

## CHARGE OF RULES IS LIPTON'S HOPE

But Yacht Club Intimates It Is  
Fond Delusion and He  
Will Fail.

### ANOTHER RACE UNLIKELY

Lipton Says Rules Develop Freak  
Yachts Which Sea-Going Boat  
Cannot Beat—Wants Mod-  
ern Rules Adopted.

NEW YORK, Oct. 20.—The coming of Sir Thomas Lipton to the United States has stirred up a deal of interest as to what measure of success the Irish Baronet will have in his endeavor to bring about another race for the America's cup. Sir Thomas is expected here on the steamer Cedric Saturday and will ascertain from members of the New York Yacht Club whether they will accept a challenge under the universal rules which now govern races held by the New York Yacht Club or whether the club still insists that the cup contest must be held under the old conditions which permit the greatest maximum of speed upon a given water-line length without other restrictions.

**Old Rules Develop Freaks.**  
Sir Thomas holds that the old rules have resulted in the development of freak yachts of such flimsy construction that there is grave danger of the challenger going to pieces at sea while being brought to this country on her own bottom, as provided in the conditions of the contest. But under the present racing rules, Sir Thomas believes, that a fast, substantial yacht can be built and the challenger for the cup can be assured some chance of success.

The Baronet hopes to convince the New York Yacht Club that a race for the America's cup can never be held under the old conditions, and that if the club maintains the attitude it took two years ago, it is equivalent to locking up the classic "mug" in the club's trophy room.

**Club Will Not Change Rules.**

It was learned today, however, that unless the present feeling among the more influential club members undergoes a change, Sir Thomas' visit is likely to fail. "Doubtless many members of the club and the public generally would like to see another Shamrock in these waters," said a prominent officer of the New York Yacht Club today, "but Sir Thomas must challenge under the old conditions which are provided in the deed of gift. The feeling of the club has undergone no change."

### PORTLAND GIRL IS EDITOR

Miss Martha Montague in Charge of  
Albany College Student.

ALBANY, Or., Oct. 20.—(Special.)—Miss Martha Montague was today chosen editor-in-chief of the Albany College Student, a monthly publication issued during the school year by the students of the college. The board of control of the student body made the appointment of Miss Montague and named the remainder of the staff as follows: all of the appointments being ratified by the student body: Associate editor, Grover C. Birtcher; literary editor, Lucille Hart; local and personal editor, Rhoda Stalder; exchange editor, Inez Easton; athletic editor, Gil Ogden; business manager, Gordon Dunn; assistant business manager, Dottie Banding; subscription agent, Anna Burch.

Miss Montague, who was chosen head of the student staff for the present school year, is a member of the senior class. She is a daughter of E. E. Montague, of Portland, and a granddaughter of Colonel C. B. Montague, of Lebanon, one of Lincoln County's leading pioneer citizens. Miss Montague has attained high rank as a student during her college course and has been prominent in the literary societies.

### PRICKS BABY WITH CACTUS

Wife in Divorce Suit Makes Charge  
Against Husband.

ALBANY, Or., Oct. 20.—(Special.)—That her husband took their infant child and jumped it up and down on cactus plants to prick its bare feet and cause it pain is one of the allegations of Maud H. Lambert in a complaint filed in the State Circuit Court here today asking for a divorce from Frank Lambert. This atrocious incident occurred, according to Mrs. Lambert's allegations, about seven years ago in Roseburg County, Montana.

Another allegation of the plaintiff in this sensational complaint is that in September, 1904, the defendant kicked her out of the house, locked the door and compelled her to stay out in a storm for many hours.

Mrs. Lambert alleges she was sometimes compelled to do manual work and that on the 15th of April, 1908, her husband forced her to dig a cellar when she was ill.

### MILL FIRM BLOCKS CITY

Booth-Kelly Company Objects to Eugene Taking Water From River.

EUGENE, Or., Oct. 20.—(Special.)—The Booth-Kelly Lumber Company has asked for a permanent injunction against the city of Eugene in the construction of its power plant on the McKenzie River. The complaint cites that the way in which the canal is being constructed will so reduce the flow of water to the McKenzie River for a distance of seven miles that it will make logging impossible, and will do irreparable damage to the plaintiffs.

It is further stated that the stream has been used for logging purposes for more than 30 years, and that if the city completes its plant, a large body of timber cannot be marketed because the river is the only route by which it can be brought out to the mills.

### CUSTOMS SCALES CHEAT

WEIGHERS ADMIT GRAFT, GOV-  
ERNMENT DEFRAUDED.

Eight Years of Systematic Theft Ad-  
mitted—United States Loses  
Thousands of Dollars.

NEW YORK, Oct. 20.—Eight years of systematic and exceedingly profitable cheating of the United States Government was described today by George E. Birge, a customs weigher, a witness in the trial of Antonio and Philip Muscia, cheese importers.

After telling how he had underweighed a large importation of cheese for the Muscias, and received \$124 as his share, Birge said he had similar dealings with hundreds of other firms of importers. He declared also that there was a regular system of cheating in which a number of customs employees were involved. Birge is one of three weighers who have confessed and is testifying for the Government.

An echo of the Government's suits against the American Sugar Refining Company was brought out by Birge's testimony. He said that prior to his operations for the Muscias and others he had been almost exclusively employed in underweighing and cheating on behalf of the sugar people.

### EXCURSION TO MEXICO CITY

Several years ago the Southern Pacific conducted a special excursion train from San Francisco, California, to the City of Mexico and return. It was such a brilliant success that the company was induced to repeat it, and it has since come to be regarded as an annual event.

This year it is scheduled to leave San Francisco October 20th, making it necessary for parties from Portland wishing to join it, to leave Saturday or Sunday, or 24th or 25th. The round trip rate from Portland is \$104.00, which includes transportation only. Sleeping car accommodation, meals and side trips are extra. Final return limit is sixty days, with many stopover privileges. The berth rate on the special from San Francisco to the City of Mexico is \$12.51 (one way only).

These excursions have become so immensely popular because of the rare interest of the country through which they travel, and the masterly manner in which they are conducted. The special train is superbly equipped and every detail is in charge of a skilled agent from start to finish. Excursionists see everything of note and are absolutely free from care. Call at the City Ticket Office, Third and Washington streets, for an illustrated guide book and any other information desired.

## POPE PIUS PLANS EARLY CONSISTORY

Pontiff May Create New Car-  
dinals in December and  
in Spring.

### NAMES STRICTLY SECRET

Archbishops Farley, Ireland, O'Con-  
nell and Bourne, Mgr. Falconi  
Are American Dignitaries  
Slated for Red Hat.

ROME, Oct. 20.—While the Pope only recently seemed determined not to have a consistory until 1910, it is now suddenly announced that one will be held about the middle of December and another next Spring. It is added that the reason for holding two consistories is for the purpose of appointing as cardinals in the second consistory certain prelates who cannot be included in the first.

Strict secrecy is maintained regarding the names of those whom it is intended to elevate, but it is known that Mgr. Mendes Bello, patriarch of Lisbon, and also considered certain that Mgr. Biletti, papal major domo, will be elevated in the Spring.

Regarding the appointment of a new American cardinal, Archbishop Farley of New York; Archbishop Ireland, of St. Paul, and Archbishop O'Connell, of Boston, are considered the most likely candidates, while it is reported also that an American cardinal may be named as a member of the curia and therefore will live in Rome.

Others likely to receive the red hat are the Most Rev. Francis Bourne, Archbishop of Westminster; Mgr. Falconi, apostolic delegate at Washington; Mgr. Guistini, secretary of the Congregation of Bishops; Mgr. Della Chiesla, Archbishop of Bologna, and the Archbishops of Buenos Ayres and Florence.

### BACK BROKEN IN GAME

NAVY QUARTERBACK DYING OF  
FOOTBALL INJURIES.

Taken From Under Pile of Players  
Paralyzed—Doctors Aban-  
don Hope.

ANNAPOLIS, Md., Oct. 20.—Hope of the recovery of Midshipman Earl D. Wilson, quarterback of the Navy football team, who was injured in the Villanova game last Saturday, was abandoned this afternoon. A statement issued from the Naval Hospital said:

"At a consultation this afternoon, at which were present Dr. Harvey Cushing, of Johns Hopkins University, and Surgeons Frank Anderson, C. L. Stokes, A. H. McCormack, I. H. Idem, A. L. Woods and G. T. Cottle, all of the Navy, it was decided that the benefits of an operation were so improbable and the chances of death so great, that an operation should not be considered justifiable. Midshipman Wilson's condition is very serious, and there is little hope of recovery in any case."

Wilson was injured in stopping a long run of the opposing halfback after a score had been made and another touchdown was being worked down the field. Wilson, by a flying tackle through the interfering men who were helping Barr, stopped the play within a few yards of the Navy's goal. When the mass of players was untangled, he was found at the bottom of the pile unconscious. Paralysis developed almost immediately, and since Saturday Wilson has been unable to move any part of his body. The fifth vertebra was fractured.

or later to compel the government to introduce the bill. Just when this will come to pass, I am not prepared to say."

Mrs. Pankhurst stoutly defended militant tactics. "All great movements have been worked out by violence," she said. "The American people secured their liberty by violence, so why not such the House of Commons to obtain what we regard as our rights? The ballot granted to women will make them more intelligent, less self-centered and on the whole much better citizens."

**Can't Make Politics Worse.**

"Don't you think that there will be corrupt women politicians and women ward-healers?" Mrs. Pankhurst was asked.

"Well," she replied, "I don't think it could make politics any worse at any rate."

Mrs. Pankhurst declared she had been a suffragette as long as she could remember. She had gone to meetings in favor of the emancipation of women when she was only 14 years old, accompanied by her mother, who herself was an ardent advocate of the cause.

Mrs. Pankhurst will remain in the United States until November 22, but will not be able to get as far west as Colorado, where suffrage is being tried. She will speak in Boston Friday and Worcester, Mass., Saturday, returning to New York Sunday for a reception by the National and New York state associations.

### RATE ORDER IS MODIFIED

State Board Permits Increase in  
Wheat Tariff.

SALEM, Or., Oct. 20.—(Special.)—The State Railroad Commission today made an order modifying its previous order in the O. R. N. grain rate cases and extending the time for placing the order into effect to November 1.

The rate from Island City, Pierce's and Conley, which was 17½ cents, is increased to 18 cents; Alcatraz and Imbler, from 18 cents to 19½ cents; Rhinehart and Elgin, 18 to 19 cents.

### OFFICER LANDS SAFELY

Member of Signal Corps Steers  
Aeroplane for 27 Minutes and  
Brings It to Ground With-  
out an Accident.

COLLEGE PARK, Md., Oct. 20.—A flight lasting nearly half an hour was made today by Wilbur Wright, accompanied by Lieutenant Humphreys, one of the officers who has been receiving instruction in the manipulation of the aeroplane.

The officer handled the machine throughout most of the flight, and for the first time made a landing without Mr. Wright's assistance.

The flight, which was for 27 minutes and 10 seconds, was the longest ever made at the Government aerodrome. Early in the morning three short flights were made. The flight in the afternoon was witnessed by Clifford B. Harnum, the balloonist, and August Post, secretary of the Aero Club of America.

NEW YORK, Oct. 20.—Wilbur and Orville Wright, the aeronauts, through counsel applied in the United States courts here today for an injunction to restrain Ralph Saulnier from making flights in the French flying machine which he brought to this country a few weeks ago.

Saulnier's machine is a duplicate of the one on which Bleriot crossed the English Channel, and the Wrights contend it is an infringement of their patents. The application asks for damages and the power to destroy the Saulnier machine.

### Italian Dirigible Maneuvers.

ROME, Oct. 20.—One of the Italian military dirigible balloons came from Baccano to Rome, a distance of 19 miles, in 30 minutes today. The dirigible executed evolutions over the city and passing over the gardens of the Vatican was seen by the Pope. The dirigible flew so low that its occupants could clearly be distinguished.

## Stomach Blood and Liver Troubles

Much sickness starts with weak stomach, and consequent poor, impoverished blood. Nervous and pale people lack good, rich, red blood. Their stomachs need invigorating for, after all, a man can be no stronger than his stomach. A remedy that makes the stomach strong and the liver active, makes rich red blood and overcomes and drives out disease-producing bacteria and cures a whole multitude of diseases.

Get rid of your Stomach Weakness and Liver Laziness by taking a course of Dr. Pierce's Golden Medical Discovery.

It is a Great Stomach Restorative, Liver Invigorator and Blood Cleanser. You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its bottle-wrapper, same being attested as correct under oath.
