IRISH ABSTAIN FROM VIOLENCE

But Are Against Lords—Probable Action of Peers.

LONDON, Nov. 5.—The Liberal papers this morning have pleased that the budget has left the House of Commons backed by a solid majority representing the whole strength of the party, including the labor members.

The only matter of discontent is the refusal of the Nationalists to support the budget. In explaining his party's decision to abstain, John Redmond, in a speech in the House later, emphatically declared that, if it was to be a question of the Lords' power to block the country's legislation permanently, he would not be on the side of the Lords but on the side of the Commons.

STRENGTH FOR THE STOMACH

Statement of a California Woman Who Owes Her Health to the Modern Tonic Treatment.

The symptoms of stomach trouble vary. Some victims have a ravenous appetite, some loathe the sight of food. Often there is a feeling as if weight on the chest, a full feeling in the throat. Sometimes the gas presses on the heart and leads the sufferer to think he has heart disease.

Some people know that the strength which the weak stomach needs, and for the lack of which the whole body is suffering, can be found surely and quickly in Dr. Williams' Pink Pills. In hundreds of instances these pills have succeeded where every other remedy had failed, and in every case the cure was radical.

TURKISH TREATY BLOCKED

Naturalization Chief Says They Are Yellow, Knox and Wickersham Say White—Officials Will Get Together.

WASHINGTON, Nov. 4.—The Department of Justice tonight took a hand in the controversy over the question of whether Syrians, Turks, Persians, Egyptians, Arabs and others of that racial kind are of the white race and so entitled to naturalization as American citizens; or of the yellow, and therefore to be excluded from the privileges of citizenship, as contended by Chief Richard K. Campbell, of the Bureau of Naturalization, of the Department of Commerce and Labor.

Blocks Turkish Treaty

William H. Harr, the Attorney-General's assistant having naturalization matters in charge, announced tonight that instructions would be sent to the United States authorities throughout the country to hold in abeyance all proceedings opposing naturalization of applicants of the race referred to, until the matter can be further investigated.

The agitation following the widely-disputed ruling of Mr. Campbell has become embarrassing to the State Department, which, as it announced yesterday, has been negotiating a reciprocal naturalization treaty with Turkey. As the matter stands now, a citizen of Turkey may renounce his citizenship under that government with impunity—as long as he keeps of Turkish soil. The setting of his foot thereupon at any time thereafter makes him by that act again a Turkish subject.

SURVEYORS LOOK FOR PASS
N. P. Party Tries to Find Grade Over Bitter Root Range.
STITES, Idaho, Nov. 4.—The Northern Pacific surveying party, in charge of Engineer H. B. Paine, arrived in States today, after having taken the altitudes of all the tributaries of the Selway River looking for an easy pass over the Bitter Root Range from the Montana side. Five thousand six hundred feet was the lowest pass found.

They left Elk City with pack trains September 22, with F. A. Shearer as guide, and Charles Kelley of Stites, superintendent of the packing. A shortage of horse feed along the route drove the horses to a weed die and a quantity of them were poisoned. Mr. Shearer says they lived on venison. One bear was killed and much small game. About 600 miles were covered during the trip.

The party is resting in Stites awaiting orders.

LOS ANGELES, Nov. 4.—With an eloquent plea that he knew he had committed a crime and was willing to take his punishment, but imploring the court to release him from prison before he became a gray-haired old man, J. W. Hatfield, one of the last survivors of the famous Hatfield-McCoy feud of Kentucky and a Rough Rider who fought at San Juan, told Judge Davis in the Superior Court today that he had run away with 14-year-old Pearl Eastman of Ventura County because he wanted to marry her. He was sentenced to five years in San Quentin, the minimum sentence under the law.

Hatfield's story brought tears to the eyes of the court attendants. "I have done wrong," he said, "and I want to be sentenced, Judge, and serve a prison term; but I don't want to come from prison a white-haired man. I want a chance to be a good citizen and to help my old mother when I come out. I wanted to marry this girl. She was willing, but her grandparents would not let me. I was a hired man on their place at Ventura."

When her grandfather opposed our marriage we ran away. Back in Kentucky that was no crime."
