

NEW YORK HAVING WHIRL OF WORDS

Candidates Pour Forth Hot Epithets.

GAYNOR SMILES AT TAMMANY

Bellowing Demagogue Name He Gives Hearst.

SWALLOWS WHOLE TICKET

Even Candidate for Judge Whom Bar Denounced—Low Applauds Hearst as Fighting With Him Against Tammany.

NEW YORK, Oct. 20.—This was another night of whirlwind speechmaking in the municipal campaign, but the three candidates brought out nothing new in the way of personal attacks. W. R. Hearst, the independent nominee, delivered four speeches in New York. Otto T. Bannard, the Republican nominee, spoke three times in Brooklyn and then appeared at Carnegie Hall, N. Y., before a big fusion gathering, and William J. Gaynor, the Democratic nominee, appeared in Brooklyn.

Hearst opened with an attack on Gaynor and Tammany, reviewing his efforts in behalf of the people through his newspapers.

Hearst "Bellowing Demagogue." Gaynor referred smilingly to his first visit to Tammany Hall last night. "I have heard the tiger in his den," he said, "and have faced that dreaded animal without a quail, and I am now convinced nothing on earth can make me afraid."

Gaynor referred to Hearst as a bellowing demagogue, who has never yet read the city charter. Of Senator McCarrren's illness, he said:

"We send our sympathies tonight to one who is not here. Though we have not all of us been able to agree with him at all times, we can remember the good he has done, at all events."

Gaynor stands by ticket. Gaynor announced his staunch support of his associates on the Democratic ticket, some of whom have been criticized severely, particularly George F. Roesch, Tammany nominee for Justice of the City Court. The Bar Association of New York officially denounced Roesch as "not fit for the office," but Gaynor stood by the ticket.

Ex-Mayor Seth Low, a Republican, was one of the principal speakers at the Carnegie Hall meeting. His mention of Hearst brought cheering.

"I am glad you applauded Mr. Hearst," said Mr. Low, "because he is fighting with us in this campaign against Tammany."

HEARST'S STRIKE SUCCEEDS Forces Fusion Candidates to Appear on Platform With Him.

NEW YORK, Oct. 20.—William Randolph Hearst, nominee for Mayor, has won a strike which he declared against the Republican fusion ticket, according to a story current here. Until last Saturday, none of the nominees on the fusion ticket had appeared with Mr. Hearst on his speechmaking tours. As all of these nominees, with the exception of that for Mayor, are also on the Hearst ticket, Mr. Hearst believed that they should speak with him during his energetic campaign.

Hearst was scheduled for a speech, Saturday night, and three hours before the meeting was to be called he is said to have served notice upon Republican fusion managers that, unless their nominees for Controller and Borough Presidents appeared with him on the platform, he would retire from the race for Mayor and leave the Republican fusion ticket to fight Tammany alone.

This declaration is said to have thrown the Republican camp into confusion, which lasted for two hours, or until fusion nominees assured Mr. Hearst that they would appear with him.

DEAL TO DEPOSE MCCARRREN While He Fights Death, Murphy Plots His Undoing.

NEW YORK, Oct. 20.—Patrick H. McCarrren, lying ill in St. Catherine's Hospital, is deposed from the Democratic leadership of Brooklyn Borough, according to a report tonight. Insurgent or anti-McCarrren borough tickets were withdrawn from the Brooklyn field today with the understanding, according to rumor, that they were to cease their fight against McCarrren on consideration of his being ousted.

The instructions, it is said, came directly from Charles F. Murphy. Representatives of the insurgent tickets called upon the board of elections and requested that their names be left off the ballot.

CANNON TO REPLY TO ENEMY'S ATTACK

STARTLING CAMPAIGN AGAINST INSURGENTS.

Has Many Invitations to Speak and Will Accept—Says Taft's Trip Success.

CHICAGO, Oct. 20.—(Special.)—Your "Uncle Joseph" Cannon is starting a little campaign on his own account to offset the attacks which the "insurgents" among the Republicans and "recalcitrants" among the newspapers are making upon him.

He arrived in Chicago from Elgin this morning with this gossip accompanying him, and he did not deny that it was so. His speech before the Mayors of Illinois at Elgin yesterday indicated his programme of defense of his attitude on the tariff measure and organization of the lower branch of Congress and, when asked today if he expected to make any more speeches about the country, the Speaker admitted that, if he accepted all the invitations which had been tendered to him, he would deliver about three speeches a day and become a Chautauqua celebrity from coast to coast.

The Danville statesman was especially enthusiastic over President Taft's country-wide trip. He said that in his opinion it was proving a tremendous success.

STEERS WITH SIXTH SENSE

Norwegian Shows Remarkable Faculty in Navigating Steamer.

COPENHAGEN, Denmark, Oct. 20.—(Special.)—A remarkable demonstration was given here yesterday by a Norwegian, Emil Knudsen, who claims to be in possession of a sixth sense, even superior to that of the Fleetum boy whose performances in tracing missing persons attracted attention a year or two ago. Knudsen is 26 years old.

In the presence of many physicians, including a nerve specialist, Professor Friederich, the man, while blindfolded, steered a steamer through the intricate passages of Copenhagen Harbor like a skilled pilot. Professor Friederich held two finger-tips against the sides of Knudsen's head, and this, it was said, was all the man had to guide him. The doctor is convinced that Knudsen possesses a peculiar power.

PORTLAND SWIMMER WINS

Only Non-Californian Is Patterson, First in Half-Mile.

SAN FRANCISCO, Oct. 20.—(Special.)—Phil Patterson, of the Multnomah Club, the only entry from outside the state for the Portola aquatic championships, won the quarter-mile swim at Sausalito Lake this afternoon, his time being 6:39 1/5.

It was one of the most sensational races of the afternoon, and the Oregonian was given a hot contest by Marcus Lee, of Los Angeles, and Otto Schultz, of the Olympic Club, who finished second and third, respectively. The Olympics annexed a majority of the points, owing to numerous entries, but the honors were well divided in spite of that.

DISPATCH BY TELEPHONE

Santa Fe Adopts New System of Moving Trains.

LOS ANGELES, Cal., Oct. 20.—(Special.)—The Santa Fe Railway this afternoon authorized the substitution of telephones for telegraph for train dispatching on its line from Bakersfield, Cal., to Albuquerque, N. M., a distance of 800 miles. This is the result of experiments between Santa Fe and Bakersfield in the West and out of Kansas City.

It was stated officially that the operation of the telephone system would be extended as rapidly as possible, until the entire system is so operated.

DYNAMITE PLOT IS IGNORED BY STATE

More Mystery Added to St. Helens' Case.

CONSPIRACY KNOWN IN 1905

Sheriff White Arrested None, Good Description Given.

'TOOTS' BLAKESLEY IS MUM

Evidence of Handwriting Experts Looks Dark for Man Accused of Attempted Blackmail of Treasurer Quick—Blamed Alone.

ST. HELENS, Ore., Oct. 20.—(Staff Correspondence.)—Adding mystery to the labyrinth lines of the case of "Toots" Blakesley, accused of an attempt to extort money from County Treasurer E. E. Quick, District Attorney Tongue, of Columbia County, announced today that the alleged conspiracy to blow up the courthouse at St. Helens would not be brought out in the trial.

"It would confuse the jury," said District Attorney Tongue, "and the recital of the alleged conspiracy is not necessary to prove Blakesley guilty of an attempt at extortion."

WOMAN WILL SLUG CUSTOMS OFFICER

ALLOW NO PINCHING, POKING OR OTHER LIBERTY.

Female Artist in Paris Sends Warning to McClellan of Intentions.

NEW YORK, Oct. 20.—News of the activity of the customs officers at this port has apparently been received by Americans abroad in more or less distorted form, judging by a letter received by Mayor Mayor McClellan today from a woman in Paris and turned over to Collector Loeb. The letter says:

"I am in receipt of letters telling of pinching, poking and being personally felt of. If anyone attempts to insult me in that way, I intend to the best of my ability to knock him down and ask for police protection in so doing."

"There is no other land on this globe where a decent woman is not perfectly safe. I have been in nearly every country on the globe and have met with consideration, kindness and respect. I make two exceptions—Turkey and Central America were not safe for white women unescorted—but one could hire protection in both these countries."

The letter is signed simply "A woman artist in Paris."

SERIOUS STRIKE AVERTED

Southern Pacific Increases Wages of Machinists in Nevada.

RENO, Nev., Oct. 20.—(Special.)—What promised to be a serious strike on the Salt Lake division of the Southern Pacific Railroad, according to reports among the machinists, has been narrowly averted by the result of a recent conference between the employees and the officials.

Profound secrecy has surrounded every movement of those immediately concerned. An effort was made to secure the cooperation of the Brotherhood of Locomotive Engineers in the fight. About a month ago three members of the Machinists' Union went to Salt Lake and presented the grievances to the officials.

Word now comes that another committee has been formed to represent the employees in that city and reports that the company has agreed upon a 4-cent per hour increase as a compromise to the 6-cent increase said to have been demanded by the machinists.

The difficulties grew out of the frequent action of the company in letting out many of the shopmen each month for several days.

BISHOP MORRIS' WIDOW ILL

Death of Sister May Prove Fatal Shock to Aged Woman.

Mrs. B. Wistar Morris, widow of Bishop Morris, 84 years old, is critically ill at her home on Flanders street as a result of a stroke of paralysis last Monday night, following the death of her sister, Miss Clementine Rodney, last week. Dr. Holt C. Wilson, her physician, has little hope for the recovery of the aged woman, though she was reported resting better late last night. Since the funeral of Miss Rodney there has been a marked showing of physical exhaustion, say her friends.

BANK ROLL USED AS MACE

Banker Makes Bruising Weapon Out of Wad of Bills.

WASHINGTON, Oct. 20.—Using a roll of bills as a weapon, Charles C. Glover, president of the Riggs National Bank, is charged with having attacked a depositor who called at the bank Monday.

The depositor, Emilio Jassell, today brought suit for damages against Mr. Glover, asking \$10,000 for the bodily and mental pain he suffered.

The cause of the trouble has not been made public.

FUND SECURED TO RELEASE DE LARA

Labor Takes Up Cause of Mexican.

CALLS MEETING ON HIS BEHALF

Turner Will Tell of Diaz' Despotism Methods.

DE LARA NOT ANARCHIST

Only Seeks Better Government, Being Socialist—Darrow Called to Defense—Parallel to Case of Ferrer.

LOS ANGELES, Oct. 20.—The organization in this city today of the De Lara Defense League to handle the fund now being raised to aid L. Guiterrez de Lara in his effort to escape deportation to Mexico on the charge of being an alien and an anarchist is one of the most important of the day's developments in the case.

A fund sufficient to secure the release of De Lara has been pledged and will be placed in the hands of the Defense League, of which A. O. Lempus is president and Mrs. Mary Garbutt treasurer.

Unions Take Up Cause.

The mass meeting under the auspices of this league, which was planned yesterday, will be held Saturday night. Previous to that time meetings of several local labor unions will be held and resolutions presented declaring that unjust laws are being used to deport De Lara. Officials of the typographical and other local unions seem deeply interested in the case and are taking active steps to aid the prisoner.

At the mass meeting on Saturday night, John Kenneth Turner, companion of De Lara on his trip to Mexico one year ago and author of magazine articles entitled "Barbarous Mexico," will be one of the principal speakers. He has announced that he will tell on this occasion why, in his belief, the Mexican government may be seeking to have De Lara deported.

Advocate of Good Government.

Clarence Melly and A. R. Holston, attorneys for De Lara, stated today that their defense, when the hearing is called early next week, will be that De Lara is a Socialist and not an anarchist and that his utterances have been in behalf of better government and not against any established government. It was stated by the attorneys today that De Lara is preparing to make application for naturalization papers of this Government.

The prisoner has been permitted to have conferences with his attorneys today and is practically outliving his own defense, being an attorney himself.

Secret Service operative George W. Hazen stated today that he was not taking any official action in the De Lara case, but was watching it carefully.

Tonight the following telegram was sent to Attorney Clarence Darrow, of Chicago, by the newly formed De Lara Defense League of this city:

"Can you come to Los Angeles and assist in the defense of De Lara, Mexican patriot, whom hired agents of despotism seek to deport and slay as Ferrer was slain?" (Signed) De Lara Defense League."

NAVAL ARMAMENT MAY FORCE PEACE

INCREASING COST OF WARSHIPS IS NEAR LIMIT.

Naval Officer Predicts International Peace Within Score of Years.

LOS ANGELES, Cal., Oct. 20.—(Special.)—That international peace and arbitration will be brought about within a decade or two through the rapidly increasing cost of modern battleships is the opinion of William Lamdin Bailie, chief engineer, United States Navy, retired, who has come to Los Angeles to make his home.

"Since 1890 the cost of the vessel has increased four times," said Bailie. "The average of the vessels of the fleet which made the world voyage is about \$5,000,000 each, while Dreadnoughts cost about \$14,000,000."

"All the munitions of war have increased in the same ratio. We are constantly having to rebuild coast defense works to keep pace with the more powerful projectiles."

Naval officers all over the world are realizing that the limit in naval armament soon will be reached, and I believe that within less than a score of years international peace will be maintained without the use of the great floating juggernauts of war."

NEW VOLCANO BREAKS OUT

Emits Flames and Sulphurous Fumes in Lower California.

EL CENTRO, Cal., Oct. 20.—News was received here tonight of the breaking forth of a new volcano in the Volcano Lake district, 24 miles south of Calexico in Lower California.

Albert Robinson, foreman of a large cattle ranch, telephoned from his camp at Black Butte that the volcano became active today, emitting flame and sulphurous fumes from a crater 20 feet in diameter on the shores of Volcano Lake. This point is not 100 yards from where a party of Colorado Delta country explorers made camp last night. It is impossible to get near the crater because of the fumes.

The old volcanoes in this district have been covered with flood waters for several weeks.

PULITZER TRIAL IS NEXT

Panama Libel Cases to Be Tried in New York City.

WASHINGTON, Oct. 20.—The next prosecution of the Panama libel cases instituted by the Federal Government will be at New York City, where the indictments were returned against Joseph Pulitzer and the New York World. When the cases will be brought up is uncertain on account of the congestion of business in the courts.

There is no question of the removal of the defendants involved, as there was at Indianapolis, where the Government was defeated in its efforts to have the publishers brought to Washington to answer the charges.

There will be no further steps in the removal proceedings for the reason that no appeal lies.

LAKE HEATED BY VOLCANO

Water Boils in Crater of Bogoslof Island in Alaska.

WASHINGTON, Oct. 20.—Reports of curious phenomena in a crater lake on Bogoslof Island, Bering Sea, were confirmed today in a report received by the Treasury Department from Captain V. E. Jacobs, commanding the Bering Sea revenue cutter fleet. Jacobs reports the existence of boiling steam jets in the lake, while at only one place around the island could soundings be found.

The observations tend to show that the lake is the crater of the submerged volcano.

HAS PARLIAMENT PLEDGED

Proudly Wearing Badge Showing She Has Suffered for Cause, Tiny but Pugnacious Woman Lands in America.

NEW YORK, Oct. 20.—A quiet little group of New York women, bearing banners labeled "Votes for women," stood on the White Star liner pier tonight and welcomed to America Mrs. Emmeline Gould Pankhurst, leader of the suffragettes of Great Britain. In accordance with the rulings of the customs authorities, less than 20 persons were admitted on the dock and the reception to the woman who has served two terms of imprisonment for her activity in the cause was devoid of clamor. She was hurried to the suffrage headquarters at 502 Fifth avenue.

Mrs. Pankhurst is slight of stature and has a wealth of brown hair, which is just turning gray. She looked a typical English woman and was dressed becomingly in a dress of dark material.

Wears Medal of "Martyr."

"I am coming to America," she said "to speak on the subject of equal rights for women, and to study the situation in this country. I think we are away ahead of you in this matter."

As she talked, Mrs. Pankhurst displayed a little medallion she wore and explained that it was a distinguishing mark worn by those English women who have been imprisoned for the cause.

"I suffered solitary confinement," she continued, "and had only one hour of exercise out of 24. During the other 23, I was confined in a little cell eight by ten feet. I had cell No. 47 on the second floor of Holloway Prison and I wore the regular prison garb, but I did not bring this costume to New York with me."

Majority in Commons Pledged.

"The movement is progressing satisfactorily in England," she went on. "We have pledges from practically two-thirds of the members of Parliament to vote for us as soon as a bill is prepared by the government. And we expect sooner."
