

**STEELWORK TO BE INSTALLED**

Street Railway President Closes Contract for Necessary Equipment.

**GROWING DEMAND IS MET**

Preliminary Work in Progress on \$3,000,000 Plant on Upper Clackamas—Men Sinking Test Holes for 125-Foot Dam.

While in the East recently, E. S. Josselyn, president of the Portland Railway, Light & Power Company, closed contracts for the necessary boilers, engines and generators for a new steam plant which will be built on land owned by the company on the East side, between the Oregon Water Power freight depot and the Inman-Poulsen mill. This plant is to be completed by September 1, next, and will cost about \$750,000. The initial installation will develop 10,000 horsepower. The preliminary work has begun.

"This new power station," said Mr. Josselyn yesterday, "will be depended upon to back up our water power stations in emergency at all times, an adequate power supply for all purposes. During the high water of the last two weeks our Oregon City plant, which develops 5,000 horsepower, was practically shut off. As a result, we had to work our auxiliary steam plants to capacity, and at times we were obliged to operate our streetcars on about half power. With this new steam plant we will be able to avoid a repetition of that condition, and will be able to operate our streetcars with modern appliances and will be so constructed that additions can be made as occasion demands. The plant is equipped for burning both oil and sawdust."

**Power Units Increased.**

Only a few weeks ago an additional unit of 5000 horsepower was added to the railway company's power station at Cazadero, but while East, Mr. Josselyn contracted for the immediate delivery of another unit of the same capacity, which will also be installed in this plant, increasing its capacity to 10,000 horsepower. The machinery necessary for developing this additional unit will cost \$100,000 and its installation will be effected before the end of the year.

This addition to the Cazadero station and the 10,000 horsepower which will be developed by the new steam station on the East Side, will supply 15,000 additional horsepower which will be available for consumption next fall.

Mr. Josselyn says that at the rate Portland is growing and the demand for power is increasing this additional horsepower will be just about enough to meet the needs of the company next September.

**Other Extensions Planned.**

These additions to the power-developing properties of the Portland Railway, Light & Power Company are some of the improvements included in the budget of about \$2,000,000 for the year 1910. Other extensions and improvements in the company's service are under consideration, but the plan has not been approved finally and a further announcement will be made later.

Preliminary work is still in progress on the upper Clackamas, where the laborers are sinking test holes to determine the most available site for constructing the 125-foot dam which will be located about that power. The site of this plant is about three and one-half miles above the power plant at Cazadero.

The company will soon begin work extending the Oregon Water Power line from its present terminus at Cazadero to the new power site. This extension will be necessary for generating the machinery and other equipment for the new power plant which is to be completed in four years.

**NEW GENERAL AGENT COMES**

Appointment of J. R. Veitch Does Not Affect H. S. Rowe.

J. R. Veitch, who has been appointed general agent at Portland for the Chicago, Milwaukee & Puget Sound road, arrived in Portland yesterday from Chicago, where for several years he has been stationed as assistant general freight agent. His appointment as final details, including the selection of office accommodations, will not be completed until today, when R. M. Collins, traffic manager of this road, will be in Portland.

It is probable that Mr. Veitch will share with H. S. Rowe the offices at Third and Alder streets as the general agent for the Chicago, Milwaukee & Puget Sound. It is understood that the appointment of Mr. Veitch will in no way interfere with the work of Mr. Rowe in Portland. Mr. Rowe, it is said, will continue to handle the parent road, while Mr. Veitch will look after the interests of the Chicago, Milwaukee & Puget Sound, or the Pacific Coast extension. This extension consists of that part of the system west of Butte, Mont., about 1500 miles.

Mr. Veitch would not discuss the probability of this system building into Portland. His appointment as general agent here, however, is regarded as significant. Mr. Veitch said yesterday that he expected to become a full-fledged Oregonian.

**REFLECTION ADDS TO SERVICE**

Afternoon Luncheon to Be Served to Sleeping Car Passengers.

At any hour of the afternoon desired, tea and fruit cake are served to sleeping-car passengers on all Northern Pacific transcontinental trains, upon application to the Pullman car conductor or porter. For this service, which is an innovation, a small table is provided in the sleeping-cars. Only filtered water, obtained from Detroit, Mich., is used on the dining-cars of this system.

Northern Pacific dining-cars are also supplied with eggs and chickens from its own poultry farms, and bread, cakes and pastry from its own bakeries, while a special brand of unsalted butter is obtained from the most reliable sources. This road also serves only its mammoth selected chickens, which have won a reputation of their own. This service has been found to appeal to the transcontinental traveler.

**Railroad Personal.**

A. D. Charlton, assistant general passenger agent for the Northern Pacific, accompanied by Mrs. Charlton, has re-

turned from San Francisco after spending Thanksgiving with his son, who is attending Stanford University.

William Schmidt, Pacific Coast agent for the Gould Lines at San Francisco, was in the city yesterday. The mission of Mr. Schmidt is to arrange for the appointment of a general agent for the Gould Lines at Portland and at the same time to provide suitable offices for such an agency.

Phil Gordon, Pacific Coast passenger agent for the Washington-Sunset route at San Francisco, is one of many active railroad men on the Pacific Coast who have property interests in this city. Just before the close of the Lewis and Clark exposition Mr. Gordon purchased the lot at the southeast corner of Sixth and Franklin streets for \$75,000. One year later Mr. Gordon refused \$150,000

**STEAMER INTELLIGENCE.**

Name	Due to Arrive	Date

David d'Angers, Fr. bark (Queen), with cement from London.

Rose City, Am. steamship (Mon.), with general cargo from San Francisco.

Eureka, Am. steamship (Noren), with general cargo from Eureka and Coos Bay.

Roanoke, Am. steamship (Dunham), with general cargo from San Pedro and way.

Breakwater, Am. steamship (Macgregor), with general cargo from Coos Bay.

Panama, Ger. ship (Reit), with 120,561 bushels of wheat, valued at \$123,575, for Queenstown or Falmonth for orders.

for the property, and more recently rejected an offer of \$250,000. Mr. Gordon was in Portland yesterday.

**"BUTCHER" ADMITS THEFT**

News Agent Gets Rural Visitor Drunk and Steals Purse.

Confessing that he had wormed himself into the confidence of Frank Schalek, of Sheridan, Or., the grand thief, Veigle Schalek, upon a drinking bout, and then, when Schalek was not looking, he stole \$25 in cash, Frank Cantrell, a news agent working for Barkelov Brothers News Company, was arrested by Detectives Price and Carpenter yesterday morning and is now in the City Jail awaiting trial for larceny.

Cantrell is 29 years old and lives with his parents at 247 Monroe street. The news of his arrest and confession was a shock to his aged mother, as the boy had been an exemplary youth in the past.

Cantrell works on the Southern Pacific, and has been in the employ of Sheridan. He made the acquaintance of Schalek while the latter was en route to Portland a few days ago. Cantrell engaged the Sheridanite in conversation on the train, and him some startling pictures and by the time they reached Portland had arranged to show the suburbanite "the town."

**Astoria Elks Incorporate.**

ASTORIA, Or., Nov. 30.—(Special.)—Articles of Incorporation of Astoria Lodge No. 180, Benevolent and Protective Order of Elks were filed in the County Clerk's office today, the incorporators being J. J. Pilkington, exalted ruler; J. C. Clinton, secretary; W. C. Laws, F. J. Carney and F. C. Fox, trustees. The main object of the incorporation is to build a lodge to issue bonds for raising funds to erect its proposed new \$40,000 temple.

Valparaiso, Nov. 27.—Arrived—Hermion, from Hamburg, etc., via Punta Arenas for Tacoma.

**WHEAT EXPORTS AG**

Foreign Shipments for Month Exceed 1,000,000 Bushels.

**FLOUR CARGOES SHORT**

Lumber Exceeds Corresponding Month of Last Year by 2,000,000 Feet—Coastwise Shipments More Than 11,000,000 Feet.

**PORTLAND SHIPMENTS FOREIGN**

Commodity	Quantity	Value
Wheat, bushels	1,005,857	\$1,005,857
Flour, barrels	30,247	30,247
Barley, bushels	105,021	105,021
Lumber, feet	8,357,247	8,357,247

High prices of wheat and flood conditions cut down the foreign exports from Portland for the month of November and the total of grain sent out of the river is a trifle less than that of the same month of last year. The grand total for the month ending yesterday was 1,335,989 bushels. For November, 1908, the grand total was 1,435,802 bushels.

Wheat shipments alone were much greater for this season, the figures running in excess of 1,000,000 bushels, while last year they ran only a little in excess of 700,000 bushels. The flour shipments fell away short, due largely to the fact that the Portland Flouring Mills Company has suffered considerably from fire at the Portland plant and a large amount of business had been sent from the Sound.

Figures compiled by the Merchants Exchange of Portland, show the foreign export figures for November from Puget Sound to be greatly in excess of the exports from Portland. This was due largely to the fact that many ships were diverted to the Sound that would have loaded here had there not been a complete stoppage and short receipts at the opening of the month. Merchants Exchange figures on Puget Sound shipments of last month, 1,192,995 bushels; flour, 134,864 barrels.

Coastwise business held up fairly well and the lumber shipments to California amounted to 11,676,000 feet. Foreign shipments of timber ran up to 8,357,247 feet, over 2,000,000 feet in excess of the shipments for the same month last year. Several steam schooners, under charter to load at Portland, were diverted to Grays Harbor on account of the flood conditions prevailing in the Sound.

In all 15 vessels cleared foreign during the month and 18 carried lumber to California ports. One schooner cleared for Honolulu. The outward bound fleet follows:

**Grain Fleet.**

Name, Reg. Destination	Grain	Value
Henrik Ibsen, Nor. ss.	Wheat	\$1,005,857
Gen. Fairbairn, Fr. bk.	Flour	30,247

Total	15,753,892	\$89,533

**DRIVES OUT RHEUMATISM**

When the blood becomes overcharged with uric acid it continually grows weaker, more acid, and poorer in nourishing qualities. The nerves, muscles and joints, instead of receiving their necessary nutriment from the circulation are gradually filled with the sharp uratic impurity with which the circulation is loaded, and the pains and aches of Rheumatism are the natural result. No amount of rubbing, or the application of external medicine, have any curative effect on the blood; the most to be expected from such treatment is temporary relief from the pains and aches. There is but one way to cure Rheumatism, and that is to cleanse the blood of the uric acid impurity. S.S.S. is the proper treatment, because it goes down and attacks the disease at its head, and by filtering out every particle of the uratic matter and strengthening and enriching the blood, cures Rheumatism in acid form, and breaks the sour, sticky, and poisonous blood into a rich, healthy stream, which quiets the pain-racked nerves, muscles and joints, cools the feverish flesh, gently removes the cause and drives Rheumatism from the system. S.S.S. reaches inherited cases as well as those which have been acquired, and good results are always experienced from its use. Special book on Rheumatism containing many valuable suggestions for rheumatic sufferers and any medical advice free to all who write.

**THE SWIFT SPECIFIC CO., ATLANTA, GA.**

**ONE DOSE ENDS INDIGESTION, GAS, BILIOUSNESS OR STOMACH HEADACHE**

Relief in Five Minutes Awaits Every Man or Woman Who Suffers From a Bad Stomach.

Why not get some now—this moment, and forever rid yourself of Stomach trouble and Indigestion? A diet stomach gets the bugs and grumbles. Give it a good eat, then take Pape's Diapiesin to start the digestive juices working. There will be no dyspepsia or belching of Gas or eructations of undigested food; no feeling like a lump of lead in the stomach, no heartburn, sick headache and Dizziness, and your food will not ferment and poison your breath with nauseous odors.

Pape's Diapiesin costs only 50 cents for a large case at any drug store, and will relieve the most obstinate case of Indigestion and Upset Stomach in five minutes.

There is nothing else better to take for an upset stomach and cleanse the stomach and intestines, and, besides, one single dose will digest and prepare for assimilation into the blood all your food. Mark the name as "Pape's Diapiesin" on the wrapper, and you will know what you are getting.

When Diapiesin works, your stomach really gets itself in order, cleans up the sour, sticky, and poisonous food you come to the table, and what you eat will do you good.

Absolute relief from all Stomach Misery is waiting for you as soon as you decide to take a little Diapiesin. Tell your druggist that you want Pape's Diapiesin, because you want to become thoroughly cured this time.

Remember, if your stomach feels out of order and uncomfortable now you can get relief in five minutes.

**BABY SCRATCHED OR THREE YEARS**

Until He Would Bleed—Eczema Covered His Whole Body and Head Suffered Keenly from Itching and Burning—Hundreds of Dollars Spent on Fruitless Treatments.

**CUTICURA CURED HIM NEVER TROUBLED SINCE**

"My little grandson when a year old had eczema all over his whole body and head. It lasted nearly three years. He had sores on his head and the matter would run from them. He suffered from itching and burning and would scratch until he would bleed. He was a perfect sight. We tried every kind of salve and soap but they did no good. After spending hundreds of dollars, and having several doctors, which did him no good, we saw the Cuticura Remedies advertised and we got some to see if they would help him. We used the Cuticura Soap to wash him with and then applied the Cuticura Ointment. They cured him. He is now a healthy, happy child, never been bothered with it since. Mrs. David Ames, 9 Columbia Ave., Rockland, Me., Feb. 22 and Mar. 9, 1909."

**CUTICURA**

Cleanses, Purifies and Beautifies Skin, Scalp, Hair and Hands

The constant use of Cuticura Soap, assisted when necessary by Cuticura Ointment, not only preserves, purifies and beautifies the skin, scalp, hair and hands, but prevents inflammation, itching, and clogging of the pores, the common cause of pimples, blackheads, redness and roughness, and other unbecoming conditions. All who delight in a clear skin, soft, white hands, a clean, wholesome scalp and live, glossy hair, will find that Cuticura Soap and Ointment more than realize every expectation.

Complete External and Internal Treatment for Eczema of Skin (See) to Cleanse the Skin, Purify the Blood, and Heal the Sores. Cuticura Remedies (See) for the cure of Eczema of the Skin, Purify the Blood, and Heal the Sores. Cuticura Remedies (See) for the cure of Eczema of the Skin, Purify the Blood, and Heal the Sores.

**BAR SMOOTH, STEAMERS LEAVE**

Conditions Much Improved at Mouth of Columbia River.

ASTORIA, Or., Nov. 30.—(Special.)—The steamer Olympic cleared at the Custom-House today for San Pedro with a cargo of 200,000 feet of lumber, loaded at the dock, 200,000 feet, loaded at Linnton; 150,000 feet loaded at Goble, and 150,000 feet loaded at Prescott.

The weather conditions were much improved at the mouth of the river today, and all the bar-bound steamers were able to put to sea.

**Gulf Stream Chartered for Lumber.**

Balfour, Guthrie Co. have chartered the British ship Gulf Stream to carry a full cargo of lumber from Portland to South Africa. The Gulf Stream has been chartered by the Balfour Guthrie Co. for the arrival from Antwerp last May. The Gulf Stream is a vessel of 1378 net tons, built in Glasgow, Scotland, and is commanded by Captain Nichol. There is a stowage tonnage to the foreign lumber market and December will run well up in the season for Oregon timber to foreign countries.

**QUALITY IN EXPERIENCE**

Experience is a thing of quality as well as quantity. Years of practice are no measure of a physician's skill. Medical specialists, as a rule, give prominent mention to the number of years they have devoted to the practice of the various specialties. In this regard I do not differ from most other specialists. I frequently state that I have treated men only for 25 years. This is a thing of importance that can be told in a few words. That's why I tell it so often. The thing I now wish to tell about requires more space in telling and I may or may not tell it more than this once.

Experience isn't worth much unless it has quality in it. In fact, it isn't worth anything unless it has been made up of carefully and conscientiously developed skill, a thing of value to the physician himself, and to every patient may treat thereafter. This is experience that is a kind of experience that I have been constantly acquiring for 25 years.

There is no such thing as a "good" theory or method with me. Other men may cling to theories—I prefer truths. I have put thought and study into all my work that I might ascertain the truth and make my treatment scientific. I have felt a personal interest in the welfare of my patients, and have treated them carefully and conscientiously. I have added each case I treated. I have learned the truths that I have sought, and have made my treatment scientific. I have felt a personal interest in those cases that I am positively certain that I can cure, and the disease that I can cure, and do cure are all ailments peculiar to men. I am able to cure them because of the quantity and quality of my experience.

**CONTRACTED AILMENTS**

Be sure your cure is thorough. Not only do you need a cure, but you have had a relapse after being discharged as cured, and I have felt a personal interest in the welfare of my patients, and have treated them carefully and conscientiously. I have added each case I treated. I have learned the truths that I have sought, and have made my treatment scientific. I have felt a personal interest in those cases that I am positively certain that I can cure, and the disease that I can cure, and do cure are all ailments peculiar to men. I am able to cure them because of the quantity and quality of my experience.

**VARICOSE VEINS**

Complete Cure Without Surgery

Under my treatment the most aggravated cases of varicose veins are cured. There is no cutting, no pain, and it is self-evident that the patient is restored throughout all the organs, and the natural process of waste and repair are again established. If you are afflicted with varicose veins, consult me at once. Delay can but bring on aggravated conditions, and various complications that will impair the general health.

**Consultation and Diagnosis Free**

I do not charge for advice, examination or diagnosis. If you call for a private talk with me, you will not be urged to begin treatment. It is impossible to call, write.
