Louis Chevrolet, the Swiss pilot of the Buick car who has jumped into racing prominence within the last year, annexed another hard-earned victory here today when he captured the 200-mile stock chassis race, averaging about 72 miles an hour.

Chevrolet's victory came as a climax in a record-breaking contest in which Atlanta's new two-mile speedway was opened.

Two of Barney Oldfield's records were lowered, one of them by Louis Strang, who receded Oldfield's one-mile mark of 43.01 by more than five seconds. Oldfield took the limit out of hitherto unbeaten Benz and took nearly three seconds off his own previous record.
