Examination of Big Tanker Reveals Bad Leak and Seven Feet of Water Is Found in the Forward Hold.

SAN FRANCISCO, Nov. 4 .- (Special.)-Crawling along at a snall's pace through the dense fog off the Cliff House this morning, the bik tanker Catania, under charter to the Associated Oil Company, and in command of Captain Canty, was caught in the treacherous eddles and car-

and in commander and the commander and carried upon the Seal Hocks. She hit one of the reefs with a crash that struck terror to the hearts of her crew and sent them scurrying about the decks.

The skipper maintained a cool head, however, and immediately signaled to reverse engines. Some moments later, and unassisted, the Catania, although leaking badly, backed into deep water, and resumed her way. She arrived in the harbor shortly after noon and the news of her narrow escape from the beach was reported by the Captain to the lookouts at Meiggs Wharf.

beach was reported by the Captain to the lookouts at Meiggs Wharf.

The Catania left Astoria several days ago and should have arrived early this merning. Fog was met, however, off the coast and she had to run under slow bell. An examination of the vessel fol-lowing her arrival showed that she was leaking in the how and that there were seven feet of water in the forward hold.

A CLOSE SHAVE

Many of Them Happening Every Day but Soon Forgotten.

Close shaves would be of more frequent occurrence but for the tender faces of many men, which will not permit of shaving often. Heretofore, nothing has been said in these columns about posiam, a new skin discovery, in connection with its use after shaving. Its publicity and sales have been confined almost exclusively to its remarkable properties as an eczema cure; it spector of Hulls, who has been confined to his apartments with an attack of pheumonia, has so far recovered that he was able to sit up yesterday. It is expected that Captain Edwards will be able to get out of doors in a few days. Affairs of the Inspector's office are being looked after by Inspectors Whitney and Turner, of Seattle.

Picture of Health After Whooping Cough

Mr. A. B. Tillapaugh, of Chesterton, Ind., says his little daughter's lungs were left very weak after a severe attack of whooping cough. For years they tried various remedies without good results; finally, when the case seemed almost hopeless they tried Duffy's Pure Malt Whiskey with marvelous success.

Mr. Tillapaugh writes: "My little daughter, who is now 7 years old, at the age of 7 months had a severe attack of whooping-cough, which left her lungs in a very weakened condition. She grew worse in spite of all we could do. ferent doctors prescribed for her, but without effect. We dragged along this way for nearly six years, almost hopeless but not conquered.

"A friend advised Duffy's Malt Whiskey and I procured a bottle. That was about five months ago. The first dose seemed to help her, and she is now at school and I think about cured. Thank God, my little girl is now the picture of health."

The little sufferers from whoopingcough, measles and the other diseases incident to childhood, often become physical wrecks from the severity of the attacks and yield to other diseases vastly more fatal. Want of nutrition and im-

paired digestion is usually the cause, but the kidneys, the lungs and air passages may be affected, and this too often leads to serious complications. What the little sufferers need, as in the case of Mr. Tillapaugh's daughter, is a remedy that will prove a food and a medicine at the same time. Duffy's Pure Malt Whiskey is this remedy in perfection. It excites the proper digestion and assimilation of the food by its influence upon the salivary glands of the mouth and the gastric glands of the stomach; without requiring digestion, it is burned or oxidized within the body, and, like other foods, produces heat and energy. By its tonic and soothing influence upon the physical and mental forces it calms nervous irritability and gives tone and vigor to the body. mental forces it calms nervous irritability and gives tone and vigor to the body.

MEN'S AILMENTS MY SPECIALTY

I have treated hundreds of men who had long suffered a gradual decline of physical and mental energy as a result of special aliments, and have been interested in noting the marked general improvement that follows a thorough cure of the chief disorder. My success in curing difficult cases of long standing has made me the foremost specialist treating men's diseases. This success is due to soveral things. It is due to the study I have given my speciality; to my having ascertained the exact nature of men's aliments, and the original, distinctive and thoroughly scientific methods of treatment I employ.

To those in doubt as to their true condition who wish to avoid the serious results that may follow neglect, I offer free consultation and advice, either at my office or through correspondence. If your case is one of the few that have reached an incurable stage, I will not accept it for treatment, nor will I urge my services upon anyone. I treat curable cases only, and cure all cases I treat.
