

KEEP YOUR EYE ON THE KLIK TO WIN A CONTEST

Body May Frame Full Ticket; It's Sure of Indorsing Some.

HARRY LANE'S KITE IS LOW

T. A. Rinehart, Organization's Choice for Governor, Probably Assembled Censured—High Tariff Jumps Banquet Price.

Among those concerned in the public welfare, especially in the state affairs, the KLIK is planning to participate actively in the general election next year. This organization is considering the advisability of putting full tickets in the field, but it is more than likely it will concentrate its efforts towards appropriating only the most important offices.

Lane Not Favored.

Among other possibilities suggested at the conference was Jefferson Myers, of Portland; Lark Bilyeu, of Eugene; Oswald West, Railroad Commissioner, of Salem, and M. Miller, State Senator, of Lebanon. Members of the KLIK do not enthrone over the report that Harry Lane and Circuit Judge Gatens, ex-private secretary of Governor Chamberlain, will also be in the race for the nomination of Governor.

Dinner Tickets Advance.

It was also the sense of the KLIK expressed at last night's meeting, that because of Republican tariff revision upward instead of downward the price of all edibles has advanced to such an extent that it is deemed politic to request to be given next year will be \$1.50 instead of \$1, as has formerly been the custom of the Democratic party.

The KLIK boasts of its prowess as a deftly for making or unmaking men in public life at its pleasure. Its members are to do with their own hands the first organization to bring out Chamberlain as a candidate for United States Senator. Credit is also appropriated for having effected the election of John Manning as District Attorney when he was elected to that office.

CONTRACTS FOR THE DYSPEPSIA OF OLD AGE

Strong Digestion and an Adequate Nutrition Invariably Mean a Long and Healthy Life.

There is a process known as metabolism going on constantly in the body, and by which the tissues are built up and after having served their purpose in the physical economy, are torn down and cast off.

So long as the due relation between waste and supply is maintained, nutrition, and the various functions of the body are continued, but as middle life and in old age there comes a time when waste exceeds supply, and when the various elements which constitute the different fluids, tissues and organs no longer hold their due proportion, and the principle of life itself becomes enfeebled, the body no longer having power to assimilate new material as it once did.

As old age creeps on, all the functions gradually fall, especially those of digestion, absorption and assimilation, and the system being deprived of its full quota of nutrition, slowly wears out. If the nutritive and digestive processes of old people could be maintained unimpaired, life could be prolonged almost indefinitely.

There are many persons in whose stomachs the gastric function is almost entirely suspended. When this trouble occurs, the problem is, how to digest the food and get along with the natural digestive juices. There is but one way to overcome the effects of this condition, and that is to supply artificial gastric juice, or a powerful digestive substance to take the place of the juices which it fails to secrete naturally.

For this purpose, there is nothing superior to STUART'S DYSPEPSIA TABLETS known to medical science, as they supply the deficiency, and are such a reliable and thoroughly efficient substitute for the natural gastric juices, that if two or three are taken after each meal, the food will be digested in so complete a manner, that the natural digestive fluids will never be missed.

Stuart's Dyspepsia Tablets should be used by all old and middle-aged persons, in order to prevent or cure the dyspepsia of old age. Through their use complete digestion of the food is assured, with a consequent increased nutrition of the body, and a staying of the enfeeblement and decrepitude of old age.

This remedy is, however, not only good for the indigestion incidental to advanced life, but is also applicable to the dyspepsia and stomach troubles of any age, from youth to old age.

Secure a package of this famous dyspepsia remedy from your druggist for 50c and if you find that as you get older, your digestion and assimilation becomes weaker, this remedy will assist in the performance of its functions, so that the general system will not suffer from the delinquency of the digestive organs.

A sample package will be sent you if you will forward your name and address to the E. A. Stuart Company, 150 Stuart Building, Marshall, Michigan.

This aerial ladder makes more than 20 revolutions a minute. Joe White, leader of "The Red Mill" and "The Empire," will be on the bill with Miss Grierson, another musical comedy favorite.
