousand people. Immediately afterward public installation of the newly elected officers was held in Masonic Temple.

Grand Commander Taylor announced the following appointments:

Appointments Are Announced.
Louis G. Clarke, grand prelate; D. B. Grant, grand standard bearer; W. F. Lacey, grand sword bearer; E. E. Kiddle, grand warden; D. G. Tomastin, grand captain of the guard.

Committee on Jurisprudence—A. N. Enapp, F. H. H. Mason, M. D. Clifford, G. W. Donnell.

Committee on Finance—C. E. Roosevelt, George S. Calhoun, Jay Tuttle.

Committee on Correspondence—John M. Hodson, George H. Burnett, F. S. Bailie.

Special committee for revision of constitution and code—Judge Frank A. Moore, W. A. Cleland, David P. Mason.

Salem was chosen as the place for holding the next annual meeting.

This afternoon was spent by the Shriners and Knights at the fairgrounds, where they were the guests of Baker City.

Among the other special attractions arranged to entertain the visitors was a baby show, by special request of the Fair Association, Senator George Chamberlain, Philip Metcham, W. C. Bristol and W. E. Grice, of Portland, and judges. When the Baker County mothers lined up before the grandstand with their babies, Mr. Grice hesitated and stepped behind Senator Chamberlain. The silence was oppressive for a moment, but the Senator saw there was no way out and he addressed the mothers, telling them what a handsome bunch of babies was in attendance. Holding the gold medal in one hand, he said:

Senator Presents Medal.
"It is very difficult to judge so important a matter as this, especially when all of these babies look so pretty, but after consultation with the other judges we have decided to bestow this medal on little Kathleen K. Kinnison, daughter of Mr. and Mrs. Henry Kinnison, of Baker County."

After remaining at the fairgrounds until 5 o'clock, all visitors entered their special train and took up their homeward journey.

ANDERSON GOES TO PRISON

Gets Drunk and Now Must Serve Penitentiary Sentence.

ASTORIA, Or., Sept. 24.—(Special.)—Fred Anderson, who was arrested by Deputy Sheriff McLean and Patrolman Wilson a few days ago on a charge of breaking his parole, was arraigned in the Circuit Court this afternoon and ordered taken to the Penitentiary to serve his sentence of two years.

Some months ago Anderson pleaded guilty to an information charging him with the larceny of a quantity of meat and provisions from the highhouse tender Heather. Execution of the sentence was suspended during good behavior, the special injunction of the court being that he was not to drink. Last week Anderson came to the city and got intoxicated, with the result that he was arrested, and must now serve out his sentence.

KELSO BUYS CHURCH SITE

To Move Edifice to Make Room for New City Hall.

KELSO, Wash., Sept. 24.—(Special.)—In a deal which closed last night, the City of Kelso purchased the Christian Church property on Second street, which adjoins the property purchased recently for a City Hall to enable the city to have a full half block for the municipal structure.

The transfer involves the purchase of the Baptist Church property on Third and Pine streets by the city for \$1800. Mrs. T. M. Reese and Mrs. J. D. McGowan were the owners of the church property. The city will have the church on to the new lots and make several improvements.

GRIDLER TO BE ASSISTANT

Mining Expert Will Teach at University of Oregon.

UNIVERSITY OF OREGON, Eugene, Or., Sept. 24.—(Special.)—Richard L. Gridler, a holder of degrees from the University of Oregon and the Colorado School of Mines, and a man of four years of experience in the practical field of mining engineering, has arrived at Eugene to take up his duties as an assistant professor in the mining department.

Mr. Gridler was at the University of Oregon from 1888 to 1892, and at the Colorado School of Mines from 1892 to 1895, where he received an E. M. degree. From college he went to Siskiyou County, California, where he was the superintendent of the Mississippi placer mine for four years.

ROAD BONDS PLEDGED

PORTLAND PARTIES PROMISE RAILROAD TO COOS BAY.

Marshfield and Roseburg Commercial Clubs Receive Proposition for Trolley Line.

ROSEBURG, Or., Sept. 24.—(Special.)—At a meeting here last night of Marshfield and Roseburg business men, Frederick Kuetner and Jacob Haas, both of Portland, pledged themselves to furnish a bond of \$20,000 to build an electric trolley line from Roseburg to Marshfield within 24 months after the survey is completed and the right of way secured by local people.

Kuetner and Haas left for Portland this morning to prepare a draft of a bond to send here for the approval of the committee under whose supervision the promoters agree to work.

The Portland men agree to build the road within two years and have it in operation within that time if the people will secure rights of way and make a permanent survey from Marshfield to Roseburg. The survey and rights of way are to be a donation to the builders of the road, but no deeds are to be passed until the road is completed.

A committee composed of Peter Lagasse, P. Murphy and J. W. Snover were here from Marshfield to confer with members of the Roseburg Commercial Club.

Mrs. Mayr Seizes Household Goods and Suits Follows—Another Chapter Added to Suit.

LOS ANGELES, Cal., Sept. 24.—(Special.)—Another chapter is to be written in the celebrated case of Mrs. Anna Etta Mayr against her husband, Walter A. Mayr, a well-to-do manufacturer's agent with offices in the Citizens National Bank building.

Some time ago Mr. Mayr went back to Chicago to secure several thousand dollars of the Socialist lawyer, had some sort of a document which purported to give him title to the furniture. Mayr was able to convince the lawyer that Mrs. Mayr had no legal right to dispose of the property.

The furniture was shipped to Los Angeles. Mrs. Mayr got wind of the shipment and presented herself at the office of the transportation company with a demand for the furniture. The property was turned over to her and taken to a fashionable apartment-house on Alvarado street. Mayr notified the freight company that they would be responsible.

The concern proceeded to bring suit to recover the furniture.

PAUPER DEAD CAUSES ROW

Commissioner Tells Coroner He Will Stand No Graft.

SPOKANE, Wash., Sept. 24.—(Special.)—It is believed that the county should pay a reasonable sum for the burial of its pauper dead. To let any undertaker have the contract at a fraction of a cent, or make a morning when Coroner Schlegel's statement that he believed the county should pay for the work done was met by plain talk from Commissioner McBroon.

This climax in the present trouble in securing some disposition of the county's pauper dead during the coming year was reached this morning when Coroner Schlegel's statement that he believed the county should pay for the work done was met by plain talk from Commissioner McBroon.

BROWN ORDERED TO PRISON

Patricide Will Be Confined in Insane Ward at Walla Walla.

CHEHALIS, Wash., Sept. 24.—(Special.)—Judge Rice has issued an order that Tom Brown, the professional who this week made an ineffectual attempt to secure his liberty in the Superior Court, be committed to the insane ward of the Walla Walla prison.

Brown killed his father about four years ago, and a jury found him "not guilty by reason of insanity." When the case came up this week on a hearing to show that Brown was a fit person to be at large, attorneys from the outside testified that, under the showing made, the young man was still insane, and his attorney moved that the procedure be dismissed.

POTATOES ARE GOOD CROP

La Grande Farmers Expect Big Yields This Fall.

LA GRANDE, Or., Sept. 24.—(Special.)—The Grand Rapids Valley will soon be flooded with potato-biggers and prunepickers and packers. One of the finest prune crops in the history of the valley is being gathered and hauled to the packing-houses this week. Potato-digging will begin Monday. The acreage is large this year and the yield heavy.

Exhibition potatoes weighing from 2 1/2 to 4 1/2 pounds are being collected for fall fairs.

Two box cars were smashed into kindling wood. One was loaded with empty beer kegs and the other with the household furnishings of Rev. J. J. Cowell, moving from Elsie to a winter home.

No one was injured, but the engineer and fireman had a very narrow escape, as one of the boxcars was nearly telescoped into the cab. The train was composed of sleepers and several baggage-cars. The passengers were badly shaken up.

A combination baggage and passenger-car belonging to the Centralia Eastern was smashed to pieces. The noise of the wreck was heard all over town.

LOW RATES PLEASE EAST

ALTHOUGH WITH COMPETITION, TRAVEL IS HEAVY.

First Test of Reduced Fares Is Highly Gratifying to Officials of Eastern Roads.

CHICAGO, Sept. 24.—(Special.)—Passenger officials of Eastern railroads are rejoicing over the result of the first year of summer tourist rates in Eastern territory. Although complete figures have not been made, as the season does not close until September 30, there is every reason for believing that the reduced rates increased travel to Eastern resorts between 40 and 50 per cent.

The result would have been much larger had it not been for unusual attractions in the West. Apparently the increase in passenger travel in the East was not at the expense of travel in the West, as the latter has shown a marked increase over last year. Eastern resorts had to compete this Summer not only with Western resorts, but with a number of popular conventions held on the Coast, and with attractions offered by the Alaska-Yukon-Pacific Exposition. Travel to the exposition has exceeded all estimates.

Eastern roads will hereafter maintain lower summer rates from Canada and the Middle West to the seacoast.

BEYOND RECALL IN CANADA

"No Fund" Men Safe When They Cross Border Line.

OLYMPIA, Wash., Sept. 24.—"No funds" check artists who induce citizens to advance funds on their worthless paper are safe if they flee to Canada, according to an opinion rendered to the Governor by the Attorney-General.

Authorities at Ellensburg applied to the Governor for a requisition for R. R. Sterling, who, in November, 1908, is alleged to have defrauded a number of Ellensburg people with checks drawn upon the Washington National Bank of that city, where he had no balance. Sterling, under the name of Douglas Clarke, is in jail at Saskatoon, Saskatchewan, Canada, and will be given his liberty September 23, upon completion of his sentence.

The Governor submitted the matter to the Attorney-General, who ruled the requisition could not be issued, as the passing of no-fund checks is not an offense covered by the treaty between Canada and the United States, regarding the surrender of criminals.

MARSHFIELD, Or., Sept. 24.—(Special.)—During the past few weeks forest fires have been causing a considerable loss for the C. A. Smith Lumber & Manufacturing Company. In the Coquille Valley there has been fire in the big timber, and the forest warden has helped greatly in fighting the flames. It is believed that the worst is now over.

George Guerin, the fire warden of the company, has had a big force of men fighting a fire outside Myrtle Point.

Improvements Ordered

All Streets in Laurelhurst to Be Paved at Once

At its last meeting the City Council granted the prayer of the petition of LAURELHURST CO. for the improvement of all the streets of LAURELHURST. The City Engineer has been instructed to prepare plans and specifications for the work, and will have them ready at the next Council meeting. Then the contracts will be let for the whole addition.

These improvements include the grading of all streets and the laying of water mains and sewers, six-foot cement sidewalks and asphalt pavement on every street. The streets will be brilliantly lighted by cluster lights, adding greatly to the attractiveness and desirability of the property.

Laurelhurst

The Addition with Character

will be most interesting on account of the large amount of work that will be done in so short a time. The work of improvement will be begun within a few days and will be carried to completion at the earliest date possible.

We expect to have all of the improvements, except the paving, fully completed before the close of the year and to have at least 25 per cent of the paving completed at the same time.

A number of those who have purchased lots are planning to build at once, and LAURELHURST will be a most active place within the next thirty days.

One of the greatest attractions of LAURELHURST is the fact that it will be COMPLETE.

PRICES OF LOTS

Lots in LAURELHURST can be purchased now at from \$750 to \$1500 each. These prices will advance materially within a few months. The terms of payment are easy, and we can, if you desire, assist you to build a home.

SPECIAL INDUCEMENTS will be made to those who purchase this month and also to those who will commence building this year.

We will be pleased to have you call on us, and will esteem it a privilege to show you what we have to offer, whether you buy or not.

To visit LAURELHURST, take either the Montavilla or the Rose City Park carline. Both go through the property. Office on the ground at East Thirty-eighth street.

MOORS ARE HUNGRY

Lack of Provisions Hinders Further Attacks.

TRIBESMEN GIVE UP ARMS

Rumors of Surrender and Attempts to Sue for Peace Are Reported, but Spanish Terms Said to Preclude Their Acceptance.

MEHILLA, Sept. 24.—Hunger is setting in its deadly work on the army of the Moors. For this reason, only a few isolated attacks were made on the Spanish forces today.

One of General Martini's staff officers says that the enemy is in a critical condition and without food.

Numerous tribesmen are coming in, surrendering their arms and seeking peace.

MULAI HAFID MAY BE INVOLVED

Real Spanish Moroccan War May Be Brought About.

MADRID, Sept. 24.—It is generally believed here that the complications which have arisen between Spain and Mulai Hafid, the Sultan of Morocco, are likely to result in a Spanish-Moroccan war—that is, a war between Spain and the forces of the Sultan of Morocco, in distinction from the fighting going on today, which is limited to the Moorish tribesmen inhabiting the Rif coast.

Spain today has more than 50,000 troops in Northern Africa, with 12,000 more mobilizing for service there, and the government feels that only the brilliant completion of the work begun can defeat the plans of its political enemies at home.

The decision of France to disregard Mulai Hafid's protest has caused a great sensation here. It is understood that the United States, Great Britain, Germany and Russia will adopt the same attitude.

SULTAN WANTS INTERVENTION

French Minister Says His Country Cannot Interfere.

WASHINGTON, Sept. 24.—The attempt of the Sultan of Morocco to obtain foreign intervention in the conflict between his country and Spain was defeated in a dispatch made public today from United States Minister Dodge at Tangier to the State Department.

Mr. Dodge added that the French Minister to Morocco, who is dean of the diplomatic corps, was about to address a circular note saying the French government did not consider this a case in which it could take action.

It is not thought the United States will take part in the adjustment.

Spaniards Flank Moors.

MEHILLA, Morocco, Sept. 24.—The operation of clearing and cleaning up the peninsula north of Mehilla continues with little resistance. The Spanish forces now hold an entrenched line to sea on the west to the foothills of Mount Gurgus to prevent the Moors getting to their rear and they have occupied an important strategic position at Nador, to the southward. CITY SECURES PROPERTY

Judge McCredie Settles Ownership of Disputed Highway.

VANCOUVER, Wash., Sept. 24.—(Special.)—By a decision handed down by Judge McCredie, the City of Vancouver has acquired title to a narrow strip of ground between property fronting on Reserve street and between the street line and the military reservation, below Fifth street.

The strip of ground in question has been used as a public highway for 50 years, but some time ago the persons owning property on this part of Reserve street put a force of men to work and fenced another strip of ground.

The City Attorney secured an injunction, preventing the completion of the barrier and the decision of Judge McCredie makes the injunction permanent.

Another resolution was adopted yesterday by the City of Vancouver.

SPOKANE, Sept. 24.—Imprisonment at Walla Walla for one to 20 years was the sentence pronounced by Judge Webster this morning.

Lindquist pleaded guilty to a charge of manslaughter, having stabbed Victor Lillie, another prisoner, after a saloon brawl in this city on June 3.

Dr. Pierce's Favorite Prescription

Is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regular graduate physician—an experienced and skilled specialist in the diseases of women.

It is a safe medicine in any condition of the system. THE ONE REMEDY which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

THE ONE REMEDY so good that its makers are not afraid to print its every ingredient on each outside bottle-wrapper and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine of known composition. No counterfeit is as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is trifling with your most priceless possession—your health—may be your life itself. See that you get what you ask for.
