

MOVE TO DEPORT MEXICAN LEADER

De Lara Arrested as Undesirable Immigrant by Order of Nagel.

HATED BY MEXICAN RULERS

Accused of Making Anarchist Speeches at Los Angeles Before Taft's Visit—Exposed Slavery in Mexico.

LOS ANGELES, Oct. 18.—L. Gutierrez de Lara, an educated Mexican attorney and author, was arrested here today and locked up in jail by the United States immigration inspectors acting under orders from the Department of Commerce and Labor.

De Lara's friends are greatly wrought up over his arrest today and say that an effort is being made to get him across the border into Mexico, where the authorities of that country might deal with him in a summary manner.

Made Incendiary Speeches.

De Lara was arrested here October 9, two days before President Taft's arrival, together with three or four other Mexicans charged with making incendiary speeches in the public plaza and they were locked up as a precautionary measure for the safety of the peace.

All of the men were discharged from custody today, but De Lara, who had been at liberty under \$500 bond, was immediately rearrested. He is now held under heavy bail, the amount to be fixed by the Department of Commerce and Labor.

A. C. Ridgway, inspector in charge of the local immigration office, when asked what charge had been placed against De Lara, replied: "He is accused of uttering words against the United States Government, against all government, in fact, he is accused of being undesirable. As he has not been in this country three years, he may be deported at any time, and he will have a hearing before me, and testimony will be forwarded to the Secretary of Commerce and Labor. If the Secretary finds him guilty, he may be sent back to Mexico."

De Lara, who is well educated, is about 36 years of age. He denies that he is an anarchist. His friends say he is a socialist. De Lara left Mexico after the publication of his book, "Los Brabones" (the brabones), which incurred the hatred of the officials in Mexico. He was married a few weeks ago to an American woman.

Not Enemy of Government.

De Lara is one of the National Socialist organizers of the United States, having been appointed from Socialist headquarters in Chicago. It is expected that the Socialists will have a large part in De Lara's afternoon engaged counsel in the firm of Goldberg & Melly and A. P. Holston.

Mr. Melly stated that their defense would be that De Lara was not an Anarchist and had never urged or defended the assassination of anybody, and that he had not preached the downfall of the Government of the United States or of Mexico.

Chief Inspector Ridgway stated that the local immigration bureau was acting under orders from Washington in the whole proceedings.

"Tonight De Lara from his cell issued a signed statement to the press as follows:—

"I am not, never have been and never will be an anarchist, for I have no sympathy with anything that savors of disorder. My arrest is the result of persecution by the Mexican government, largely due to the information I furnished for a series of magazine articles on 'Barbarous Mexico.' If I am deported I firmly believe that I will be done with—placed in a dungeon to rot, or be shot to death. Possibly they may deny me the courtesy of being executed formally, and have me murdered by a hired assassin."

"But I look for justice at the hands of the immigration authorities and I believe I shall receive it, for I can't believe any liberty-loving man, no matter what his political or religious beliefs may be, will see an innocent man doomed.

Can't Be Returned Legally.

"My arrest is based on the allegation that I am an alien anarchist who has been in the United States longer than three years. I first came to this country more than three years ago. I do not believe that my brief return to Mexico to assist in securing material for the series of magazine articles can be construed into a permanent return. If I am sent to my doom, I shall go gladly, knowing that in my political sacrifice, and that in the end justice will prevail. All I ask is justice."

DECIDE IF LARA IS ANARCHIST

McHarg Says If So He Can Be Deported.

WASHINGTON, Oct. 18.—The warrant for the arrest of Gutierrez de Lara, a Mexican attorney and author in Los Angeles today, on the charge of uttering threats against the United States Government and of being an undesirable citizen, was signed by Assistant Secretary McHarg, of the Department of Commerce and Labor.

The accused man will be given a trial to determine whether he is an anarchist. Under the law a person found guilty of such an offense as giving expression to threats against this Government can be deported within three years after his arrival.

ARRESTED ON BOGUS CHARGE

De Lara Escaped Being Returned to Mexico Two Years Ago.

SAN FRANCISCO, Oct. 18.—L. Gutierrez de Lara, arrested today in Los Angeles for making alleged statements derogatory to the Governments of the United States and Mexico, first got into trouble with the United States authorities in the Fall of 1907 at the time of the arrest in Los Angeles of Ricardo Flores Mason, Antonio Villarreal and Librado Rivera, the three Mexican Liberal leaders now serving a term in the Arizona territorial prison at Yuma for alleged violation of the United States neutrality laws.

Shortly after the arrest of the three leaders, De Lara was arrested by the United States Marshal at Los Angeles on the charge of stealing eight cords of wood previously at Cananea, Mex., while practicing law at that place. His

Treasurer Treat Condemns Postal Banks to Maintain Credit.

BOSTON, Oct. 18.—Making probably his last public appearance before his retirement from the office of Treasurer of the United States on November 1, Charles H. Treat, of Washington, tonight addressed the Bank Officials' Association upon "A National Clearing-House and

SOCIALIST LEADER WHO LED RIOTOUS ATTACK ON SPANISH EMBASSY IN PARIS.

Bank and the Currency Problem." He said, among other things: "The lessons of the recent panic have emphasized the importance of having more co-ordinating among banks. This desire has taken shape more particularly in the advocacy of a great central or clearing-house bank that would provide resources wherein the banks could have adequate facilities for re-discounting their loans and thereby be afforded such banking accommodations as business requires."

While I am an advocate of a central bank or National clearing-house bank, I am still convinced that the people should not accept any currency that does not have the Government guaranty behind it.

"The extraordinary suggestion has been made that we ought to prevent further circulation of the present currency by experimental legislation authorizing the establishment of postal savings banks should be enacted, so that the money output of some \$22,000,000 2 per cent bonds and thereby safeguard the government credit. Matters would seem to have reached a deplorable condition if the Government credit has to take such form."

COAST ARCHITECTS MEET

Portland May Get Next Meeting and Next President.

SAN FRANCISCO, Oct. 18.—The Architectural League of the Pacific Coast met today in conjunction with the fifth annual exhibition of the San Francisco Architectural Club. At the morning session a number of papers were read, and in the afternoon Chas. Gilbert, president of the American Institute of Architects, delivered an address. Delegates from all parts of the coast were in attendance.

A suggestion which met with favor today was that the successor of President Willis Polk, of the league, who is to be elected at a meeting in the Greek Theater at Berkeley tomorrow afternoon, be chosen from the city which may be decided upon as the next annual meeting place. Los Angeles, Portland and Seattle are aspirants for this honor.

COLONIST SEASON CLOSURES

Rush to Pacific Coast Comes to an End—60,000 Journey West.

LOS ANGELES, Oct. 18.—One of the greatest of colonist rushes to California will come to an end tomorrow when the special Saturday train to reopen people of the Eastern States, who have taken advantage of the low rates, will arrive here.

Today arrived one special train of 12 cars over the Southern Pacific and four trains of six cars over the Santa Fe, loaded with colonists.

It is estimated that with these additions the number of colonists brought to California during the present season will be nearly 60,000.

CONFESSES KILLING RILEY

Salt Lake Hold-Up Man Signs Admission of Guilt.

SALT LAKE CITY, Oct. 18.—A written confession of the murder of Special Policeman C. C. Riley was signed tonight by L. E. Driskell, a suspect arrested in Ogden and held in jail here for several days.

Riley was killed on the night of October 5 by one of two men who had arrested for a holdup. R. E. Kennedy was arrested with Driskell at Ogden.

SAVINGS BANK IS CLOSED

Nashville Institution Falls to Open Doors—Insolvency Claimed.

NASHVILLE, Tenn., Oct. 18.—The City Savings Bank, which closed its doors Saturday, failed to reopen today. The bank's indebtedness was given as more than \$300,000 and it was declared to be wholly insolvent in a petition to enjoin W. H. Green from acting as assignee.

Alleged Swindler on Trial.

SAN FRANCISCO, Oct. 18.—The trial of John F. Krause, proprietor of the Mount Hamilton Land & Oil Company, who is alleged to have swindled Santa Clara Valley residents out of \$200,000, was begun before a jury in Judge De Haven's department of the United States District Court today. Krause is charged with having used the United States mails for fraudulent purposes.

CALLS FOR AID OF DRUG

Horseman Alights to Get Ammonia and Woman Follows Against His Protest—Aim to Prove Battony Was Unfaithful.

NEW YORK, Oct. 18.—The story of Aurel Battony's automobile ride with a woman who appeared in a druggist and disheveled hair was told by the chauffeur Eugene Arcout, and a witness in the divorce suit of Mrs. Frances Burke-Roche Battony.

When the trial was opened Mrs. Battony's attorney told the jury that two of the questions to be decided related to the defendant's alleged unfaithfulness. Mrs. Battony's first suit was discontinued last June when her attorney walked out of court after failing to get a delay to find an absent witness. The horseman pressed his suit for a separation and won it, but his victory did not interfere with the divorce action. Four women were mentioned in Mrs. Battony's complaint, but her counsel announced today that charges involving two of them may be withdrawn.

The first witness, who said that on March 4, 1908, he drove Battony and a woman, whom he did not name, in his taxicab, as far north as One Hundred and Fifty-ninth street, and then returned. Arcout said he did not see anything wrong in the actions of the defendant or his companion that night.

Other witnesses testified to the taxicab incident. A druggist related how Battony entered his store to purchase aromatic spirits of ammonia while the taxicab, with the curtains drawn, was waiting at the curb. In a moment, he said, a woman alighted from the vehicle and entered the store against the druggist's protests. Not heeding him, she stooped before a mirror and smoothed her disheveled hair.

Mrs. Battony's lawyer then called in a few witnesses to be examined in her behalf. Mrs. Battony also testified. She was asked but two questions, to which she replied her name was Frances and that she was married to Battony on March 14, 1908, and was then divorced. The case will be continued tomorrow.

GUIDE SAVES ROOSEVELT

HUNTING COMPANION COMES TO RESCUE IN TIME.

Ex-President Runs From Big Elephant When His Gun Is Empty. Cunningham Turns Beast.

NAIROBI, B. E. A., Friday, Sept. 17.—Mr. Crosswell, a government engineer in the public works department at Nairobi, came into Nairobi this afternoon with a very narrow escape when shooting his bull elephant.

When shooting elephants, it is often necessary to creep into the herd and shoot the selected bull at a range of 15 to 20 yards.

Mr. Roosevelt, accompanied by Mr. Cunningham, the big game hunter and guide, followed this procedure and killed his elephant at the second shot. Suddenly, before Mr. Roosevelt could reload, another elephant, built almost as close range as the herd.

Mr. Cunningham and Mr. Roosevelt got behind trees, and Mr. Cunningham fired and turned the bull from Mr. Roosevelt just in time.

Dr. William Leadsmith and two companions have left for Kapiti Plains after lions. They have been here about three months collecting near Kenya and in the country where Mr. Roosevelt is.

They have collected, roughly, 900 specimens to date. They sail for New York from Mombasa about the end of the month.

The balloonist expedition arrived here yesterday and will make an ascent in Nairobi, according to present arrangements.

The new governor arrives here tomorrow. The King's African Rifles, a native regiment, offered by British military officers, will form a guard of honor at the station on his arrival.

BALLINGER INSPECTS YUMA

Secretary of Interior Sees Laguna Dam—Tours in Auto.

YUMA, Ariz., Oct. 18.—Secretary of the Interior Ballinger arrived here today and was met by a large delegation of citizens and a brass band. Mr. Ballinger, accompanied by his private secretary and Louis C. Hill, supervising engineer of the southern division of the Reclamation Service, were guests of the officials of the Reclamation Service here and the citizens of Yuma in general.

Accompanied by the officers of the Reclamation Service, Mr. Ballinger inspected the work at the Laguna dam and returning, visited the work of the California Development Company at the voters' lower heading. The afternoon was spent in an automobile tour of the Yuma Valley and tonight the guests were tendered a banquet at the Southern Pacific Hotel.

HENEY GAINS SEVEN VOTES

Flickert Loses Contest—Recount Puts Majority at 47.

SAN FRANCISCO, Oct. 18.—Twenty-five precinct ballot-boxes at the recent direct-primary election for District Attorney were opened and the votes recounted, with the result that Francis J. Heney, whose nomination by the Democrats is being contested by Charles Flickert, Republican and Union Labor nominee, made a net gain of seven votes over his opponent.

Heney gained 13 and Flickert 6. Heney's majority is now 47.

CASHIER COMMITS SUICIDE

Employe of Failed Bank Seeks Solace in Death.

MINERAL POINT, Wis., Oct. 18.—F. E. Hancock, cashier of the wrecked First National Bank of Mineral Point,

shot and killed himself late last night. His body was immediately removed to the hotel of his mother-in-law, Mrs. John Gray. At sight of the body Mrs. Gray dropped dead. Since the failure of the bank Hanscome has been working night and day, and was very despondent.

Mr. Hanscome was a brother-in-law of Vice-President Phil Allen, Jr., of the bank, and for the alleged misuse of whose funds Allen was arrested last Friday.

The bank, for a generation regarded as one of the strongest in Southwest Wisconsin, was closed a week ago after an investigation of the books by Bank Examiner Goodhart. An attempt was made to keep the institution on its feet by the sale of mining property in which Allen was interested, but the deal fell through. It was alleged that the bank had been looted of \$200,000 by means of notes forged by Allen.

Allen's chief aid in running the bank was Hanscome. The former became seriously ill when the bank was closed and Hanscome devoted every minute of his time to assisting Examiner Goodhart in straightening out the books.

When Receiver Schofield took charge last Tuesday, rumors, which could not be confirmed, had it that the loss to the depositors would run greatly over \$200,000, and that arrests in addition to that of Allen were to be expected.

Hanscome was found at a late hour last night lying over the grave of his mother in the family plot of the local cemetery. He had ended his life by shooting himself through the head.

Hanscome's heavy losses and subsequent worry are said to have been responsible for his act. The dead cashier had been connected with the bank since its organization, in 1884. He had a reputation for strict honesty. Hanscome was 45 years old. He left a wife and two grown daughters.

IGNORANCE MAKES IMPURE Mrs. Teals Says Parents Should Learn to Guide Children.

BURLINGTON, Iowa, Oct. 18.—Ignorance of parents was ascribed as one of the leading causes of social impurity by Mrs. Mary E. Teals, of Chicago, in delivering the chief address today at the first annual convention of corresponding schools of gospel and scientific sciences, held as a preliminary meeting for the National Purity Congress which meets tomorrow.

Mrs. Teals declared immoral resorts could not be extirpated until the parents became better acquainted in the care and direction of their children. She asserted the publication of scientific in place of reports of events of an uplifting nature tended to keep morals on a degraded level.

Rev. Charles Mitchell, superintendent of the Purity Farm of Stella, Okla., urged the importance of instructing boys and girls about the duties and responsibilities of marriage and parentage.

RUNAWAY COUPLE CAUGHT

Boy and Girl Defy Parents and Set Up for Themselves.

VANCOUVER, Wash., Oct. 18.—(Special.)—Earl Akin, aged 20, and Miss Yallie Trueblood, who sloped from Creek nearly in August, were located in the Dalles by Sheriff Sappington. The young man was brought to Vancouver and released on \$1000 bonds, charged with abduction.

The young people, finding they could not secure a license to marry, as they were under age, decided to remain away from home until they did become of age. His parents work as a teamster and she found employment as a domestic.

Yesterday the parents of the runaways went to the Dalles in company with young Akin, and it is believed the parents will now consent to a wedding.

CITY OBJECTS TO VIADUCT

Vancouver Denies Railroad Right to Build Elevated Roadway.

VANCOUVER, Wash., Oct. 18.—(Special.)—The offer of the North Bank road to build a viaduct over the railroad track across the foot of Eleventh street and to bear the expense of maintenance jointly with the Vancouver Traction Company, was refused flatly by the City Council tonight, and nearly all members were of the opinion that the viaduct would be unprofitable, necessary and is desired by the railroad only because it is economical.

The proposed viaduct would separate the grade of the railroad and the street. It would be 26 feet above the present street surface. The railroad company agreed to build a permanent viaduct at the end of six years.

JAP BANKS CLOSED

Oriental's Assets 15 Per Cent of Liabilities.

HEAVY RUN ON ONE BRANCH

Los Angeles Institution Depleted of Cash Before Doors Are Shut on Stream of Anxious Depositors Standing in Line.

SAN FRANCISCO, Oct. 18.—The Japanese-American Bank of this city, with branches in Los Angeles and Ogden, closed its doors today. The institution was one of the largest Japanese financial concerns in the West and was patronized almost exclusively by Orientals. The bank's assets amount to about 15 per cent of its liabilities. In Los Angeles the Orientals made such a run on the bank that deposits were closed that the cash was depleted.

The bank had been under examination by the state bank commissioners ever since August 25 of this year. It was hoped by the commissioners that its affairs would be adjusted without the necessity of closing, but matters were brought to a crisis by a run on the Los Angeles branch, which was caused by the rumor that the Sacramento Japanese bank, recently closed by the commission, was connected with the Japanese-American Bank.

Both Banks Ordered to Close.

On receipt of the news of a run on the Los Angeles branch, Superintendent Anderson ordered the immediate closing of both the San Francisco bank and its Los Angeles branch. A telegram was sent to the Governor of California by the California Bank Commissioners, suggesting that the Ogden branch also be closed. Superintendent Anderson states that the affairs of the bank are in a muddled condition, and he declares that so many of the loans of the bank were made on worthless securities that it is hardly likely that the depositors will receive more than 15 cents on the dollar.

Condition of Two Institutions.

J. W. Harper has been placed temporarily in charge of the closed bank, which was capitalized at \$200,000. The assets of the main branch are as follows: \$71,000 loans, \$14,000 overdrafts, \$600 value bank premises, \$38,000 due from other banks, \$500 cash on hand, \$800 surplus. Its liabilities are: \$155,000 due to banks, \$15,500 deposits, \$104,900 bills payable.

The Los Angeles assets are: Loans, \$26,000; overdrafts \$1000; stocks and bonds \$400; bank premises, \$12,000; real estate, \$1900; due from other banks, \$26,000; cash on hand, \$14,000. Its liabilities are: Deposits, \$25,000; bills payable, \$13,500.

This report is the last of the tri-weekly reports which the Bank Commissioners have been receiving from the bank ever since they began to watch it in August, but it is believed that a large part of the cash on hand has been withdrawn by the depositors since the run on the Los Angeles branch began.

BANK CLOSED AT LOS ANGELES

Big Crowd of Jap Depositors Mourns for Its Money.

LOS ANGELES, Cal., Oct. 18.—The Japanese-American Bank of this city, a branch of the San Francisco bank and having deposits of about \$200,000, was closed today by order of Bank Superintendent Alden Anderson. A big crowd of Japanese filed the street in front of the building at 101 South San Pedro street. There was much discussion and no little excitement among the Orientals, but no demonstration of a serious character. Virtually all of the depositors are Japanese. Their deposits run from \$1 up to considerable sums.

W. S. Vawter was placed in charge of the bank by Bank Examiner James Wilson, who received telegraphic instructions from Superintendent Anderson. No cause for the closing has been given, but it is supposed to be the natural consequence of the recent failures of Japanese banks in Oakland and Sacramento. Following those failures, there were large withdrawals by depositors from the local institution.
