

WITNESS AIDS TRAPS IN TRIAL

Pendleton's Murder Case Is Rapidly Drawing to a Close.

TESTIMONY IS SENSATIONAL

Jacob Schubert Changes His Tactics in Giving Evidence at Morning and Afternoon Sessions of Ryan Case.

PENDLETON, Or., Nov. 18.—(Special.)—Admitting that he had wished "a thousand times" that Ryan was dead, yet insisting he bore no ill-will against him, Jacob Schubert, the prosecuting witness and the man who was wounded by the same bullet which killed Edward Dixon, proved the most sensational witness of the Ryan murder trial today.

He was kept on the stand most of the day on cross-examination and told and retold the details of the tragedy which was enacted near the Ryan farm the night of May 29, without deviating to any appreciable extent.

Witness Changes Tactics.

After insisting he did not harbor ill-feelings against his neighbor far through the forenoon he caused some surprise by his sudden admissions this afternoon regarding his wishes for Ryan's death. Among other things he admitted having told his wife while Ryan was at the point of death as the result of a runaway accident, that he hoped Ryan would die as he would be better off out of his misery and that the county would be better off with him dead and out of the way. Even after he had been told that Ryan had called him vile names and threatened to "blow his head off," Schubert insisted that he felt only pity, not hatred for his enemy.

The events leading up to the tragedy were minutely described by the witness on direct examination and repeated many times on cross-examination. He was a careful witness and avoided all traps laid for him, though admitting the fatal shot was fired after Ryan had told the two men to keep away from him several times.

Boy Witness on Stand.

Harry Dixon, the 5-year-old son of the murdered man, was one of the chief witnesses of the day. He was present when his father was killed, and though his account differed somewhat from that of Schubert, he stayed by his story in the face of the cross-examination with a persistency that elicited the admiration of the jury. He insisted that Ryan had shot at him after his father and Schubert were wounded and that later when he and his mother returned to look for his father Ryan threw a cartridge into his gun and drove them off.

Portions of Schubert's testimony was corroborated by H. Neuner, while the only other witness examined today were Claude Beale and E. C. Simons, two members of the searching party which found Dixon's body the next morning.

It now appears that three or four days will see the end of the trial.

APPLE GRADES MAY CHANGE

Fruitgrowers Favor Lowering of Some, Raising of Others.

SPOKANE, Wash., Nov. 18.—(Special.)—At a meeting of the fruitgrowers, resolutions were passed which will be forwarded to the American Pomological Society, requesting that the quality-grades on certain apples be amended. As changed the grading will be as follows: Arkansas apples examined today to 4 to 5; Baldwin raised from 5-6 to 6-7; Delicious, lowered from 9-10 to 8-9; McIntosh, raised from 5-6 to 7-8; Wealthy, raised from 6-7 to 7-8; Winesap, raised from 7-8 to 8-9. "Quality" means the cooking and eating qualities of the apple which is graded on a sliding scale of points, ranging from 10 down to 10 being perfect. Twenty boxes of apples, selected from the best of the exhibits at the National apple show, will be shipped by express Sunday morning to President Taft, with the compliments of the trustees of the show and the exhibitors.

FALL OF 15 FEET FATAL

Paper Mill Employee Killed While Repairing Machinery.

OREGON CITY, Or., Nov. 18.—Bradley Calif, 33 years old, son of Edward Calif, a brick mason of this city, was killed this afternoon at the Williams Pulp & Paper Company's mill. While working with a construction crew in the installation of an eight-inch galvanized iron pipe, which was being placed between Mill "A" and Mill "B," Calif stood on a scaffolding and was in the act of tightening a nut with a monkey wrench, when the wrench slipped. He lost his balance and fell 15 feet. It is thought that the spine was injured. Death was instantaneous. Calif had lived here all his life. He was the grandson of Mrs. S. B. Calif, one of the pioneers of this city.

FROST SPOILS BLOSSOMS

Eugene's Chrysanthemum Show Is Curtailed in Exhibits.

EUGENE, Or., Nov. 18.—(Special.)—The chrysanthemum fair which is being held in the basement of the First Presbyterian Church of this city, is not as successful as was anticipated, because the recent cold weather injured many of the finest flowers. A few plants had been kept away from the cold weather. The first award for a bouquet was given to Mrs. C. J. Bovee. Mrs. Bruce Garrison received first on a chrysanthemum collection and Mrs. H. W. Mount second.

ONTARIO LAND AT PREMIUM

Oregon Men Interested in Orchard Tract Proposition.

BOISE, Idaho, Nov. 18.—(Special.)—For the purpose of negotiation for the purchase of large tracts of irrigated lands surrounding the City of Ontario, Or., to

be cut into orchard tracts, a conference will be held in Ontario this week between Colonel C. B. S. Wood, of Portland, agent for the Cascade Mountain road grant; William McKenzie, of the Balfour-Guthrie Company, of Portland; William Hanley, of Burns, Or.; H. L. Corbett, of Portland; W. F. Mathes, a large interior land owner, and Harry P. Hunter, of Chicago, one of the largest dealers in Western land of the Northwest.

The prospect of an east and west railway from Ontario into Central Oregon to Coos Bay is giving stimulus to immigration in this part of the state and is causing land values to rise. It is estimated that Hunter has for some time been seeking options on these lands.

William McKenzie, of the Balfour-Guthrie Company, stated last night that while he had not been advised of any meeting next week, it is true that a plan is on foot for promoting a large irrigation project not far from Ontario on the Owyhee River. Mr. McKenzie said the plan is to take out a large irrigation ditch from the Owyhee River, crossing the ditch across the table lands lying between the Lower Owyhee and Malheur River valleys and crossing the latter valley a little way below Vale.

FOUR COUNTIES GO DRY

LIQUOR MEN DEALT BLOW BY IDAHO RESULTS.

Advocates of State Prohibition Now Believe They Can Force It Through Legislation.

BOISE, Idaho, Nov. 18.—(Special.)—Complete returns show that four more Idaho counties joined the dry column as a result of yesterday's local option elections in Washington, Twin Falls, Lincoln and Latah. In all of the four counties the majorities were strong for prohibition except in Kootenai, where the lead was only 140. Police Magistrate C. G. Moore, whose fight was the hottest, the wets were defeated in all of the larger precincts, and the majority for prohibition was 417. Weiser went wet by a majority of 47.

Twin Falls developed an unexpectedly strong sentiment, the majority being over 800. The City of Twin Falls gave the dries a majority of 414. Lincoln County, where ex-Governor Gooding was in charge of the campaign for the dries, was carried for nearly 2 to 1. The victory is sweeping for the dries, and with the prospect of but two counties in the state wet, it is confidently believed that every influence will be brought to bear for the passage of a state-wide prohibition bill at the next session of the Legislature. It is the confidence of carrying the bill.

The defeat of yesterday was a crushing one to the liquor men, who had built confidently on winning out in every county they lost. The campaign work of ex-Governor Gooding influenced the election to a great extent, as he is a prospective candidate for Governor on a local-option platform.

EUGENE TO EAT IN OPEN

Private Boxes in Restaurants Prohibited by Ordinances.

EUGENE, Or., Nov. 18.—The Eugene City Council has passed an ordinance prohibiting restaurant-keepers from serving meals in rooms in which the floor space covers less than 150 square feet, unless it abuts on the street and has unobscured windows. This does away with boxes in restaurants, and the Chief of Police has given the restaurant-keepers notice to remove them within a reasonable time.

Boxes have always been maintained in Eugene, but little trouble has occurred on the account until recently when several disgraceful escapades have been reported to the police, boys and girls having congregated in certain restaurants, taking their own liquor with them and becoming intoxicated.

FORGERY FOLLOWS THEFT

Boy Released From Eugene Jail Is Soon Returned.

EUGENE, Or., Nov. 18.—(Special.)—Harold Lynnwood, recently released from County Jail after serving ten days for stealing a bicycle, is now in jail charged with forgery. The boy left Eugene for the North, stopping at Junction City and paying for his supper with a check bearing the purported signature of J. D. Matlock, Mayor of Eugene. The restaurant-keeper became suspicious and upon making some remark as to the forgery of Matlock's name the boy ran out of the house. The boy was caught about midnight and brought back to Eugene by the Sheriff today.

SPOKANE MAN IS NABBED

Postal Authorities Take Prominent Clothier in Tow.

SPOKANE, Wash., Nov. 18.—(Special.)—Charged with sending postal cards through the mails containing matter of a defamatory character, John Webb, manager of a local clothing store, was today bound over to the April term of the Federal Court under \$500 bonds. Webb, according to the Postoffice Inspectors, has been sending postal cards containing malicious allusions to the character of Frank Boucher, a merchant of Butte, Mont.

Alleged Embezzler Pleads.

SEATTLE, Wash., Nov. 18.—Maurice C. Hills, who is charged with the embezzlement of \$10,000 from the Commercial Importing Company, of which he was bookkeeper, was arraigned in court today and pleaded not guilty. Hills is said to have engaged in unfortunate real estate speculations. Hills' family lives at San Jose, Cal.

\$10,000 Paid for Ten-Acre Orchard.

HOOD RIVER, Or., Nov. 18.—(Special.)—C. A. Mosely, a Clinton, Iowa, man, today paid \$10,000 for ten acres of 4-year-old Spitzenberg orchard. The purchase is part of a 40-acre tract belonging to Judge A. E. Lake and S. Bolton, of The Dalles, and is situated three and a half miles from town, on the West Side.

Boxcar Station Arouses Ire.

SALEM, Or., Nov. 18.—(Special.)—Business men of Wilbur, Douglas County, have applied to the State Railroad Commission for relief from the conditions that have prevailed at the Southern Pacific station site at that place since the destruction of the depot and warehouse by fire on May 2, 1908. A boxcar has been made to do duty as a station.

CHRISTMAS NOVELTIES.

New and up to date. E. W. Moore, photographer, Elks bldg., 7th and Stark sts. Turkish baths, Mrs. Turney, 221 Drexel bldg., 2d and Yamhill.

GOAL-LAND FRAUD EXHIBITS SHOWN

Government Begins Presentation of Case Against Cunningham Entries.

MANY AFFIDAVITS FILED

Silence Maintained as to Whether Special Agent Glavis Will Be Called—Prosecution Wants Four Days.

SEATTLE, Nov. 18.—The opening session of the inquiry into the filing on the 23 coal claims in the Katala district of Alaska, known as the Cunningham group, which began here this afternoon before Special Commissioner William J. McGee, of the General Land Office, was devoted to the introduction of stipulations and documentary exhibits. Twenty-eight of these exhibits were produced by the attorneys for the Government, the bulk of them consisting of affidavits from the claimants as to their good faith in making the filings. Numerous statements of accounts, showing the sums spent toward development of claims, were also included in the exhibit.

Speculation Rife as to Glavis.

Attorneys for the Government decline to state what speculation they will call and there is much speculation whether L. R. Glavis, ex-chief of the field division of the General Land Office at Seattle, will be called. Prior to his removal from office by Secretary of the Interior R. A. Ballinger, Mr. Glavis had charge of the investigation that brought about the present inquiry.

J. M. Sheridan, of Denver, Colo., chief counsel for the Government, and W. E. Pugh, of Washington, D. C., assistant counsel, and member of the Board of Land Review in the General Land Office, have been engaged for several weeks in the offices of the chief of the field division here preparing the case for the Government.

At the conclusion of the taking of testimony in Seattle, Special Commissioner McGee will resume the inquiry at Spokane. John P. Gray, of Wallace, Idaho, and E. C. Hughes, of Seattle, represent the claimants.

Acreage Involved Is 5280.

The aggregate acreage involved in the present inquiry is 5280. An estimate of the value of the coal in these Cunningham claims is \$50,000. The charge of the Land Department in the Cunningham case is that the entrymen did not make their locations for their own exclusive benefit. The claimants maintain that as the Government accepted final payment on the claims several months ago, it is unfair to them to withhold the patents indefinitely.

INDIANS DEMAND LANDS

YAKIMA COUNSEL SENDS ULTIMATUM TO BALLINGER.

Rights of Settlers Contested, Indemnity Demanded and Absolute Rule Asserted.

NORTH YAKIMA, Wash., Nov. 18.—(Special.)—Fifteen Indians, members of the Yakima Indians' Council, last night sent to Secretary Ballinger an ultimatum in which they demand absolute rule over their reservation, deny the authority of the Government to open any portion of it for settlement or grazing, and also ask an indemnity from the United States for the land now occupied by settlers who have refused to give up their ranches. Further, the Indians ask that all money paid to the Government by the settlers now on the reservation be given to them. The letter says in part:

We also demand the absolute right to control our own reservation, and as we are aware of the fact that our reservation is an Indian country, set aside by our forefathers by virtue of their own right of choice before they ceded the country around it to the United States, as an everlasting inheritance, our reservation is not rated as a Government reservation. We also by unanimous voice, set aside all right of the Government to set aside a small strip of our own country for grazing common or pasture. We have an absolute right to set aside any area of country for such purpose. The communication ends by a curt refusal of the Indians to consider any other questions with the Government, such as irrigation and water rights, until their absolute control of the reservation is granted. Fifteen full-blooded Yakimas signed the petition with their Indian names.

SPOKANE BACKS BIG DEAL

Apple Show People Seek Permanent Country Life Commission.

SPOKANE, Wash., Nov. 18.—Resolutions calling for a permanent national commission of country life were adopted at the "Country Life Convention" at the National Apple Show today. Miles Poindexter was requested to work for a \$25,000 appropriation for this purpose. It was voted to request President Taft to authorize the publication of the Country Life commission's report by the Spokane Chamber of Commerce at its own expense. Congress having failed to provide for its general circulation.

Schoolhouse Catches Fire.

KLAMATH FALLS, Or., Nov. 18.—(Special.)—The fine new schoolhouse at Spokana caught fire yesterday. All the water in the building was used to check the flames until a chemical engine was brought from another portion of the town and almost the entire population turned out to help extinguish the fire. The loss amounts to about \$500.

Idaho Institutions Cost Much.

BOISE, Idaho, Nov. 18.—(Special.)—The cost of maintenance for the University of Idaho, Blackfoot insane asylum and state penitentiary since their establishment, totals the sum of \$3,707,424.41, according to the official report that has been made by State Treasurer Hastings. The maintenance of the university alone

Intestinal Indigestion

A Form of Dyspepsia Usually Resulting From the Inability to Digest Starchy-Foods.

There are a great many persons who are victims of what is known as intestinal indigestion, a disease which is due to the fact that the starchy foods are either partially digested or not digested at all, and the result of this trouble may be either an obstinate constipation or a persistent diarrhoea. This inability to digest starch is called "amylaceous dyspepsia," a disease which is much in evidence. Americans are notoriously poor digesters of starch, and as starchy foods, such as potatoes, rice, bread, etc., are digested entirely in the small intestine, and not in the stomach proper, as is generally supposed, it can be readily seen how intestinal indigestion will usually produce diarrhoea.

In the small intestine the pancreatic juice acts upon the starches and ordinarily in a state of health possesses the power of converting them into grape sugar and dextrin. Starch must be so transformed before it can be of use to the animal being. Remaining as unchanged starch, it either passes through the alimentary canal, and proves a useless burden to the system, or prevents the possibility of intestinal indigestion, no matter how excessive may be the amount of food eaten. These tablets also contain calcium carbonate, which is a mild though effective cathartic, and which relieves and cures the diarrhoea by easy stages. It does not act with such suddenness as would cause poisoning of the system, but acts gently, by its antiseptic properties, all toxins, intestinal germs and poisons always present in intestinal indigestion and diarrhoea, are destroyed.

Not only are the starches digested by the use of Stuart's Dyspepsia Tablets, but through the action of other ingredients, such as iron, albuminous foods like meat and eggs are also digested. Thus they cure indigestion of any kind. Buy a package from your druggist, 25 cents, and send us your name and address for free sample package. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

cost the state \$2,007,356.88, while the asylum cost \$548,891.76, and the penitentiary \$323,755.90. Added to the grand total are the cost of maintenance for the deaf, dumb and blind school, or \$173,634.06, and the North Idaho insane asylum at Orofino costing \$333,238.21.

FEDERAL CHARGE FIRST

Montana ex-Postmaster to Be Tried for Robbing Mailcar.

SEATTLE, Wash., Nov. 18.—Charles D. Howell, formerly Postmaster of Havre, Mont., who was arrested here last month on a charge of holding up the Great Northern Express office and obtaining \$12,000, was taken today to Spokane. Howell will be tried for the robbery of a mailcar the night of March 27. He has been identified three times as the man who robbed the mailcar at Bonner's Ferry, represented himself as a postal inspector, locked one mail-clerk in a closet, tied another clerk to a chair and robbed the registered mail.

Portland's Winter Attracts Family.

LAIDLAW, Or., Nov. 18.—(Special.)—W. F. Myers, manager of the Deschutes Valley Land & Investment Company, of this place, accompanied by his family, will reside in Portland for the Winter. He has many inquiries from Eastern people who are desirous of locating in this, the only irrigated section of Crook County.

Cases Set in Supreme Court.

SALEM, Or., Nov. 18.—(Special.)—The following cases have been set for hearing in the Supreme Court: Tuesday, November 30—Buchanan vs. Tenant; Abraham vs. Roseburg. Wednesday, December 1—State of Oregon vs. Warner Valley Stock Company. Thursday, December 2—Elmore Packing Company vs. Tillamook County; Nehalem Packing Company vs. Tillamook County; Samuel Elmore vs. Tillamook County.

STUFFY COURTROOM PLEA

Attorney Wants Land-Fraud Trials in Another City.

MOSCOW, Idaho, Nov. 18.—(Special.)—William Dwyer, George H. Kester and W. F. Ketterbach were arraigned today under indictments charging them with conspiracy to defraud the Government under illegal entries on public lands. Harvey J. Steffy, who was indicted, although he turned states evidence, was also arraigned. Steffy voluntarily offered his testimony and will be a valuable witness for the Government. The men will plead tomorrow, and are held under \$2500 personal bond.

It is possible that Judge Dietrich will set a date for trial of the defendants under the original indictments unless the defense, which has been urging an immediate trial, asks that it be delayed.

Judge J. H. Forney made a novel proposition to the court today when he asked that the cases be tried in Boise because the weather was generally inclement in Moscow in Winter and further because the courtroom was stuffy. Unless the defense shows that fair trials cannot be secured here, it is not expected Judge Dietrich will entertain this motion.

Engraved plate and 100 calling cards, regular \$2 special this month \$1.25. Kilham's, Society Stationers, Fifth and Oak streets. Harris Trunk Co. for trunks and bags.

The Best from a Million Bushels

—Del Monte Tomatoes

A Tomato, you know, is nearly all water. If you take off the skin, there is not enough fibre left to hold it together, so that in stewing Tomatoes, you never add water—there is enough without it.

Some canned Tomatoes, most brands, in fact, are watery and mushy, so that when you buy a can you buy more water than real Tomato meat. Water, at the price of Tomatoes, is expensive. In the Del Monte brand we take out most of the water. We pack over a million bushels of Tomatoes a year, under 400 different labels. Some sell as low as four or five cans for 25c, but Del Monte retails at 12 1/2c per can. But if you will weigh the actual Tomato meat of the cheaper can, after draining off all the water or juice, and then do the same with Del Monte, you will find that Del Monte contains two or three times as much actual Tomato meat as other brands.

Del Monte is the choice pack of the world's largest canners. We pack all grades of Tomatoes. All are wholesome. All are packed under the most sanitary conditions.

But, they vary in the quantity of Tomato meat contained, as compared to the water or juice. A can of Del Monte brand is nearly all Tomato.

Del Monte Tomatoes are vine-ripened, carefully washed, peeled and cored. It is impossible to have all Tomatoes on even one vine alike. For the Del Monte brand we choose the best. Greater care is used in the handling. A large percentage of the water is taken out. You get the best we know how to make. You are always sure if you get Del Monte.

Del Monte

Canned Fruits and Vegetables

Packed Where They Ripen
The Day They're Picked

We Pack Other Brands as Good as Del Monte

But you have no way of knowing them. We put up over four hundred different brands of canned and dried fruits, vegetables, jams, jellies, preserves catsups, honey and condiments. Most of the brands are for dealers who own their own labels. Quality does not affect the wholesomeness of the goods. All packers, we believe, put up only wholesome goods. Quality refers to flavor and the quantity of solid vegetable or fruit meat as compared to the water or juice. If you were able to select all other good brands from those of cheaper quality, you would get exactly the same quality as you obtain in Del Monte, but there is no way in which you can tell which are safe, except by specifying Del Monte.

A SECRET FOR WOMEN

Cut This Out.

Madame Moneaux, deceased beauty specialist, of New York, long possessed the greatest of all secrets pertaining to feminine charm. And what is this great secret, so much desired by women? The secret that has made a vast fortune for the madam's heirs, and that is being divulged here are the famous actresses and society leaders for patrons?

The simple but sure method of developing the bust, arms and neck of women who through defect of nutrition and circulation are humiliated by undeveloped arms, neck and bust. Ugly, deformed, but not brought into the charming personages, with well rounded arms and neck, and full normal bust of exquisite curve and proportion. Get separately "two ounces glycerine," "three ounces rose water" and "one ounce tincture cadomene compound" (not cadomol), and five cents worth of borax. Take some mix the glycerine with tincture cadomene, shake and let stand two hours; then add a teaspoonful of borax and the rose water. Rub the mixture on the neck, arms and bust, rubbing and massaging until completely absorbed. Then wash with soap and dry thoroughly. Apply morning and night regularly for several weeks. This is the most beautiful development will begin to reward the efforts. Quality does not affect the wholesomeness of the goods. All packers, we believe, put up only wholesome goods. Quality refers to flavor and the quantity of solid vegetable or fruit meat as compared to the water or juice. If you were able to select all other good brands from those of cheaper quality, you would get exactly the same quality as you obtain in Del Monte, but there is no way in which you can tell which are safe, except by specifying Del Monte.
