CITY BEAUTIFUL

Subscribers to Fund Will Meet Tuesday to Take Up Recommendations.

AMOUNT RAISED \$20,075

Executive Committee Is Named to Prepare Resolutions and Ask That Chicago Architect Be Secured.

With a total subscription list of \$20,075, promises that others will be forthcoming several of the large Portland es tates, the appointment of a committee or tates, the appointment of a committee on permanent organization yesterday and an agreement that 45. H. Bennet, of Burnham & Bennet, of Chicago, be engaged to prepare plans for the Portland "City Beautiful," actual crystalization of the ideas of the executive committee representing the subscribers to the fund appears assured.

A meeting of all the subscribers to the fund has been called for Tuesday at 4 P.M., in the assembly hall of the Commer-

At that meeting there will be presented to the committee of the whole the report and recommendations of the committee on permanent organization appointed by Dr. J. R. Wetherbee after the meeting of the temporary executive committee vesterday afternoon in the rooms of the Commercial

Committee to Formulate Plans. On motion of C. F. Swigert, Dr. Wetherbee, temporary chairman, was instructed to appoint a committee of five, includerose, temporary chairman, was instructed to appoint a committee of five, including himself, as a committee on permanent organization of the City Beautiful subscribers. By the terms of the motion this committee was instructed to prepare resolutions to be presented to the general meeting of subscribers Tuesday regarding permanent organization. The motion specified that Burnham & Bennet were to be recommended by the committee to prepare plans for the "City Beautiful" at \$500 a month salary, exclusive of other expenses incurred. It is believed that the total expenses incurred will not exceed \$20,000.

The special committee appointed by Dr. Wetherbee consists of A. H. Devers, J. C. Alnsworth, C. F. Swigert, T. J. Wentworth and Dr. Wetherbee himself.

In opening the meeting yesterday Dr. Wetherbee spoke of the importance of an educational campaign among the citizens generally. "To insure success," he said, "there must be numerous committee to

there must be numerous committees to There must be numerous committees to co-operate with the executive committee. In each ward there must be a committee with active officers to back it up and each ward committee must back up the

executive committee.

"To cap all there must be an active head of the whole movement—one who can give virility to the whole project.

"The campaign of education may last two or three years. It will not be possible to carry out all the recommendations the architect makes to the committee, but as we all here believe Portland will be a city of millions, we should begin while yet there is time. In building a house we would first dig out the basement."

C. S. Jackson believed that a joint stock corporation should be formed by the subscribers and stock issued in proportion to their subscription, but this was generally opposed on the grounds that the minimum subscription did not reconstantly indicate.

that the minimum subscription did not necessarily indicate a minimum of interest, but often the reverse.

Mr. Ainsworth held that before makink any definite agreement the committee should see the contract by which Architect Bennett would be tied.

Mr. Swigert remarked that whatever plans were drawn up the City Council or other bodies would not be bourd thereby.

Officers Are Elected.

Suggestions were made that among other recommendations the committee on permanent organization should aron permanent organization should arrange for the engagement of an engineer to prepare facts and figures to go with maps of Portland to be forwarded to Mr. Bennett in Europe. This arrangement will probably be confirmed by the committee of the whole Tuesday.

man; C. B. Merrick, secretary; Mr. Ainsworth, treasurer.

Late subscriptions were received as follows: Northwest Bridge Company, \$250; Peninsular Lumber Company, \$250; Oregon Casket Company, \$50; Dr. J. R. Wetherbee, \$50; A. & C. Feidenheimer, \$50; W. Killingsworth, \$50; The Spectator, \$50, and anonymous, \$1.

It was announced that subscriptions of any amount might be sent to the treasurer. J. C. Ainsworth, United States National Bank.

The following members of the executive committee were present at the meeting yesterday: Dr. Wetherbee, C. B. Merrick, Russell Hawkins, A. H. Devers, T. J. Wentworth, C. S. Jackson, C. F. Swigert and Hugh Hume.

CHEMAWA IS INSPECTED

Dr. Charles E. McChesney Has Been Long in Indian Service.

CHEMAWA, Or., Nov. 20 .- (Special.)-Dr. Charles E. McChesney, special agent of the Interior Department, is making a general inspection of the school at Che-He has just completed the inspection of several schools in Washington

Dr. McChesney is one of the old-timers Dr. McChesney is one of the old-timers in the Indian server, having been agent among the Sioux for many years, extending back into the '70's, and understands Indian character as well as any man in the United States.

During the time of the Sioux treaty in the latter, 80's, Dr. McChesney and Inspector McLaughlin were two men who stood out for the rights of the Sioux, and when an effort was made to have the

when an effort was made to have the Sloux Indians sign a treaty which was considered unjust to the Indians, it was impossible to get the required three-fourths signatures to make it a law, but when the law was changed so as to meet the wishes of the Indians as outlined by the doctor and Inspector McLaughlin, then agent of the Standing Rock, the treaty was promptly ratified by the In-

HARD PAVEMENT FAVORED

Killingsworth Petition Generally Signed-Estimates Asked.

At the meeting of the Killingsworth Arenue Improvement Club last night in Carroll's slore it was announced that petitions for the improvement of Killingsworth

ingsworth avenue between Union avenue and East Forty-fourth street had been generally signed, and that there was no opposition to hard-surface pave-

It was reported that the widening of Killingsworth avenue to 60 feet east of Killingsworth avenue to 60 feet east of Union avenue is progressing and will be accomplished soon. It is estimated that the improvement will cost more than \$100,000. Tully two miles will be paved. A representative of the bitulithic paving company made a statement of the probable cost. The club decided, in view of the large contract for the improvement of the street, to invite the other paving companies to submit estimates as to cost.

It was stated by D. W. Ford that the Portland Rallway, Light & Power Company has a franchise on Killingsworth avenue, and he had been reliably informed that the company would build on the street and continue the line to Fairview. The subjects of pavements and the street rallway franchise were referred to the standing committees to look into and report next Tuesday night.

Councilman Ellis spoke briefly about improvement of streets and electric lights. It was voted to favor expediting the construction of the Broadway bridge and to send a delegation to the meeting of the North East Side Improvement Association next Friday night.

FETE TO BE BRILLIANT

GAIETY WILL HAVE FULL SWAY FRIDAY NIGHT.

Beautiful Dances Will Charm All Who Attend Entertainment Given for Charity.

Red and white, the brilliant colors of the French Fete, will be in evidence everywhere on Friday night, when the curtain of the Baker Theater rises on the pretty peasant scene, the May-pole with its myriads of roses, gay young people holiday attire, pipers and what In the words of the Village Jester, Master Wayne Coe

And if you cry brave! Well done! For gypsy peasant, Queen of May. For page, Pavonne, or danse Francaise, We'll ask no greater recompense. Allons! Now let the show commence!

whirl of color, run the gamut of varied dances and catchy songs, and make all merry. The dances are all symbolic:

have survived from ancient festivals, some tell a story of nature. One of the most beautiful is to be that of the Gypsies, the fascinating people of no home, no kith; with their wealth of spirit and fire, their love of freedom and

spirit and fire, their love of freedom and motion and song. All of these ideas they will tell in their dance, kneeling in the begging tableau, at its conclusion in homage to their queen.

Then Miss Marie Howell, "Queen of the tribe," glides out to the center of the inheeling circle, and, as if in response to their appeal, she shows them the wild, fanciful steps of her people, now sinuous and gliding, now boid and free, to the shake, shake of the tambourines and the gentle sway of their lithe bodies. Then "Sortiy, Sortly, Steal Away," and the Gypsies are gone, with their weird and fanciful glide.

The orange sellers will conclude the

and fanciful glide.

The orange sellers will conclude the peasant scenes, they, too, dancing out the thoughts behind their pretty practice. "Come, buy my oranges," they say, in step and motion. "Come, buy, buy, buy," They, too, enter into the splitt of the holiday, and toss the oragnes to the hungry lads and lassles who clamor for more.

The idea of the fete is novel and Port-land takes kindly to new ideas. The Fruit and Flower Mission is popular and popularity counts even in charity. And

popularity counts even in charity. And always and ever, beauty will attract, young people will be interesting, art and talent will be appreciated.

So here we havt it all, beauty, talent and an artistic treat with, a chance to do for a noble charity and strange to say, get our money's worth. Not a bex or seat has been sold above the cuntomary price. Tickets as well as the attractive wares in the booths, are to bring value received, even the rehearsals have been the source of pleasure and profit and the fete has already proved profit and the fete has already proved

Council of Jewish Women

The December meeting of the Council of Jewish Women will be held today at 2:30 P. M., in the Selling-Hirsch Hall. The programme is in charge of Mrs. Alexander Bernstein. There will be a firmed by the committee of the whole Tuesday.

The following temporary officers were elected: Dr. Wetherbee, chairman; C. B. Merrick, secretary; Mr. Ainsworth, treasurer.

PORTLAND MAKES

Trade Statistics for Last Month Show Great Gain Over November, 1908.

EXPORT OF WHEAT SOARS

Bank Clearings Jump 44 Per Cent. Realty Transfers Increase by \$4,288,090 for Year-Fire

Statistics covering trade conditions in Portland for November show material gains over the corresponding month of 1988 in all branches of business activity, with the single exception of flour shipments. Destruction by fire of the Portland Flouring Mills plant, combined with flood conditions, served reriously to reduce flour shipments from this port list month. Exportation of wheat, however, shlows an increase of 55 per cent over the same month a year ago, while bank shows an increase of 55 per cent over the same month a year ago, while bank clearings surpassed those of November, 1908, by 44 per cent. The record in both building permits and real estate trans-fers for the 11 months of 1909 already exceed by \$2,000,000 to \$4,000,000 the aggre-gate of these transactions for the 12 months of 1908.

Bank Clearings Gain.

Bank clearings for last month aggre-Bank clearings for last month aggre-gated \$38.400,584.25 as against \$26,588,672.54 for the same month in 1908, or an in-crease of \$11.816.511.71, or 44 per cent. Bank clearings for October, this year, reached, a total of \$40,800,000, as compared with \$22,900,600 for the corresponding month of 1908. This figured out an actual increase

1908. This figured out an actual increase of 25 per cent as compared with 44 for the month ending yesterday.

It is in building permits and real estate transfers, however, that Portland is setting an astonishing pace for 1909. Building permits for the first 11 months of this year exceed in the aggregate by \$1.538.224 the total of permits issued during the 12 months of 1908. The figures follow: Eleven months of 1909. 4447 permits. low: Eleven months of 1909, 4447 permits, \$12,043,455; 12 months of 1908, 4849 permits, \$10.405.131. During last month 339 building permits were issued for improvements representing an expenditure of \$325,430, while for the same month in 1908, 297 permits were issued, in which the impr ments covered thereby reached a total of \$94.595.

The same condition is reflected in the figures covering real estate transfers. To date this year property has changed hands to the aggregate value of \$24.443.870, as against \$20.215,780 for the entire year of 1998. This gives a difference in favor of this year, with December to be added, of \$4,228.000. At the same rate of increase, and the movement of real estate continues active, transfers of reality for the year 1999 will exceed those of last year by at least \$6,000,000, or an increase of about 30 per cent. Real estate transfer of the year least \$6,000,000, or an increase of about 30 per cent. Real estate transfer

year by at least \$6,000,000, or an increase of about 30 per cent. Real cetate transfers for last month were 1455 in number, involving property of the aggregate value of \$1,015,005. For the same month in 1908 there were 1258 transfers, representing considerations to the amount of \$1,418,256. Wheat shipments, according to the Merchants' Exchange, for the month berdered on the record-breaking class. In November, 1908, export shipments of this cereal aggregated 70,1071 bushels, representing a value of \$612,190, while for last month 1,005,356 bushels of this grain, worth \$1,057,388, were shipped to foreign markets from this port. Including flour, reduced to a bushel basis, and barley, the export grain shipments from Portland for last month aggregated 1,325,389 bushels, with a value of \$1,231,731, as compared with 1,685,305 bushels, valued at \$1,355,985 for the same month a year ago.

onth a year ag Wheat Shipments Double.

tionate decrease in flour shipments to the same destination.—The wheat shipments for last month to coast points reached a total of \$37,156 bushels, as against 202,963 bushels for the corresponding month in 1998. Flour shipments decreased from 29,095 barrels in November, 1998, to 18,838 bushels for last month

20,006 barrels in November, 1908, to 18,558 barrels for last month.

Lumber shipments: foreign, for November, this year, exceeded those for the same month last year by 2,054,695 feet. The figures follow: November, 1909, 8,387,-247 feet; value, \$89,533; November, 1908, 6,232,552 feet; value, \$72,658. Coastwise

CAR SERVICE IS SCORED

SUNNYSIDE RESIDENTS UP IN ARMS OVER QUESTION.

Not Enough Cars, Infrequent Trips and Routing of Cars Only Few Objections Raised.

Patrons of the Sunnyside and Mount Tabor lines are making complaint regard-ing the poor streetcar service that is in vogue just now, and which they allege seems to be getting worse with each suc ceeding week. There are several objections urged to the present service, among them that there are not enough cars and making infrequent trips. The system of handling the cars is another source of great annoyance, as well as the routing of the Superviside cars around the Third. Sunnyside cars around the Third-

It is said that the Sunnyside and Mount Tabor lines are among the ones most heavily traveled in Portland, and that the service now being furnished is worse than at any time in recent years. Sunny-side cars are used now only during the morning and evening rush hours, and at that they are not routed uptown, as formerly, but are turned off from Morriformerly, but are turned off from Morrison at Third and are sent around the loop. This necessitates passengers who have to go as far as Fourth, Fifth or Sixth streets, or even farther west, walting for a Mount Tabor car, or walking. Up to two weeks ago, these cars were run up Morrison to Eleventh street, affording street convenience to passengers. fording great convenience to passengers.
During the day the Mount Tabor cars,
commonly called "through cars," run at
about 12 or 15-minute intervals, which is

twice too long, as every car is jammed to suffocation, and there is constant com-plaint upon the part of passengers. Go-ing east, during the evening rush hours, Mount Tabor cars are ordered to make no stops for the purpose of permitting passengers to alight until East Thirty-ninth street is reached. This formerly gave the people at Mount Tabor an excellent service, but with the Sunnyside cars running around the Third-street cars running around the Third-street loop, these frequently get in front of the 'no-stop' cars and hold them back all the way out to Thirty-ninth, thus making a farce of the "through" service. The cars in use are, in many instances, small and absolutely inadequate to the needs of the populous districts that are supposed to be served thereby. posed to be served thereby.

Scot and briefly reviewed the careers
of Robert Burns—who he thought
stands today on the same proud
world eminence as Shakespeare,
Goethe and Dante—Sir Walter Scott,
Robert Louis Stevenson and others. As
a contrast to the saving habits of the contrast to the saving habits of the Scot, the speaker referred to the late John Stewart Kennedy, of New York City, who left \$30,000,000 to works of benevolence, charity and church exten-

A patriotic response was made by John A. Patterson to the teast "The Land We Live In," the thread of his speech being the high ideal of the naturalized Scot as an American citizen. "As Others See Us" gave opportunity to Wallace McCamant to make a speech replete with historical references to Scots as American patriots and model citizens. Mr. McCamant also teld many amusing anecdotes. J. B. Meikle spoke on "Our Patron Saint," W. R. Mackenzie on "Our City" and A. H. Birrell on "The St. Andrews Society of Oregon."

Scotch songs were sung stirringly by

Scotch songs were sung stirringly by Scotch songs were sung stirringly by J. Adrian Epping, now of Hood River, Or.; F. T. Crowther and Dr. George Ainslie. No Scotch merrymaking is complete without bagpipe music, and this was given in fine style by Pipe Major J. H. MacDonald. Every song was encored and often the Scots joined in the choruses. Above the speakers' table were Scotch and American flags. Mrs. A. H. Birrell sent a gift of white heather.

St. Andrew's Society is a benevolent organization, existing that Scots who need

ganization, existing that Scots who need it may receive financial and moral assistance. None of the officers draws a salary and all those present last night paid for their dinners. The guests present
