COFFEY'S ACTION STIMULATES THEM

Senator, Announcing Candidacy Under Assembly Rule, Makes Republicans Think.

MANY WOULD BE GOVERNOR

Now That Ice Is Broken, Aspirants for Highest State Office May Announce Themselves-Several Willing, but Few Speak.

Announcement by John B. Coffey, State Senator, that he will be a candidate for the assembly indersement for Secretary of State, has served to start to thinking Republicans who have been "on the fense" so far as declaring themselves as to the advisability of holding such an advisory gathering of party representatives.
Having been the first of numerous candidates aspiring to public office, Mr. Coffey naturally was the center of attraction, so to speak, yesterday and dur-ing the day be received many words of commendation for his positive stand in favor of an assembly. Mr. Coffey hav-ing taken the lead, definite announce-ments are expected from other aspirants

for different nominations at the hands of Republican voters of the state. There are not less than a dozen Republicans who would like to be Governor.
Of the "willing ones," however, few have
asserted themselves respecting their posttion on the assembly question. Several of the anxious ones are known to favor the assembly plan, believing it will bring the best available candidates before the peo-ple, but, to date, they have deferred making any positive statement.

Dr. Smith Aspires.

Among the possible candidates, in fact, they may be classed receptive candidates, is Dr. Andrew C. Smith, formerly State Senator from this county. Dr. Smith is one of the prominent Republicans of the state who desires to head the state ticket is the general election. the state ticket is the general election next year. At present he is in California temporarily and his attitude on the astemporarily and his attitude on the as-cembly question cannot be ascertained until his return.

While he has not made any announce-

While he has not made any announcement, it is known that J. W. Bälley, State Dairy and Food Commissioner, who is willing to quit the milk-inspection business to serve the people of Oregon as their Governor, is a strong advocate of the assembly and is perfectly willing to submit his name before such a body of representative Republicans and take his chances on securing the indorsement of that gathering.

that gathering.

Jay Bowerman, who served as president of the Senate at the last session of the Legislature, is regarded more than a mere possibility for the assembly nomination for Governor at the hands of those Republicans who believe in party organi-gation and a recommendation of proper candidates for the consideration of voters. Mr. Bowerman is known to be a firm advocate of county and state assem-blies. He believes in party organization.

rection of compositions, and endless corfor re-election in 1908. The average Republican, especially the man behind the assembly movement, favors new material.

J. H. Ackermann, for several years, State Superintendent of Public Instruction, is also a candidate for the Gubernatorial nomination. George J. Cameron District Attachment.

torial nomination. George J. Cameron, District Attorney for Mulinomah County, is being urged by his friends as the proper man to be nominated if party success must be assured. In Eastern Oregon, many Republicans are urging C. A. Johns, of Baker City, to become a

Those opposed to the assembly plan are bringing every influence to bear on are bringing every influence to bear on W. S. Duniway, State Printer, to induce him to become the anti-assembly candidate for Governor on the Republican ticket. They have not yet succeeded in making Duniway their candidate for that nomination. Following the customary rule in Oregon politics, that official who renders a fairly satisfactory administration of his office is not only considered entitled to, but usually receives, a secentitled to, but usually receives, a sec-ond term. Mr. Duniway is now complet-ing his first term of four years as State Printer, which is regarded as one of the most lucrative offices in the gift of the state, and his friends, who would make him Governor, have found that it will be necessary for them to furnish to him an absolute guaranty of his election as Governor to persuade him to forego the practical cinch of re-election to his presoractical cinen of re-election to his present office. Until his friends can give him the desired assurance, Duniway is understood to feel some hesitancy about going up against the assembly candidate for the indersement of Republican voters of the state.

Hofer May Be Up,

By others, it is strongly suspected that E. Hofer, of Salem, will be Bourne's anti-assembly choice for Governor. Hofer has been hankering after public office ever since he represented Marion County in the State Legislature several years ago. The Salem newspaper man wants something but nobody has a copyright on just what that something is. One thing is certain, he is looking to Bourne for it. By some it is suspected that Hofer will succeed Colonel David M. Dunne as Col-lector of Internal Revenue at \$4600 per annum. Others declare he is willing to wait another year and then drop into the colm, which pays even a better salary But it now develops that Hofer is clan-destinely organizing a following throughout the state in support of his candidacy for the Gubernatorial nomination. Evidence of this fact appeared only

recently when circular letters were mailed to the publishers of country news-papers and job printers throughout the state, extolling Hofer's virtues, com-mending his effort in behalf of the country publishers and strongly recommendalm as a candidate for the Governorship. The letters were mailed from Salem and although issued by N. D. Elliott, a printer formerly in Hofer's employ, they bear the earmarks of Hofer.

Letters Extol Hofer.

The letter assures the country editors that Hofer for the last 29 years has been their consistent friend and in that time has never neglected an opportunity through legislative influence and other-wise to secure, or at least advocate, the enactment of laws which would contribute to the exchequer of the newspaper pub-lishers of the state. Assurance is given the recipient of the communication that Hofer is strongly opposed to that provision of the factory and workshop law which requires the payment by news-paper publishers of a fee of \$5 for the tion of their plants. Elllott quotes Hofer to the effect that the latter will and diamonds,

seek to have this feature of the law

Credit is given Hofer in the same epistle for securing the enactment of the epistic for securing the enactment of the law which requires the publication of county court proceedings, including a list of all claims allowed, at so much an inch. According to the same letter Hofer would further increase the earnings of newspaper publishers by having enacted laws requiring the publication of assessment rolls before they are turned over to the County Board of Equalization and the emplication of every notice for the the publication of every notice for the laying out of public highways.

To Sweep, His Policy.

The Salem candidate is further lauded in the Elliott letter as the "champion of development," and the prediction is ventured that the "state would come nearer getting a political cleaning-up from top to bottom" with Hofer as Governor than from any other man who might be elected. "He is not a candidate and is not seeking the nomination," assures the letter, "but under the direct primary law we have a perfect right to make him a

Just how far Hofer could run for this office is a debatable question among Re-publicans. It has not been so many years ago that the average Republican has for-gotten the general election of June, 1962, when Chamberlain was elected Governor, defeating W. J. Furnish. In that cam-paign local Republicans recall the fact that Hofer not only did not support Furnish, the regular Republican party can-didate, but openly advocated the election of Chamberlain, the Democratic nominee. He always has been a supporter of the initiative and referendum and Statement No. I, and is opposed to the plan of the Republicans to hold a state assembly next

Grant B. Dimick, at present County Grant B. Dimick, at present County Judge of Clackamas County, would like to receive the nomination of the anti-assembly forces. Several weeks ago at a meeting of the granges of Clackamas County, Dimick formally announced his opposition to the assembly plan of the Republicans and proclaimed his fidelity to the initiative and referendum and other measures enacted by direct legislation in this state. Dimick will find himother measures that. Dimick will find him-self forced to bid for this nomination at the hands of the anti-assembly people against the efforts in the same direction of Hofer, the Salem newspaper man.

TEACHERS TOLD MUCH ENERGY MISDIRECTED BY THEM.

One's Own Childhood Should Be Constant Guide, County Institute Hears.

Edward O. Sisson, head of the education department of the University of Washington, addressed the Multnomah County Teachers Institute yesterday in Washington High School, on the topic, Washington High School, on the topic, "The Nature and Nurture of the Child." He emphasized the necessity of interest, love and sympathy in the teacher who would be successful in child-study and child-training; and the need for constant remembrance and reference to the acts and motives of one's own childhood in establishing a real understanding between the child and the adult.

Superintendent Rigier, of the city

Superintendent Rigler, of the city schools, gave two talks on the teaching of geography, both in the primary and advanced grades.

An address on "Waste in School Work,"

An address on "Waste in School Work,"
by H. O. Adrian, aroused much enthusiasm at the afternoon session. The
speaker gave as the chief sources of
wasted educational force, "Waste in subject matter—the teaching of non-essentials," "Waste in method—failure to orsanize completely the daily work." nected with the State Agricularal College at Corvailis, is another candidate, but many Republicans are dubious of his chances for the reason that he was defeated by Chamberlain when the latter ran publican, assessed in 1905. The average Republican, assessed in 1905. The average Republican, assessed in 1905.

Returning from a tour of the South, Elmer E. Dobbins, of Baker City, ar-rived at the Cornellus Hotel yesterday afternoon.
"The South would give a great premium." The South would give a great premium.

The South would give a great permain for some of this excess moisture," said Mr. Dobbins. "The fact is, Southern Texas, Louislana and portions of Arkan-sas also suffered a drouth last season, which has greatly hampered commercial interests.

The cotton crop is short. Part of the shortage may be attributed to the boll-weavel pest, part of it to a lack of molsture, but in my opinion the 'hook-worm another designation for the shiftlessness of the Southern negro, is the chief ele-ment in commercial depression. In those sections of the cotton belt where negro lahor has been supplanted, crops are above the average. In the timber country, where people look for business, the activity of the market is noticeable."

SPOKANE FIRM IS COMING

Portland Attracts Building Material

Trade House.

"We are coming into Portland, but are not ready to announce our plans," said J. H. Spear, of Spokane, yesterday at the Hotel Portland, "My firm consists of Lachlin MacLean and myself, and both of us are here to aid our local representative in the building material trade. Portland is at this time in the best condition of any city on the Coast.

"We are residents of the city which we believe stands next to this—Spokane

we believe stands next to this-Spokane—but we realize what is being done in Portland and are going to become identified with it. The general plan of the business district of Portland appeals to us. Its congestion is its strong point. "Spokane has been able to meet suc-cessfully the labor troubles which have been recently attracting public attention, and at this time the jails are full, with

\$2000 in Jewels Stolen.

CHICAGO, Nov. 23.-The jewelry store of Jensen Bros. was robbed of jewelry valued at \$200, last night, when thieves threw a brick through a show window and grabbed trays containing watches

All Complaints on Assessments Made Are Heard and Disposed Of.

LEVIES CANCELED

Objections to Personal Property Values Number 205, to Those on Real Estate, 99-Southern Pacific Is Compromised.

The County Board of Equalization, con sisting of County Assessor Sigler, County sisting of County Assessor Sigler, County Judge Webster and County Clerk Fields, has considered all the assessment objections presented by property owners, and has decided each case. There were 205 objections to personal property assessments and 39 to values placed on real estate. Besides these, 25 personal property assessments were cancelled.

The beard refused to reduce to 34 an The board refused to reduce to \$4 an acre the valuation it had placed on acre-age of the Southern Pacific Company in this county, in spite of the strong fight the railroad company put up. It did re-duce the company's assessment, however, from an average of \$27.38 an acre to \$18.10 an acre, on 5120 acres in this county. The assessments of the rallway corporation's land, as finally agreed upon, were as fol-lows: Section 1, township 1 south, range 5 east of Willamette Meridian, \$25,400; ection 3, \$5150; 11, \$28,000; 13, \$13,150; 15 \$9400; 21, \$2350; 23, \$7350; section 17, town-ship 1 south of range 6 east, \$3850. The Y. M. C. A. and Y. W. C. A. were

Catholic School Changed.

A valuation of \$27,500 was placed upo St. Mary's Academy and the property of the Society of the Sisters of the Holy Names, an objection to the former assessent having been made by J. P. Kava-

The assessments on a large part of the property in Waverleigh Heights were raised at the request of the Balfour, Guth-

The valuation placed upon lots in Irving-ton was reduced between \$150 and \$250 a lot the Merchants Savings & Loan Company having filed objections to the former assessment of about 90 lots.

W. W. Norman and George Suttle secured the reduction in the assessment of their property in Clare's Addition. Blocks 1 to 8 are now entered on the

County Assessor's books at from \$260 to \$450 a lot. Blocks 1 to 4 in Wehlam's Addition are assessed at between \$250 and \$500 each.

The assessment of property on King's Heights has been raised 100 per cent, the lots now being placed at a valuation of between \$2200 and \$3000.

The Spokane, Portland & Seattle Railway Company secured a reduction in th ssessment of 44 lots in Couch Addi-ion. Their valuation is now placed between \$3450 and \$8450. Thirty-three lots in Watson's Addition are assessed at an average of \$4500, block 29 being valued at \$27,000. Property in Sherlock's Addition has also been reduced in assessment.

The Irvington Club property has been

exempted from taxatio Many Assessments Changed.

The Board of Equalization allowed either in part or in whole the requests for alteration of assessments in the of the following persons having real estate:

trection of compositions, a wish, unfattigued teacher being an essential of successful work," and "Waste of disciplins — by poor methods of school government."

The same speaker talked later on "Lather Burbank and His Work." Burbank's striking creations and contributions, to the world's wealth were described and many stories were told illustrating his personality, ideals and ambitions.

The following programme is prepared for today, when every toacher in the county, including Portland and St. John, is required to be present:

9 to 9:20—Music, Girls' Gies Club. Mrs. Rose Coursen Reed, director; 9:20 to 10, and dress, "The Making of Men." H. A. Adrian, id. 10:10 to 10:30, address, "The Gospel of Service," President P. L. WEATHER CONDITIONS.

Portland, Nov. 23.—There has been but little change in the weather conditions over the North Pacific States in the last 24 hours. The storm remains off Vancouver Island and rain continues from Contral California northward with high southwest winds on the Coast. The temperature is high in all districts. Conditions are favorable for continued rain Wednesday. Southwest storm warnings are continued at all stations.

Owing to the rains of the past few days, the rivers flowing into Puget Sound from the Cascades will rise rapidly for the next few days and probably overflow much of the bottom lands in that section. The Williametts continues to rise north of Eugene rapidly. At Eugene there has been a slight fail during the day, but the rains continue in the Valley and no material improvement is expected. The river at Port-

last night and this morning was the se-verest this season. The wind blew a gale, accompanied by a regular down-its bank, the river bottom is flooded, and

Women Suffer Agonies From Diseased Kidneys

or of rain. The seas are rolling very loss of stock is feared.

And Most Women Do This, Not Knowing The Real Cause Of Their Condition

These poor, suffering women have been led to believe that their misery of mind and body is entirely due to "ills of their sex". Usually the kidneys and bladder are responsible — or largely so. And in such cases, the kidneys and bladder are the organs, that need and must have attention—if there is to be a cure. You cannot cure one organ or part of the human body by "doctoring" another part which has little or nothing to do with the part

that is diseased.

Those torturing, enervating sick headsches, dragging pains in back, groin and limbs, bloating and swelling of the extremeties, extreme nervousness or hysteria, listlessness and conat tired, worn-out feeling — are almost certain symptoms of disordered and diseased kidneys, bladder and liver. And when these conditions exist, there must, of necessity, be taken a genuinely good medicine which is intended for and will cure these diseases. Otherwise, a cure cannot be expected.

DeWitt's Kidney and Bladder Pills have, in thousands of cases, been demon strated as remarkably beneficial in all son — as well as of all other affete and such conditions of female organism — poisonous elements that may exist in affording the most prompt relief and permanent benefit. They have never and building up every organ of the body.

They are very pleasant to take, and

will do, Mrs. P. M. Bray, of Columbus, Ga., writes that she was very ill with want every man and woman who have

poisonous elements that may exist in the system — stimulating, rejuvenating failed, in any single instance, to accomplish these results, when given a faithful and honest trial.

They are very pleasant to take, and can in no case, produce any deleterious effects upon the system. and honest trial.

As an illustration of what these Pills ill do, Mrs. P. M. Bray, of Columbus.

E. C. DeWitt & Co., Chicago, Ill.,

kidney trouble, and that she is now the least suspicion that they are afflic well — and that these Pills are what ted with kidney and bladder diseases to cured her. These marvelously effective at once write them, and a trial box of Pills at once operate to cleanse the entire system of the deadly uric acid pointail postpaid. Do it to-day

WHEN A MAN'S FIFTY

When the average man reaches the age of fifty years, his body begins to creak a little at the hinges. Motion is more slow and deliberate. "Not so young as he used to be" is a frequent and unwelcome thought which obtrudes itself. Little indulgences in the way of rich food and stimulating drinks must be foregone. Certain bodily functions, upon which good health and good spirits so much depend, are impaired. As a rule, the weak spot is

THE BLADDER

When this organ becomes affected, even in a slight degree, it gives rise to most unpleasant symptoms. Painful and annoying complications in other organs arise, and a generally disagreeable condition exists. This is particularly true with elderly people. The important feature of the matter is that the trouble can be obvisted and curred. A remedy is at hand which is at the same time effective and inexpensive—GOLD MEDAL HAARLEM OIL CAPSULES.

This old-fashioned, time-honored home remedy stands without an equal as an effective and sure remedy for all Bladder, Kidney, Liver and Stomach troubles. It has been used over 200 years, and thousands testify to its efficacy. Lately, however, many worthless and injurious imitations have spreng up. The Pure Food and Drug Law is making it difficult for these frauds. The genuine, reliable, trustworthy Haarlem Oil is put up in two forms, in Capsules and Bottles. Capsules 25c. and 50c. per box. Bottles 15c. and 35c., at all druggists. Be sure you obtain the Gold Medal Tilly brand.
