BELMONT TRACKS COMPLETED. - The Portland Railway, Light & Power Company has completed its new double tracks on Belmont street to Francis avenue, or East Sixty-second street, at Mount Tabor, preparatory to the paving of the street. The usual heavy steel rails were used and the rails were laid in concrete. Work or the improvement of the street Work on the improvement of the street is being pushed forward rapidly and the working crew is nearing East Sixtleth street. The wet weather will cause some delay. Proceedings to extend Belmont street between East Sixty-second and Tabor Heights are going forward some-what slowly. The railway company owns the right of way the track occupies and is not favorable, so it is said, to opening the street. The committee of the Mount Tabor Push Club has the matter in hand. The object is to open Belmont to Tabor Heights and continue the present hard-surface pavement to the end of the street, as it will be the principal avenue to the new Mount Tabor park.

BAST STARK NEARLY READY.-The improvement of East Stark street is being completed between East Twentieth and East Forty-first streets, and will be finished by November 1. Crushed rock is now being put on the readway. Concrete sidewalks have all been finished. The concrete retaining wall on the Lone Fir Cemetery side of the street has been built between East Twentieth and East Twen-ty-second streets, a distance of over 400 feet, by Wilson Bentiel, of the Lone Fir Association. The rest of the wall, about 500 feet, will be built by the city, as the Lone Fir Association does not control that part of the cemetery. That part of the retaining wall completed averages between five and eight feet high.

FRAME PIREROUSE PREFERED.—Residents of Mount Tabor are anxious that the \$10,500 left of the appropriation to purchase grounds and erect a firehouse at Mount Tabor be used in the erection of a frame firehouse rather than wait until next year and take chances of securing an appropriation of \$16,000, the estimated cost of a brick firehouse. Ground for the building was purchased for \$1500. "If we wait until next year," remarked J. H. Haak, resident and property owner at Mount Tabor, "to get the \$16,000 appropriation, we may not get it owing to the great demand all over Portland. We do not need a brick firehouse as much as we reed protection as soon as much as we reed protection as soon as we can get it."

CALVIN IS HONORED

Session of Presbytery Comes to an End.

FEWER DELEGATES WANTED

Representation at General Assembly Is Discussed and Various Committees Advocated-Evangelistic Campaign Is Talked.

Sessions of the Portland presbytery at the Calvary Presbyterian Church wers concluded last night by a special pro-gramme in honor of the 400th anniversary gramme in honor of the 400th anniversary of John Caivin. Addresses relating to Caivin were given by Rev. H. H. Pratt, of the Forbes Presbyterian Church, and by Rev. S. W. Seaman, of Pendleton.

During the day sessions the most important matter taken up was the question of presbyterial representation at the general assembly. It was finally decided the representation should not be reduced, but that in order to expedite the work but that in order to expedite the work among the large number of delegates from the opresbyteries, the assembly should be divided into committees. Rev. C. W. Hayes was directed to write a ommunication to the stated clerk em bodying the decision. The matter will not be settled till the next convention of

the general assembly in May, 1910.

The reason for the desire on the part of some of the ministers to reduce the representation is given that the large amount of business which always comes up cannot be transacted with precision among the 1000 delegates who have a say under the present arrangement. The representation at present is one elder and one minister for every 4000 church mmbers.

The proposition of conducting an evan-gelistic campaign in the presbytery was taken up at some length and the fol-lowing committe was appointed to ar-range matters: Rev. J. E. Snyder, Rav. W. H. Foulkes, Rev. Thomas Hiram

Dr. J. S. Dunning, Ph. D., who has been in the ministry 40 years and has been preaching recently in the Monta-villa church, was formally retired by the presbytery. Dr. Dunning came to Port-land seven years ago and for the last eight years has been engaged more or ess in education work.

There were in attendance at the Port-

The Pendleton presbytery also met yes-terday in the First Presbyterian Church. The most important action at these see sions was the nomination of commission ers to the general assembly, as follows: Rev. Levi Johnson, of Milton, Or., ministerial commissioner; Rev. E. J. Conner, minister on the Umatilla Indian reserva-tion, alternate ministerial commissioner; Rev. J. W. Maloney, Pendicton, eider commissioner; Rev. J. W. Wellman, Pres-water, alternate eider commissioner.

A petition for the organization of a church at Parkdale, in the upper Hood River Valley, was granted by the presbytery. The petition was presented by W. W. Goldsberry. W. W. Goldsberry.
The members of both presbyteries will

age to Newberg this morning to attend the symod there. In the evening Rev. S. W. Seemann, of First Presbyterian Church of La. Grands, speaking on the subject, "Work of Calvin as Educator, Legislator and Theologian," said: "Calvin was the inthe education of ministers. For 200 years all the free schools were supported by Calvinists. One new idea that Calvin im-parted to the world was the distinction between the church and the state. From the fact that the ministers were elected by the people it came to be realized that state officials could also be chosen

that state officials could also be chosen by the people.

"The teaching that we are subject to Ged alone has made Calvinism the inspiration of democratic government and free institutions wherever it has gone. The teaching has spread into every civilized country."
