

BEYSON TAKES NO AGONY FOR FINCH

Governor Greatly Worried by People Who Seek Clemency for Friends.

TOO MUCH TIME IS LOST

State House Officials Suggest That Board of Pardons Be Provided by Next Legislature—Kelley Butto Victims Appeal.

SALEM, Or., Nov. 9.—(Special.)—Governor Benson took no action today in the matter of the petitions for commutation for either James Finch or Harry Daly. A number of new petitions were received today against leniency for either of the Portland murderers.

"The scenes are becoming very trying and I am weary of them," is the statement of the Governor. A large number of those who approach him on the subject of pardons or commutations are women. Recently the wife of Kenney, the saloonkeeper whom Harry Daly murdered, was here and asked that Daly's sentence be commuted. Her plea was seconded by the plea of Kenney's brothers. Such things grind on a man's nerves.

"In addition to the requests received for prisoners in the penitentiary there are scores of petitions in behalf of prisoners in the jails. The greater number of these are from Multnomah County. Rock-pile petitions are numerous. Prisoners at Kelly's Butte frequently ask for pardons after they have had a day or two of the strenuous life and they send up a friend or a delegation of friends to intercede in their behalf."

C. N. McArthur, private secretary of the Governor and Speaker of the last House of Representatives, suggests that the next Legislature create a pardon board, that will have meetings at stated times, when the petitioners could come before the members and recite their desires. It is plainly the opinion around the State House that the work devolving on the Governor is made doubly burdensome by the exhaustive hearings which are required for petitioners.

Late this afternoon Mr. James A. Finch made her first call at the office of the Chief Executive and brought with her a long statement from the condemned man. She offered a personal plea in behalf of her husband. She is in a sadly shattered nervous state and appears on the verge of collapse.

The statement from Finch is exhaustive, and it is believed that the Governor will find time to complete reading it. The statement is principally a resume of the trial, containing no new material features, and is largely a repetition of the contentions the convicted man has put up heretofore.

SUPREME COURT DROPS FINCH

Tribunal Refuses to Take Up Case. Cameron Against Pardon.

John A. Jeffrey, attorney for James A. Finch, who is to be hanged Friday if Governor Benson does not commute his sentence, received word yesterday that the United States Supreme Court has refused to assume jurisdiction of the case. Attorney Jeffrey has forwarded to the Governor a petition for commutation of sentence, which contains 500 names, and another with names, nearly all members of the bar in Portland.

District Attorney Cameron forwarded to the Governor a letter yesterday advising against the granting of Finch. The murderer had been given a fair trial, he said, and he could see no reason for pardoning him.

DALY MAY ESCAPE NOOSE

Judge Gantenben Says Public Sentiment Prompted Death Penalty.

Judge Gantenben expressed his belief yesterday that except for the fact that public feeling was very strong at the time of the trial, Attorney Ralph B. Fisher having been murdered by James A. Finch only a short time before, Daly would have been convicted of second degree murder instead of murder in the first degree for the shooting of Harry Kenney in the latter's saloon. The trials of Daly and Finch began on the same day, and both have been sentenced to be hanged on the same date.

"I understand that the widow, brother and nephew of Kenney have signed the petition for commutation of Daly's sentence," said Judge Gantenben. "I do not wish to be understood that I unqualifiedly recommend Daly's pardon, but in view of the fact that Daly is a racial, white, and does not appear to be viciously inclined, I believe imprisonment in the penitentiary for the rest of Daly's life will meet the ends of justice."

Judge Gantenben's letter regarding the Daly case to Governor Benson was:

To His Excellency, November 4, 1909.
Governor of Oregon, Salem, Or.—Dear Sir: Prior to and since the receipt of your statement of the facts and circumstances surrounding the case of James A. Finch, I have thought and deliberated with me that I have a most perplexing problem.

About a week ago I received a communication from Harry Kenney, who was brought in from the Federal Court, he was unable to perform hard work and applied to me for the deceased, for assistance, and Kenney, who conducted a saloon on Turaside street in this city, raised his employment as a barkeeper at moderate wages, but soon discharged him on account of his intemperate habits. Daly appears to have been unable to secure other employment, and applied again to Kenney, who stated that Kenney still owed him some money for his services. The deceased, who had been told by Kenney that he would employ him further, Daly repeated his demands for the money and Kenney, who had the murder threatened Kenney that he would kill him.

The night of the tragedy the defendant again called at the saloon of the deceased and demanded that he be paid the money due him and be given employment and upon being refused, Daly, who had been told that he would be employed, he went to the back of the saloon, walked from behind and around the bar, raised his hands above his head, and said, "If you want to kill me, do so now." Daly then drew a revolver and fired one shot at Kenney, resulting in his death within 24 hours. The defendant left the saloon, made no effort to escape, and was arrested a short time afterwards while taking a drink in another saloon.

His case was set for trial on the same date as that of the defendant Finch. His defense was insubstantial, but this was credited by the jury, and he was convicted of murder in the first degree. I do not believe he was insane at the time he committed the crime, but the evidence clearly showed that he had been drinking very heavily since meeting with the accident, and particularly since his employment by Kenney as a barkeeper. He testified that he had drunk a quart of whiskey the day of the murder, though the police officer who arrested him stated that at the time of his arrest, about an hour before the murder, he appeared to be sober.

In instructing the jury, I quoted the fol-

NOMINATED BY HIS FRIENDS FOR MINISTER TO CHINA.

C. W. KOHLSAAT, OF CHICAGO.

CHICAGO, Nov. 9.—(Special.)—The friends of C. W. Kohlsaat have put him forward as a candidate for Minister to China because of his experience in Oriental countries gained when he was a commissioner of the St. Louis Exposition and afterward Commissioner-General of the Jamestown Exposition. Mr. Kohlsaat, but he is now living in Washington, where he is director of the National Export Expositions in South America.

lowering portion of section 1292 of Bellinger & Co.'s Code.

"No act committed by a person while in a state of voluntary intoxication shall be deemed less criminal by reason of his having been in such condition; but whenever the fact that the defendant was intoxicated at the time he committed the act, or purpose, or intent is necessary element to constitute any particular species or degree of crime, the jury shall take into consideration the fact that the defendant was intoxicated at the time he committed the act, or purpose, or intent with which he committed the act."

In view of the conflicting testimony there might be a reasonable doubt as to whether, actually, at the time he committed the homicide, he was in a condition to entertain deliberation and premeditation necessary to constitute murder in the first degree.

The petition for commutation appears to be signed by a large number of prominent citizens, including five of the jurors, and there also appears to be a list of the names of the jurors who signed the petition, asking that the death sentence be commuted. However, I am advised that several of the jurors could not be found after diligent search.

After a conference with counsel for the defendant and the representative of the District Attorney's office who presented the defendant, and in view of all the facts and circumstances surrounding the case, I feel that it is inadvisable to grant a life sentence in Daly's case, which would actually mean life imprisonment.

LOST MAIL SOON TRACED

Amount in Registered Letter Found on Carrier.

PRINEVILLE, Or., Nov. 9.—United States Postoffice Inspector Durand, assisted by a special United States Marshal, has succeeded in unraveling a case of alleged rifling the mails at Madras. About October 20 there disappeared a registered letter en route from the Culver Postoffice, between the Madras office and Shaniko, which contained a remittance of funds from the Culver Postoffice. Other registered letters of less importance were also reported missing at the time, but Postmaster Fred Davis, of Madras, was unable to ascertain the value of any of the mail.

While Craig, the young man who was carrying the mail from Madras to Heister, the transfer point to the main line to Shaniko, came to the Grizzly station and asked a young woman there to help him count a sum of money, the total of which was suspiciously near the amount missing from the mails.

This thread of evidence was followed for a few hours by the officers, with the result that young Craig was arrested and started to Portland at once, where he will be charged, it is said, with the rifling of the mails.

Craig's father is mail contractor from Grizzly to Lamona and his uncle has the contract from Madras to Heister, and had his nephew employed when the theft occurred.

ASYLUM BIDS REJECTED

New Proposals Are Asked by Board of Trustees.

SALEM, Or., Nov. 9.—(Special.)—Falling in the last batch of bids to receive any response fitting their needs and wishes, members of the Board of Trustees of the Oregon State Insane Asylum, through C. N. McArthur, secretary of the board, today issued a new call for bids and plans and specifications to be in the hands of Dr. R. E. Lee Steiner, superintendent of the asylum, by the afternoon of December 15.

The available appropriation is \$35,000 and the bids for the structure must fall under this amount. The asylum buildings are now regarded as in a dangerous condition, owing to the inefficiency and the antiquity of the heating system.

The available appropriation is \$35,000 and the bids for the structure must fall under this amount. The asylum buildings are now regarded as in a dangerous condition, owing to the inefficiency and the antiquity of the heating system.

GRESHAM, Or., Nov. 9.—(Special.)—By order of the Postoffice Department, Gresham will lose one of its rural routes on December 1. Route No. 17 will be transferred to Boring on that date, taking with it about one-half of its patrons. The remaining portion has been allotted to routes 2, 3 and 4 by a readjustment of the schedules. Route No. 2 has been increased four miles in length, route No. 3 about the same, while route No. 4 has been changed about and made shorter than before.

COTTAGE GROVE, Or., Nov. 9.—(Special.)—A. E. Churchil, president and manager of the President Mining Company, located on Monticora ridge, Bohemia district, is in Cottage Grove for the purpose of laying in supplies for this winter. Mr. Churchil says his company has \$50,000 worth of free-milling ore blocked

BURNING ECZEMA QUICKLY SPREAD

Started Like Ringworm on Hand— Hand Swelled and Then Humor Spread to Arms, Legs and Face —It was Something Terrible.

PRESCRIPTIONS FAILED: CUTICURA CURED HIM

"I have used the Cuticura Remedies for a very bad case of eczema with complete success. About fifteen or eighteen years ago the disease developed in the shape of a large pinhead on top of my hand. It burned and itched so much that I was compelled to show it to a doctor. He pronounced it ringworm, and made-very light of it. He gave me a wash and told me to apply it before going to bed and all would be over in the morning. But the next morning my hand was all swollen up and I poulticed it. When the doctor came to his office I showed him the hand and to my surprise he told me that he had never experienced such a case in his practice and said it was not I poulticed it. After trying his different remedies the disease increased and went up my arms and finally to my thighs and legs generally and finally on my face. The burning was something terrible. After I had tried this doctor, as I thought, long enough, I went to another doctor who had the reputation of being the best in town. He told me it was a bad case of eczema and that it would take quite a while to cure it. He gave me medicine and the advance of the disease but no further."

"I finally concluded to try the Cuticura Remedies. I bought a cake of Cuticura Soap, a box of Cuticura Ointment and a bottle of Cuticura Resolvent and found relief in the first trial. I continued until I was completely free from the disease and I have not been troubled with another attack since. I still use the Cuticura Ointment in my family as it is the best remedy I know of to heal a sore or other injury rapidly. I can freely and truthfully say that the Cuticura Remedies are the best as far as experience goes. I tried them and I am still recommending them, feeling sure I am not making a mistake. C. Burkhardt, 286 W. Market St., Chambersburg, Pa. Sept. 13, 1908."

Complete External and Internal Treatment for Every Form of Itch, Scabies, Eczema, and Skin Diseases. Cuticura Ointment (50c) to Heat the Skin and Cuticura Resolvent (50c) to Purify the Blood. Cuticura Soap (25c) to Cleanse the Skin. Cuticura Pills (25c) to Purify the Blood. Cuticura Cream (25c) to Soothe the Skin. Cuticura Lotion (25c) to Refresh the Skin.
