FOXLEY FOR LUMBER

British Steamship to Load at Portland for Australia.

COMING FROM WEST COAST

American Trading Company Will Furnish Cargo-Lumber Shipcember Will Be Heavy.

For a full cargo of lumber to Australia from Portland, the American Trading Company has chartered the British steamenly Foxley, 272 tons. The vessel is now en route from the West Coast of South America for orders. She sailed from Baltimore with general cargo and stopped at Montevideo and Coronel.

South America for orders. She sailed from Bailimore with general cargo and stopped at Montevideo and Coronel. Humor has it that the British ship Brabloch, in port since November 25, 1866, has been taken for outward loading of grain. The Neotsfield was recently taken for wheat to Callao and inquiries are out for two barley ships. The Alfair has been mentioned as one of them.

There has been an upward tendency in the foreign lumber trade for several weeks and exports from the Northwest will be heavy during November and December. The Norwegian steamship Christian Bora cleared yesterday for Shanghai with over 2,500,000 feet of lumber. She will help bring the November shipments of timber well up toward the record mark. She will be followed shortly by the British bark Jordanhill, under charter for delivery of lumber to the United Kingdom.

Constwise shipments of lumber are trifle alow for the first week of the month. Had weather has delayed the steam schooners, regularly engaged in the traffic and the California business is likely to fall short to 10,000,000 feet.

Short receipts of wheat in addition to the bad weather has held up the wheat shipments for a few days but there will be a number of clearances before the end of the present week.

BRIDGE FIGHT ON

Friends of Broadway Span to Oppose Three Suits.

FUNDS TO BE COLLECTED

Early Disposition of Court Controversy Desired-Push Club Heads Attend Meeting to Prepare Plans-Peninsula to Aid.

Advocates of the Broadway bridge will resist actively all litigation, ini-tiated for the purpose, they contend, merely of delaying and, if possible, demerely of delaying and, it possiole, de-feating the construction of that via-duct across the river. At a meeting yesterday the friends of Broadway bridge decided to take such steps to insure an early disposition of the con-troversy in the courts. To that end ways and means were devised and funds will be provided to protect their in-terests in the three suits which are pending, and in which the validity of the bond issue for the bridge is in-

Yesterday's meeting was held in the office of M. G. Munly in the Wells-Fargo building. It was attended by members of the bridge committee of the North East Side Improvement Association, original sponsor for the Broadway bridge, and the presidents of numerous other push clubs on the East Side. The bridge committee consists of D. L. Povey, J. Woods Smith, Herman Wittenberg, J. Frank Sinnott, George W. Bates, A. B. Manley, Seneca C. Beach, J. H. Nolta and Judge Munly, ex-officie chalunan.

C. Beach, J. H. Nolta and Judge Munly, ex-officio chaligman.

As a result of the conference it was decided to urge an early trial of the sult, a friendly one, which has been instituted by Joseph Buchtel against the city, and which has for its purpose a determination of the legality of the bend issue of not more than \$2,000,000 which was voted at the regular municipal election last June. The friends of the Broadway bridge figure that if this suit can be given priority that if this suit can be given priority over the two other suits which are pending, it will be possible in less than 80 days to have the questions involved decided legally by the Supreme Court.

Campaign to Be Made.

A systematic campaign by which funds wil be raised to fight the antibridge litigation was agreed upon. Members of different clubs on both sides of the river who are interested in having the Broadway bridge constructed will make a canvass of their forces and all will be asked to contribute. With the consent of City Attorney, Kayanaugh it is possible that tribute. With the consent of City Attorney Kavanaugh it is possible that additional counsel wil be employed to assist the city prosecutor in defending the validity of the bond issue.

Tomorrow night Judge Munly will attend a mass meeting of the various. In New York, on Miss Fleischner's re-

Three Suits Filed.

In addition to the friendly suit brought against the city by Mr. Buchtel, who advocates the building of the bridge, two other cases are before the courts. The first suit was brought by the city against Mrs. Maria C. Flanders and Albers Bros., for the purpose of condemning the right of way across property owned by the defendants on the West Side and over which the approach to the proposed bridge on this side of the river would pass. The second suit was filed by Mr. Buchtel, while the third and last to be introduced in the complicated conteoversy was brought against the city by Frank Kiernan, who atacks the validity of the bonds and the election by which they were authorized. Mr. Kiernan makes Mr. Buchtel a party defendant in this suit and asks the court to restrain Euchtel from further prosecuting his suit. In addition to the friendly suit

New Discovery Has Revolutionised the Treatment of Skin Diseases.

Treatment of Skin Diseases.

Nothing in the history of medicine has ever approached the success of the marvelous skin remedy known as poslam, which, it is safe to say, has cured more cases of ecsema and skin diseases than any remedy ever offered for these ills.

The success of poslam is not at all surprising when it is considered that even a very small quantity applied to the skin stops itching immediately and cures chronic cases in two weeks. The very worst cases of ecsema, as well as acne, herpes, tetter, piles, sait rheum, rash, crusted humors, scaly scalp and every form of itch, yield to it readily. Blemishes such as pimples, red noses, muddy and inflamed skin disappear almost immediately when poslam is applied, the complexion being cleared overnight.

SIMPLE WASH CURES ECZEMA

Why Salves Fail While a Simple Liquid Accomplished Thousands of Cures

It is now thoroughly established among the best medical authorities that eczema is purely a skin disease, due to a germ, and curable only through the skin. It is not a blood disease at all; in fact, thousands of people suffer with skin disease and are perfectly healthy otherwise, and thereby prove they have no diseased blood.

Smeary salves cannot reach the germs because they do not penetrate the skin.

Smeary salves cannot reach the germs because they do not penetrate the skin. The only way to reach the germs is by means of a penetrating liquid.

Such a liquid can be obtained by simply mixing ordinary oil of wintergreen with thymol, glycerine and other healing agents. This compound, known as D. D. D. Prescription, stops the itch instantiv—and the urea all appear to D. D. Prescription, stops the rick instantly—and the ures all appear to be permanent. In fact, it took thousands of cures, case after case, before the best scientific authorities were convinced of the absolute merit of this remedy. D. D. D. Prescription kills the germs in the itching skin. Its effect is seen within one minute after the first application. We especially recomment D. D. D. Soap in connection with the treatment.
