THE CONQUEST OF THE POLE. BY DR. FREDERICK A. COOK. (Eleventh installment.)

The observations of April 14 gave latitude 88 degrees, 21 minutes; longitude 95 degrees, 52 minutes.

With teeth set and newly sharpened resolutions, we set out for that last 100 miles.

We were in good trim to cover the distance economically. The sledges were light, our bodies were thin.

Respire at 44 Below Zero. In the forced effort which followed we were frequently overheated.

Fortunately at this time the sun was warm enough to dry the furs in about three days if lashed to the sunny side of the sled.

Curious Looking Savages. We were curious looking savages. The perpetual glitter inclined a squint which distorted the face in a remarkable manner.

STRIKEBREAKERS LET OUT

Omaha Company Dismisses Men Who Worked During Trouble.

OMAHA, Neb., Oct. 4.—Announcements were posted in the car barns of the street railway company today notifying all the temporary employees that their services would not be needed here after tonight.

According to an announcement by the Omaha & Council Bluffs Streetcar Company, the usual number of cars were operated today and practically all of them by permanent employees.

In addition to the regular service a number of extra cars ran today on the Omaha & Florence Interurban line.

That the patronage of the cars is becoming normal again is shown by the fact that the attendance at the Akis-Ar-Ben carnival, which at first showed a heavy falling off, has now reached approximately that of last year.

OPEN DOOR TO BE VIOLATED

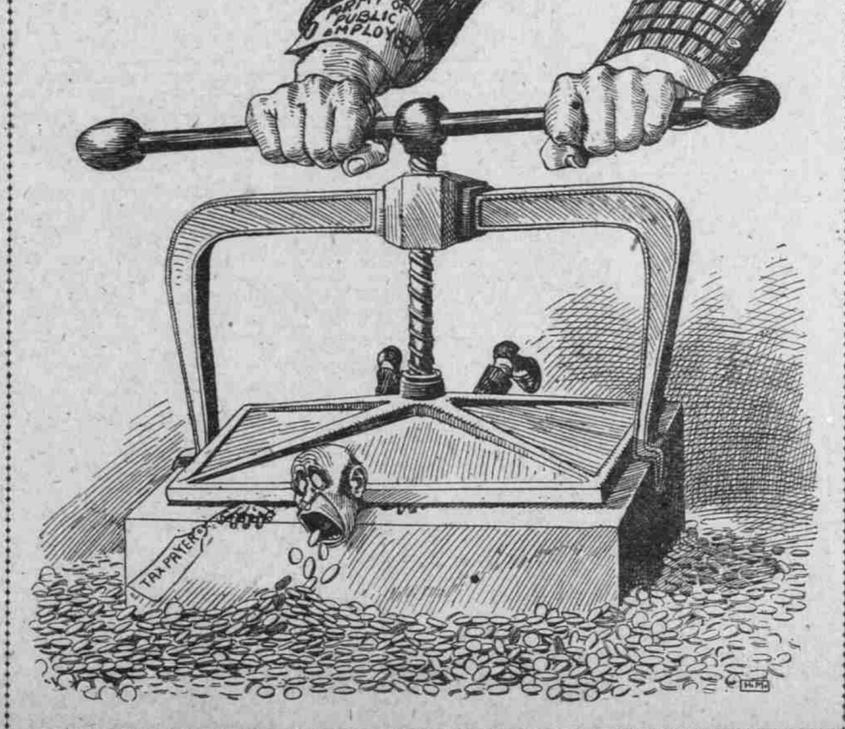

China-Japan Treaty Probable Cause of Crane's Summons.

The recall of Mr. Crane is most probably connected with the recent treaty between Japan and China in regard to Manchuria. Japan, after long-drawn-out negotiations of a treaty allowing her to build a branch railroad from Antung, on the Korean frontier, to Mukden, on the South Manchurian Railroad, now owned by Japan, announced her purpose to wait no longer and began to build the road without China's consent.

BINGHAM BACKING BANNARD'S FIGHT

EX-COMMISSIONER TAKES UP REPUBLICAN CAUSE.

Rev. Charles H. Parkhurst to Preach Politics From Pulpit and Wage War Against Tammany.

NEW YORK, Oct. 4.—A minister of the gospel and a former police commissioner entered the municipal game today. The Rev. Charles H. Parkhurst announced his intention of advocating from his pulpit the election of the Republican nominee for Mayor, Otto T. Bannard.

Theodore A. Bingham, who was ousted as police commissioner by the McClellan administration, said he also would go on the stump in Mr. Bannard's support.

General Bingham is a Republican, though appointed to office by McClellan, a Democrat. For the first time since his removal he spoke publicly tonight, appearing at the Calvary Methodist Episcopal Church.

In view of his attacks on McClellan in recent magazine articles, General Bingham, who was heralded to speak on the "Police System in a Great City," surprised his audience. While he denounced Tammany and the present administration and criticized Justice Gaynor as a candidate, he made no direct reference to Mayor McClellan, save in answer to a question. Throughout his address he urged his hearers to vote for Bannard.

SACRAMENTO, Cal., Oct. 4.—After making one of the longest jumps of his trip and traveling for 25 hours through the state of Oregon and the northern half of California, President Taft arrived here tonight at 7:10 P. M. to remain until 4 o'clock tomorrow morning, when he will go to Oakland and San Francisco.

During his stay here Mr. Taft was entertained at dinner, was taken for an automobile ride through the city, to be cheered all along the route, and made an address in the Capitol grounds.

The President selected for the principal feature of his speech the subject of the conservation of natural resources, in which he declared anew that before many of the phases of the conservation can be carried into effect confirmatory and enabling legislation will have to be secured, and he pledged himself to bring all the power he possesses to bear upon Congress to pass the laws that are deemed necessary.

Discuss Policies in Detail. Having already made a number of set speeches, covering the various subjects he expects to incorporate in his message to Congress in December, the President during the remainder of his tour will take up for discussion in more or less detail many of the phases of the larger questions, for he believes that, after all, the details count more than a general declaration of policy.

Mr. Taft thoroughly enjoyed his day on the train. He read a little, launched about the car, played a friendly game of bridge with members of his party and during the five or six hours Mount Shasta was in sight admired that towering peak in all the changing aspects the winding railroad brought to view.

OVERWHELMED WITH RECEPTION.

The President declared today that he had been overwhelmed with the reception he had received everywhere on the trip. After spending tomorrow in San Francisco, Mr. Taft will head for the Yosemite Valley and is looking forward to that feature of his trip with the greatest pleasure. The President has never been among the giant trees in the valley.

The President was welcomed into California at Red Bluff by Governor Gillett, Lieutenant-Governor Porter, Senator Peck, ex-Secretary of the Navy Victor Metcalf, M. H. de Young, of San Francisco.

NEW YORK, Oct. 4.—Edmond Kelly, a distinguished lawyer who practiced alternately in this city and Paris, died of an aneurism tonight at his home in Nyack, N. Y., in his 68th year.

It was Mr. Kelly who won the Anna Gould divorce suit against Count Boni de Castellani and it is understood he received \$75,000 as a fee.

MEDICAL MEN MAY COMMAND IN NAVY

SURGEONS MAY BE PLACED IN CHARGE OF SHIP.

Attorney-General Wickersham Holds Doctors May Have Sway Over Floating Hospitals.

WASHINGTON, Oct. 4.—The Secretary of the Navy has authority, in the opinion of Attorney-General Wickersham, to assign a medical officer not below the grade of surgeon to the command of a Naval hospital ship. This expression by the Attorney-General has come to Secretary Meyer in response to a request for an opinion as to the legality of such a move.

It was made in view of the expected commissioning of the hospital ship Solace, which has been fitted out at the Charleston Navy Yard and for which Admiral Rixey, chief of the Bureau of Medicine and Surgery, was about to ask for the detail of commanding officer. The possibility of a revival of the controversy over the command of hospital ships witnessed about two years ago when President Roosevelt sided with Admiral Rixey in the assignment of medical officers to the command of the hospital ship Solace, against the wishes of the fleet of the Navy.

Secretary Meyer said today, however, that he would not settle the question of detail pending a consultation with the President.

Mr. Wickersham made it plain that he had refrained from entering into any discussion of the merits of the question but had merely answered the specific question submitted to him.

COWBOY AVENGES MURDER

Kills Slayer of Employer and Proudly Tells of Deed.

GRAND JUNCTION, Colo., Oct. 4.—Joe Harris, cowpuncher, who shot and killed Harry Sieber, millionaire cattleman, in 1902, near Westwater, Utah, met death yesterday in a similar manner at the hands of Joe Pace, another cowpuncher.

Pace, who was one of Sieber's cowboys at the time of his employer's murder, swore to avenge the shooting. Yesterday he rode into Westwater, informed the authorities he had killed Harris and waited the arrival of the Sheriff from Moab, Utah, today, when he was taken into custody.

Harris' body was found about three miles east of Westwater at the spot designated by Pace. Harris' horse was grazing nearby.

Harris shot and killed Sieber on the latter's ranch near this city. Sieber charged Harris with being a cattle rustler. Harris was arrested and tried for murder, but after a sensational trial obtained his freedom.

PROBE WILL REACH TOMB

William Salter to Be Disinterred; Willis Earning Being Charged.

LOS ANGELES, Oct. 4.—(Special.)—The body of William Salter will be disinterred to determine the nature of the injuries that caused the death of the wealthy Civil War veteran on the night of August 14.

Willis Earning, arrested Saturday afternoon on suspicion in connection with the case, is locked in the City Jail. A complaint charging murder will be filed in the Police Court as soon as the coroner's jury's verdict of accidental death is announced.

Detective Charles J. Jones, who with Detective Bruce Boyd arrested Earning, says the prisoner has told several conflicting stories. D. P. Foley, hotel proprietor of Tacoma, Wash., nephew of Salter has been notified of the situation.

FERNANDA WEDS COUNT

John Wanamaker's Granddaughter Takes Title With Attachment.

PARIS, Oct. 4.—Miss Fernanda Wanamaker, daughter of Rodman Wanamaker and granddaughter of John Wanamaker, was married today to Count Arthur de Heeren, son of Count Heeren, of Paris and Biarritz.

There were two ceremonies. The first was carried out in the Catholic Church of St. Philippe du Role, with full orchestral accompaniment. This was followed by a Protestant marriage service, officiating Henry White, the American Ambassador, and the Marquis Del Muni, the Spanish Ambassador, were witnesses.

After their honeymoon, which will be spent in Italy, the couple will take up their abode in Paris.

CENSORSHIP IS PECULIAR

Yankee in London Fakes Impromptu Play to Keep License.

LONDON, Oct. 4.—The intricacies of theatrical censorship were responsible tonight for a remarkable entertainment at the Aldwych Theater. An American band had been engaged for the season, but when the time came for the opening the manager found that the theater had only been licensed for the production of a play.

He therefore wrote a play around the band. There was no plot to the so-called play, which consisted merely of a few people strolling around the bandstand, engaged in loud and apparently meaningless conversation.

STAGGERING BLOW HITS BETTING MEN

Jockey Clubs, Police, "Bookies" in Net.

INDICTMENTS BY WHOLESALE

W. K. Vanderbilt Among Those Hughes Is Pursuing.

POLICE SHIELD GAMBLERS

Accused of Knowingly Letting Bookmakers Do Business—Coney Island and Brooklyn Clubs Are Both Involved.

NEW YORK, Oct. 4.—After two years of agitation against race-track gambling in this state, marked by the passage of the drastic anti-betting bill generally referred to as the Hart-Agnew law, it remained for the Kings County grand jury to write a new chapter in the crusade today when there were returned indictments against the two big Kings County race-tracks, three police officials, five private detectives and 25 bookmakers.

Hughes Stirred to New Action. The Brighton Beach Racing Association was similarly involved last year, but the case failed and action has heretofore been mainly against bookmakers or bettors, the defendants in which proceedings generally have been exonerated by the lower courts, which held that oral betting was no crime. The first test of these cases will be made by the Court of Appeals this week.

It was the increase of "oral betting" conducted by the "memory brokers" that resulted in this latest evidence of Governor Hughes' continued activity and the indictment of the Brooklyn Jockey Club and the Coney Island Jockey Club, charged as corporations with conspiracy in allowing betting to go on.

Prominent Men Involved. This involves a number of the most prominent supporters of racing in the United States. W. K. Vanderbilt owns a controlling interest in the Coney Island Jockey Club, of which H. L. Parsons is president. George Peabody Wetmore and Mr. Vanderbilt are the vice-presidents; F. R. Hitchcock, treasurer; V. E. Schaumburg, secretary, and Thomas H. Smith, racing secretary. The board of governors includes also J. Harry Alexander, Thomas Hitchcock, Jr., E. D. (Concluded on Page 2.)
