ACCUSERS SAY HE ROBS HIS PUPILS

Walton C. McKee, ex-Superintendent of Oregon City Schools, Is Under Arrest.

\$300 NOT ACCOUNTED FOR

Given Charge of Student Funds, McKee Makes No Report of Expenditures-Is in Bad Standing With Butcher and Grocer.

OREGON CITY, Or., Oct. 29 .- (Special.) -Walter C. McKee, for three years superintendent of the Oregon City schools, was arrested this morning at Portland by Constable Miles charged with larceny by ballee of \$43.59. He was brought to this city and taken before Justice of the Peace Samson and released upon a de-posit of \$150 cash ball, his bondsmen being Dr. George Hoeye and W. J. Car-son, the latter being the father of Mc-

The preliminary examination is set for next Tuesday evening at To'clock, but the regular term of the Circuit Court will be convened next Monday and a grand jury impaneled. If the case is taken in hand by the grand jury and an indictment returned, it will not be necessary to hold the examination in the

Student Body Loses Funds.

While the specific charge against Mc-Kee is larceny by bailee, he is accused of stealing money belonging to the student body of the Oregon City High School. During his three years' incumbency as city superintendent, he was entrusted with all of the student body funds and acted as treasurer for all student enter prises. Contrary to the usual procedure in high schools, the students were never regularly organized and had no officers. Time and again McKee was asked to make reports, but they were never forthcoming. Not only did he evade financial responsibility in school matters, but he ed a bad standing with the butcher, the grocer and other tradesmen, and as a result he was not re-employed as city superintendent this year. He realized his position to the extent that he did not apply for re-election, and during the Summer he moved to Selfwood, and en-tered the employ of the Portland Gas Company as bookkeeper, and he was ar-rested, while at his work, by Constable

Nearly \$300 Not Accounted For.

The magnitude of McKee's peculations was not realized until a few weeks ago. It was suspected that he had received money from student enterprises, but the matter was not brought to the attention of the board of directors until recently, when it was discovered that anywhere from \$200 to \$200 collected by the pupils of the high school and turned over to McKee was unaccounted for. The high McKee was unaccounted for. The auga-school purchased a plano from a Port-land firm, and McKee has acknowledged that he received at least \$60 to be di-verted to this purpose, and not a cent has been paid on the instrument.

During the annual institute of county teachers last year, County School Super-intendent Gary paid McKee 310 for the use of the piano at the sessions that were held in the high school building and this money was not paid to the plane dealers. Last Spring \$5 was collected among the school pupils for the fund to restore the McLoughlin home, and Mc-Kee received this n of appropriating it to his own use.

Supplies Paid For Are Sold.

Nearly \$100 is owing to the printers for the publication of The Hesperian, the high school paper, and the students freely assert that McKee used the money col-lected from advertising and subscriptions. Business men of this city put up money last year to purchase suits for the high school baseball club and before the close of the year. McKee sold the suits to of the year. McKee sold the suits to raise money to pay for their purchase. When all this information was placed in the hands of the board of directors early in October, it was decided that it would be a terrible example to set before the students to allow McKee to escape without punishment. The high school opened the year with its publication in opened the year with its publication in debt to the extent that students have not been able to issue a single number, and they found that thefr plane was left in the school building only through the generosity of the dealer. State Senator Hedges, Dr. A. L. Beatle and Attorney O. D. Eby were appointed a committee of the circumstances and they were em-powered to act. The result was that evidence was obtained and placed in the hands of Deputy District Attorney Stipp. issued a warrant for McKee rest this morning upon complaint of Dr. Beatle.

Says Little When Arrested.

McKee had little to say when he was taken into custody. He attempted to as-certain from Officer Miles the name of the person who made the complaint, and asked the Constable if his arrest was based on "the plane transaction." He obtained no satisfaction from Miles. George tained no satisfaction from Miles. George C. Browneil has been engaged as attorney for McKee. who returned to Portland early this afternoon. McKee came here from Eugene in 1996. He was principal of the Eugene High School and was formerly principal of the Lebanon public schools. He was at one time a streetcar conductor in Portland.

SALEM, Or., Oct. 29.-(Special.)-A. H. Hudson, a fruitgrower at Gates, Linn County, has made formal complaint to the County, has made formal complaint to the State Railroad Commission in regard to the rates on green fruit on the C. & E. from Gates to Albany and on the S. P. from Albany to Salem and Portland. It is alleged that the rates are excessive, increasonable and unjustly discrimina-

The matter has been taken up with the C. & E. and S. P. and it is probable the Railroad Commission will set a date for a hearing in the near future.

DALEY'S LIFE PLEADED FOR

Condemned Man's Attorney Appeals to Governor Benson.

SALEM, Or., Oct. 29.-(Special.)-At-SALEM. Or., Oct. 200 control of the common came up from Portland today to fite with Governor Benson an application for the commutation of the death sentence of Harry Daley to life imprisonment. Daley is now with the work

in the death cell at the State Penitentlary and his execution has been set for No-vember 12, the same date on which James

Finch is scheduled to hang:
Attorney Stevenson has a petition for executive clemency for Daley signed by a large number of Daley's friends and by a number of prominent Multnomah County men. Among those whose signatures are men. Among those whose signatures are attached to the petition are: Ex-Prosecuting Attorney John Manning and Assistant Bert E. Haney, Judge W. N. Gatens, J. W. Beil, of the Multnomah County Justice Court; John F. Logan, lawyer; Alex Sweek, Seneca Fouts, Rev. Father H. T. McDevitt, of St. Mary's Cathedral; George L. Baker, of Baker Theater; Ogiesby Young, Count Senosky and five of the 12 jurors who found Daley guilty of the murder of Harry Kenny. and five of the 12 Jurors who found Daley guilty of the murder of Harry Kenny, povernor Benson will communicate with Judge Gantenbein before whom Daley was tried and also with the prose-cuting attorney's office and others, and will announce his decision in a few days.

Harry Daley was convicted last December of shooting Harry Kenny in the latter's saloon, on November 16. There was a dispute about some money, and Kenny held his hands above his head, according to the evidence presented, and told Daley to make good his threat of killing him. Daley took the dare and shoot him.

Later Daley insisted that he could not remember what had happened, and at

tributed the crime to a mental disorder. He was sentenced to death by Judge Gantenbein.

EPIDEMIC CLOSES TOWN

DIPHTHERIA STOPS SCHOOLS IN ANACORTES.

Health' Officer Forbids All Public Meetings-Order Obeyed to Letter-City Like Graveyard.

BELLINGHAM, Wash., Oct. 29 .- (Spe clal.)—By one sweeping order the health officer, of Anacortes. Wash, tonight closed all churches, lodgerooms and public halls and forbade all social and business gatherings of any sort, practically quarantining each family in the city. Two previous orders issued earlier in the week closed the schools and theaters and for-bade the children leaving their homes or

appearing on the streets.

These drastic steps have been taken in an effort to check a particularly virulent epidemic of diphtheria which has already caused two deaths out of five citizens of Anacortes are obeying

to the letter, and without complaint the orders issued by the health officer, and the town is now as quiet as a graveyard. There has been some talk of going even further and closing mills and manufacturing plants, but this has not yet been

one.

The regulations now in force will not be suspended, in the opinion of the health officer, danger of a further spread of the epidemic is over,

THREE TRIES FOR VERDICT

Grants Pass Plaintiff Successful After Repeated Attempts.

GRANTS PASS, Or., Oct. 23.—(Special.)

The old saying. "You can never tell what a jury will do," has been fully demonstrated in the County Court at this place in a case of a Russian laborer seeking to recover money from John Winders a teamster.

seeking to recover money from John Winders, a teamster.

Two weeks ago today a jury was drawn, evidence submitted, and at the close of the trial the jury disagress, with the ballot standing three in favor of the defendant and three for the plaintiff.

Yesterday the case was submitted to a different jury, with the same witnesses, and after being out the jury failed to agree again, five voting in favor of a verdict for defendant and one in favor of plaintiff. This morning a new jury verdict for detendant and one in taylor of plaintiff. This morning a new jury was secured, the evidence with the same witnesses resubmitted and the result is a verdict in favor of plain-tiff for \$147 and the costs of three-trials, also the expense of keeping a-team under attachment in a livery stable for several weeks.

The defendant immediately gave notive of appeal to the Circuit Court.

ALASKA BECKONS FARMERS

Agriculture May Rival Gold Product. Says Professor.

SEATTLE, Oct. 2.—Professor C. C. Georgeson, special agent in charge of Alaskan investigations for the Department of Agriculture, who is in Seattle, on his way to Sitka, the headquarters station, believes that Alaska is to become

reat agricultural country.
It is il years since Professor Georgeson went North to begin the investigations with which he has since been identified.

with which he has since been identified, and experiments made during that time have resulted in his reaching this conclusion as to the future of Alaska in agricultural industries.

"The prospects today for successful agriculture in Alaska are infinitely better than they had appeared to be II years ago when I began work there," said Professor Georgeson. "Alaska will some day become the home of prosperous and successful farmers, but the farmers will probably come from the Scandinavian probably come from the Scandinavian peninsula and from Finland, because they have been brought up under similar cli-matic conditions."

110 Miles of Road Completed. SEATTLE, Oct. 29.—The Copper River & Northwestern Railroad will be completed for 110 miles out from Cordova, Alaska, by November 1, according to a contractor who has just arrived from the north. Winter does not interfere with the work.

HAWLEY TO AID YAQUINA

Promises to Interest Congress in Se curing Appropriation.

TOLEDO, Or., Oct. 28.—(Special.)—Con- and John J. Cooke have to gressman Hawley arrived at Toledo on of the concern as assignees.

Tuesday evening and was met at the train by a reception committee of the Toledo Development League, of which he was the guest during his stay in the town. Wednesday he spent a very busy day, meeting delegations from Siletz and other portions of the county, who have measures of interest they wish looked after at Washington.

Among the more important, was a degration of both whites and Indians from Siletz asking that Congress provide for selling five sections of timber land on the Indian reserve, which is held as community land by the Government for the Indians.

Hawley took time to go up the river and see the monster diking machine of M. M. Davis at work. Mr. Hawley was greatly impressed with the machine and believes it solves the problem of deepening the channel from Toledo to Yaquina. In the evening he addressed a large audience at the Woodman Hash. C. B. Crosno and J. F. Stewart made short addresses about the properties of the properties and the see a short of the properties of the properties and the see a short of the properties and the see and the see a short of the properties and the see and the see a short of the properties and the see a short of the properties and the see and the see a short of the properties and the see and the se dresses, showing the importance and necessity of removing two sand bars and thus deepening the Yaquina channel, to chable the large timber interests to avail themselves of water rates.

Mr. Hawley secured passage of a measure through the recent Congress provid-

ure through the recent Congress providing for a survey for the purpose of taking the matter up this Winter. Both the local speakers consured the adverse report of the Engineer as being made with out any personal inspection of the mat-ter. Mr Hawley, being impressed with the importance of the improvement, promised to do all in his power to obtain

The section of the state to be traversed by the Bandon-Port Orford Railroad abounds in natural resources, and it is predicted that with the advent of the railroad the country will vent of the railroad the country will

develop rapidly.

Building operations in Bandon have never been more active than at the present time. A number of substantial homes are being built and several business blocks are in course of construction, besides several mills, including the reconstruction of the big lumber mill of the Cody Lumber Company, which burned in August. Work on this mill is moving rapidly, and the company hopes to have everything in run-ning order within six months. There is good prospect of another big mill being built here in the near future with as great capacity as the Cody mill. Other improvements are also under way, which altogether makes a real lively place these days.

(Special.)—In a game in which they never stood a chance of winning, Whitman was defeated by the Oregon Agricultural College this afternoon on Ankeny Field by the score of 10 to 6. The visitors had the better of the argument at all stages of the game, although the Missionaries put up a hard fight and displayed better coaching in open football.

The feature of the contest happened in the second half, just after the Aggles had scored their second fouchdown, when Borleske caught Keck's punt on the dead run, and, knocking players right and left, ran 80 yards for Whitman's only score. The play was so unexpected that the thousands on the bleachers did not realize what had happened.

The Aggles scored their first touchdown after 20 minutes of play in the first half. The heavy backs of O. A. C. found little difficulty in carrying the oval over. Keck falled at goal. In the second half, Borleske kicked off, the ball going behind the goal. It was brought out to the 25-yards. Keck added three through center and Bergman went through the same hole for three more. Keck added 10 through left guard and Reynolds made 15 around left end. Captain Evender was sent through for the second touchdown, which was made in four minutes of play. The visitors' heavier weight told on the locals. For O. A. C. Keck, Reynolds and Bergman wetarred.

PENDLETON TO PROTEST

FARMERS INCENSED AT MER-CHANT MARINE LEAGUE.

Monster Mass Meeting Called to Express Disapproval of Only American Ships Carrying Grain.

PENDLETON, Or., Oct. 29.-(Special.)-Incensed at the efforts of the Merchant Marine League to have the Government make an order forbidding loreign ships to haul Pacific Coast grain to Europe. the farmers of Umatilia County will hold a monster mass meeting in this city Baturday afternoon, to voice their protests against the proposition in no more tests. tests against the proposition in no uncertain manner.

The meeting is to be held at the Cou house and was called originally by J. T. Lieuallen, president of the county organization of the Farmers Educational & ization of the Farmers Educational & Co-operative Association of America. It is not to be confined, however, to the membership of this organization, nor to the growers of grain. While the farmers are the ones to whom the proposition seems to have the greatest meaning, business men and citizens generally have expressed a desire to enter a protest.

Senators Bourne and Chamberlain and Representativese Ellis and Hawley have been select to be present and hear how been asked to be present and hear how the people of Umatilla County feel in re-gard to the proposition. They will also be maked for advice as to the best course for the protesting farmers to take in their efforts to defeat the merchant ma-

It has been figured out by the grain buying companies that this proposition would make a difference of \$1 a ton in the freight rate on wheat between the Coast and European ports, and therefore it means a difference of exactly 3 cents per bushel in the price of wheat in the Inland Empire, or a difference of \$150,000.

RECORD PACK TO BE MADE Run of Silversides of Grays Harbor Is Enormous.

HOQUIAM, Wash, Oct. 29.—(Special.)— Never in the history of Grays Harbor has there been such an enormous run of silverside salmon as has been seen in the waters of the harbor during the past week. Today 8000 fish were delivered to the Hoquiam Packing Company and for more than a week, the daily catch has not fallen below 8000.

"I have been in the business for more than 15 years," said W. W. Kurtz, of the Hoquiam Packing Company, "and I have never before seen the equal of the run. The waters seem alive with fish and the catches made are something enor-mous. We have been running the plant to its full capacity both night and day and yet have thousands of figh stored which we have been unable to pack.
"Indications point to a great pack on Grays Harbor. The record of last year has been broken and we have two weeks more to fish before the season closes.
