State Calls Killing Unjustifiable, While Defense Says Prisoner Did Right to Shoot and Characterizes Shubert as Coward.

PENDLETON, Or., Nov. 22.—(Special.)—
Mike Ryan's fate is new in the hands
of the 12 men before whom he has been
on trial for the past six days on the
charge of murder. That he will know
his fate before morning and that he will
either be acquitted or found guilty of
nothing more serious than manslaughter
is the general opinion.
District Attorney Phelps closed the
arguments in the case shortly before 6
o'clock this evening. Judge Bean immediately gave his instructions to the
jury, which was allowed to go down town
to a restaurant for dinner before being
locked up for its deliberations.

District Attorney Phelps and deputy,
Frederick Stelwer, who argued for the
state, insisted that the killing was unjustifiable. They argued that when Ryan

#### "Justified," Says Defense.

Colonel J. H. Raley and Judge S. A. Lowell, for the defense, declared the killing was justified, that Ryan had every reason to believe he was in danger of bedily harm. They insisted that Dixon had already attacked the defeddant and that the shot was fired just as Ryan wrenched the gun from the hands of his assulant. They said the position of the blood spots, the position of the shells and the character of the wounds received by both indicated clearly that they were rushing upon the accused man. They also declared that their testimony showed Ryan did not go to the house to get the Byan did not go to five house to get the gun when he saw Shubert coming, that he did not intercept the latter and that he did not he in wait for him and Dixon, but, on the contrary, tried to hide from

Because the mouthpiece affords the most enjoyable, economical and convenient form of cigarette.

It cools the smoke, prevents the fingers from being stained, and tobacco from getting into the mouth. You smoke all the tobacco in a mouthpiece cigarette. You don't have to pay for a third more tobacco than you smoke, as in the case of other eigarettes. Consequently, you get a better grade of tobacco for your money.
