SAN FRANCISCO, Oct. 19 .- (Special.) Those San Francisco Scals dug the hole for the permant pole a little deeper this afternoon, when in the first of the crucial series today at Oakland they beat the Portlanders by the wide margin of 5 to 6. Guyn, who essayed to stick 'em over for the second-placers in the fight, was hot water for the first three innings, when four runs were made, but he settled sown to a steady gait after that, and did it nicely. Henley was in difficulty but once, and it was not a particularly critical moment, as he had two-out when the Beavers laced out a single and a double only to have Speas fanned.

#### Seals Start Right.

San Francisco did most of its execution in the first three innings. In the first, Davis singled to left and was safe at second, when Guyn made a bad throw to the keystone sack of Mohler's attempted Zelder hit into a double that advanced Davis to third, and Milier's two, bagger scored the red-haired outfielder, Melchoir followed with a hard smash through short that glanced off Olson's glove and permitted Miller to score.

Claude Berry opened the second with a double to center, was advanced to third on Mundorff's sacrifice, and came home on a long sacrifice fly to center by Henley, beating the ball in from third base.

#### Errors Help Some.

Two errors beloed largely in the gathering of the fourth run, although Mohler opened the third inning with a two-bagger to left. Fisher made a poor throw to catch the kid off second. That sent Monfer to third, and he scored when Graney made a wretched return to the plate. After that lead, the Seals laid off until the eighth inning, when, with one out. Zeider singled and came all the way home on Miller's two-bagger into right field. Outside of the second, when the Beavers placed two men on the sucks. they never had a chance, their other two hits being of the dinky variety.

The quartet of mit artists has been engaged to entertain the members of the newly-organized club at its first smoker of the season. The two bouts are to be simply exhibition affairs, and for that reason the club engaged boys who are clever at boxing, as no bruisers will be countenanced by this club.

Brown looks a triffe heavier than when he appeared here last, but seems to be in the finest possible condition. He expressed his pleasure at again returning to Portland and facethously inquired for his opponent at his last appearance here. #### Ketchel's Weight Misstated.

NEW YORK. Oct 18.—Information which is said to come from a reliable ource on the Pacific Coast, and which s given currency here, is to the effect hat misleading statements were pur-cosely made as to Stanley Ketchel's weight when he fought Johnson last Saturday. Ketchel's weight was given out at 176, when, as a matter of fact, he did not scale more than 168.

#### Schreck Hammers Ross.

HOUGHTON, Mich., Oct. 19.-Mike Schreck, of Cincinnati, easily outpointed Tony Ross in their 19-round bout, but the match was declared a draw. Schreck had the better of the argument throughout, and the gong saved Ross from a knockout in the tenth.

## BIG LEAGUERS TO PLAY

PORTLAND WILL SEE TWO GAMES THIS MONTH.

Philadelphia Americans and Picked Team Are to Cross Bats October 30 and 31.

While the baseball season of 1909 is irtually at an end as far as this city is concerned, the fans still have a treat for them, as the Philadelphia treat for them, as the Philadelphia American League team, that splendid aggregation which attracted wide attention by its race in the American League, is coming to Portland to play two games with an all-star team made up of the best players of the National League and a few from the rival organization. The dates of the two big league games to be played here are Saturday and Sunday, October 30 Saturday and Sunday, October 30

Naturally the big leaguers are taking a long chance on the weather in coming here at this time of the year, but the fans will remember that the Pacific Coast League played here on November 1, 1903, and enjoyed a first-class baseball day. On October 31, the same year, a picture taken of Danny Shea making a two-base hit with the bases full was circulated all over the country. As the rains are here now, it is not unlikely that clear weather will be experienced about the time the big leaguers arrive.

Connie Mack's Philadelphia Athletics of the American League comprise one of the finest aggregations of baseball talent the game has ever known. Soldier's Carelessness Gives Lahm New Sensation in Aviation.

#### COMES SAFELY TO EARTH

Wright Gives Army Officers Lessons in Flying and Receives in Part Price of Airship Sold to Government.

COLLEGE PARK, Md., Oct. 19.—Motor roubles, the plague of the automobilist, oday proved also to be a plague to While the Government aero plane was flying 5 feet above the ground with Lieutenant Frank P. Lahm operating the levers, the chugging of the motor ceased. It was a new sensation for Lahm, but his instructor, Wilbur Wright, brought the machine safely to earth. It was found that a careless private had failed to replenish the gasoline supply after yesterday's flights.

Five instruction flights were made to-day, two in the early morning and the other three after 4 o'clock. Lieutenants Lahm and Humphreys each accompanied Mr. Wright on one of the morning flights, while Lieutenant Humphreys made two of the later flights and Lieutenant Lahm the other. In the last flight, upon which Mr. Wright was accompanied by Lieu-tenant Lahm, the machine remained sloft 19 minutes 5 seconds, this being the longest flight that has been made at College Park, Lieutenant Benjamin D. Foulers will begin taking instructions from Mr. Wright within a short time. Lieutenant Foulers today gave Mr. Wright the Government's check for \$20, 60c, as part payment for the machine which was purchased from the Wright brothers for the Signal Corps. Another \$10,000, making the total contract price of \$30,000, will be paid when the two Army officers who have been receiving instructions are pronounced accomplished

#### Laws for Air Urged.

NEW YORK, Oct. 19 .- In a lecture fore the Aero Club of America, Littleton Fox urges that the club take immediate steps to cause the enactment of laws de fining the rights and privileges of persons who travel in balloons and aeroplanes. Mr. Fox fears that unless laws to the contrary are passed, property owners, whose titles give them possession of the air above their property, may prosecute all travelers for trespass. In order to avoid suits for aerial trespass, Mr. Fox suggests that the various states con a certain aerial stratum as a public highway and take title to it.

LANGFORD AFTER KETCHEL

### Negro Thinks He Can Stop Michigan

NEW YORK, Oct. 19.-Sam Langford, the negro pugilist, is out with another offer for a fight with Stanley Ketchel, and declares that he can stop the Michigan fighter in less time than it required Jack Johnson to do it. Ketchel and Langford were matched at catch weights and were were matched at catch weights and were ready to light here when their bout was called off because of the activity of Governor Hughes. Langford now wants to meet Ketchei for a \$5000 side bet and any fair division of the purse, at catch weights, or at 168 pounds, the fight to be held at Colma, Cal., at any time agreeable to Ketchel.

By whipping Ketchel, Langford hopes to make a match with Johnson. He has been after Johnson for a long time and many of his supporters share his belief that he can defeat the black giant.

### Sam Berger Says Ketchel Just

Dumped Money on Johnson. CHICAGO, Oct. 19 .- "Jeffries will meet Johnson just as soon as details for a bout can be agreed on, and he will knock Jack's head off, sure." This was the prediction made by Sam

Berger, recently sparring partner with Jeffries, who passed through the city yesterday. And his assertion was backed up by Edward Jefries, brother of Jim, who is also on his way to New York to meet the hig fellow when he lands from the steamer.
"That bout out West looks queer in

z good many ways," said Berger, com-menting on the Johnson-Ketchel fight. "It was a mistake to send Ketchel against a man so much heavier than himself in the first place. It was just putting money in Johnson's pockets."

## PATIENT ABROAD NAKED

Delirlous Man at Good Samaritan Walks "in Altogether."

Walking out into the street, as Trilby would express it, "in the altogether," was the stunt of C. A. McKeehan, a ward patient at the Good Samaritan Hospital. McKeehan contracted blood-poisoning from a hang-nail and ten days ago was from a hang-nail and ten days ago was ordered to the hospital by a physician. His whole arm becoming inflamed. Mc-Keehan, a sturdy moulder by trade, Sunday night became delirious. Later he said he imagined himself to be sailing in an air-ship, but instead of sailing he walked through the darkened wards and corridors, his brief shirt falling off as he hurried into the street. Not until he reached the street did he happen to be noticed and when an attempt was made to carry him into the hospital, he fought to carry him into the hospital, he fought like a madman. He was so violent it required two house doctors, several musrequired two house doctors, several mus-cular orderlies and a bevy of nurses to confine him in the barred cell, where he was strapped to the bed and a hypo-dermic injection given. Through it all, says McKeehan, he imagined himself to be flying with the earth mortals endea-voring to check his flight.

When it was proposed to move him yes

terday, he said he would rather stay in the cell, in case he had another attack, and his request was only too willingly granted by the nurses.
