French Bark Vincennes Clears With Dollar Wheat.

Carrying 115,566 bushels of wheat, valued at \$1 a bushel, the French bark Vincennes cleared yesterday afternoon for the United Kingdom. The cargo was dispatched by G. W. McNear and is the eighth grain vessel to get away during the month. She will leave down the river today and will be ready for sea within two or three days.

G. W. McNEAR IS CHARTERED

Grain Exports to Date Total Nearly Million and Quarter Bushels.

California Shipments Have Fallen Off Slightly.

To date the total shipments for November total 1,216,428 bushels. Exports are divided into wheat, flour and barley. Of wheat there were 775,298 bushels; flour, 30,247 barrels (136,111 bushels of wheat) and 155,021 bushels of barley. Shipments of grain to foreign ports would have been a record-breaker had it not been for the sudden stiffening of prices following the fire at the mill. The consequent shortage of delivery in Portland. As it is the grain shipments foreign for the month of November are only a trifle less than those for the entire month last year. Shipments for that period were wheat, 791,070 bushels; flour 156,108 barrels (673,456 bushels of wheat) and 209,216 bushels of barley. Before the end of the month there will be a number of craft get away and the figures will run in excess of those of the same month last year.

Grain shipments to California have fallen off slightly and vessels heretofore engaged in the wheat trade to Southern ports have sailed from Portland with full cargoes of lumber. Regular liners are going South short on wheat.

Flour shipments have been short to the Orient, largely due to the conditions following the fire at the Portland Flouring Mills plant. The steamship Hercules would have figured in the November exports from Portland.

Lumber exports would have been well above the average had it not been for the weather conditions which have held up the vessels loading above the old Madison-street wharves. To date the shipments have been well up on the list.

CASSIUS WIER IS SUSPENDED

Engineer of steamer Butterfly loses license for 30 days.

Cassius Wier, engineer of the steamer Butterfly, which was burned at Marine Bluff on the afternoon of November 2, has been suspended for a period of 30 days by inspectors Edwards and Fuller for carelessness in handling wood on deck acting as chief of that steamer. The Butterfly was owned by Harry Young, of Portland, and was destroyed by fire while the crew was at the beach. Her fuel oil burners were in bad condition.

Frank Wagner, master of the steamer City of Westport, was exonerated from all blame in connection with the drowning of James Robinson on the night of November 6. Robinson was in a small boat and attempted to cross between the stern of the Westworth and the forward end of a log boom. He was swept overboard by the towline and drowned. Robinson was an owner of the steamer Columbia and had been to Rainier. The accident happened near Slaughterers on the Columbia River.

WRECKED CRAFT IS REPAIRED

Steamer Bandon Again on Coos Bay-San Francisco Run.

BANDON, Or., Nov. 22.—(Special.)—The steamer Bandon, which went on the rocks at the mouth of the Coquille River in August and was taken to San Francisco for repairs, is again afloat and will be back in this port within the next few days.

The Bandon is in better condition than ever and will be placed on the run between here and San Francisco as usual. She may call at Coos Bay also, for while until the Coody mill, which was burned in August, is reconstructed.

Walter Van Loo Laid to Rest.

Funeral services over the body of Walter (Curly) Van Loo, fireman on the steamer C. Mensinger, who was drowned Friday morning at the Star Sand Dock, were held yesterday afternoon from the chapel of Dunning, McIntee & Gilbaugh.

Captain Metzlinth Sends Greetings.

P. Klevenhousen, proprietor of the packing plant at Astoria, who is at present on a trip around the world, has written to his local superintendent from Hongkong. Mr. Klevenhousen tells of the pleasant meeting at Hongkong with the steamer Arabia and the present superintendent of the Hamburg-American interests at Hongkong. Captain Metzlinth desires to be remembered to all his friends at Portland.

Steamship Bygia Is Fully Due.

Out 5 days from Yokohama for Portland, the Norwegian steamship Bygia, operating for the Portland & Asiatic Steamship Company, is fully due at the mouth of the Columbia River. The Bygia is on her second trip to Portland in the service of the Portland & Asiatic Company and she is a fairly fast ship which should be close in the Coast. The vessel has on board a large amount of jute, gunnies and sulphur. A full cargo awaits her for outward loading.

Marine Notes.

The steamship Argo is scheduled to sail for Tillamook Bay ports this evening. The steamship Breakwater is due to sail for Coos Bay ports tomorrow evening.

The steamship Rose City arrived at San Francisco at 5 o'clock yesterday morning.

OREGON'S FUTURE GREAT

TOM RICHARDSON TELLS OF STATE'S PROSPERITY.

Recent Trip Shows Publicity Man That Commonwealth's Growth Has Just Started.

The present and future prosperity of Oregon, shown in his recent trip according to Tom Richardson, publicity manager of the Portland Commercial Club, who has just returned to the city after a boost-tour through the southern and eastern part of the state. The enormous influx of immigration, combined with the renewed commercial and municipal activity in every quarter of the commonwealth is attributed to the seeming wave of prosperity which is sweeping over the state.

Reflecting upon the situation yesterday Mr. Richardson spoke enthusiastically of the brilliant outlook for the state. He said:

"While the whole Northwest is feeling remarkable prosperity and immigration has been enormous, Oregon is getting more than her proportion. This fact is evidenced by the extensive preparations being made in every resourceful community in the state. Towns which have heretofore plodded along languidly have organized and with astonishing activity. The advent of settlers from Eastern states into their midst has aroused them to the realization that prosperity and opportunity lie at their doors. The result is amazing. In all my experience I do not recall a comparative instance where the citizens of a community over displayed such a vigorous boomer spirit. This does not apply to any one or particular locality. It is general through the state. Commercial bodies have been organized and massive funds have been subscribed for advertising campaigns.

"The one crying need of the state is railroads," concluded Mr. Richardson. "Of course railroads do not reach many of the towns I visited on my recent trip. Yet the brisk and concerted activity of the citizens of towns off the railroads will have a tendency to attract the attention of the railroads."

KREISLER TERMED BEST

Musical Courier Lauds First Concert as Triumphant Return.

Concerning Fritz Kreisler's triumphant return to America and his initial concert at Carnegie Hall, New York, October 22, the Musical Courier says:

"Each re-appearance helps to affiliate him more firmly in the public mind with the greatest violinists of his time. Kreisler's entrance on to the stage last Saturday, and why it applauded so frantically even before he put the bow to his violin, is a playing ripper, saucer, bigger, better.

Kreisler will be heard in Portland under the direction of Lot Steere-Wynn, Coman Thursday, December 2, at the Bungalow.

ON THE BOILING SIDE

Sharp Demand Lifts Wheat Prices at Chicago.

NEWS OF DAY BULLISH

Foreign Markets Advance Because World's Shipments Are Less Than Estimated—Northwest Weather Unsettled.

Chicago, Nov. 22.—Bullish foreign advices and unsettled weather in the Northwest caused a strong opening in the wheat market here today, individual quotations being unchanged to 5/8c higher, compared with Saturday's close. Pit traders and commission houses were inclined to the buying side of the market, which resulted in the advance being well maintained during the early part of the day.

The principal factor in the foreign situation was the light totals of world's shipments for the week; the movement being about 2,000,000 bushels less than had been estimated. This decrease in movement affected the Liverpool market which was 1/4c higher, and in turn the market here. December opened at \$1.08 1/2, 1.00, sold at \$1.08 1/2, and then rallied to \$1.09, May advanced to \$1.09 1/2, after opening at \$1.05 1/2.

The wheat market gained additional strength later in the day in consequence of the bullish showing of the visible supply statistics. December advanced to \$1.09 1/2, and May to \$1.08 1/2. The close was strong with December up 5/8c at \$1.09 1/2. May was 1/2c higher at \$1.08 1/2.

Rain or snow throughout the corn belt gave the corn market a strong start, opening quotations being 1/8c above Saturday's close. December opened at 95 1/2, and held within that range during early trading. The corn market was firm all day. At the close December was up 1/2c at 96 1/2.

The strength of the wheat and corn prompting some buying. Prices opened unchanged to 1/4c higher, and closed at 25c. After December sold off to 25c. Provisions were dragged down by liberal receipts of the market today. The arrivals being about 8000 head in excess of what had been estimated. Prices at the opening were 2 1/2c lower.

The leading futures ranged as follows:

Open	High	Low	Close
Dec. 1.08 1/2	1.09	1.08 1/2	1.09 1/2
May 1.05 1/2	1.06 1/2	1.05 1/2	1.06 1/2
July 1.02 1/2	1.03 1/2	1.02 1/2	1.03 1/2

WHEAT—Spot firm. No. 2 red, \$1.25 1/2 nominal f. o. b. adroit; No. 1 Northern, \$1.17 1/2 nominal f. o. b. adroit; No. 2 hard winter, \$1.17 1/2 f. o. b. adroit nominal. December closed \$1.08 1/2; May, \$1.05 1/2; July closed \$1.04 1/2.

WHEAT—No trading. Barley—May, \$1.51 1/2; December, \$1.46 1/2. Corn—Large yellow, \$1.76 1/2.

SEATTLE PRICES JUMP

TURKEY MARKET GOES TO 30 CENTS WHOLESALE.

Receipts Lighter Than Expected and Demand Heavier—Retail Price 35 Cents.

SEATTLE, Wash., Nov. 22.—(Special.)—Turkey prices jumped sharply here today, turkey stock going as high as 30 cents wholesale. Receipts were lighter than expected and the demand heavier. Wholesale dealers made some deliveries this morning at 25 cents, but few were sold at that price this afternoon. The retail price is about 25 cents. Dealers are said to have offered 25 cents at Oregon county points, but without success.

Another carload of Malaga grapes arrived. The car was turned down at Vancouver, owing to the delay. California grapes were out of the market, but a boat is due with a shipment in the morning. The price will be \$1.25. Navel oranges are too green to do anything with. Valencia and the good oranges are coming.

Wheat jumped up to \$1.12 for bluestem today but the market was not active. Dollar wheat is reported at nearly all Eastern Washington points. It is said that wheat recently purchased for Eastern delivery and unshipped will probably be resold here. Oats sold at \$1.21 today.

GRAND NATURE'S CURE FOR RHEUMATISM

In a disease so painful as Rheumatism, medicines containing opiates and nerve-quieting drugs are often used. Such treatment is dangerous not only because it frequently causes the sufferer to become addicted to the drug habit, but medicines of this nature are always injurious to the system. Rheumatism is a disease of the blood, and its cure depends entirely upon a thorough purification of the circulation. As long as the blood remains saturated with uric acid, an inflammatory condition of the nerves, muscles and tendons of the body will exist, and the pains, aches, soreness, and hot, feverish flesh of Rheumatism will continue. The one safe and sure cure for Rheumatism is S. S. S. It is nature's remedy for this disease, made entirely of the healing, cleansing juices and extracts of roots, herbs and barks from the natural forests. S. S. S. does not contain anything that is in the slightest way injurious to the system. It is a purely vegetable, and blood-purifying, free from opiates or sedatives of any kind. S. S. S. cures Rheumatism by removing the uric acid from the circulation, it makes the blood pure, rich and healthy so that instead of depositing sharp, uratic impurities into the muscles, nerves, joints and bones, it nourishes every portion of the body with natural, healthful properties. COUGHING BURST

BLOOD VESSEL

Says Danger Avoided and Cures Coughs in 5 Hours.

A writer for the medical press states that coughing is responsible for the bursting of blood vessels quite frequently. Coughs or cold means inflammation (fever) and congestion, and these in turn indicate that the body is full of poisons and waste matter. Simple relief, as found in patent cough pills, is a mistake, often resulting in more harm than good; as they cause more congestion. A tonic-laxative cough syrup will work marvels and here follows a prescription which is becoming famous for its prompt relief and thorough cure. It rids the system of the cause, except it be consumption. Don't wait for consumption to grasp its victim, but begin this treatment, which cures some in five hours. Mix in a bottle one-half ounce fluid wild cherry bark, one ounce compound essence cardiol and three ounces syrup wild pine compound. Take twenty drops every hour for four hours. Then one-half to one teaspoonful three or four times a day. Give children less according to age.
