

FESTIVAL TO HAVE BUSINESS PAGEANT

Industrial Parade Will Be Added Feature of Next Spring's Rose Week.

DEMAND IS VERY STRONG

Stores Elsewhere Are Given Opportunity to Make Display and Hoyt Is Confident Plan Will Be Successful.

Portland will witness the most imposing industrial parade ever held in the Pacific Northwest, one night of the Rose Festival, next June. This procession is to be an added attraction supplementing the numerous daylight and illuminated parades of the week. It is to be the longest parade ever held in this city. It will be five miles or more in length, and the aggregate value of the sections which will participate will be at least \$1,000,000.

Demand Has Been Strong.

"Ever since the Festival was originated," says Mr. Hoyt, "there has been a strong demand on the part of the industrial interests of Portland for an extensive representation in the functions of the week. Efforts have been made by many of the largest mercantile establishments in the city to enter their teams and vehicles to show their goods, and this has been one of our most delicate problems to handle, mainly because we have worked on the principle that we should never allow any advertising of any kind to enter into our endeavors.

"We have found, however," continued Mr. Hoyt, "that every city in the country which holds such festive plans to exhibit more or less of the purely business development of the community, and we have decided that this should be done here.

"Portland is known as the foremost jobbing and distributing center west of the Rockies, and it is high time that the public at large should have an opportunity to see just what we have in this line. I saw what St. Louis had in the centennial celebration early in October and I investigated what a number of other cities attempt to do in this way, but I am convinced that Portland can beat them all.

Lists Are Open to All.

"We shall open the lists to all the big retail stores and allow them to enter their delivery wagons, carrying such classes of exhibits as they see fit. We shall permit the shoe stores, the hat stores, the millinery establishments, the umbrella houses, the bakeries, the restaurants, the factories, the implement houses, one and all to prepare whatever sort of an entry they see fit. In order to assist the industrial feature of the Festival entertainment we shall arrange it so that any business houses that desire may have the services of our own float-builders. In that way elaborate entries can be made at the least possible cost.

SELLWOOD RAISES FUNDS

Now Assured of Brick Building for Y. M. C. A. Branch.

The total amount raised for the Sellwood branch, Y. M. C. A., as reported Tuesday night at the close of the campaign at headquarters on East Thirteenth street, is \$10,000. The campaign was conducted on a subscription basis, with conditional subscriptions on raising \$12,000. Yesterday subscriptions were secured for a little more than \$900, and on Monday evening, Nov. 8, the balance of the canvassing committee, presided last night. He announced that enough subscriptions were secured to make up the \$12,000, and that while the regular canvass that had been carried on since Tuesday of last week would be continued, subscriptions would be secured quietly until the full \$12,000 had been secured. Headquarters hereafter will be in the Sellwood branch library.

A. N. White, who headed the committee for the downtown district, said that if brick was used in the building he would give \$100 more, no matter who furnishes the brick. A. C. Murray gave \$50. It is now expected to use brick.

CHURCH WILL CELEBRATE

Marshall-Street Presbyterians Plan for Anniversary.

The Marshall Street Presbyterian Church, formerly known as St. John's, will celebrate its 25th anniversary next Sunday, and also Tuesday evening, November 16. Invitations have been sent to all who have been at any time members of the church so far as their addresses could be ascertained. The public generally is invited to attend.

BRIDGE CAMPAIGN BEGUN

Advocates of Broadway Span Need \$2000 to Fight Suits.

The Peninsula Development League will begin a campaign to raise funds to pay

for special counsel to assist in the three suits instituted in connection with the Broadway bridge, two to test the legality of the bond issue and one to condemn property for the West Side approach. At the meeting held at Arbor Lodge Wednesday night, W. G. Steel, president, the president of the league was authorized to appoint a committee of ten, one from each of the ten push clubs on the Peninsula, to canvass for funds and assist in expediting the erection of the Broadway bridge.

M. G. Mundy, of the North East Side Improvement Association, addressed the league setting forth the character of the three suits and the legal questions raised in litigation. He said the suit started by Joseph Buchtel and H. H. Riddell was friendly and aimed to clear away any doubt as to the legality of the bond issue, but the other suit, he said, was to obstruct the erection of the bridge.

He explained the status of the suit started by the city to condemn a building on the West Side, and said that special counsel was necessary to supplement the work of the city attorney on account of the many legal problems involved. Every club on the Peninsula will be asked to co-operate to raise \$2000, the amount required.

MOTORS TO BE TESTED

GASOLINE CARS WILL BE EXHIBITED TODAY.

Rolling Stock Just Purchased by Harriman Lines to Be Run on Fourth Street.

At 1 o'clock this afternoon the three all-steel gasoline motor railway cars, which arrived yesterday from Omaha, Neb., where they were manufactured, will be exhibited under the direction of the operating department of the Harriman system. The demonstration will be given on the track of the Southern Pacific on Fourth street, between Washington and Oak. The general public is invited to witness the demonstration and to inspect this new equipment before the cars are placed in regular passenger service.

"These are the first railway cars of this type to be introduced in the transportation field of the Pacific Northwest. Two motor systems while the third was purchased by the Salem, Falls City & Western for use on the road which was recently constructed between Salem and Falls City.

Of the two cars bought by the Harriman system, one will be turned over to the Washington division. The other will next week be pressed into service between this city and Silverton over the Southern Pacific East Side line. It will leave Silverton every morning and make one round trip daily between the Marion County town and this city. All three of the cars are of the same model and are equipped with a six-cylinder gasoline engine of 200-horsepower capacity. The cars have seating capacity for 75 passengers.

NEW IDAHO RATES ANNOUNCED

Adams Gives Out Class and Commodity Tariffs.

H. M. Adams, general freight and passenger agent for the Spokane, Portland & Seattle, yesterday announced a joint freight tariff covering class and commodity rates to a number of points on or tributary to Coeur d'Alene, Idaho. The rates apply to Harrison, which is on Coeur d'Alene Lake, and to St. Maries, St. Joe and Ferrell, small towns on the St. Joe River.

This additional territory is made accessible to Portland through traffic arrangements which have been made between the North Bank and the Spokane & Inland Empire Railroad Company and the line of steamers operated by the Coeur d'Alene & St. Joe Transportation Company.

Railroad Personals.

Nell Mooney, general passenger agent for the West Shore Railroad, with headquarters in Chicago, was in Portland yesterday. Mr. Mooney has been connected with the West Shore line for the last 25 years and is numbered among the best-known railroad men in the country.

B. H. Trumbull, general agent in Portland for the Hillman Central, returned yesterday from The Dalles where he has been attending court. Mr. Trumbull also visited the annual convention of the woodmen at Pendleton.

W. A. Ross, assistant general passenger agent for the Great Northern at Seattle, was in Portland yesterday.

APARTMENT SITE BOUGHT

Building at Sixteenth and Morrison Will Cost \$125,000.

As a site for a high-class fireproof apartment house, A. I. and A. T. Parkhurst, local capitalists, have purchased the quarter block located at the southwest corner of Sixteenth and Morrison streets, between the B. Hummer estate for \$52,000. It is the site of the B. Hummer home. The property was purchased through the agency of Keasey, Humason & Co.

The purchasers of this property recently sold a large holding just south of the Union Depot to a client of G. K. Henry, and the sale made yesterday has resulted from the many sales which have resulted from reinvestment of the moneys paid by the unknown purchasers of the property adjoining the terminal yards. On the 100x100 feet at present are two old residences.

It is announced by Messrs. Parkhurst that the site will be improved with a handsome structure. The old buildings will be left on the property for a short time, and will later be moved and replaced with a six-story building for apartments. The builders propose to put up a structure which will be absolutely fireproof, and it will be arranged with stores on the first floor and high-class apartments on the upper floors. Figures have already been obtained estimating the cost of the structure at \$125,000.

CANADA PLANS WIRELESS

Canadian Government Will Install Clark Wireless System for Great Lakes as Soon as Possible.

In a communication Hon. L. P. Krueger, minister of marine, announced that the Government has in view an extensive wireless telegraph service for the great lakes, and that the same would be put in operation as soon as possible.

Recently the United Wireless Company, of Chicago, entered into a contract with the City of Port Arthur to establish a wireless service, but the Canadian minister of marine has refused to permit the construction of the negotiations with the United Company.

The Government will look after the Canadian ports with an up-to-date system, using the Clark Wireless apparatus.

WOMAN CROSSING

Woman Sues to Recover \$160 Deposit in Defunct Bank.

BOOK SHOWS RECEIPT

Tellers Deny Accepting Money for Title Guarantee & Trust—Receiver Howard Is Defendant. Judge Wolverton to Decide.

What became of \$160 Mrs. Mary Loughran, a milliner, deposited with the Title Guarantee & Trust Company on Saturday evening, October 28, 1907, just previous to the failure of that institution, was a problem presented to the United States Court yesterday.

Mrs. Loughran sued Robert S. Howard, Jr., as receiver of the bank, for the money, which her deposit book showed she had paid on the date mentioned. D. D. Coulson, who was receiving teller, and Willis Maguire, who kept the accounts of the bank at the time the deposit was made, testified yesterday that they had found no record of the deposit, and denied the money had come into their hands. Judge Wolverton will decide the case Monday.

Mrs. Loughran declared on the witness stand that neither of the two witnesses mentioned was the man who had received the money. The only other two men who could have received the money at the time are Lindsey Hall and a man named Byers, who sometimes served as receiving tellers. They were not available for testimony yesterday.

George P. Lent, attorney for Mrs. Loughran, insisted that the money may have been taken by an employee of the bank, who, realizing that the institution was about to fail, put the money in his own pockets. He contended the receiver was responsible for the money, nevertheless.

LONE FIR MOSQUE URGED

W. R. STRUBLE WOULD MAKE PARK OF CEMETERY.

Cremation of Bodies and Building of Artistic Hall Advocated by Albany Man.

Mayor Simon yesterday received from Wallace R. Struble, manager of the Albany Commercial Club, a letter outlining a plan whereby Lone Fir Cemetery may be beautified.

The letter, in part, follows: "Having a sentimental interest in Lone Fir Cemetery, I wish respectfully to suggest a solution of the problem which has been presented, may serve the double purpose of a memorial for the dead and a health spot for the living.

I wish to suggest the creation of Lone Fir Memorial Park, containing a central building of appropriate design in which would be placed the dead, to be cremated by cremation. On the same floor with the receptacle should be placed tablets in alphabetical order giving the names, etc., of each deceased. On the second floor of the memorial building, under proper regulations, could be hung the portraits or other memorials of the deceased. A part of the building might also be set aside as an auditorium for the holding of memorial exercises, either National or special, from time to time.

CHIPS AMPLE EVIDENCE

Proprietor of Gambling-House Convicted Promptly by Jury.

Before a jury in the Municipal Court yesterday afternoon, T. Shay, proprietor of the Symposium Club in Hotel O'Connell, was convicted of conducting a gambling house. Fourteen men, arrested with him in a raid about a week ago, were found guilty of visiting a gambling house. Judge Bennett reserved sentence until today.

The decision is one which will have a bearing on future arrests for gambling. It was shown that the Symposium Club, which was apparently organized and was being conducted purely for the purpose of gambling and that its quarters consisted of two rooms in the Hotel Gilman building. One of the rooms was kept locked and was found to contain all the paraphernalia for poker and gambling.

Of the 14 men arrested, only one appeared in court yesterday afternoon. Many hundred poker chips, and more than 100 decks of cards were brought into court as evidence.

Deputy City Attorney Sullivan, on prosecuting said that the Supreme Court of New York had held that merely the presence of cards, chips and other paraphernalia of a gambling game was sufficient to warrant conviction. The jury found a verdict of guilty in a few minutes.

THE BARB ON THE HOOK

Why Woman Suffragists Will Not Be Led by Prohibitionists.

PORTLAND, Nov. 10.—(To the Editor.)—I was glad to see in The Oregonian yesterday that a prohibition campaign to put woman suffrage to the test. In other words, these preachers are determined to see whether or not they can control the votes of women to suit themselves.

Brigham Young tried this in Utah once upon a time, but he couldn't make it work. The women of Utah are determined to "hook in the jaw" as matter what power should attempt to "yank it." The preachers of Boise tried to do this in Idaho, but they failed to get the women voters with the barb in the hook and in large majority refused to vote.

We read our papers upon the principles of liberty and justice to all the people as set forth in the Declaration of Independence and the Constitution of the United States. The liquor embargo, pro and con is a man's movement and must be fought to finish by men, the activities of a few hired felinate agitators to the contrary notwithstanding.

THANKSGIVING SPECIAL OFFER

Our big November shipment of latest Scotch and English importations arrived last Thursday, and we are now ready to show you the largest variety of beautiful new color designs you have ever seen.

In order to start things humming again, we are going to offer you your choice of a fine Suit or Overcoat from this new shipment, worth \$35 to \$55, at the low price of

\$20

Just think! The newest and best materials in all the latest color effects, costing from \$35 to \$55, offered to you this week for only \$20. If you're not ready to buy now, come in anyhow and select your Suit or Overcoat—we will hold it for you 30 to 60 days.

Every garment is cut by the celebrated American Gentleman Twentieth Century Cutting System, and each customer is given a double try-on in the basting, which guarantees a perfect fit, or money back. That's a SQUARE DEAL.

If you've always clung for dear life to ready-made clothes, because you didn't care to pay more for the tailored kind, now is the time for you to make a change. Come in and let us take your measure, and for the first time in your life get a really perfect fit.

Remember, Friday and Saturday positively the last sale this season.

AMERICAN GENTLEMEN TAILORS

PORTLAND'S LEADING TAILORS
94 SIXTH STREET, COR. STARK
RAY BARKHURST, Manager

P. S.—Out-of-town customers and those unable to call will be mailed samples and self-measurement blank upon request.

and friend, Henry B. Blackwell, of Boston, wrote me a few days before his death, saying "can't you convince the voters of Oregon that the prohibition of liquor is the way connected with the prohibition of the liquor traffic? Can't you let them see that the four free states are not prohibition states, and that prohibition states have never granted suffrage to women?"

The suffrage movement welcomes to its ranks as suffragists the men and women of all creeds and all parties. But we will not consent, as suffragists, to wear the yoke of any party, or become the allies of any politician. We have no loaves that the women of Denver will drink into the Washington Territory unawares nearly a quarter of a century ago.

SIMON PRODS CONTRACTOR

Company Forced to Fix Hoyt Street, Near Depot, at Once.

Mayor Simon yesterday morning issued an order to the United Engineering & Construction Company to lay Belgian blocks on Hoyt street, between Tenth and Twelfth streets, near the Spokane, Portland & Seattle depot, immediately. In a telephone conversation with Manager O'Reilly, the Mayor gave him the

AN ITCHING PALM

No Cure for It. Other Forms of Itching Preferable.

There is no cure for an itching palm—the money kind. Even psoriasis, the new skin discovery, cannot help it. But when it comes to eczema, the most annoying of itching skin troubles, psoriasis will stop the itching at once and cure the worst cases in a few days. So with hives, rash, scabies, split toes, piles, and scaly scalp, all of which are different forms of eczema, accompanied by severe itching and caused by imperfect digestion and careless diet. Psoriasis comes in two-dollar jars, but fifty cents' worth will answer in curing any of the diseases mentioned. It can be had of any druggist. The Skidmore Drug Co. and Woodard, Clarke & Co. make a specialty of it.

That results are immediate will be amply demonstrated overnight by the use of the experimental sample which the Emergency Laboratories, 32 West Twenty-fifth Street, New York City, will send free by mail, in plain wrapper, to any one who will write for it.

these mains, the work was held up until recently. Nothing has been done by the company, however, since the water main was laid.

Young Matlock Is Convicted.

EUGENE, Or., Nov. 11.—The jury in the case of Joseph F. Matlock, son of the Mayor of Eugene, charged with a statutory offense, returned a verdict of guilty after having been out an hour. Sentence will be pronounced tomorrow morning. E. Elyhu, counsel for Matlock, announced

THE COLUMBIA RIVER VALLEY

The Columbia River Valley cannot be surpassed as a desirable place to live when you consider the many lines of business that are still needed, the large population which will surely settle here, and the vast increase which will follow any small investment made at this time.

It will pay you to look into the conditions in the land of opportunity. Kennewick and Pasco are already the important commercial centers of this district. For information concerning agencies in all lines of business address
