At Tucson, Ariz.—New Mexico 23,

Arizona 11.

SHATTLE, Wash., Nov. 25 .- (Special.)-Oregon struggled bravely against Washington in the big Thanksgiving game of Denny Field this afternoon, but the wearers of the purple and gold had the better team and won the contest and the Northwestern entercollegiate champion ship by a score of 20 to 6.

In justice to the Oregonians it may be said that they fought with buildog determination and pluck from whistle to whistle, and in many respects made ar equal showing with the victors, but an ability to execute the forward pass, coupled with a strong defense against similar plays by Oregon tells the story of Washington's success.

High Praise for Oregon.

The game itself will go down into the football history of the Northwest as one of the cleverest and hardest contests on secord and while Washington won a briliant victory, Oregon's showing was such that her players won high praise from even the most enthusiastic Washington

liant, and his long spirals would have made Washington score even larger had not Latourette and Taylor, the Oregon backs made brilliant catches and clever

runs through broken fields. The work of these two Oregonians and the brilliant pereformances of Pinkham, Oregon's left tackle, were features of the game that appealed to those who appre-

clate good football. Latourette Shines Brightly.

It was Latourette who made a sensa tional quarterback run of 15 yards which gave Oregon her only score, and it was Pinkham who repeatedly broke through Washington's forward line and nailed the opposing backs for blg losses. Taylor's work was equally conspicuous and the Washington campus is ringing with the praises of Oregon's great trio. Captain Dudley Clark, of Oregon, also played a brilliant game and did some effective punting, but a weak ankle prevented him from doing his best, and Coach Forbes removed him from the game in the middle of the second half. Clark played today against heavy odds and remained in the game only because of his sheer pluck and determination.

Washington Team Best.

Football critics who saw today's game give Washington credit for having the best team that the Northwest has seen since the adoption of the open style of Coach Doble has a well-drilled team of

Although the Willamette River has begum to fall up the valley, the crest of the high water has yet to strike Portland. This is expected to happen today, when a 22-foot stage is predicted.

Last night the reading was 20.3 feet, and the water was still rising rapidly. Early yesterday morning the crest of the freshet. passed Albany and Salem, and though a gradual fall continued all day, it was slight, and the river is still far beyond its banks at Albany. The drop during the day did not amount to more than one foot and nine inches.

There is enough water etill in the upper part of the river easily to bring the gauge here up to 22 feet when the crest omes. Although there may be a period when the height of the water is stationary, it is not thought it will remain there, for showers with south winds are predicted for today.
