

HARRIMAN'S LINES ENTER SEATTLE

Northern Pacific Agrees to Use of Track Between Tacoma and Portland.

TEMPORARY DEPOT READY

Work of Laying Double Track and Reducing Grades South of Tacoma to Be Rushed.

SEATTLE, Nov. 25.—The agreement between the Union Pacific and Northern Pacific Railroads for use of the latter's Portland-Tacoma track for Union Pacific and Southern Pacific trains was signed yesterday.

Terminal Improvements Coming Up. Judge Robert S. Lovett, head of the Harriman lines, and Julius Kruttschnitt, director of maintenance and way, will come to Seattle tomorrow.

Single Track Not Enough. It is expected in railroad circles that the work of grade reduction and double tracking on the Northern Pacific between Tacoma and Portland will be rushed, now that the deal between the three lines is completed.

The traffic between Portland and Puget Sound is heavy for a single track line and as the Harriman lines will operate two or three passenger and other freight trains daily, the burden will be greatly increased.

"I think very probably the contract has been signed, but I cannot confirm the report just now," said Judge Robert S. Lovett, head of the Harriman lines, just before leaving for Seattle last night, when shown the above dispatch.

Locally it is strongly suspected that the final execution of the contract for the joint use of the Northern Pacific track by the Hill and Harriman roads between this city and Puget Sound is one of the purposes of the visit of Judge Lovett at this time.

KLAMATH PRODUCTS HUGE

Car of Amazing Exhibits Sent to Omaha and Chicago Shows.

SACRAMENTO, Cal., Nov. 25.—(Special.)—Oats 2 feet 3 inches tall; carrots 20 inches long; blackberry vines (one year's growth) 6 feet 6 inches tall; timothy hay 5 feet tall; alfalfa (second crop) 6 feet 6 inches tall; potatoes weighing 5 pounds; cabbages 25 pounds; beets 25 pounds; turnips 15 pounds; apples almost as large as a man's head; onions weighing 3 pounds; and the historic chair in which the great family man, Brigham Young sat, are a few of the things which go to make up a carload of exhibits being sent from Klamath County, Oregon, to the International Livestock Exposition in Chicago and the corn show at Omaha.

THE DALLES, Or., Nov. 25.—(Special.)—The turkey's claim to the title of "king of the feathered bipeds" is firmly established here and his reign will last until the beginning of the New Year at least.

SHERIFF BUYS; THEN NABS

The Dalles Official Arrests Five for Liquor Selling.

THE DALLES, Or., Nov. 25.—(Special.)—Sheriff Levi Christman and District At-

torney Fred W. Wilson returned this afternoon from Antelope having in custody George Knoble, L. Darby, T. Silva, Frank Wolver and H. C. Nichols, all charged with selling liquor in dry territory. The men were arraigned before Justice Douhit immediately on their arrival here and each entered a plea of guilty.

Today being a holiday, sentence was suspended until 9 o'clock tomorrow morning. The prisoners were released on their own recognizance. The officers received word yesterday from F. L. Peterson and N. A. Binston, who are in charge of the Antelope, that the time was ripe for a raid, but upon their arrival no one could be induced to swear to a complaint, and the Sheriff bought drinks in order to make the arrests. The officers say the people of Antelope are opposed to prohibition, owing to its close proximity to Shaniko, a wet town. Wolver and Silva are accused of being proprietors of two liquor joints, which were being run openly. The officers believe they have made a clean sweep of illegal liquor selling in Antelope, by the arrests and it may have a telling effect in other dry precincts.

INDIANS PATROL FOREST

NEZ PERCES ORGANIZE BUREAU TO PROTECT TIMBER.

Field Force Watches Trespassers and Government May Order Damage Suits.

SPOKANE, Wash., Nov. 25.—(Special.)—With a field force of two assistants, James Hart, Nez Perces Indian, is establishing an effective forestry bureau to manage the Indian timber lands of the Nez Perces reservation in Idaho. With 25,000 acres scattered over the reservation, the three men are required to patrol the forests, prevent trespassing and guard the forests from fire. The field force is kept busy watching trespassers and a recent patrol has shown that timber thieves prey on the Indian forests. Recent poaching is evident by the freshly-cut trees. The Government may order civil actions against the despoilers of the forests.

This winter a special council will be called and the Indians will be asked to approve the plans formulated for managing the timber. A council, which was attended only by Indians opposed to the plans of the Government, defeated the movement, but the Indians say that the council was misinterpreted and misunderstandings followed so that the Indians voted not to ratify the policy inaugurated. The next council may ratify the plan, and the lands will then be leased and an income of \$10,000 added annually to the tribal fund.

THIEVES RETURN TO HAUNT

Again Rob Halsey Store, Ignoring Owner's Directions.

HALESEY, Or., Nov. 25.—D. S. McWilliams' general store was once more robbed Tuesday night, but the safe was not damaged, though Mr. McWilliams, weary of having it mutilated by burglars, had fastened above it a card bearing directions for opening it, but left nothing of value in it. The thieves took a quantity of clothing, shoes, and 12 pounds of candy.

WOMAN TO WORK STREETS

Drastic Punishment at Baker City for Persistent Masquerader.

BAKER CITY, Nov. 25.—(Special.)—A woman dressed in men's clothes and bearing the name of Harry Allen, had been a source of annoyance to the police of this city for some time. When first it was learned that a woman was masquerading as a man, she was brought into court and for a year intelligently searched the statutes in an attempt to find punishment for such an act. But the law books were dumb regarding the subject before the court and Allen was "vagg'd" in the police tribunal. Allen then left the city, with a promise never to return, but her promise proved worthless for at a very short time she was loitering about some of the saloons, still in male attire. Again she was put in prison and this time Chief of Police Porter announces that she will be treated as any other hobo and forced to work on the streets.

NATIVE CONDITIONS GOOD

Returned Traveler Defends Portuguese Treatment of Africans.

NEW YORK, Nov. 25.—Widespread allegations of deplorable conditions in Portuguese East Africa, particularly in the islands of Santome and Principe, credited by recent English and American writers to the existence of a cruel slave trade in negroes among the planters, was denounced as unwarranted fabrications today by Colonel J. A. Wylie, Fellow of the Royal Geographical Society of England, who arrived on the steamer Teutonic, after a two months' investigation of conditions in Portuguese East Africa. The Colonel Wylie spent last August on the islands and said he found an "spirit of friendliness and perfect freedom existed between the white man and the black."

FOUL MURDER HAD

Man Felled With Fence Rail, Body in Sagebrush.

CRIME NEAR UMATILLA OUT

Tracks of Slayers Lead Toward Wallowa—Sheriff After Criminals, Thought to Be Two—Range Fight Is Theory.

PENDLETON, Or., Nov. 25.—(Special.)—Unmistakable evidence of a foul murder was discovered near Umatilla late this afternoon, according to information furnished Coroner Polson and Sheriff Taylor. The body of an unknown man was found five miles east of Umatilla and to the right of the railroad track. He had been knocked in the head with a fence rail, dragged a considerable distance and then hid in the sagebrush. The man who discovered the body was unable to identify it.

The tracks of two horses leading in the direction of Wallowa were discovered leading away from the scene of the crime, and it is believed the murderers were two in number and that they rode toward the Washington territory. The theory is advanced here that the killing was the result of a quarrel over the use of the range. Sheriff Taylor and two deputies and Coroner Polson left here on a freight train at 9 o'clock for the scene of the tragedy, but no report has come from them since.

MILWAUKIE ELECTS DEC. 6

Citizens Name Candidates—Annexation Fever Far From Dead.

MILWAUKIE, Or., Nov. 25.—(Special.)—At a citizens' meeting held last night the following candidates were nominated to be voted for at the annual election to be held Monday, December 6. Two Councilmen, Charles Stockton and John B. Kelso; Recorder, A. H. Dowling; Treasurer, John E. Wetzel; Marshal, James Matthews. The present Mayor, Phillip Streib, and two members of the Council hold over. In addition to electing officers an amendment to the charter providing for improvement bonds will be decided. If this amendment carries general improvement of streets and laying of sewers will be undertaken. Regarding annexation to Portland, Mayor Streib said yesterday: "Among our people at present there is no thought of annexation to Portland until we have established a sewer system and improved our principal streets, which we will undertake should the voters authorize the issuance of bonds. However, should we get the 5-cent fare to and from Portland, we may reconsider our present attitude toward annexation and ask Portland to take us in at once, so we can get the fare through the provisions of the Portland charter."

the farm of Mrs. Christine Josted, near Lamotte, Ind., and hauled the three and other pieces of the motor car ten miles and pitched them into the Kankakee river.

This man, it is believed, was one of the four passengers of the car on its mysterious night trip from Chicago October 23. The other persons in the car included two men and a young woman.

L. R. Smalley, who says he is owner of the dismantled machine, refuses to tell the police more of the trip, which he asserts "friends of his" took down into Indiana, where the machine was wrecked.

"It was just a 'joy ride' and the machine got smashed," he explained. "The automobile was taken by a friend of mine and he had an accident. He paid me for it, and that is all there is to it. I know that no one was injured in the accident, and I shall tell no one who was in the automobile—not even the police."

MINE SHAFTS SEALED UP

Dangerous Gases Make Work of Recovery Too Perilous.

CHERRY, Ill., Nov. 25.—Details of a meeting held today between the State Mining Board, Battalion Chief McDonald, W. Taylor, general superintendent of the Chicago, Milwaukee & St. Paul Company's mine, were made known this afternoon. Battalion Chief McDonald, after an inspection of the work by his men, who had been throwing water on the east side of the mine for more than a week, advised the Mine Inspectors and the representatives of the company that the water was not reaching the fire.
