# MILK LAW TO PASS; DAIRYMEN WILLING

Food Commissioner Bailey Is Recognized and Will Enforce Ordinance.

#### NEW LAMP POST IS VETOED

Proposal to Introduce Design That Limits Competition in Lighting in Favor With Neither the Mayor Nor Council.

In all probability, the City Council, which will meet at 9:30 o'clock this morning, will pass the proposed puremilk ordinance, drafted by a committee milk ordinance, drafted by a committee of citizens at the request of Mayor Simon. It has been recommended for passage by the Committee on Health and Police. Also, State Dairy and Food Commissioner Bailey has given assurance that he will do all in his power to assist in its enforcement. The dairymen seem satisfied to work under its provisions.

infied to work under its provisions.

Mayor Simon and his committee and Commissioner Balley and the dairymen met together at the City Hall yesterday morning, at which the situation was discussed, and Mr. Balley assured those present that he stands ready to aid in enforcing any pure-milk law. The proposed law creates an inspection system, and provides for inspectors not to exceed three, who shall work not more than three, who shall work not more than four months each year in cleaning up the dairies and testing the herds. Com-missioner Bailey's office is fully recognissioner Balley's office is fully recog-nized in the ordinance, and he has power to name any of the city's inspectors' state deputies, for the purpose of giving them authority to inspect herds outside

the city limits.
Mayor Simon's veto of the ordinance Mayor Simon's veto of the ordinance designating a certain type of lamp-posts for use on the East Side will be sustained by the Council, probably by unanimous vote. City Engineer Morris and many others declare that the style of post is bad, and should not be sanctioned. There was a remonstrance against it by business men, also. It is said that the post eliminates competition in lighting, which the Mayor will not tolerate.

which the Mayor will not tolerate.

It is probable that the Council will adopt the report of the street committee, recommending that Portland and Willametts boulevards be not taken over by the municipality. Councilman Eilis made this recommendation, owing to the great protest that was made when he announced the plan to take over those thoroughfares and to have them improved. While the county owns them, it hfares and to have them in While the county owns them, proved. ## DRYDOCK QUESTION IS TO BE THRESHED

Public Meeting Is Called for Monday to Settle Lease of City's Property.

Superintendent McIntosh Asked to Resign and Foreman Johnson Is Put in Charge-\$25,000 Worth of Bonds Sold at Premium.

Members of the sub-committee, representing the Port of Portland, have arranged for a public meeting at 3:30 o'clock next Monday afternoon, when they will hear arguments for and against the proposed leasing of the city's dry dock to private interests. Every person having private interests. Every person haves anything to say on the subject is asked to attend the conference in the rooms of the Port of Portland at the City Hall. W. D. Wheelwright is chairman of the subcommittee which has called the meeting. The other members are J. C. Ainsworth and C. F. Adams.

The Port of Portland held a special The Port of Portland held a special meeting yesterday afternoon, and after the routine business has been disposed of, went into executive session, when the resignation of Robert McIntosh, superintendent of the municipal dry dock, was received and accepted. No action was taken towards selecting a successor to Mr. McIntosh, although it was announced that the drydock temporarily would be in charge of the foreman, C. L. Johnson. This arrangement probably will be continued until the question of the advisability of leasing the plant is finally determined.

as superintendent and a foreman, and the present the foreman will perform the duties of both positions."

Mr. McIntosh had been in the employ of the port as superintendent of the drydock for about six years. The job paid a salary of \$200 a month.

At yesterday's meeting the commissioners accepted the bid of the Security Savings & Trust Bank for \$25,000 worth of bonds, payable July 1, 1911. This institution's bid carried with it a premium of \$358. The only other bid submitted was from W. F. White, whose proposal included a premium of \$250.

The proceeds of this bond sale will be applied to the payment of the first installment of 25 per cent on the contract cost of the tug Oneonta, which is being built by the Willamette Iron & Steel Company, and will be used on the bar. The initial payment on its construction cost fell due yesterday.

IS CURED AND CALLS CUTICURA WORLD'S BEST

"Three years ago, while a conductor, I was poisoned from the brass railings on the cars. I contracted on the cars. I contracted sait-rhoum or eczema on my band. In wiping the perspiration from my face, I poisoned my nose and onin and was unable to shave. I had to give up my position and was treated by specialists, but to no avail. I tried every remedy I was told of and took so much medicine that I felt like a walking drug shop. The doctors could only relieve me for a little while.

The doctors could only relieve me for a little while.

"One day I chanced to see a Cuticura advertisement and thought I would try the Cuticura Remedies, but I had no faith at the time as I had been deceived by so many so-called 'cures.' After three applications of Cuticura Ointment, the itching ceased and after using two boxes I was completely cured and shaving does not interfere with it whatsoever. My nose is as clear as ever and I am now a well man both in body and mind. I consider the Cuticura Remedies to be the best in the world and I trust some poor sufferer will see this and be benefited thereby.
