Taft's Final Day in City Eventful

Big Crowds Await Him on All Sides.

Two Speeches Are Delivered

President Attends Church, but Is Much in Open Air.

Visit Is Declared Ideal

Executive Has Warm Words for Portland Hospitality and Is Evidently Loth to Depart When Hour Arrives.

FINAL DAY OF TAFT'S PORTLAND VISIT.

8 A. M.—Aries.

9 A. M.—Breakfast with labor representatives and friends.

10 A. M.—Returns to apartments to receive callers.

10:55 A. M.—Walks to First Unitarian Church and attends services.

12:10 P. M.—Returns to hotel to attend to official correspondence and receive callers.

1:30 P. M.—Dines with state officials and friends.

2:10 P. M.—Goes to St. Mary's Academy and speaks to children.

4 P. M.—Lays cornerstone of First Unitarian Church.

5:08 P. M.—Returns to hotel and prepares to leave city.

5:42 P. M.—Is driven to Union Depot.

6:06 P. M.—Departs on special train for California.

President Taft closed one of the happiest and most delightful visits of his life late yesterday afternoon, when he boarded his special train at the Union Depot and departed from Portland, southbound. He said as much himself, and with unmistakable sincerity, as he stood on the observation platform of his car and bade farewell to those who had assembled to see him on his way.

"It has all been delightful, I can't thank you enough for the way I've been treated. I've never had a happier visit," he said—not once, but many times, as he stood shaking hands with friends and officials.

Taft Bids City Farewell.

Until the departing train was lost to view he stood on the platform, smiling and waving back at those gathered about the depot grounds. He seemed loth to go, and it was not until the train had passed onto the Steel bridge that he turned into his car. The President took with him from Portland only the happiest memories. His choice in selecting Portland for the longest stop of his itinerary, New Orleans alone excepted, was justified.

The final day of the President's Portland visit proved eventful. Little had been planned in advance as it was wished to leave him to his own wishes. But he seemed anxious to get about in the sunshine of another perfect Oregon day, and far less time was spent by him in his apartments than had been expected.

Many Callers Are Received.

During the morning he received many callers—friends, officials, citizens, representatives of the labor unions and politicians. These he met in his private reception-room and talked earnestly with them of the things that interest and affect Portland and Oregon generally.

He dined with parties of friends and officials at breakfast and dinner, attended church in the forenoon, addressed the Catholic school children of Portland at St. Mary's Academy, and laid the cornerstone of the First Unitarian Church in the afternoon. It really bordered on an arduous day, but the President enjoyed it all and left the city looking fresh and fit.

How Morning Was Spent.

He was up at 8 o'clock had a bath, looked over the Portland papers and at 3 o'clock breakfasted with representatives of labor organizations and a few friends. Returning to his apartments at 10 o'clock, he remained for 55 minutes receiving callers.

At 10:55 o'clock he walked across the street from the Portland Hotel to the First Unitarian Church for the regular services. An automobile was in waiting for him, but he was impelled by the delightful morning to walk. An immense throng of people had gathered in anticipation of his appearance, and he was enthusiastically greeted. There was no effort, however, to get inside the police lines and crowd about him.

State Officials at Luncheon.

A brief and effective sermon was preached by the pastor, Rev. W. G. Elliot, Jr., and immediately after the service, at 12:35, the President walked back to his apartments where he received a few callers and attended to pressing official correspondence until 1:30 P. M., when he was guest of honor at luncheon in the west grill of the hotel. The luncheon was attended by state elective officers and a few invited guests.

At 2:10 o'clock he entered an automobile and was driven to St. Mary's Academy, where a pretty scene awaited him.

COLLEGE TOUGHS ARE NOT WANTED

UNIVERSITY OF NEBRASKA ALSO DISLIKES "SISSIES."

Chancellor Avery Says He Desires More Hard Study and Real Manhood in Students.

LINCOLN, Neb., Oct. 3.—(Special.)—The University of Nebraska makes it clear that it does not desire the patronage of tough, swaggering students, who are conspicuous more for their loud clothes and actions than for their scholastic abilities.

Neither does the University desire the commonly-known "easy" students, who run largely to pink tees, but who rarely startle the world with their knowledge or usefulness.

Chancellor Samuel Avery outlines the kind of student the faculty most desires in a crisp speech. He said the university intended to have less of frivolity and more real study and manhood-making.

The chancellor called attention to the fact that no poor student had ever brought discredit upon the university. He welcomed these earnest boys and girls who were willing to do any honorable work while getting through school.

GERMANY CAUSES ALARM

Said to Be Landing Guns at Morocco for Government.

MADRID, Oct. 3.—Dispatches from Gibraltar today say German steamers are disembarking cannon and large quantities of guns and ammunition at Morocco ports destined for the government.

Great Britain and France, it is said, have been informed of the situation and while they are guarding neutrality, they are seeking by diplomacy to prevent a collision.

The attitude of the Sultan is said to have caused ministerial anxiety. Fears are entertained that he may desire to initiate a general war between Spain and Morocco.

POPE TOO ILL TO RECEIVE

Doctors Insist Pontiff Must Have a Complete Rest.

ROME, Oct. 3.—For several days the Pope has been ill, but he continued to see visitors, hoping to overcome what is considered a slight indisposition.

Yesterday he received in audience one of the archbishops, who noticed that the pontiff appeared tired and languid. After the audience the symptoms became aggravated, there being considerable pain and swelling in the leg, which indicated recurrence of the gout.

Although the attack is slight, the Pope's doctors have insisted upon complete rest and the audience has been suspended.

Ride Through Attractive Residence Section Is Continuous Ovation and Homes Are Bright With the National Colors.

Choking the street in four directions and overflowing lawns and vacant lots, the greatest concourse to listen to President Taft speak in Portland gathered yesterday at Broadway and East Twenty-fourth streets and heard the President's address preliminary to placing the cornerstone of the Church of Good Tidings, First Universalist.

Perfect weather and the arrangements at the church made the occasion most admirable for all who wished to witness the function, and more than 15,000 persons took advantage of the opportunity.

Platform in Full View.

The First Universalist Church stands on a slightly corner lot, and the cornerstone was well above the ground on which the unfinished edifice stands.

An elevated platform jutted out from the corner, over which was furled canvas to be used in case of inclement weather. Flags, bunting and mottoes decorated the framework of the building.

The church was reached by the President and escort after an automobile trip from St. Mary's Academy, through gaily decorated streets thronged with waving, cheering people. Wasco street, typical in its beautiful homes of Portland's prosperity, was most gorgeously attired.

Neighbors Gather on Lawns.

Great flags hung at nearly every residence, and on the lawns friends and neighbors from other streets joined the householders in happy parties intent on

9 DEAD, 2 DYING IN ROSLYN MINE

Fire Follows Gas Explosion.

SHAFT IS FURNACE BLAST

Shock Tumbles People Panic-Stricken Into Streets.

AWFUL SIGHT MEETS EYE

Women and Children Cry and Moan as Loved Ones, Frightfully Scorched, Are Taken From Tomb—Cause Is Unknown.

ROSLYN, Wash., Oct. 3.—(Special.)—Fifteen men are believed to have been killed or fatally injured in an explosion of gas in the shaft of mine No. 4, of the Northwestern Improvement Company, at 12:45 o'clock this afternoon.

The mine in the neighborhood of the shaft is burning fiercely, flames rushing through the shaft with an awful roar. The electric pumps are cut off, and the water supply in the city is very low. It is thought the fire in the shaft will not affect the other mines, but it may be six months before the shaft can be put in working condition again. It is said that the shaft is caving in and other explosions may occur at any time.

Nine Known Dead.

The known dead: William Arundel, track man. Dominic Bartolero, trackman. Dan Hardy, trackman. Philip Posarich, trackman. Tom Marsolyn, trackman. John E. Jones, pumpman; son of John X. Jones. Carl Berger, gang foreman. Aaron Isaacson, laborer. James Gurrell, trackman. Those who are injured and not expected to live are: Otto Newhouse, outside foreman. John X. Jones, engineer. The cause of the explosion is unknown. The fire hoses had just left the mine and had reported all well. Had the accident occurred on a work-

AMERICAN FARMERS FLOCK TO CANADA

FULLY 70,000 SETTLERS HAVE Crossed BORDER.

Dominion Pleased at Influx and Estimates \$70,000,000 Has Been Brought In.

WINNIPEG, Man., Oct. 3.—(Special.)—American farmers by the tens of thousands are now pouring over the boundary into the Canadian West. According to a statement made by the Deputy Minister of Interior at Ottawa, the invasion of Americans into Canada will total over 70,000 for the present year.

In the beginning of this across-border movement the newcomers were largely from the middle states, but this year they are coming in from almost every state in the Union. Not only is the quantity satisfactory to Canada, but the quality of settlers is rather improving than otherwise.

Practically, the official report says, 60,000 Americans this season entered Canada, and every man, woman and child was possessed on an average of \$1000 in stock, cash and effects, meaning that they brought into this country nearly \$60,000,000.

W. J. White, head of the Canadian Immigration Agencies in the United States, says this year's immigration from the United States has increased fully 20 per cent and that next year he expects to see about 115,000 Americans settling in the Canadian West.

DUEL OVER GIRL IS FATAL

One 17-Year-Old Boy Kills Another, Fighting for Spanish Maid.

SAN DIEGO, Cal., Oct. 3.—(Special.)—Earl Lynnell, who was stabbed nine times by Earl Lynell in a duel over a girl on the night of September 18, died this afternoon of tetanus, or lockjaw. Davis was 17 years old; Lynnell is also 17. Clotilde Montero, the Spanish girl over whom the fight took place, is still at large. The police are now scouring the country for him. A scuffle in the small of Davis' back produced blood poison, from which he died.

ST. YVES TO RUN NO MORE

Heart Falls Famous Runner in Montreal Marathon.

MONTREAL, Oct. 3.—Henri St. Yves, the famous French long-distance runner, collapsed in the 23rd mile of a race here today. Physicians declared his heart was unable to run again. His opponent, Hans Holmer, of Quebec, finished strong, covering the Marathon distance in 2:23:40, a new record, if the track is found to measure correctly.

INTERMARRIAGE IS FATAL TO JEW, WISE

Life of Race at Stake, Says Rabbi.

OFFSPRING LOSE ALL RELIGION

Miscegenation Harms Christianity, Says Speaker.

WORLD NEEDS JUDAISM

Former Portland Rabbi Utters Trade Against Mingling of Races, Basing Plea on Loss of World of Jewish Race Thereby.

NEW YORK, Oct. 3.—(Special.)—Rev. Dr. Stephen S. Wise preached this morning at the Free Synagogue in West Eighty-first street on intermarriage. Dr. Wise took most emphatic ground against the intermarriage of Jews and Christians.

"Intermarriage is not a problem—it is a fact," he said. "And it is not as serious as some think. In the Scandinavian countries, in one out of every three or four marriages of Jews, it is an intermarriage with a Christian. Among the Jews of Germany about one in five of the men marries a Christian and about one in six of the women. In the United States the proportion is very much less."

"It has been said that if there were to be a great increase in these intermarriages it would eliminate the prejudices against the Jew. It would do more. It would eliminate the Jew."

"But my objection is based not merely on that account, but on fear of the loss and hurt that would accrue to Christianity and to Christianity as a result. Christianity usually loses the Christian in such a union and almost never gains the Jew. In marriage there should be a maximum of oneness, a minimum of dissimilarity and indifference. And then there is the danger to the children who are the fruit of intermarriages, the danger that comes from their having no fixed spiritual home—neither here nor there. I am opposed to the passing of Judaism. Christianity itself needs this great spiritual world force which we may continue to be. I am opposed to intermarriage, not because I am anti-Christian, but because I am pro-Jewish and also pro-Christian. I respect Christianity; I honor a Christian and I also favor the conservation and maintenance of my own people."

MAIL IS TO COME QUICKLY

Great Northern to Run St. Paul to Seattle in 47 1-2 Hours.

OREGONIAN NEWS BUREAU, Washington, Oct. 3.—Arrangements have been completed by the Postmaster-General to take advantage of the fast train put on recently by the Great Northern for the transportation of mails between St. Paul and Seattle. Service from all principal Eastern points will be linked with this new service.

The running time of this new train from St. Paul to Seattle is 47 1/2 hours, and mail leaving New York City at 9:30 P. M. Monday will reach Seattle by 6 A. M. Friday. This service will be inaugurated Tuesday, October 5.

The Great Northern fast mail train has a schedule similar to that of the new fast mail train announced by the Harriman line. The latter train will have a running time between Chicago and Portland of about 60 hours. The 60-hour schedule between Chicago and Portland is about equivalent to the running time of 47 1/2 hours between St. Paul and Seattle.

SHOPS ARE TO BE DOUBLED

Western Pacific to Spend \$1,500,000 in San Francisco.

SACRAMENTO, Cal., Oct. 3.—(Special.)—Reports have been received here to the effect that the New York office of the Western Pacific has sent back plans of the railroad shops to be built in Sacramento with instructions to prepare specifications for buildings double in size. The original plans called for an expenditure of \$750,000, while the proposed shops under the new scheme will cost \$1,500,000.

By spending that much more money in the local shops it is apparent the Gould line expects to have no other extensive point for repairs west of Denver. Further indication of the move, as advanced by local railroad men, is that the Western Pacific contemplates running lines up and down the state.

ANARCHISTS STILL FOUND

Bombs Believed to Be Manufactured in Barcelona.

PARIS, Oct. 3.—Dispatches received here from the Spanish frontier state that a large depot of arms for the revolutionaries has been discovered at Barcelona and it is believed that bombs are being secretly manufactured in large numbers. Fourteen anarchists have been arrested outside of Barcelona. It is announced that Senor Ferrera, who is charged with fomenting revolution, will be tried by a military court.
