HALF-HOUR TO BE CUT OFF TASK NEXT YEAR.

Change Is Result of Conference of Merchants With Labor Commissioner Hoff.

As the result of a conference between O. P. Hoff, State Labor Commissioner, and the prominent merchants of Portland. It has been agreed by the latter that be-ginning January 1, next, the hours of employment for clerks in department and other stores will be reduced one-half hour daily.

It has not been decided yet whether It has not been decided yet whether the stores in effecting a shorter workday will close 30 minutes earlier at night or open for business half an hour later in the morning. Mr. Hoff reports that he explained at the conference that the schedule of hours followed by many of the stores, particularly so far as women were concerned, amounted to a technical violation of the state law which prohibits the employment of a woman for more than 10 hours a day or 60 hours each

week. The effect of the agreement reached will be to insure for this class of employes a uniform workday of nine and one-half hours. This action was taken independent of the movement which has been inaugurated by the Consumers' League, which is seeking to bring shout the closing of all stores at 6 P. M. Saturday, the same as on other weekdays.

FISH HATCHERIES EXPAND

Permanent Spawning Place in Coquille River Promised.

Master Fish Warden McAllister and the members of the State Board of Fish Com-missioners have issued invitations to the formal opening of the Central

formal opening of the Central Fish Hatchery at Bonneville next Monday. Those desiring to attend the ceremonies will find it convenient to leave on the train from Portland at 8 o'clock Monday morning. Returning, the party will reach the city at 6 P. M.

Reports from the Coast stream hatcheries are to the effect that few salmon as yet have reached the hatcheries or spawning grounds. This is due to the extremely low singe of water in all the streams, a condition not unusual at this season of the year. Even with this unfavorable condition the catch at the various hatcheries has been an average one, while the quality of the salmen has been better than in years.
